STOCK EXCHANGE LISTINGS

Australian Securities Exchange (Code – LDR)

Dear fellow Shareholders,

I am proud to present you with the 2022 Annual Report which covers the first year since completing an Initial Public Offering and listing the Company on the Australian Securities Exchange (ASX) with a suite of 100% owned projects in the New England Fold Belt. In just the first full year as a publicly listed company our exploration team has achieved significant exploration success. High grade intercepts over substantial widths in maiden drill programmes have been achieved at three separate 100% owned projects, those being Webbs Consol Silver and Base Metal, Uralla Gold and Trough Gully Copper.

The Company's objective is to create wealth for its shareholders through commercial exploration and the acquisition of prospective tenure. The exploration team have made a great start. The discovery of numerous mineralised occurrences at surface and the subsequent drilling success in this first year of operation is a testament to their work during trying circumstances related to the Covid pandemic and La Nina weather patterns. The Webbs Consol Silver and Base Metal Project has quickly become the Company's flagship project due to the high calibre and consistency of drilling results achieved to date. Drilling has returned meaningful silver, zinc and lead intercepts in 22 of the 29 holes drilled at the time of writing, and 14 of the 29 holes drilled resulted in intercepts with strong metal endowment (>700 AgEq g/t.m). The top 6 drill holes ranked by mineral endowment are as follows:

- WCS006 reported **27.5m @ 468 g/t AgEq** from 104.6m
- WCS007 reported **24.2m @ 374 g/t AgEq** from 122.9m
- WCS019 reported **26.7m @ 399 g/t AgEq** from 30.1m
- WCS020 reported **31.0m @ 224 g/t AgEq** from 30.6m
- WCS023 reported **50.0m @ 284 g/t AgEq** from 17.0m

Lode has an extensive exploration portfolio of future facing metal projects including Silver, Copper and Zinc properties as well as the Uralla Gold Project. Work will continue at these but the Webbs Consol Silver and Base Metal Project, which we believe is a large mineralised system of very high grade, will be the main focus of exploration drilling for the immediate future. The company is well funded and we are excited about our ongoing drilling programmes which we believe will be transformational for the company. I'd like to thank shareholders for their support and look forward to rewarding them with continuing exploration success.

REVIEW OF OPERATIONS

The Directors of Lode Resources Ltd (ASX: LDR or 'Lode' or 'the Company') are pleased report that the Company has achieved several significant milestones during the year-ended 30 June 2022.

Lode's exploration focus is on the highly prospective but under-exploited New England Fold Belt in north eastern New South Wales. The Company has assembled a portfolio of brownfield precious and base metal assets characterised by:

- 100% ownership;
- Significant historical geochemistry and/or geophysics;
- Under drilled and/or open-ended mineralisation; and
- Demonstrated high grade mineralisation and/or potential for large mineral occurrences.

This has resulted in a portfolio of assets with diverse mineralisation styles:

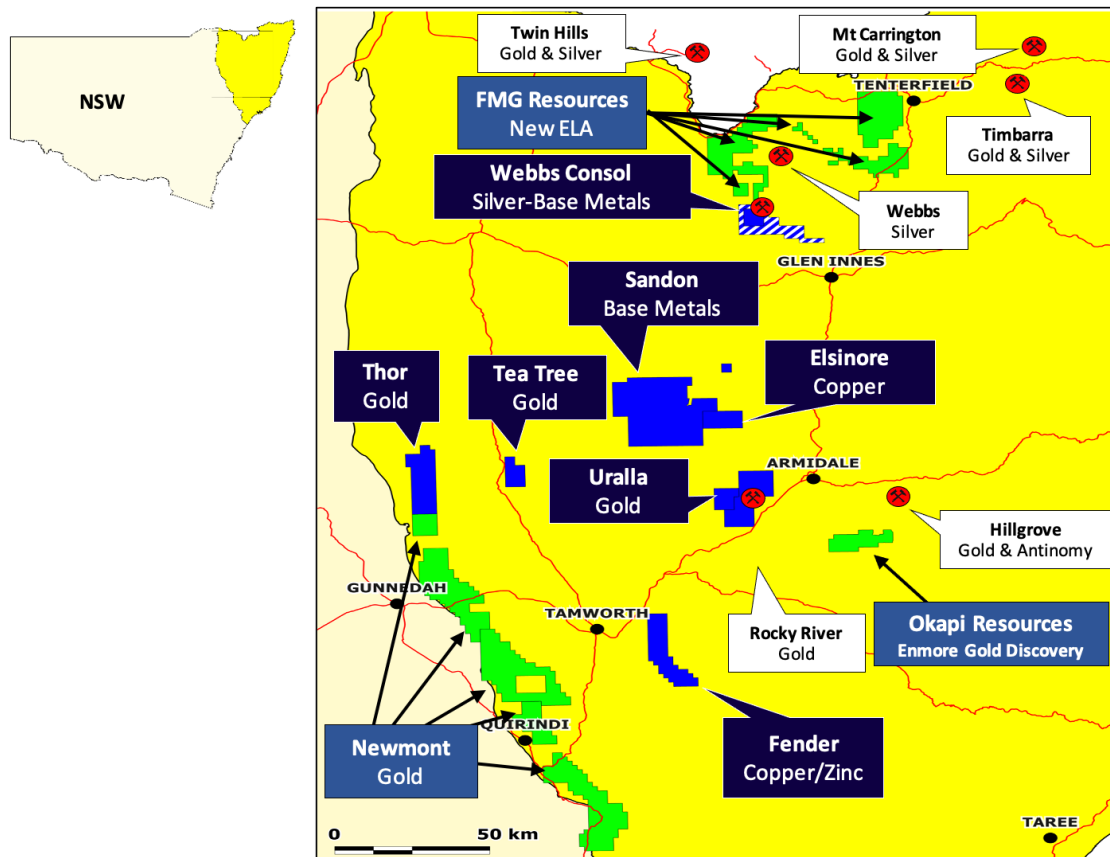

1. **Webbs Consol Silver & Base Metal** – Located 16km west-southwest of Emmaville, this historical silver mining centre is known for high grade silver bearing lodes;
2. **Uralla Gold** – Located 8km west of the Uralla township, this goldfield was one of the earlier goldfields discovered in NSW and a significant gold producer in the 1850's. Despite this long history, the mineralisation style has only recently been recognised as being an Intrusive Related Gold System (IRGS) and this has strong implications for this project's discovery potential;
3. **Fender Copper (Trough Gully)** – Located 30km southeast of Tamworth this project host significant copper in drainage anomalies and several know historical workings on VMS style mineralisation providing some very attractive exploration targets;
4. **Sandon Base Metal** – Hosts the Bundarra Copper Project and Abington Base Metal Project explorations targets;
5. **Elsinore** – Located 30km west of Guyra this project hosts a large regional magnetic and IP anomaly with anomalous base/precious metals in geochemical sampling;
6. **Thor** – Located 35km northwest of Manila this project hosts a large gold anomaly potentially associated with high level intrusions or major regional fault structures;
7. **Tea Tree** – Located 24km north of Manila this project comprises an underexplored goldfield.

As of 30 June 2022, the Company had been granted eight exploration licences as follows:

Project	Licence	Grant / Application Date	Expiry Date	Commodity	Units	Status
Webbs Consol	EL8933	16 January 2020	16 January 2023	Group 1 (Metallic minerals)	16	Granted
Webbs Consol Exp.	ELA6483	20 May 2022	n/a	Group 1 (Metallic minerals)	16	Application
Uralla	EL8980	14 May 2020	14 May 2023	Group 1 (Metallic minerals)	80	Granted
Uralla West	EL9087	12 March 2021	12 March 2024	Group 1 (Metallic minerals)	22	Granted
Fender	EL9003	12 October 2020	12 October 2023	Group 1 (Metallic minerals)	76	Granted
Sandon	EL9319	29 October 2021	29 October 2024	Group 1 (Metallic minerals)	273	Granted
Elsinore	EL9004	12 October 2020	12 October 2023	Group 1 (Metallic minerals)	32	Granted
Tea Tree	EL9084	11 March 2021	11 March 2024	Group 1 (Metallic minerals)	24	Granted
Thor	EL9085	11 March 2021	11 March 2024	Group 1 (Metallic minerals)	78	Granted

Since the successful completion of the A\$5.1M IPO, admission to the Official List of ASX Limited ('ASX') on Wednesday, 30 June and the commencement of trading on Friday, 2 July Phase I drilling and other field activities have been carried out at three of six projects 100% owned by Lode. A total of 5,692 metres of drilling in 55 drill holes was carried out during the year. All of these projects are located in the highly prospective yet under-exploited New England Fold Belt in north-eastern NSW.

Figure 1: Lode's Project Locations (blue polygons)

Lode's strategy is to:

- Systematically explore and develop the Company's Tenements in the New England Fold Belt;
- Target large-scale silver, gold and base metal mineral systems;
- Use modern exploration methods and best practices in cost effective programs; and
- Advance discoveries to the development stage.

WEBBS CONSOL SILVER & BASE METAL PROJECT

At the Webbs Consol Silver and Base Metals Project, located near Emmaville, drill targets were initially defined using historical records of underground sampling and mining which indicated high-grade mineralisation remained open at relative shallow depths.

In addition, significant surface mineralisation was identified by Lode during the year providing additional drill targets with the potential for many more now that the geomorphological and geochemical characteristics of such occurrences has been recognised. This previously unrecognised surface mineralisation is present as subtle gossans which appears to have to been overlooked by historic miners and modern-day explorers alike.

Phase I drilling included 29 drill holes being completed for a total of 3,165 metres drilled during the year. High-grade silver-lead-zinc mineralisation was intersected over substantial widths at a number of prospects. The most significant drill intercepts are shown in the table below.

¹ Silver is deemed to be the appropriate metal for equivalent calculations as silver is the most common metal to all mineralisation zones. Webbs Consol silver equivalent grades are based on assumptions: $AgEq(g/t) = Ag(g/t) + 49 * Zn(\%) + 32 * Pb(\%) + 106 * Cu(\%) + 76 * Au(g/t)$ calculated from 10 December 2021 spot prices of US\$22/oz silver, US\$3400/t zinc, US\$2290/t lead, US\$9550/t copper, US\$1800/oz gold and metallurgical recoveries of 97.3% silver, 98.7%, zinc, 94.7% lead, 96.3% copper and 90.8% gold which is the 4th stage rougher cumulative recoveries in test work commissioned by Lode and reported in LDR announcement 14 December 2021 titled "High Metal Recoveries in Preliminary Flotation Test work on Webbs Consol Mineralisation". It is Lode's opinion that all the elements included in the metal equivalents calculation have a reasonable potential to be recovered and sold.

A preliminary flotation test on the WCS006 mineral intercept has resulted in very high recoveries (up to 97.3% Ag, 98.7% Zn, 94.7% Pb) indicating the potential for industry standard beneficiation and high-quality silver-zinc-lead product.

URALLA GOLD PROJECT

During the year methodical field work by Lode Resources resulted in the discovery of a new style of gold mineralisation at the Uralla Gold Project, located near the Uralla township. Mapping and sampling revealed disseminated gold mineralisation hosted by sedimentary Sandon Beds at the Hudsons Prospect.

Visual observations together with a petrological study of thin sections by an industry recognised petrologist confirmed that this newly discovered mineralisation can be classified as disseminated and it is hosted within a predominantly siltstone sedimentary rock with moderate fine quartz stockwork veining and disseminated sulphides together with overprinting effects of hydrothermal alteration.

This newly discovered disseminated gold mineralisation with bulk tonnage potential presented a significant drill target and this was further enhanced through a high-density auger survey and a high-resolution drone borne magnetic survey.

