

## SAUNDERS SECURES \$44 MILLION AVIATION FUEL TERMINAL AT WESTERN SYDNEY INTERNATIONAL (NANCY BIRD WALTON) AIRPORT

Monday, 17<sup>th</sup> October 2022

Saunders International Limited (ASX:SND) (**'Saunders'** or **'the Group'**) is pleased to announce that it has been awarded a circa \$44 million contract by Multiplex Construction Pty Ltd to build the aviation fuel terminal at the new Western Sydney International Airport.

Saunders' scope of works for this project includes design and construction of:

- three aviation fuel storage tanks
- the aviation fuel terminal's mechanical piping, valves, pumps, filters, instrumentation and controls
- the aviation fuel terminal's electrical services including cabling and switchboards, SCADA electrical and controls

Saunders' Managing Director and Chief Executive Officer, Mark Benson said, "This is a significant win for Saunders, and we are excited to be able to contribute to the construction of this iconic project. Saunders has close ties to the Greater Western Sydney region and over its 71-year history, has delivered major projects in this area. New opportunities for local employment and economic growth through local suppliers will be provided through this project. Winning this contract reinforces our ability to leverage the multi-disciplined solutions we offer across the Group, to deliver operational excellence for these large complex projects".

This project win adds to Saunders' healthy orderbook and will contribute to Saunders' revenue and earnings through FY23 and into FY24.

Western Sydney International Airport is on track to open to international, domestic and air cargo services in late 2026. This construction is part of the first stage of the airport development, which will have the capacity to manage ten million passengers annually.
