CHAIRMAN'S REPORT

On behalf of the Directors of Beyond International Limited (ASX:BYI) I am pleased to present this Annual Report and the improved results achieved in the financial year ending 30th June, 2022. After two difficult years dealing with the impact of Covid on all our operations and on our staff in Dublin, London, Los Angeles and Sydney the Directors were particularly pleased to deliver improved continuing operational EBITDA and Earnings Before interest and Tax (EBIT) and Earnings Per Share (EPS) anticipated in last year's Annual Report. The Directors are also pleased with the integration of the TCB Media Rights Ltd acquisition completed in April 2020 into Beyond Rights and the US and UK TV production acquisitions completed later in 2020. All three operations have performed well and made significant contributions to the results of the Company. A detailed explanation of the factors effecting both the Beyond Rights and Beyond Productions operations is included in the Review of Results and the Managing Director's Report contained in this Annual Report.

The difficulties of managing a relatively small international company have been highlighted to all the Directors and staff during the last two years. This has prompted a number of internal discussions and strategic reviews. The general conclusion is that Beyond must significantly expand both of its business divisions by acquisition or Beyond itself should consider a merger with a similar but larger international company. The Directors expect to be in a position to report progress in these areas during the 2022-23 financial year.

Finally, all the Directors would like to thank all our staff in all our offices for their dedication and efforts under often very difficult circumstances and too often in isolation working from home. These have been two extremely difficult years for everyone, and the Directors are very hopeful that we have seen the worse of Covid and we can all return to seeing each other on a regular basis.

1. TELEVISION PRODUCTIONS AND COPYRIGHT SEGMENT (BEYOND PRODUCTION)

Segment revenue decreased by $19,153,000 or 26.6% to $52,833,000 compared to the previous corresponding period. The decrease in revenue was driven by productions being delayed due to strict Covid-19 isolation rules and travel restrictions in force during the first half of the financial year.

The segment EBIT prior to one-off items was $5,804,000 being 8% ($505,000) lower than the corresponding period in 2021 (prior to one-off adjustments).

Impairments to equity investments in a few television series totalling $312,000 reduced EBIT to $5,492,000, $60,000 better than the$5,443,000 reported in the previous corresponding period.

Key programs produced by Beyond for the US market in the financial year were:

- *My Lottery Dream Home* Series 12 and Series 13
- *No Recipe Road Trip* with the *Try Guys*
- EKO Cookshop Series
- *Back In The Groove*

The UK production business improved with commissions secured for the following programs: *WoW That's Amazing!, Mind Games* and *Outrageous Homes*.

Programs commissioned and in production in Australia for the world market in the 2022 financial year include *Matt Wright's Wild Territory* for Netflix and Network Nine, *On The Record* for Stan and Beyond Rights, *The Invisibles* Series 2 for Disney+/National Geography, *Animals Aboard* for the Seven Network and Beyond Rights and *John Farnham – Finding The Voice* for Sony Pictures Releasing and the Seven Network.

Programming produced or in production by Beyond TNC (a joint venture with the British production company TNC) include *They All Came Out To Montreux, Memory Lane, Alien Time Capsule* and *The Birthday Party* for worldwide distribution and *Blitzed* for Sky Arts in the UK.

During the 2022 financial year, 115 hours of television commenced production (2021:125 hours).

Commissioned

- US commission 38 hours (2021: 63 hours)
- Australian commission 64 hours (2021: 48 hours)
- UK commission 13 hours (2021: 13 hours)

Copyright revenues increased by $1,310,000 to $3,234,000. During the 2022 financial year, the

Company received $400,000 in music publishing royalties and revenue from strong sales of the *Deadly Women* program catalogue. Licensing of *MythBusters* and *Deadly Women* contributed the majority of copyright revenues in the 2022 financial year.

The Beyond production entities have a deep slate of projects in development and are actively working with US, UK, Australian and international broadcasters, and digital platforms to develop and produce new programs for the world market.

2. TELEVISION DISTRIBUTION SEGMENT (BEYOND RIGHTS)

EBIT is $5,500,000 prior to one-off items, a decrease from the 2021 financial year of $781,000.

Revenue decreased by $4,011,000 or 9.2% to $39,788,000 compared to $43,799,000 in the corresponding prior period. This decrease was largely due to delays in programs being acquired and delivered for international distribution.

Impairment of producer advances $264,000 was booked in the current financial year compared to impairments of $1,151,000 in the 2021 financial year. Restructuring costs, including redundancies, of $667,000 were incurred in the prior period. In December 2021 a new London based CEO was recruited for the Beyond Rights business and the head of acquisitions role ceased. As such unbudgeted recruitment fees were incurred.

During the year significant sales were achieved for existing long running returning series including *Abandoned Engineering, Underground Worlds, Massive Engineering Mistakes, Highway Thru Hell Love It Or List It* (Canada and UK versions), and *Heavy Rescue 401*.

MythBusters, Deadly Women and Love It Or List It Australia, produced by Beyond Productions continue to perform well in the international market.