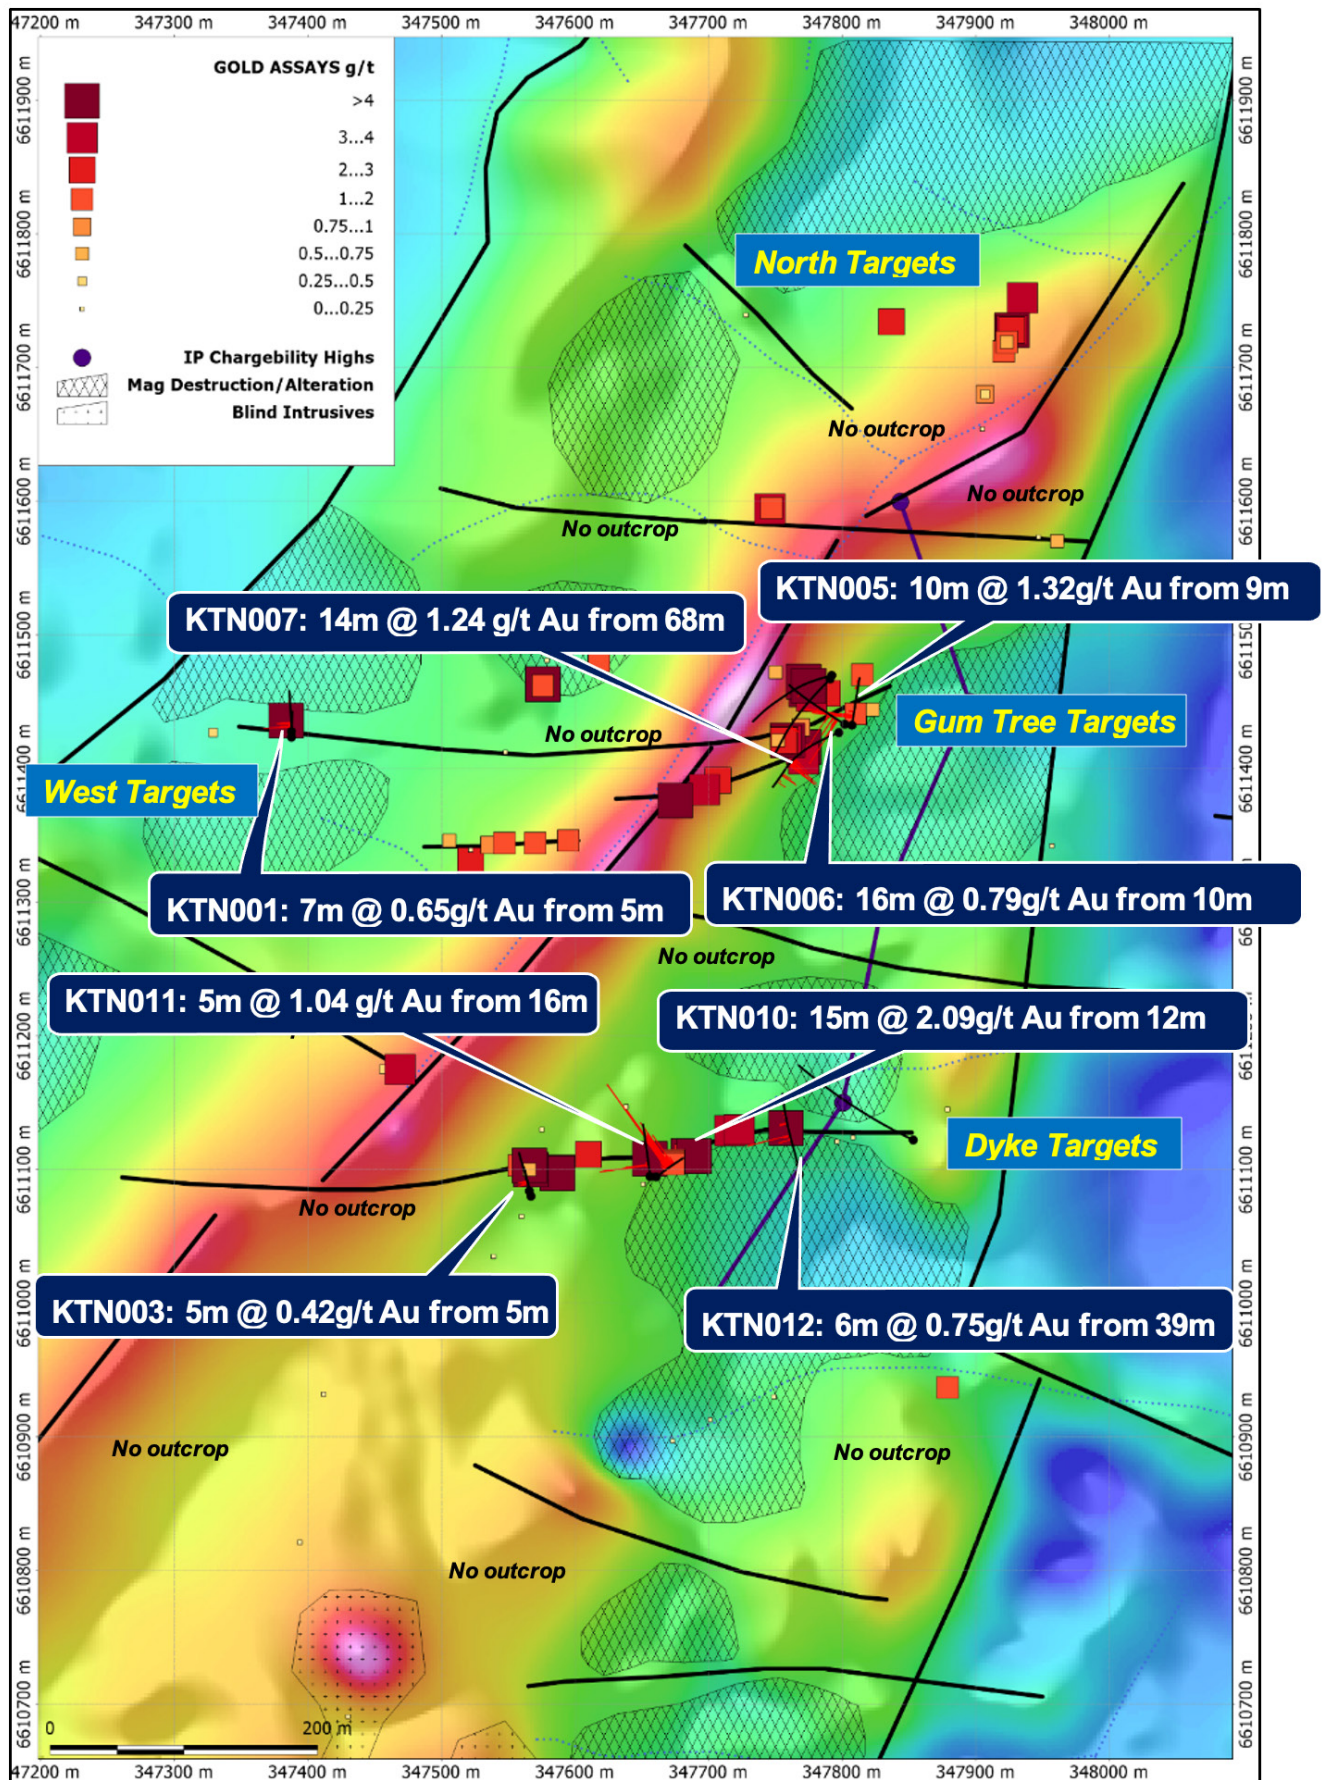

The reconnaissance style Phase I drilling included 19 drill holes being completed for a total of 1,952 metres drilled during the year. Drilling completed was designed to test high-grade gold mineralisation sampled at surface as well as targets generated by the dronemag and auger drilling surveys at the Hudson's gold prospect. The most significant drill intercepts are shown in the table below.

Lode's discovery of strong gold mineralisation over substantial widths at shallow depth is a strong reaffirmation of the newly discovered disseminated gold mineralisation style and has strong implications for the Uralla Gold Project's potential. This sediment hosted mineralisation is likely to be significantly more pervasive than narrower vein hosted gold mineralisation which was the sole focus of historical mining and previous exploration efforts by other companies.

FENDER BASE METAL PROJECT

The Fender Base Metal Project area, located near Tamworth, has incurred surface exploration carried out by several companies since the 1960s and comprises stream/soil, surface mapping, IP and magnetics however no drilling has previously occurred. Significant copper in drainage anomalies and several known historical workings on VMS style mineralisation provides some very attractive exploration targets.

During the year drilling commenced at the historical Trough Gully copper mine, a simple walk-up drill target of VMS style mineralisation. This reconnaissance style Phase I drilling included 7 drill holes being completed for a total of 574 metres drilled and was designed to test mineralisation widths and depth extensions of this VMS occurrence.

Both TGY003 & TGY007 returned significant zinc, copper, gold and silver assays as summarised in the table below. Zinc equivalent grades were >9% which is considered high-grade by industry standards. Whilst the Trough Gully mine was historically operated for copper production, the contained zinc by value in drill holes TGY003 and TGY007 is actual 35% higher than the contained copper value.

Table 5: Intercept assays for drill hole TGY003, TGY006¹ & TGY007¹

Hole	From (m)	To (m)	Interval (m)	Zinc Eq ² (%)	Copper (%)	Zinc (%)	Gold (g/t)	Silver (g/t)
TGY003	50.90	57.80	6.90	9.21	1.30	4.49	0.50	17.4
TGY006	67.60	70.40	2.80	2.61	0.53	0.83	0.16	3.3
TGY007	92.10	99.40	7.30	9.47	1.37	4.93	0.36	10.1

² Trough Gully zinc equivalents are based on assumptions: $ZnEq(\%) = Zn(\%) + 2.73 \cdot Cu(\%) + 1.60 \cdot Au(g/t) + 0.021 \cdot Ag(g/t)$ calculated from 4 March 2022 spot prices of US\$4,000/t zinc, US\$10,800/t copper, US\$2,000/oz gold, US\$26/oz silver and metallurgical recoveries of 97.5%, zinc, 98.8% copper, 97.5% gold and 98.8% silver, which is 4th stage rougher concentration stage recoveries in test work commissioned by Lode and reported in this announcement. It is Lode's opinion that all the elements included in the metal equivalents calculation have a reasonable potential to be recovered and sold.

The intercept of 7.30m @ 9.47% ZnEq in TGY007 is located 30m below the deepest historical mine workings and demonstrates potential at depth.

It is evident that at both Trough Gully and Lode's Webbs Consol Base Metal Projects, zinc was not a metal sought after during the late 1800's and early 1900's. As such it was not highlighted in historical records. This oversight has been exacerbated by an almost total absence of modern exploration, especially drilling. It implies that the overall mineral potential for a number of metal occurrences in the Fender Copper Project and others owned by Lode may be highly underestimated.

A preliminary flotation test on TGY003 mineral intercept has resulted in very high recoveries (up to 97.5% Zn, 98.8% Cu, 97.2% Au, 98.8% Ag) indicating the potential for industry standard beneficiation and high-quality zinc-copper product.

The Fender Copper project presents some very significant copper in drainage anomalies including two large areas being Kasey (7km x 3km) and Fold (4km x 2km). This coincides with distinct large magnetic ridges which are adjacent to Spring Creek fault. It can be postulated that magnetic anomalies may represent large fold structures which provides tension regime for fissure infilling of remobilised copper mineralisation.

