Ms Gartmann will stand for election at Nufarm's Annual General Meeting in February 2023.

"Alexandra serves on boards across agriculture, banking and the environment. As the current Chair of the Victorian Agriculture & Climate Change Council and as a Director of the Australian Farm Institute, her experience will bring invaluable insight to our Board.

"Alexandra is passionate about environmental, social and governance impacts within the agricultural industry and is an advocate for innovative partnerships that deliver outcomes for rural and regional industries and communities. She will enhance the existing Board, bringing unique perspectives and experience.
