ATTACHMENT – Withdrawn Resolution

Resolution 9(b) - Climate accounting and audit

Shareholders request that from the 2023 financial year, the notes to our Company's audited financial statements include a climate sensitivity analysis that:

- includes a scenario aligned with limiting warming to 1.5°C
- presents the quantitative estimates and judgements for all scenarios used, and
- covers all business segments, including exploration assets in Integrated Gas.

Nothing in this resolution should be read as limiting the Board's discretion to take decisions in the best interests of our company.