Competent Person's Statement

The information in this Report that relates to Exploration Results is based on information compiled by Mr Mitchell Tarrant, who is a Member of the Australian Institute of Geoscientists. Mr Tarrant, who is the Project Manager for Lode Resources, has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activities which he is undertaking to qualify as a Competent Person as defined in the 2012 edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Tarrant has a beneficial interest as optionholder of Lode Resources Ltd and consents to the inclusion in this Report of the matters based on the information in the form and context in which it appears.

No material changes

Lode Resources Ltd confirms that it is not aware of any new information or data that would materially affect the information included in the quarterly activities report dated 29 July 2022 and market announcements dated 18 August 2022 and 19 August 2022, and that all material assumptions and technical parameters in the market announcements continue to apply and have not materially changed.

Governance Arrangements

Lode Resources management and Board of Directors include individuals with many years' work experience in the mineral exploration and mining industry who monitor all exploration programs and oversee the preparation of reports on behalf of the Company by independent consultants. The exploration data is produced by or under the direct supervision of qualified geoscientists. In the case of drill hole data half core samples are preserved for future studies and quality assurance and quality control. The Company uses only accredited laboratories for analysis of samples and records the information in electronic databases that are automatically backed up for storage and retrieval purposes.

CORPORATE GOVERNANCE STATEMENT

The Board is committed to maintaining the highest standards of Corporate Governance. Corporate Governance is about having a set of core values and behaviours that underpin the Company's activities and ensure transparency, fair dealing and protection of the interests of stakeholders. The Company has reviewed its corporate governance practices against the Corporate Governance Principles and Recommendations (4th edition) published by the ASX Corporate Governance Council.

The 2022 corporate governance statement is dated 31 August 2022 and reflects the corporate governance practices throughout the 2022 financial year. The board approved the 2022 corporate governance on 31 August 2022. A description of the Company's current corporate governance practices is set out in the Company's corporate governance statement, which can be viewed at <https://loderesources.com/corporate-governance>.

The Directors of Lode Resources Ltd ('Lode' or the 'Company') present their report, together with the financial statements of the Company for the financial year ended 30 June 2022.

DIRECTORS

The names and details of the Directors in office during or since the end of the previous financial year are as follows. Directors were in office for the entire year unless otherwise stated.

INFORMATION ON DIRECTORS

Andrew Van Heyst

Chairman

Experience	With more than 30 years' experience in Industrial Equities and Advisory. Has worked at Merrill Lynch in New York as Head of Australian Sales and for ABN AMRO as Head of Australian Sales and Head of Americas Client Account Management for Global Equity Product. In 2005 Andrew moved back to Australia joining Shaw and Partners as a Corporate Advisor focussing on Small Cap resources and prior to Lode listing was Executive Director at Bridge Street Capital Partners.
Interest in Shares and Options	21,250,001 ordinary shares
Director since	18 November 2019

Ted Leschke

Managing Director

Experience	With more than 30 years' experience in resources industry including MD of ASX listed Equus Mining from start up project development covering areas such as project identification, acquisition and generation, geological mapping, exploration drilling, local community and government liaison, financial management, strategy, fund raisings, ASX listing and statutory reporting. Previously worked as a resource analyst in stockbroking/funds management as well as a geologist in the mining industry.
Interest in Shares and Options	20,750,001 ordinary shares
Director since	18 November 2019
Directorships held in other listed entities during the last three years	Equus Mining Limited.

Keith Mayes

Non Executive Director

Experience	With more than 30 years' experience in the resource sector in exploration, business development, operational and financial roles with major mining companies including North Ltd, Newmont, Rio Tinto and Oxiana in Australia, Europe, Middle East and Africa. Keith is currently GM of Australian Garnet a subsidiary of ASX listed Resource Development Group and formerly COO at ASX listed KGL Resources that is undertaking exploration and development of the large Jervois copper/silver/gold project in central Australia and COO at Altura Mining Ltd where he discovered the world class Pilgangoora lithium deposit.
Interest in Shares and options	300,000 ordinary shares and 500,000 unlisted options
Director since	10 March 2020

Jason Beckton

Non Executive Director

Qualifications	Holds BSc (Hons) Melbourne and a Masters of Economic Geology from the University of Tasmania.
Experience	With more than 25 years of geological corporate experience in Australia, North and South America and China. Was Project Manager for Bolnisi Gold NL's Palmerejo silver/gold project in Mexico where he managed a program defining 3.1moz AuEq. Managed the discovery of Exeter Resource Corp's 30 moz AuEq Caspiche Porphyry prospect in the Maricunga Gold Copper Belt of Chile. Previously MD of ASX listed Chinalco Yunnan Copper Resources exploring the Mt Isa, Lao and Chilean copper districts.
Interest in Shares and Options	200,000 ordinary shares and 500,000 unlisted options
Director since	29 September 2020
Directorships held in other listed entities during the last three years	Managing Director of ASX listed Prospech Ltd.

DIRECTORS' REPORT

COMPANY SECRETARY

Marcelo Mora

Company Secretary since 15 September 2020

Marcelo Mora holds a Bachelor of Business degree and Graduate Diploma of Applied Corporate Governance. Mr Mora has been an accountant for more than 30 years and has experience in resources and mining companies both in Australia and internationally, providing financial reporting and company secretarial services to a range of publicly listed companies.

MEETINGS OF DIRECTORS

During the financial year, 2 meetings of directors were held. Attendances by each director during the year were as follows:

DIRECTORS' MEETINGS

	Number eligible to attend	Number attended
Andrew Van Heyst	2	2
Edward Leschke	2	2
Keith Mayes	2	2
Jason Beckton	2	2

DIRECTORS' INTERESTS

At the date of this report, the beneficial interests of each director of the Company in the issued share capital of the Company and options, each exercisable to acquire one fully paid ordinary share of the Company are:

Director	Fully Paid Ordinary Shares	Options over ordinary shares	Option Terms (Exercise Price and Term)
Andrew Van Heyst	21,250,001	-	
Edward Leschke	20,750,001	-	
Keith Mayes	300,000	500,000	\$0.30 at any time up to 2 July 2023
Jason Beckton	200,000	500,000	\$0.30 at any time up to 2 July 2023

Note - The shares and options are in escrow until 2 July 2023.

During the year ended 30 June 2022, no unlisted options were granted as compensation to directors of the Company (2021: 1,000,000 unlisted options)

There were no options over unissued ordinary shares granted as compensation to directors or executives of the Company during or since the end of the financial year.

OPTION HOLDINGS

⁽²⁾ The options have an exercise price of \$0.30, vest immediately and expire on 14 July 2023.

Option holders do not have any rights to participate in any issues of shares or other interests in the Company.

SHARES ISSUED ON EXERCISE OF OPTIONS

During the financial year ended 30 June 2022, the Company has not issued ordinary shares as a result of the exercise of options (2021: nil). Since the end of the financial year, the Company has not issued ordinary shares as a result of the exercise of options.

Principal activities

The principal activities of Lode Resources Ltd during the financial year were the initial drilling camping at its tenements of Webbs Consol and Uralla and the acquisition of exploration licence Sandon through Exploration Licence Application and the subsequent granting of the Exploration Licence.

Operating results

The loss of the Company amounted to \$970,510 (2021: \$574,934), after providing for income tax.

Review of operations

A review of the Company's operations for the year ended 30 June 2022 is set out on pages 2 to 11 of this Annual Report.

Dividends paid or recommended

No dividends were paid or declared during the period.

Changes in state of affairs

In the opinion of the Directors, significant changes in the state of affairs of the Company that occurred during the year ended 30 June 2022 were as follows:

- Lode Resources Ltd (ASX: LDR or 'Lode' or 'the Company') commenced trading on the Australian Stock Exchange (ASX Ltd) on 2 July 2021.
- On 14 July, The Company issued 500,000 unlisted options to the Exploration Manager. Each option has an exercise price of \$0.30 expiring on 14 July 2023 and vest immediately.
- During the financial year ended 30 June 2022, Lode was granted Exploration Licence EL 9319 Sandon.

Events after the reporting date

On 17 August 2022, the Company announced a placement to institutional investors to raise up to \$1.632,540 before costs by the issue of 11,661,000 shares at an issue price of \$0.14. In addition, the Company will seek shareholders' approval at the Annual General Meeting later in the shares for directors to subscribe for 178,572 to raise \$50,000 under the same terms and conditions of the placement.

No other matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

Future developments and results

During the course of the 2023 financial year, the Company will focus principally on advancing its brownfields and greenfields exploration of its exploration licences in the New England Fold Belt in northeastern NSW.

Further information as to the likely developments in the operations of the Company and the expected results of those operations in future financial years have not been included in this report as the inclusion of such information is likely to result in unreasonable prejudice to the Company.

Environmental issues

The operations and proposed activities of the Group are subject to State and Federal laws and regulations concerning the environment. As with most exploration projects and mining operations, the Company's activities are expected to have an impact on the environment, particularly if advanced exploration or field development proceeds. It is the Company's intention to conduct its activities to the highest standard of environmental obligation, including compliance with all applicable environmental laws.

INDEMNIFICATION AND INSURANCE OF OFFICERS AND AUDITORS

During or since the end of the financial year, the Company has not indemnified or made a relevant agreement to indemnify an officer or auditor of the Company against a liability incurred as such by an officer or auditor. The Company has not paid or agreed to pay, a premium in respect of a contract insuring against a liability incurred by an officer or auditor.

Use of cash

The Company confirms that it has used its available cash and assets at the time of admission to the ASX consistent with the business objectives.

Total cash expenditure during the financial year ended 30 June 2022 was \$2,558,129. Exploration and evaluation cash expenditure was \$1,561,642. Approximately 44% of this expenditure was spent on exploration activities at the Webbs Consol Silver Project and 39% at the Uralla Gold Project and the remainder primarily at the Fender Project.

Activities included mapping, rock and soil sampling, geophysics and pre-drilling preparations, and significant drilling.

REMUNERATION REPORT - AUDITED

Principals of compensation

Key management personnel have authority and responsibility for planning, directing, and controlling the activities of the Company. Key management personnel comprises the directors of the Company. No other employees have been deemed to be key management personnel.

The remuneration policy of Directors is to ensure the remuneration package properly reflects the persons' duties and responsibilities, and that remuneration is competitive in attracting, retaining, and motivating people of the highest quality. The Board is responsible for reviewing its own performance. The evaluation process is designed to assess the Group's business performance, whether long-term strategic objectives are being achieved, and the achievement of individual performance objectives.

The Constitution and ASX Listing Rules specify that the aggregate remuneration of Non-Executive Directors shall be determined from time to time by a general meeting.

Remuneration generally comprises of salary and superannuation. Long-term incentives are able to be provided through the Company's share option program at the discretion of directors, which acts, to align the Director's and senior executive's actions with the interests of the shareholders.

The remuneration disclosed below represents the cost to the Company for services provided under these arrangements.

Andrew Van Heyst and Edward Leschke are paid through the Company's payroll. All other Director's services are paid by way of an arrangement with the director or with related parties.

There were no remuneration consultants used by the Company during the year ended 30 June 2022, or in the prior year.

Consequences of performance on shareholders' wealth

In considering the Company's performance and benefits for shareholders' wealth, the Board has regard to the following indices in respect of the current financial year and the previous financial year.

	2022 \$	2021 \$
Net loss attributable to equity holders of the parent	970,510	574,934
Dividends paid	-	-
Change in share price	(0.02)	-

The Company was admitted to the ASX on 30 June 2021 and commenced quotation on 1 July 2021

The overall level of key management personnel's compensation has been determined based on market conditions, the advancement of the Company's projects, and the financial performance of the Company.