Third party programs are primarily sourced from independent producers in the US, UK, Australia, and Canada. Product focus continues to be factual series, documentaries, family, and children's programs as there is a steady demand for these genres from broadcasters throughout the world.

The client base has expanded significantly during the past three years with the digital platforms (SVOD and AVOD) such as Discovery +, Paramount +, and You Tube rapidly becoming key revenue drivers for the Company's programs.

The Company has established a MythBusters FAST channel on the Samsung platform in the UK and will launch several FAST channels in the 2022/23 financial year using the Ottera platform.

3. HOME ENTERTAINMENT SEGMENT (BHE)

Beyond earns a commission on sales of product made by Regency and booked revenues of $32,000 in the 2022 financial year.

The net contribution of BHE after royalty payments and stock movements in the 2021 financial year was $35,000.

4. DIGITAL MARKETING SEGMENT (BEYONDD)

Beyond D was disposed of on 29th November 2021 and has been classified as a discontinued operation in the 2022 annual accounts. The result of the business is still disclosed within the segment note.

In the current financial year, the loss from the business unit net of tax was $548,000.

5. CORPORATE

Corporate overheads reduced by $303,000 compared to the prior corresponding period. Cost reductions in professional fees and computer and software related costs and property costs contributed to this result.

6. INCOME TAX

The underlying income tax for the 2022 financial year was $1,055,000. Including non-recoupable withholding taxes $120,000 from licensing receipts and US State tax of $32,000, the Company tax expense for the year is $1,207,000.

My Lottery Dream Home

7. FOREIGN EXCHANGE – IMPACT ON RESULTS

The Company has significant exposure to foreign exchange fluctuations in the television production and distribution operating segments with approximately 82% (2021: 84%) of Company revenues derived outside Australia.

In the normal course, the Company only hedges production costs denominated in US$ that are to be received for services provided by the Australian production business. Foreign currency sales contracts entered by the television distribution segment (Beyond Rights) are not hedged.

The total foreign exchange gain for FY2022 is $132,000 (2021: loss of $1,131,000). This gain is allocated to the operating segments as follows:

ITEM	SEGMENT	JUNE 2022	JUNE 2021	MOVEMENT $	MOVEMENT %
Realised gain / (loss)	Distribution/TV	(136,583)	(466,143)	329,560	71%

TOTAL FX GAIN / (LOSS)		**132,291**	**(1,131,301)**	**1,263,593**	**(112%)**

8. DIVIDEND

The Directors have determined that there will be no final dividend for the 2022 financial year.

CONCLUSION AND OUTLOOK

The Company is focusing its resources on two core areas of activity, production of content for existing and emerging platforms and the management and licensing of completed programming to platforms throughout the world.

Beyond is well positioned to grow the production business through its established operations in the UK, USA, and Australia.

In December 2021 a new CEO, with vast experience in the international content distribution industry, was appointed to lead Beyond Rights in London. Several changes to the operation of the business were initiated that promote efficiency, reduce friction, and control costs.

During the first half of the financial year the Production segment was negatively impacted by the ongoing challenges of the Covid -19 pandemic which caused delays in program production schedules and order patterns from buyers. In addition, several major corporate consolidations in the market resulted in program commissioning decisions being deferred or firm program orders being cancelled.

The second half of the financial year saw Covid restrictions ease in the UK, USA and Australia resulting in an uplift in production activity.

Beyond's US operation has four series in production, one pilot in production and three paid development agreements with broadcasters/ platforms. The UK business has three programs in production and in Australia there are four series in production.

Beyond has achieved success in broadening its program genres to include relatively high-cost reality programs such as Pooch Perfect in the UK (for BBC) and USA (for ABC), and Back In The Groove (for HULU).

As a result of the success of the first series of the scripted series Troppo (produced with EQ Media Group, Australian Broadcasting Corporation and AGC for the Freevee streaming platform) a second season is in paid development. The production budget for the second season, should it be commissioned, would be in excess of $20 million. This amount will not be included in Beyond's operating revenue as the joint venture production company is 50% owned by Beyond.

Beyond is also developing several original scripted series based on existing IP in conjunction with Beyond Rights.

Beyond Rights is diversifying its revenue streams by the launch of its own FAST channels (free, ad supported streaming TV) and using its content to drive further increases in the YouTube channel revenues. The emerging market is scaling rapidly and is one Beyond is focused on by aggressively utilising its program catalogue.

The retention of distribution rights from 3rd party producers is becoming more challenging for all distributors. Some of Beyond's traditional customers hold back or control international program rights on programs that they acquire. However, there are signs that new opportunities will come forward in digital platforms that may allow for a greater degree of rights retention than has been available for the past few years, especially if the IP is owned by the Group.

The Board is pleased that the Company achieved the goals it set management in terms of the EBIT of the business and will continue to work to improve the Company's financial performance going forward for the benefit of its shareholders and stakeholders. The Board intends to return to paying regular dividends as from the 2023 financial year.

