About Medlab Clinical:

Medlab Clinical LTD (ASX:MDC) is pioneering the use of NanoCelle® a proprietary, patented delivery technology using water soluble nanoparticles®, allowing for enhanced medical properties, including increased efficacy, safety, patient compliance and stability.

Medlab's investigative drug pipeline comprises several small and large molecules from repurposing generic medicines to enhancing the delivery of immunotherapies.

Patented lead drug candidate NanaBis™ is being developed for cancer bone pain as a viable alternative to opioid use. Data to date, strongly suggests NanaBis™ may be equally effective in non-cancer neuropathic pain. Medlab operates in Australia (Head Office), USA, and the UK.