Remuneration Structure

In accordance with better practice corporate governance, the structure of Executive Director and Non-Executive Director remuneration is separate and distinct.

Service contracts

1. REPORTING ENTITY

Lode Resources Ltd (the 'Company') is a company domiciled in Australia as an individual entity. The address of the Company's registered office is C/o ESN Partners, Australia Square, Level 30, 264-278 George Street, Sydney, NSW, 2000. The financial statements, of the Company as at and for the year ended 30 June 2022. The Company is a for-profit entity and is primarily engaged in identifying and evaluating gold, copper, and silver resource opportunities in New England Fold Belt of New South Wales.

2. BASIS OF PREPARATION

(a) Statement of compliance

The financial statements are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards ('AASBs') adopted by the Australian Accounting Standards Board ('AASB') and the *Corporations Act 2001*. The financial statements comply with International Financial Reporting Standards ('IFRSs') and interpretations adopted by the International Accounting Standards Board ('IASB').

The financial statements were authorised for issue by the Directors on 31 August 2022.

(b) Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial assets which are measured at fair value.

(c) Functional and presentation currency

These financial statements are presented in Australian dollars, which is the Company's functional currency.

(d) Use of estimates and judgement

The preparation of the financial statements in conformity with AASBs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In particular, information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are described in the following notes:

- Note 11 - Exploration and evaluation expenditure.

COVID-19

The COVID-19 pandemic during the first half of the financial year created significant uncertainty in global economic conditions as well as from the impacts of government imposed restrictions implemented in response to the outbreak. The Company has considered the impacts of COVID-19 on the key estimates and judgements in the preparation of the financial statements for the year ended 30 June 2022.

Subsequent to the end of the reporting period, the COVID-19 pandemic has remained prevalent and this may impact the results of operations of the Company in future reporting periods. Given the nature and uncertainties associated with the pandemic, these impacts are not able to be reliably estimated at the date of issuing this financial report.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Changes in accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, and have been applied consistently by the Company.

(b) Finance income and finance costs

Finance income comprises interest income on funds invested, dividend income. Interest income is recognised as it accrues in profit or loss, using the effective interest method. Dividend income is recognised in profit or loss on the date that the Company's right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

Finance costs comprise interest expense on borrowings. Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method

(c) Exploration and evaluation expenditure

Exploration and evaluation expenditure, including the costs of acquiring licences, are capitalised as intangible exploration and evaluation assets on an area of interest basis, less any impairment losses. Costs incurred before the Company has obtained the legal rights to explore an area are recognised in profit or loss.

Exploration and evaluation assets are only recognised if the rights of the area of interest are current and either:

- the expenditures are expected to be recouped through successful development and exploitation of the area of interest; or
- activities in the area of interest have not at the reporting date, reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active and significant operations in, or in relation to, the area of interest are continuing.

Exploration and evaluation assets are assessed for impairment if sufficient data exists to determine technical feasibility and commercial viability and facts and circumstances suggest that the carrying amount exceeds the recoverable amount. For the purposes of impairment testing, exploration and evaluation assets are allocated to cash-generating units to which the exploration activity relates. The cash generating unit shall not be larger than the area of interest.

Once the technical feasibility and commercial viability of the extraction of mineral resources in an area of interest are demonstrable, exploration and evaluation assets attributable to that area of interest are first tested for impairment and then reclassified to developing mine properties.

(d) Financial instruments

Non-derivative financial assets

Recognition and initial measurement

The Company initially recognises trade receivables on the date that they are originated. All other financial assets are recognised initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in such transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

Financial assets and liabilities are offset and the net amount presented in the statement of financial position when, and only when, the Company has a legal right to offset the amounts and intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Classification and subsequent measurement

On initial recognition, a financial asset is classified as measured at:

- Amortised cost;
- Fair value through other comprehensive income – equity investment; or
- Fair value through profit or loss.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets, in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both the following conditions and is not designated as fair value through profit or loss:

- It is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- Its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Group may irrevocably elect to present subsequent changes in the investment's fair value through OCI. This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or fair value through other comprehensive income as described above are measured at fair value through profit or loss. This includes all derivative financial assets. On initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at fair value through other comprehensive income as at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Non-derivative financial liabilities

Financial liabilities are measured at amortised cost.

The Company initially recognises debt securities issued and subordinated liabilities on the date that they are originated. All other financial liabilities are recognised initially on the trade date, which is the date that the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial liability when its contractual obligations are discharged, cancelled or expire.

Other financial liabilities comprise loans and borrowings and trade and other payables.

(e) Share Capital

Ordinary Shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity, net of any tax effects.

(f) Trade and other receivables and payables

Trade receivables and payables are carried at amortised cost. For receivables and payables with a remaining life of less than one year, the notional amount is deemed to reflect the fair value. All other receivables and payables are discounted to determine the fair value.

(g) Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits with an original maturity of three months or less.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT.)

(h) Impairment

Non-derivative financial assets

The Company recognises loss allowances to an amount equal to lifetime expected credit losses (ECLs), except for the following, which are measured at 12-month ECLs:

- Debt securities that are determined to have a low credit risk at the reporting date; and
- Other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs.

Measurement of ECLs

ECLs are a probability weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls. ECLs are discounted at the effective interest rate of the financial asset.

Non-financial assets

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset or CGU is the greater of their fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU. For impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. Impairment losses are recognised in profit or loss.

Reversals of impairment

An impairment loss in respect of a financial asset carried at amortised cost is reversed if the subsequent increase in recoverable amount can be related objectively to an event occurring after the impairment loss was recognised.

In respect of non-financial assets, an impairment loss is reversed if there has been a conclusive change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(i) Segment reporting

Determination and presentation of operating segments

The Company determines and presents operating segments based on the information that is provided internally to the Executive Directors, who are the Company's chief operating decision maker.

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components. All operating segments' operating results are regularly reviewed by the Company's Executive Directors to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Executive Directors include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate assets (primarily the Company's headquarters), head office expenses, and income tax assets and liabilities.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT.)

(j) Income tax

Current tax and deferred tax is recognised in profit or loss except to the extent that it relates to a business combination or items recognised directly in equity or in other comprehensive income.

Current tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantially enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for:

- temporary differences on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss;
- temporary differences related to investments in subsidiaries to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; or
- taxable temporary differences arising on the initial recognition of goodwill.

The measurement of deferred tax reflects the tax consequences that would follow the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets and they relate to taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

(k) Provisions

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as a finance cost.

(l) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT.)

(m) Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Share-based payment transactions

The grant-date fair value of share-based payment awards granted is recognised as an employee and consultants' expense, with a corresponding increase in equity, over the period that the employees become unconditionally entitled to the awards. The amount recognised as an expense is adjusted to reflect the number of awards for which the related service and non-market vesting conditions are expected to be met, such that the amount ultimately recognised as an expense is based on the number of awards that meet the related service and non-market performance conditions at the vesting date. For share-based payment awards with non-vesting conditions, the grant date fair value of the share-based payment is measured to reflect such conditions and there is no true-up for differences between expected and actual outcomes.

(n) Right-of-use assets

A right-of-use asset is recognised at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is the shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is over its estimated useful life. Right-of use assets are subject to impairment or adjusted for any remeasurement of lease liabilities.

(o) Lease liabilities

A lease liability is recognised at the commencement date of a lease. The lease liability is initially recognised at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are remeasured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is remeasured, an adjustment is made to the corresponding right-of use asset, or to profit or loss if the carrying amount of the right-of-use asset is fully written down.

(p) Changes in accounting policies

All other accounting policies used are consistent with those applied in the 30 June 2021 financial report.

(q) Comparative information

Certain comparative amounts, which are not deemed to be material, have been disclosed or reclassified where necessary to provide consistency with current period disclosures.

3. SIGNIFICANT ACCOUNTING POLICIES (CONT.)

(r) Earnings per share

Basic earnings/ (loss) per share is calculated by dividing the profit or loss attributable to equity holders of the Company, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the financial year.

Diluted earnings/ (loss) per share is calculated by dividing the profit or loss attributable to equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year, adjusted for the effects of all dilutive potential ordinary shares which comprise relevant share options granted to employees.

Potential ordinary shares are anti-dilutive when their conversion to ordinary shares would increase earnings per share or decrease loss per share from continuing operations. The calculation of diluted earnings/ (loss) per share does not assume conversion, exercise, or other issue of potential ordinary shares that would have an anti-dilutive effect on earnings per share.

(s) New and revised accounting standards and interpretations

The Company has adopted all standards which became effective for the first time in the year ended 30 June 2022.

The AASB has issued new and amended accounting standards and interpretations that have mandatory application dates in future reporting periods. The Company has decided not to early adopt these and has assessed their impact as being immaterial.

4. INCOME TAX EXPENSE

(a) Reconciliation of income tax accounting profit:

Prima Facie tax payable on profit from ordinary activities before income tax at 25% (2021: 26%)

Add tax effect off:

- origination and reversal of temporary differences
- non-deductible expenses
- deferred tax assets not recognised

NOTES TO THE FINANCIAL STATEMENTS

19. CAPITAL AND LEASING COMMITMENTS

The NSW Division of Resource and Geoscience requires a commitment to a work program rather than an expenditure commitment. Work programs can be varied annually. The Company has budgeted minimum work programs for each year as shown below. However, it is anticipated that early exploration success in any project will result in higher expenditures for that project.

20. RELATED PARTIES

The Company's main related parties are:

Key management personnel who comprise the Board of Directors.

Other related parties include close family members of key management personnel and entities that are controlled or significantly influenced by those key management personnel or their close family members.

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

No directors have entered into a material contract with the Company and there were no material contracts involving directors' interests existing at 30 June 2022.

Key management personnel and director transactions

During the year ended 30 June 2022 and 2021, no key management persons, or their related parties, held positions in other entities that provide material professional services resulting in them having control or joint control over the financial or operating policies of those entities.

Information regarding individual key management personnel's compensation and some equity instruments disclosures as permitted by Corporations Act and Corporations Regulations 2M.3.03 are provided in the Remuneration Report section of the Director's Report.

21. SHARE BASE PAYMENT

At 30 June 2022 Lode Resources Ltd has the following share based payment schemes:

During the year the Company has not granted unlisted options to key management personnel to acquire options over unissued ordinary shares in the Company (2021 – 1,000,000). The options have no voting or dividend rights. The options vested immediately on Grant Date and there are no vesting conditions attached to the options issued. Any options not exercised by the expiry date will lapse automatically.

The terms and conditions of the options held by key management personnel during the year ended 30 June 2022 are as follows:

Grant date	Expiry date	Exercise price	Start of the year	Granted during the year	Exercised during the year	Forfeited during the year	Balance at the end of the year	Vested and exercisable at the end of the year
31 March 2021	2 July 2023	\$0.30	1,000,000	-	-	-	1,000,000	1,000,000

The weighted average remaining contractual life of options outstanding at year end was 1.01 years (2021: 1.75). The weighted average exercise price of outstanding shares at the end of the reporting period was \$0.30.

The equity based compensation reserve is used to record the options issued to directors and executives of the Company as compensation. Options are valued using the Black-Scholes option pricing model.

22. FINANCIAL RISK MANAGEMENT

The Company is exposed to a variety of financial risks through its use of financial instruments.

The Company's overall risk management plan seeks to minimise potential adverse effects due to the unpredictability of financial markets.

