About Us.

Judo Bank is Australia's only purpose-built challenger business bank, dedicated to boldly backing SMEs.

Who we are

As a unique, pure-play small and medium enterprise (SME) business lender, we are committed to the craft of SME banking to support the businesses that represent the engine room of the Australian economy.

We believe that each SME is different, and that each deserves a relationship with its bank that is built on a deep understanding of its business, as well as on professionalism, trust and exceptional customer service. Things that have been lacking in the banking industry for decades.

We have long felt that SMEs were being left behind, or taken for granted, by the rest of the industry, which has prioritised mortgage lending, industrialised its operating models and fundamentally diminished its relationship proposition in a market with no real competition.

Our purpose is simple – to be the most trusted SME business bank in Australia. Not the biggest, but the best, with a vision of building a world-class SME business bank.

Key business metrics at scale

As we continue to build our footprint and operations, we are focused on achieving our key business metrics at scale, which will position Judo as a world-class SME business bank.

Key Business Metric	Description	At-scale Metrics
Lending portfolio	Continued growth in lending portfolio to reach ~3% market share.	\$15 billion to \$20 billion
Net Interest Margin	Expansion in net interest margin (NIM) to reflect our customer value proposition, unique lending model, investment-grade credit rating and sophisticated funding channels.	>3%
Cost-to-income ratio	Focus on business efficiency, enabled by significant operating leverage from our technology platform and branchless network.	Approaching 30%
Cost of risk (per annum) ¹	Conservative cost of risk estimates compared to historical performance in the business segment over the past 30 years.	~0.5%
Return on equity	Capital efficiency is supported by the performance goals above.	Low to mid-teens

Loan book comparison by industry

Judo's loan portfolio is diversified across industries and geographies, with 41% in New South Wales, 34% in Victoria, 14% in Queensland, 8% in Western Australia and 3% in other states and territories.

Judo's loan portfolio broadly mirrors the overall lending in the SME sector, with the exception of mining and property development which are sectors Judo has not lent to. Judo has only recently begun lending to the agricultural sector, and therefore lending to this sector was negligible at 30 June 2022.

¹ Defined as impairment expense on loans, advances and treasury investments (Cost of risk). Calculated based on average Gross Loans and Advances (GLA).

Key Highlights.

Throughout the year, we have remained focused on delivering our FY22 Prospectus metrics, a key milestone on the path towards achieving our key business metrics at scale.