Financial instruments used

The principal financial instrument used by the Company are summarised as follows:

	2022 \$	2021 \$
Financial assets		
Held at amortised cost		
Cash and cash equivalents	2,181,010	4,739,139
Security deposits	166,028	98,000

Financial liabilities		
Financial liabilities at amortised cost	397,605	142,775
Total financial liabilities	397,605	142,775

22. FINANCIAL RISK MANAGEMENT (CONT.)

Objectives, policies and processes

The Board of Directors have overall responsibility for the establishment of Lode Resource's financial risk management framework. This includes the development of policies covering specific areas such as foreign exchange risk, interest rate risk, liquidity risk, credit risk and the use of derivatives.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

Mitigation strategies for specific risks faced are described below:

Liquidity risk

Liquidity risk arises from the Company's management of working capital. It is the risk that the Company will encounter difficulty in meeting its financial obligations as they fall due. The Company's policy is to ensure that it will always have sufficient cash to allow it to meet its liabilities as and when they fall due.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Company.

Credit risk arises from cash and cash equivalents and deposits held.

The credit risk for liquid funds and other short-term financial assets is considered negligible since the counterparties are reputable banks and governmental bodies with high-quality external credit ratings.

Interest rate risk

The Company's income statement is affected by changes in interest rates due to the impact of such changes on the interest income from cash and cash equivalents and interest-bearing security deposits.

22. OPERATING SEGMENTS

The Company's chief operating decision maker has considered the requirements of AASB 8, Operating Segments, and has concluded that, for the year ended 30 June 2022, the Company operated in the mineral exploration within the geographical segments of Australia with no separate reportable segment.

23. SUPERANNUATION EXPENSE

Employee benefit expense includes defined contribution expense of \$33,500 (2021: \$nil).

24. REMUNERATION OF AUDITORS

During the financial year, the following fees were paid or were payable for services provided by the auditors of the Company:

	2022 \$	2021 \$
Audit services	30,285	23,000
Corporate finance services	-	36,030
	30,285	59,030

25. IMPUTATION CREDITS

Imputation credits of \$nil were available for distribution at 30 June 2022 (2021: \$nil).

26. SUBSEQUENT EVENTS

On 17 August 2022, the Company announced a placement to institutional investors to raise up to \$1,632,540 before costs by the issue of 11,661,000 shares at an issue price of \$0.14. In addition, the Company will seek shareholders' approval at the Annual General Meeting later in the year for directors to subscribe for 178,572 shares to raise \$50,000 under the same terms and conditions of the placement.

No other matters or circumstances have arisen since the end of the financial year which significantly affected or could significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

In the opinion of the directors of Lode Resources Ltd (the 'Company'):

- (a) the financial statements and notes set out on pages 22 to 40, and the Remuneration Report as set out on pages 16 to 19 of the Directors' Report are in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its performance for the half-year ended on that date; and
 - (ii) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF LODE RESOURCES LTD

Report on the Audit of the Financial Report

Opinion

We have audited the accompanying financial report of Lode Resources Ltd (the company), which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

In our opinion, the financial report of Lode Resources Ltd is in accordance with the Corporations Act 2001, including:

- i) Giving a true and fair view of the company's financial position as at 30 June 2022 and of its performance for the year ended on that date; and
- ii) Complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For the matter below, our description of how our audit addressed the matter is provided in that context.

Other Information

Other information is financial and non-financial information in the annual report of the Company which is provided in addition to the Financial Report and the Auditor's Report. The directors are responsible for Other Information in the annual report.

The Other Information we obtained prior to the date of this Auditor's Report was the Review of Operations, Director's report, Corporate Governance Statement, and Additional Stock Exchange Information. The remaining Other Information is expected to be made available to us after the date of the Auditor's Report.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, the auditor does not and will not express an audit opinion or any form of assurance conclusion thereon, with the exception of the Remuneration Report.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information in the Financial Report and based on the work we have performed on the Other Information that we obtained prior the date of this Auditor's Report we have nothing to report.

Directors' Responsibilities for the Financial Report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individual or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and other related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the consolidated entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Auditor's Responsibilities for the Audit of the Financial Report (cont'd)

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2022.

In our opinion, the Remuneration Report of Lode Resources Ltd for the year ended 30 June 2022, complies with section 300A of the Corporations Act 2001.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

**EXPLANATORY MEMORANDUM
TO THE NOTICE OF ANNUAL GENERAL MEETING**

This Explanatory Memorandum has been prepared to assist members to understand the business to be put to members at the Annual General Meeting to be held at Level 14, 60 Martin Place, Sydney NSW 2000 on Tuesday, 22 November 2022 at 11 am Australian Eastern Daylight Time (AEDT).

Financial Report

The Financial Report, Directors' Report and Auditor's Report (i.e. Annual Financial Reports or Annual Report) for the Company for the year ended 30 June 2022 will be laid before the meeting. There is no requirement for shareholders to approve these reports, however, the Chairman of the meeting will allow a reasonable opportunity to ask questions including questions directed to the auditor about the conduct of the audit and the content of the Auditor's Report.

The Company will not provide a hard copy of the Company's annual financial report to shareholders unless specifically requested to do so. The Company's annual financial report to shareholders is available on its website loderesources.com/investor-centre/annual-reports/. The Company's annual financial reports were also announced on 31 August 2022 and can be accessed by visiting the ASX's announcement platform www.asx.com.au (ASX:LDR).

Resolution 1 Adoption of Remuneration Report

The Remuneration Report, which can be found as part of the Directors' Report in the Company's 2022 Annual Report, contains certain prescribed details, sets out the policy adopted by the Board of Directors and discloses the payments to key management personnel, Directors and senior executives for the year ended 30 June 2022.

In accordance with section 250R of the Corporations Act, a resolution that the Remuneration Report be adopted must be put to a vote by the shareholders. This resolution is advisory only and does not bind the Directors or the Company.

Shareholders will be given a reasonable opportunity at the meeting to comment on and ask questions about the Company's Remuneration Report.

Under the Corporations Act, a company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution is voted against the adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

At the Company's previous annual general meeting the votes cast against the 2021 remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting. However, in the event that 25% or more of votes that are cast are against adoption of the 2022 Remuneration Report at the meeting, shareholders should be aware that if there is a 'no' vote of 25% or more for the same resolution at the 2023 annual general meeting, the consequence is that it may result in the re-election of the Board.

The Chairman intends to exercise all undirected proxies in favour of Resolution 1. If the Chairman of the Meeting is appointed as your proxy and you have not specified the way the Chairman is to vote on Resolution 1, by signing and returning the Proxy Form, you are considered to have provided the Chairman with an express authorisation for the Chairman to vote the proxy in accordance with the Chairman's intention.

Voting Exclusion Statement

The Company will disregard any votes cast on Resolution 1 by any of the following persons:

Key Management Personnel (KMP) named in the Remuneration Report and Closely Related Parties of Key Management Personnel. Key Management Personnel has the same meaning as in the accounting standards issued by the Australian Accounting Standards Board and means those persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, including any Director (whether executive or otherwise). Closely Related Party of a Key Management Personnel means a spouse or child of the personnel; a child of the personnel's spouse; a dependent of the personnel or the personnel's spouse; anyone else who is one of the personnel's family and may be expected to influence the personnel, or be influenced by the personnel, in the personnel's dealing with the entity; a company the personnel controls or a person prescribed by the Corporations Regulations 2001 (Cth).

However, the Company need not disregard a vote if it is:

- Cast by a person as a proxy or attorney for a person who is entitled to vote on the resolution, in accordance with the directions of the proxy form that specifies how the proxy is to vote on Resolution 1; or
- Cast by the chair of the Meeting as proxy or attorney appointed in accordance with the directions of the proxy form for a person who is entitled to vote, and such appointment on the proxy form expressly authorises the chair to exercise the proxy even if the resolution is connected directly with the remuneration report.

The Directors recommend that you vote IN FAVOUR of advisory Resolution 1.

The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 1.

Resolution 2 Re-election of Mr Keith Mayes

Keith Mayes was appointed as a Director on 10 March 2020. Keith Mayes has more than 30 years' experience in the resource sector in exploration, business development, operational and financial roles with major mining companies including North Ltd, Newmont, Rio Tinto and Oxiana in Australia, Europe, Middle East and Africa, Keith is currently CEO of Garnet International Group and formerly COO at ASX listed KGL Resources that is undertaking exploration and development of the large Jervois copper/silver/gold project in central Australia. Keith is also COO at Altura Mining Ltd where he discovered the world class Pilgangoora lithium deposit.

Clause 41.3 of the Company's Constitution and ASX Listing Rule 14.5 states that an entity must hold an election of directors at each annual general meeting. Keith volunteers himself for retirement and re-election pursuant to the Company's Constitution and ASX Listing Rule 14.5.

The Directors (with Mr Mayes abstaining) recommend that you vote IN FAVOUR of Resolution 2.

The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 2.

Resolution 3 Amendments to Constitution

A company may modify or repeal its constitution or a provision of its constitution by special resolution of shareholders in accordance with section 136(2) of the Corporations Act.

Virtual Meetings

It is proposed that the Company's Constitution be amended to permit wholly virtual meetings following recent legislative changes to the Corporations Amendment (Meetings and Documents) Bill 2022 which permits companies to hold wholly or partly virtual meetings if this is expressly permitted by the Company Constitution.

Subject to receipt of special shareholder approval, the amended constitution will be effective from the close of the Meeting.

Resolution 3 is a special resolution and therefore requires approval of 75% of the votes cast by shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative). The Chairperson intends to exercise all available proxies in favour of Resolution 3.

Summary of Proposed Amendment

Resolution 3 seeks shareholder approval to:

Insert the following new clause with respect to Virtual Meetings:

Clause 27.5:

27.5 A general meeting may be held using only virtual technology which gives the members (as a whole) a reasonable opportunity to participate and shareholders attending virtually are present for the purposes of determining whether a quorum is present.

27.6 If before or during a general meeting any technical difficulty occurs such that the members do not have a reasonable opportunity to participate, the chairperson may adjourn the meeting for a reasonable period until the technical difficulty is remedied or where a quorum remains present (either at the place at which the chairperson is present or by virtual technology) and able to participate, continue the meeting.

27.7 In no circumstances will the inability of one or more members to access or continue to access virtual technology affect the validity of the meeting or any business conducted at a meeting, provided that sufficient members are able to participate in the meeting as required to constitute a quorum.

The Directors recommend that you vote IN FAVOUR of Resolution 3.

The Chairman for this Resolution intends to vote undirected proxies IN FAVOUR of Resolution 3.

Resolution 4 Ratification of Prior Issue Shares - Listing Rule 7.4

On 25 August 2022, the Company issued 11,661,000 shares at an issue price of \$0.14 per share utilising the Company's 15% placement capacity under ASX Listing Rule 7.1 and its 10% placement capacity under ASX Listing Rule 7.1A. The Company confirms that the issue of these shares did not breach ASX Listing Rules 7.1 and 7.1A.

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period. In addition, under ASX Listing Rule 7.1A, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%. Shareholders approved this additional capacity at the Company's last Annual General Meeting.

The issue of the 11,661,000 shares did not fit within any of the exceptions to ASX Listing Rule 7.1 or ASX Listing Rule 7.1A and, as it has not yet been approved by the Company's shareholders. Accordingly, the issue of these shares uses up part of the 15% limit in ASX Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without shareholder approval under ASX Listing Rule 7.1 for the 12 month period following the date the Company issued the shares.

The issue of the shares also uses up the 10% limit in ASX Listing Rule 7.1A, reducing the Company's capacity to issue further equity securities without shareholder approval under ASX Listing Rule 7.1A.

ASX Listing Rule 7.4 allows the shareholders of a company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under ASX Listing Rules 7.1 and 7.1A and so does not reduce the company's capacity to issue further equity securities without shareholder approval under those rules.

The Company wishes to retain as much flexibility as possible to issue additional equity securities into the future without having to obtain shareholder approval for such issues under ASX Listing Rules 7.1 and 7.1A.

To this end, Resolution 4 seeks shareholder approval to ratify the issue of the 11,661,000 shares under and for the purposes of ASX Listing Rule 7.4.

If Resolution 4 is passed, the issue of these shares will be excluded in calculating the Company's 15% limit in ASX Listing Rule 7.1, effectively increasing the number of equity securities the Company can issue without shareholder approval. The issue of the shares will also be excluded in calculating the Company's additional 10% limit in ASX Listing Rule 7.1A, effectively further increasing the number of equity securities the Company can issue without shareholder approval.

If Resolution 4 is not passed, the issue of these shares will be included in calculating the Company's aggregate 25% limit under ASX Listing Rules 7.1 and 7.1A, effectively decreasing the number of equity securities the Company can issue without shareholder approval under ASX Listing Rules 7.1 and 7.1A.

Details of the issue, as required by ASX Listing Rule 7.5 are as follows:

Name of allottees:	Sophisticated and professional investors identified by the Lead Manager DealAccess Pty Ltd Known as DealAccess (PAC Partners) by contacting their high net-worth clients and other brokers (none of whom were related parties of the Company under ASX Listing Rules 10.1 or 10.11 and none are material investors as defined in section 7.4 of Guidance Note 21).
Number of securities allotted:	11,661,000 ordinary shares were issued as follows: 3,664,400 shares were issued under ASX Listing Rule 7.1; and 7,996,600 shares were issued under ASX Listing Rule 7.1A
Terms:	Fully paid ordinary shares ranking pari passu with existing fully paid ordinary shares.
Date:	The shares were issued on 25 August 2022
Issue price:	\$0.14 per share
Intended use of funds:	The funds will be applied towards ensuring Lode is well funded to continue to progress its drilling and exploration campaign at New England Fold Belt in NSW and for general corporate and working capital purposes.

Voting Exclusion Statement

The Company will disregard any votes cast in favour on Resolution 4 by or on behalf of

- a person who participated in the issue or;
- an associate of that person or those persons.

However, this does not apply to a vote cast in favour of a Resolution by:

- a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

The Directors recommend that you vote IN FAVOUR of Resolution 4.

The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 4.

Resolution 5 Ratification of Prior Issue Options - Listing Rule 7.4

On 25 August 2022, in connection with the 11,661,000 shares the subject of Resolution 4, the Company issued 8,330,500 options as free attaching options on a 1 for 2 basis.

The terms and conditions of the options are set out in Annexure A.

Broadly speaking, and subject to a number of exceptions, ASX Listing Rule 7.1 limits the amount of equity securities that the Company can issue without the approval of its shareholders over any 12 months to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The issue of these options does not fall within any of the exceptions set out in ASX Listing Rule 7.2 and as it has not yet been approved by the Company's shareholders, it effectively uses up part of the 15% limit in ASX Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without shareholder approval under ASX Listing Rule 7.1 for the 12 months following the date the Company issued the shares.

If Resolution 5 is passed, the issue of these options will be excluded in calculating the Company's 15% limit under ASX Listing Rule 7.1, effectively increasing the number of equity securities the Company can issue without shareholder approval over the 12 months following the date the Company issued the options. If all of the options the subject of Resolution 5 are exercised the Company will receive approximately \$1,999,320 in exercise monies

If Resolution 5 is not passed, the issue of these options will be included in calculating the Company's 15% limit under ASX Listing Rule 7.1, effectively decreasing the number of equity securities the Company can issue without shareholder approval over the 12 months following the issue date.

Resolution 5 seeks shareholder approval of the options issued under and for the purposes of ASX Listing Rule 7.4

Details as required by ASX Listing Rule 7.5 are as follows:

Names of allottee:	Sophisticated and professional investors who participated in the shares issued on 25 August 2022 identified by the Lead Manager DealAccess Pty Ltd (PAC Partners) by contacting the high net-worth clients and other brokers (none of whom were related parties of the Company under ASX Listing Rule 10.1 or 10.11 and none are material investors as defined in section 7.4 of Guidance Note 21).
Number of securities allotted:	8,330,500 quoted options.
Issue price:	Nil cash consideration
Terms:	The full terms and conditions of the options issued under Resolution 4 are set out in Annexure A. Each option entitles the holder to subscribe for and be allotted one fully paid ordinary share. The options vest on the Issue Date and are exercisable at any time before the Expiry Date.
Issue Date:	25 August 2022
Exercise price:	\$0.24 per share
Vesting date:	The options vested on the Issue Date.
Expiry date:	25 August 2024.
Intended use of funds	The options are free options and therefore no funds were raised from the issue. Any funds raised on exercise will be applied towards ensuring Lode is well funded to continue to progress its drilling and exploration campaign at New England Fold Belt in NSW and for general corporate and working capital purposes.

Voting Exclusion Statement

The Company will disregard any votes cast in favour of Resolution 5 by or on behalf of

- A person who participated in the issue or;
- an associate of person or those persons.

However, this does not apply to a vote cast in favour of a Resolution by:

- a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

The Directors recommend that you vote IN FAVOUR of Resolution 5.

The Chair of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 5.

Resolutions 6, 7, and 8 Approval of Directors' Participation in the issue of Shares

For the purposes of Chapter 2E of the Corporations Act, Messrs Van Heyst, Leschke and Mayes, being Directors of the Company are related parties of the Company. Resolutions 6, 7, and 8 relate to a proposed issue of shares to Messrs Van Heyst, Leschke and Mayes (or entities related to them or in which they have an indirect interest), which is a financial benefit that requires shareholder approval for the purposes of section 208 of the *Corporations Act*.

The Company has agreed, subject to shareholder approval to issue 142,857 shares to Mr Van Heyst, 142,857 shares to Mr Leschke and 71,429 shares to Mr Mayes at an issue price of \$0.14 per share (or their nominees).

ASX Listing Rule 10.11 provides that unless one of the exceptions in ASX Listing Rule 10.12 applies, the Company must not issue or agree to issue equity securities to:

- a related party (ASX Listing Rule 10.11.1);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the Company (ASX Listing Rule 10.11.2);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a Director to the Board pursuant to a relevant agreement which gives them a right or expectation to do so (ASX Listing Rule 10.11.3);
- an associate of a person referred to in ASX Listing Rules 10.11.1 to 10.11.3 (ASX Listing Rule 10.11.4); or
- a person whose relationship with the Company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by Shareholders (ASX Listing Rule 10.11.5),

unless it obtains the approval of its shareholders.

The proposed issue of shares under Resolutions 6, 7, and 8 will be to parties who fall within ASX Listing Rule 10.11.1 and no exception in ASX Listing Rule 10.12 applies. It therefore, requires the approval of shareholders under ASX Listing Rule 10.11.

Resolutions 6, 7, and 8 seek the required ASX shareholder approval to the issue under and for the purposes of ASX Listing Rule 10.11 and for all other purposes to allow the Company Directors or their nominees' participation on the same terms as the placement shares issued to unrelated parties on 25 August 2022.

If Resolutions 6, 7, and 8 are passed, the Company will be able to proceed with the issue to the Directors and the Company will raise a further \$50,000 before costs.

If one or more of Resolutions 6, 7, and 8 are not passed, the Company will not be able to proceed with the issue of the shares to that Director or their nominee and the Company will not receive up to, a further \$50,000 in application funds before costs.

Details of the issue, as required by ASX Listing Rule 10.13 are as follows:

Names of the allottees:	Resolution 6 the shares are to be issued to Andrew Van Heyst or his nominee; Resolution 7 the shares are to be issued to Edward Leschke or his nominee; and Resolution 8 the shares are to be issued to Keith Mayes or his nominee.
The category under ASX Listing Rule 10.11	Resolution 6 Listing Rule 10.11.1 because Andrew Van Heyst is a Director of the Company; Resolution 7 Listing Rule 10.11.1 because Edward Leschke is a Director of the Company; and Resolution 8 Listing Rule 10.11.1 because Keith Mayes is a Director of the Company.
The number and class of securities to be issued:	The shares will be issued as follows:: <ul style="list-style-type: none">• Andrew Van Heyst or his nominee 142,857 shares;• Edward Leschke or his nominee 142,857 shares; and• Keith Mayes or his nominee 71,429 shares.
Terms:	Fully paid ordinary shares in the Company.
Allotment date:	The shares will be issued no later than 1 month after the date of this Annual General Meeting and it is intended that issue will occur on the same date.
Issue price:	\$0.14 per share
Intended use of funds	The proceeds will be used to continue to progress the Company's drilling and exploration campaign at New England Fold Belt in NSW and for general corporate and working capital purposes.

If approval is given for the issued of the shares under ASX Listing Rule 10.11, approval is not required under ASX Listing Rule 7.1 in accordance with ASX Listing Rule 7.2 exception 14.

Resolutions 9, 10, and 11 Approval of Directors' Participation in the issue of Options

For the purposes of Chapter 2E of the Corporations Act, Messrs Van Heyst, Leschke and Mayes, being Directors of the Company are related parties of the Company. Resolutions 9, 10 and 11 relate to a proposed issue of options to Messrs Van Heyst, Leschke and Mayes (or entities related to them or in which they have an indirect interest), which is a financial benefit that requires shareholder approval for the purposes of section 208 of the *Corporations Act*.

The Company has agreed, subject to shareholder approval to issue 71,429 options to Mr Van Heyst, 71,429 options to Mr Leschke and 35,714 options to Mr Mayes or their nominees. The options are to be issued as free attaching options to the shares the subject of resolutions 6, 7 and 8.

ASX Listing Rule 10.11 provides that unless one of the exceptions in ASX Listing Rule 10.12 applies, the Company must not issue or agree to issue equity securities to:

- a related party (ASX Listing Rule 10.11.1);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the Company (ASX Listing Rule 10.11.2);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a Director to the Board pursuant to a relevant agreement which gives them a right or expectation to do so (ASX Listing Rule 10.11.3);
- an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3 (ASX Listing Rule 10.11.4); or
- a person whose relationship with the Company or a person referred to in ASX Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by shareholders (ASX Listing Rule 10.11.5),

unless it obtains the approval of its shareholders.

The proposed issue of options under Resolutions 9, 10 and 11 will be to parties who fall within ASX Listing Rule 10.11.1 and no exceptions in ASX Listing Rule 10.12 applies. It therefore, requires the approval of shareholders under ASX Listing Rule 10.11.

Resolutions 9, 10, and 11 seek the required shareholder approval to the issue under and for the purposes of ASX Listing Rule 10.11 and for all other purposes to allow the Company Directors or their nominees' participation on exactly the same terms as the options issued on 25 August 2022 to unrelated parties.

If Resolutions 9, 10, and 11 are passed, the Company will be able to proceed with the issue of the options to Directors. If all of the these options to Directors are exercised the Company will receive \$42,857 in exercise monies.

If one or more of Resolutions 9, 10 and 11 are not passed, the Company will not be able to proceed with the issue of the options to that Director or their nominee.

Details of the issue, as required by ASX Listing Rule 10.13 are as follows:

Names of the allottees:	Resolution 9 the options are to be issued to Andrew Van Heyst or his nominee; Resolution 10 the options are to be issued to Edward Leschke or his nominee; and Resolution 11 the options are to be issued to Keith Mayes or his nominee.
The category under ASX Listing Rule 10.11	Resolution 9 ASX Listing Rule 10.11.1 because Andrew Van Heyst is a Director of the Company; Resolution 10 ASX Listing Rule 10.11.1 because Edward Leschke is a Director of the Company; and Resolution 11 ASX Listing Rule 10.11.1 because Keith Mayes is a Director of the Company.
The number and class of securities to be issued:	The options will be issued as follows: Andrew Van Heyst or his nominee 71,429 options; Edward Leschke or his nominee 71,429 options; and Keith Mayes or his nominee 35,714 options.
Terms:	The full terms and conditions of the options to be issued under Resolutions 9, 10 and 11 are set out in Annexure B. Each option entitles the holder to subscribe for and be allotted one fully paid ordinary share. The options vest on the Issue Date and are exercisable at any time before the Expiry Date.

Issue Date:	The options will be issued no later than 1 month after the date of this General Meeting and it is intended that the issue will occur on the same date.
Issue price:	Nil for the options, as the options are being issued as free attaching options on the basis of 1 option for every 2 shares to be issued under resolutions 6, 7 and 8.
Exercise price:	\$0.24 per share
Vesting date:	Immediately following shareholder approval to issue the options.
Expiry Date:	The Expiry Date is two years from the Issue Date.
Intended use of funds	The options are free attaching options and therefore no funds will be raised from the issue. Any funds raised on exercise will be applied towards ensuring Lode is well funded to continue its drilling and exploration program at New England Fold Belt in NSW or any other projects it may be undertaking at the time and for general corporate and working capital purposes.

If approval is given for the issue of the options under ASX Listing Rule 10.11, approval is not required under ASX Listing Rule 7.1 in accordance with ASX Listing Rule 7.2 exception 14.

Voting Exclusion Statement

The Company will disregard any votes cast in favour on Resolutions 6 and 9 by or on behalf of

- Andrew Van Heyst or any other person who is to receive the securities and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the Company).

However, this does not apply to a vote cast in favour of Resolutions 6 and 9 by:

- a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

The Directors (with Mr Van Heyst abstaining) recommend that you vote IN FAVOUR of Resolutions 6 and 9. The Chair of the Meeting intends to vote undirected proxies IN FAVOUR of Resolutions 6 and 9.

Voting Exclusion Statement

The Company will disregard any votes cast in favour on Resolutions 7 and 10 by or on behalf of

- Edward Leschke or any other person who is to receive the securities and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the Company).

However, this does not apply to a vote cast in favour of Resolutions 7 and 10 by:

- a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

The Directors (with Mr Leschke abstaining) recommend that you vote IN FAVOUR of Resolutions 7 and 10. The Chair of the Meeting intends to vote undirected proxies IN FAVOUR of Resolutions 7 and 10.

Voting Exclusion Statement

The Company will disregard any votes cast in favour on Resolutions 8 and 11 by or on behalf of

- Keith Mayes or any other person who is to receive the securities and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the Company).

However, this does not apply to a vote cast in favour of Resolutions 8 and 11 by:

- a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

**The Directors (with Mr Mayes abstaining) recommend that you vote IN FAVOUR of Resolutions 8 and 11.
The Chair of the Meeting intends to vote undirected proxies IN FAVOUR of Resolutions 8 and 11.**

Resolutions 12 and 13 Issue of unlisted options to Mr Jason Beckton and Mr Keith Mayes

For the purposes of Chapter 2E of the Corporations Act, Messrs Beckton and Mayes, being Directors of the Company are related parties of the Company. Resolutions 12 and 13 relates to a proposed issued of options to Messrs Beckton and Mayes (or entities related to them or in which they have an indirect interest), which is a financial benefit that requires shareholder approval for the purposes of section 208 of the *Corporations Act*.

The Company has agreed, subject to obtaining shareholder approval to issue 250,000 options each to Mr Beckton and Mr Mayes or their nominees. The Board considers that it is reasonable for the remuneration of Directors to have a cash component and an equity component to further align directors' interests with those of shareholders. The Board believes that the issue of the options to Directors provides a reasonable, appropriate and cost-effective method of remunerating Directors by providing an equity-based incentive for their ongoing commitment and contribution to the Company in their roles as Directors and when required as members of a Committee.

ASX Listing Rule 10.11 provides that unless one of the exceptions in ASX Listing Rule 10.12 applies, the Company must not issue or agree to issue equity securities to:

- a related party (ASX Listing Rule 10.11.1);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the Company (ASX Listing Rule 10.11.2);
- a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a Director to the Board pursuant to a relevant agreement which gives them a right or expectation to do so (ASX Listing Rule 10.11.3);
- an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3 (ASX Listing Rule 10.11.4); or
- a person whose relationship with the Company or a person referred to in ASX Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by shareholders (ASX Listing Rule 10.11.5),

unless it obtains the approval of its shareholders.

The proposed issue of options under Resolutions 12 and 13 will be to parties who fall within ASX Listing Rule 10.11.1 and no exception in ASX Listing Rule 10.12. It therefore, requires the approval of shareholders under ASX Listing Rule 10.11.

If Resolutions 12 and 13 are passed, the Company will be able to proceed with the issue of the options to Directors. If all of the options to Directors are exercised the Company will receive \$120,000 in exercise monies.

If one or more of Resolutions 12 and 13 are not passed, the Company will not be able to proceed with the issue of the options to that Director or their nominee and the Company will not compensate Mr Beckton and Mr Mayes in another manner or form.

Details of the issue, as required by ASX Listing Rule 10.13 are as follows:

Names of the allottees:	Resolution 12 the options are to be issued to Jason Beckton or his nominee; Resolution 13 the options are to be issued to Keith Mayes or his nominee.
The category under ASX Listing Rule 10.11:	Jason Beckton (Resolution 12) and Keith Mayes (Resolution 13) are Directors of the Company and therefore fall under ASX Listing Rule 10.11.1
Remuneration package	Mr Beckton and Mr Mayes both receive director's fees of \$50,000 each per annum and no other form of remuneration. The options the subject of this resolution will provide an incentive to further align the Director's interests with those of shareholders.
The number and class of securities to be issued:	The options will be issued as follows: Jason Beckton or his nominee 250,000 options; and Keith Mayes or his nominee 250,000 options.
Terms:	The full terms and conditions of the Options to be issued under Resolutions 12 and 13 are set out in Annexure "B" on page 17.
Issue Date:	Each option entitles the holder to subscribe for and be allotted one fully paid ordinary share. The options vest on Issue Date and are exercisable at any time before the Expiry Date. The options will be issued no later than 1 month after the date of this Annual General Meeting and it is intended that issue will occur on the same date.

Issue price:	Nil for the options, as the options are being issued as equity remuneration to directors.
Exercise price:	\$0.24 per share.
Vesting dates:	Immediately following shareholder approval to issue the options.
Expiry date:	24 months from the Issue Date.
Use of the funds:	No funds will be raised from the issue of the options. The options are issued to remunerate directors and any funds raised on exercise will be applied towards insuring Lode is well funded to continue the drilling and exploration programs at New England Fold Belt in NSW or any other projects it may be undertaking at the time and for general corporate and working capital purposes.

If approval is given for the issue of the options under ASX Listing Rule 10.11, approval is not required under Listing Rule 7.1 in accordance with ASX Listing Rule 7.2 Exception 14

Voting Exclusion Statement

The Company will disregard any votes cast in favour on Resolution 12 by or on behalf of

- Jason Beckton or an associate of Jason Beckton or any other person who is to receive the securities and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the Company).

However, this does not apply to a vote cast in favour of Resolution 12 by:

- a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

The Directors (with Mr Beckton abstaining) recommend that you vote IN FAVOUR of Resolution 12.

The Chair of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 12.

Voting Exclusion Statement

The Company will disregard any votes cast in favour on Resolution 13 by or on behalf of

- Keith Mayes or an associate of Keith Mayes or any other person who is to receive the securities and any other person who will obtain a material benefit as a result of the issue of the securities (except a benefit solely by reason of being a holder of ordinary securities in the Company).

However, this does not apply to a vote cast in favour of Resolution 13 by:

- a person as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- the chair of the meeting as proxy or attorney for a person who is entitled to vote on the resolution, in accordance with a direction given to the chair to vote on the resolution as the chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

The Directors (with Mr Mayes abstaining) recommend that you vote IN FAVOUR of Resolution 13.

The Chair of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 13

Resolution 14 Approval of Director's aggregate remuneration amount (other than executive directors)

Resolution 14 seeks shareholder approval under ASX Listing Rule 10.17 to set the maximum aggregate amount for the remuneration in each financial year for the Directors (other than executive directors), with such amount being conditional upon and with effect from the close of the AGM.

Shareholders have not approved the maximum aggregate amount for the remuneration in each financial year for the non-executive Directors, consequently, the Company wishes to set the maximum aggregate remuneration amount.

The ASX Listing Rules and the Company's Constitution provides that the shareholders are required to approve the maximum aggregate amount that the non-executive Directors as a whole may be paid in any financial year.

Pursuant to clause 44.1 of the Company's Constitution and subject to the ASX Listing Rules, if the shareholders agree to set the maximum amount to \$300,000, the aggregate maximum sum of \$300,000 will be divided among the non-executive Directors in such proportion and manner as the Directors agree.

Additional information required by ASX Listing Rule 10.17:

Set out below are details of securities issued to non-executive Directors within the last three years with the approval of shareholders under ASX Listing Rule 10.11 or 10.14 (and does not include any proposed issues the subject of this notice of meeting).

Non-executive Director	Number of securities
Jason Beckton	200,000 ordinary shares. 500,000 unlisted options expiring on 2 July 2023 are exercisable at \$0.30 each.
Keith Mayes	300,000 ordinary shares. 500,000 unlisted options expiring on 2 July 2023 are exercisable at \$0.30 each.

Voting exclusion statement

The Company will disregard any votes cast in favour of Resolution 14 by, or on behalf of, any Director or any of their associates.

However, the Company need not disregard a vote cast in favour of Resolution 14 if it is cast by:

- a person as proxy or attorney for a person who is entitled to vote on Resolution 14, in accordance with directions given to the proxy or attorney to vote on Resolution 14 in that way; or
- the Chair as proxy or attorney for a person who is entitled to vote on Resolution 14, in accordance with a direction given to the Chair to vote on Resolution 14 as the Chair decides; or
- a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the item; and
 - the holder votes on this Resolution 14 in accordance with directions given by the beneficiary to the holder to vote in that way.

It is noted that, in accordance with section 250BD(2) of the Corporations Act, a vote must not be cast on Resolution 14 as a proxy by a member of the KMP at the date of the AGM, or a Closely Related Party of such a member, unless it is cast as proxy for a person where the proxy form specifies the way the proxy is to vote on the item. This restriction on voting undirected proxies does not apply to the Chairman where the proxy form expressly authorises the Chairman to exercise undirected proxies even if the item is connected, directly or indirectly, with the remuneration of the KMP. The Chairman intends to exercise undirected proxies in favour of Resolution 14.

The Directors recommend that you vote IN FAVOUR of Resolution 14.

The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 14.

Resolution 15 Approval of additional capacity to issue securities

ASX Listing Rule 7.1A enables the Company to issue equity securities up to 10% of its issued share capital through placements over a 12 month period after the AGM ('10% Placement Facility'). The 10% Placement Facility is in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1. Listed entities that are not included in the S&P/ASX 300 index and with a market cap of \$300 million or less are eligible to seek shareholder approval under Listing Rule 7.1A. The Company's approximate market cap at the time of this Notice of Meeting is \$10.5 million.

If Resolution 15 is not passed, the Company would not be able to issue securities and it will not be able to raise funds under this 10% placement facility.

If Resolution 15 is passed, The Company will be able to raise funds to the maximum of 10% of the placement facility in accordance with Listing Rule 7.1A.

Resolution 15, which is a Special Resolution requiring 75% of votes cast to be in favour of the resolution, seeks shareholder approval for the Company to have the ability to issue equity securities under the 10% Placement Facility on the following terms:

(a) Placement Period

Shareholder approval of the 10% Placement Facility is valid from the date of the AGM and expires on the earlier of:

- (i) the date that is 12 months after the date of the AGM;
- (ii) the time and date of the Company's next AGM; or
- (iii) the time and date of the approval by shareholders of a transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

(b) Equity Securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company which, in the Company's case, are fully paid ordinary shares.

(c) Formula for calculating 10% Placement Facility.

The maximum number of shares that can be issued under the 10% Placement Facility is calculated as follows:

$$(A \times D) - E$$

Where: A is the number of fully paid ordinary shares on issue 12 months before the date of issue or agreement:

- (i) plus the number of fully paid ordinary shares issued in the 12 months under an exception in ASX Listing Rule 7.2 other than exception 9, 16 or 17;
- (ii) plus the number of fully paid ordinary shares issued in the 12 months on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - a. the convertible securities were issued or agreed to be issued before the commencement of the 12 month period; or
 - b. the issue of, or agreement to issue, the convertible securities was approved or taken under the ASX Listing Rules to have been approved under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;
- (iii) plus the number of fully paid ordinary shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:
 - a. the agreement was entered into before the commencement of the 12 month period; or
 - b. the agreement or issue was approved or taken under the ASX Listing Rules to have been approved under ASX Listing Rule 7.1 or ASX Listing Rule 7.4;
- (ii) plus the number of partly paid ordinary shares that became fully paid in the 12 months;
- (iii) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under ASX Listing Rule 7.1 and 7.4;
- (iv) less the number of fully paid shares cancelled in the 12 months.

D is 10%.

E is the number of fully paid ordinary shares issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under ASX Listing Rules 7.1 or 7.4.

(d) Minimum Issue Price

The minimum issue price of equity securities issued for the purpose of ASX Listing Rule 7.1.A.3 must be not less than 75% of the volume weighted average price of equity securities in the same class calculated over the 15 trading days on which trades were recorded immediately before:

- (i) the date on which the price at which the equity securities are to be issued is agreed by the Company and the recipient of the equity securities; or
- (ii) if the equity securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the equity securities are issued.

(e) Purposes for which the funds raised by an issue of equity securities may be used

The Company may issue equity securities under the 10% Placement Capacity for cash consideration only, and the Company intends to use any funds raised under such an issue for continued exploration and evaluation of the Company's exploration projects and for general working capital.

(f) Risk of Economic and Voting Dilution

If Resolution 15 is approved by shareholders and the Company issues equity securities under the 10% Placement Facility, the existing shareholders' voting power in the Company will be diluted as shown in the table below. Further, there is a risk that:

- (i) the market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the AGM; and
- (ii) the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date.

If this Resolution 15 is not approved by shareholders then the Company will not have the flexibility of an available additional 10% capacity to issue shares under the 10% Placement Facility described in this Explanatory Memorandum. The Company not having the 10% Placement Facility will have no effect on the Company's existing ASX Listing Rule 7.1, 15% capacity.

Because variable A in the formula for calculating 10% Placement Facility, and consequently the number of shares that can be issued under the 10% Placement Facility, can change during the Placement Period, the table below shows a matrix of scenarios of the potential dilution of existing shareholders as at the date of the AGM on the basis of:

- (i) the issue price of equity securities being the current approximate market price of fully paid ordinary shares, plus 50% and minus 50%; and
- (ii) the maximum number of shares that can be issued under the 10% Placement Facility in accordance with the definition of variable A in the formula for calculating 10% Placement Facility increasing by 50% and 100%.

Variable A in 10% Placement Facility under ASX Listing Rule 7.1A.	Voting Dilution and Placement Facility Capacity	Issue Price and Funds Raised		
		50% Decrease in Current Approximate Market Price \$0.058	Current Approximate Market Price \$0.115*	50% Increase in Current Approximate Market Price \$0.173
Current Variable A 91,627,002 shares	10% 91,627,002 Shares	\$526,855	\$1,053,771	\$1,580,566
50% increase in current Variable A 137,440,503 shares	10% 13,744,050 Shares	\$790,283	\$1,580,566	\$2,370,849
100% increase in current Variable A 183,254,004 shares	10% 18,325,400 shares	\$1,053,711	\$2,107,421	\$3,161,132

*The current approximate market price of \$0.115 was the closing price as at 5 October 2022.

The above table is based on the following assumptions:

- (i) There are currently 91,627,002 shares on issue and all figures in the table are calculated on an undiluted basis.

- (ii) The Company issues the maximum possible number of equity securities under the 10% Placement Capacity.
- (iii) The issue of equity securities under the 10% Placement Capacity consists only of shares. If the issue of equity securities includes quoted options, it is assumed that those quoted options are exercised into shares for the purpose of calculating the voting dilution effect on existing shareholders.
- (iv) The calculations above do not show the dilution that any one particular shareholder will be subject to. All shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
- (v) This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
- (vi) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

(g) Allocation policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. As there is no issue currently proposed, the identity of the allottees is not currently known and will be determined on a case-by-case basis at the time of allotment, having regard to factors including, but not limited to, the following:

- (i) the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing security holders can participate;
- (ii) the effect of the issue of the equity securities on the control of the Company;
- (iii) the financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not currently been determined but may include existing substantial shareholders and/or new shareholders who are not related parties or associates of a related party of the Company.

(h) Prior approval

The Company obtained shareholder approval under ASX Listing Rule 7.1A at its 2021 Annual General Meeting.

The Company issued a total of 19,991,500 equity securities made up of 11,661,000 ordinary fully paid shares and 8,330,500 options in the 12 month preceding the date of this Notice of Annual General Meeting which based on the number of Equity Securities on issue at the commencement of that period represents 25% of the Company's Equity Securities.

Further details of the issues of equity securities by the Company during the 12 months period preceding the date of the meeting are set out in Annexure "C" on page 18 of this Explanatory Memorandum.

Information relating to the issue of equity securities in the preceding 12 months is as follows:

- Number of securities issued: 11,661,000;
- Class of securities issued: Ordinary fully paid shares;
- Issued of the Securities: To professional and sophisticated investors; identified by the Lead Manager DealAccess Pty Ltd (PAC Partners) by contacting the high net-worth clients and other brokers
- Issue price: 11,661,000 shares were issued at \$0.14 per share and the closing price on the date of the issue was \$0.14 per share;
- The issue was for cash: The total cash consideration received was \$1,632,540 before costs and is been used to continue to progress its drilling and exploration program at New England Fold Belt in NSW, and for general corporate and working capital purposes.
- Number of securities issued: 8,330,500;
- Class of securities issued: Options;
- Issued of the Securities: To professional and sophisticated investors that participated on the share issued on 25 August 2022.
- Issue price: Nil cash consideration
- The issue was for cash: No funds were raised by the issue of these options.

The Directors recommend that you vote IN FAVOUR of Resolution 15.

The Chairman of the Meeting intends to vote undirected proxies IN FAVOUR of Resolution 15.

This form should be signed by the shareholder. If a joint holding, all the shareholders should sign. If signed by the shareholder's attorney, the power of attorney must have been previously noted by the registry or a certified copy attached to this form. If executed by a company, the form must be executed in accordance with the company's constitution and the Corporations Act 2001 (Cth).

Email Address

Please tick here to agree to receive communications sent by the company via email. This may include meeting notifications, dividend remittance, and selected announcements.

HOW TO COMPLETE THIS SHAREHOLDER PROXY FORM

**IF YOU WOULD LIKE TO ATTEND AND VOTE AT THE MEETING, PLEASE BRING THIS FORM WITH YOU.
THIS WILL ASSIST IN REGISTERING YOUR ATTENDANCE.**

CHANGE OF ADDRESS

This form shows your address as it appears on the Company's share register. If this information is incorrect, please make the correction on the form. Shareholders sponsored by a broker should advise their broker of any changes.

APPOINTMENT OF A PROXY

If you wish to appoint the Chair as your proxy, mark the box in Step 1. If you wish to appoint someone other than the Chair, please write that person's name in the box in Step 1. A proxy need not be a shareholder of the Company. A proxy may be an individual or a body corporate.

DEFAULT TO THE CHAIR OF THE MEETING

If you leave Step 1 blank, or if your appointed proxy does not attend the Meeting, then the proxy appointment will automatically default to the Chair of the Meeting.

VOTING DIRECTIONS – PROXY APPOINTMENT

You may direct your proxy on how to vote by placing a mark in one of the boxes opposite each resolution of business. All your shares will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any resolution by inserting the percentage or number of shares you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on a given resolution, your proxy may vote as they choose to the extent they are permitted by law. If you mark more than one box on a resolution, your vote on that resolution will be invalid.

PROXY VOTING BY KEY MANAGEMENT PERSONNEL

If you wish to appoint a Director (other than the Chairman) or other member of the Company's key management personnel, or their closely related parties, as your proxy, you must specify how they should vote on Resolutions 1 & 6 to 14, by marking the appropriate box. If you do not, your proxy will not be able to exercise your vote for Resolutions 1 & 6 to 14

PLEASE NOTE: If you appoint the Chairman as your proxy (or if they are appointed by default) but do not direct them how to vote on a resolution (that is, you do not complete any of the boxes "For", "Against" or "Abstain" opposite that resolution), the Chairman may vote as they see fit on that resolution.

APPOINTMENT OF A SECOND PROXY

You are entitled to appoint up to two persons as proxies to attend the Meeting and vote on a poll. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by telephoning Advanced Share Registry Limited or you may copy this form and return them both together.

To appoint a second proxy you must:

- on each Proxy Form state the percentage of your voting rights or number of shares applicable to that form. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded; and
- Return both forms together.

COMPLIANCE WITH LISTING RULE 14.11

In accordance with Listing Rule 14.11, if you hold shares on behalf of another person(s) or entity/entities or you are a trustee, nominee, custodian or other fiduciary holder of the shares, you are required to ensure that the person(s) or entity/entities for which you hold the shares are not excluded from voting on resolutions where there is a voting exclusion. Listing Rule 14.11 requires you to receive written confirmation from the person or entity providing the voting instruction to you and you must vote in accordance with the instruction provided.

By lodging your proxy votes, you confirm to the company that you are in compliance with Listing Rule 14.11

CORPORATE REPRESENTATIVES

If a representative of a nominated corporation is to attend the meeting the appropriate "Certificate of Appointment of Corporate Representative" should be produced prior to admission in accordance with the Notice of Meeting. A Corporate Representative Form may be obtained from Advanced Share Registry.

SIGNING INSTRUCTIONS ON THE PROXY FORM

Individual:

Where the holding is in one name, the security holder must sign.

Joint Holding:

Where the holding is in more than one name, all security holders should sign.

Power of Attorney:

If you have not already lodged the Power of Attorney with Advanced Share Registry, please attach the original or a certified photocopy of the Power of Attorney to this form when you return it.

Companies:

Where the company has a Sole Director who is also the Sole Company Secretary, this form must be signed by that person. If the company (pursuant to section 204A of the Corporations Act 2001) does not have a Company Secretary, a Sole Director can sign alone. Otherwise this form must be signed by a Director jointly with either another Director or a Company Secretary. Please sign in the appropriate place to indicate the office held.

LODGE YOUR PROXY FORM

This Proxy Form (and any power of attorney under which it is signed) must be received at an address given below by 11:00 am (EDST) on 20 November 2022, being not later than 48 hours before the commencement of the Meeting. Proxy Forms received after that time will not be valid for the scheduled meeting.