BEYOND INTERNATIONAL LIMITED

Corporate Governance Statement, 30 June 2022

This Corporate Governance Statement of Beyond International Limited (the 'company') has been prepared in accordance with the 4th Edition of the Australian Securities Exchange's ('ASX') Corporate Governance Principles and Recommendations of the ASX Corporate Governance Council ('ASX Principles and Recommendations'). The company's ASX Appendix 4G, which is a checklist cross-referencing the ASX Principles and Recommendations to the relevant disclosures in either this statement, our website or Annual Report, is contained on our website at http://www.beyond.com.au/corporate/corporate-governance.

This statement has been approved by the company's Board of Directors ('Board') and is current as at 31 August 2022.

The ASX Principles and Recommendations and the company's response as to how and whether it follows those recommendations are set out below.

RECOMMENDATION 1.1 - A LISTED ENTITY SHOULD DISCLOSE: (A) THE RESPECTIVE ROLES AND RESPONSIBILITIES OF ITS BOARD AND MANAGEMENT; AND (B) THOSE MATTERS EXPRESSLY RESERVED TO THE BOARD AND THOSE DELEGATED TO MANAGEMENT.

The Board is ultimately accountable for the performance of the company and provides leadership and sets the strategic objectives of the company. It appoints all senior executives and assesses their performance on at least an annual basis. It is responsible for overseeing all corporate reporting systems, remuneration frameworks, governance issues, and stakeholder communications. Decisions reserved for the Board relate to those that have a fundamental impact on the company, such as material acquisitions and takeovers, dividends and buybacks, material profits upgrades and downgrades, and significant closures.

Management is responsible for implementing the Board's strategy, day-to-day operational aspects, and ensuring that all risks and performance issues are brought the Boards attention. They must operate within the risk and authorisation parameters set by the Board.

RECOMMENDATION 1.2 - A LISTED ENTITY SHOULD: (A) UNDERTAKE APPROPRIATE CHECKS BEFORE APPOINTING A PERSON, OR PUTTING FORWARD TO SECURITY HOLDERS A CANDIDATE FOR ELECTION, AS A DIRECTOR; AND (B) PROVIDE SECURITY HOLDERS WITH ALL MATERIAL INFORMATION IN ITS POSSESSION RELEVANT TO A DECISION ON WHETHER OR NOT TO ELECT OR RE-ELECT A DIRECTOR.

The company undertakes comprehensive reference checks prior to appointing a director or putting that person forward as a candidate to ensure that person is competent, experienced, and would not be impaired in any way from undertaking the duties of director. The company provides relevant information to shareholders for their consideration about the attributes of candidates together with whether the Board supports the appointment or re-election.

RECOMMENDATION 1.3 - A LISTED ENTITY SHOULD HAVE A WRITTEN AGREEMENT WITH EACH DIRECTOR AND SENIOR EXECUTIVE SETTING OUT THE TERMS OF THEIR APPOINTMENT.

The terms of the appointment of a non-executive director, executive directors and senior executives are agreed upon and set out in writing at the time of appointment.

RECOMMENDATION 1.4 - THE COMPANY SECRETARY OF A LISTED ENTITY SHOULD BE ACCOUNTABLE DIRECTLY TO THE BOARD, THROUGH THE CHAIR, ON ALL MATTERS TO DO WITH THE PROPER FUNCTIONING OF THE BOARD.

The Company Secretary reports directly to the Board through the Chairman and is accessible to all directors.

RECOMMENDATION 1.5 - A LISTED ENTITY SHOULD (A) HAVE A DIVERSITY POLICY WHICH INCLUDES REQUIREMENTS FOR THE BOARD OR A RELEVANT COMMITTEE OF THE BOARD TO SET MEASURABLE OBJECTIVES FOR ACHIEVING GENDER DIVERSITY AND TO ASSESS ANNUALLY BOTH THE OBJECTIVES AND THE ENTITY'S PROGRESS IN ACHIEVING THEM; (B) DISCLOSE THAT POLICY OR A SUMMARY OF IT; AND (C) DISCLOSE AS AT THE END OF EACH REPORTING PERIOD THE MEASURABLE OBJECTIVES FOR ACHIEVING GENDER DIVERSITY SET BY THE BOARD OR A RELEVANT COMMITTEE OF THE BOARD IN ACCORDANCE WITH THE ENTITY'S DIVERSITY POLICY AND ITS PROGRESS TOWARDS ACHIEVING THEM, AND EITHER: (1) THE RESPECTIVE PROPORTIONS OF MEN AND WOMEN ON THE BOARD, IN SENIOR EXECUTIVE POSITIONS AND ACROSS THE WHOLE ORGANISATION (INCLUDING HOW THE ENTITY HAS DEFINED "SENIOR EXECUTIVE" FOR THESE PURPOSES); OR (2) IF THE ENTITY IS A "RELEVANT EMPLOYER" UNDER THE WORKPLACE GENDER EQUALITY ACT, THE ENTITY'S MOST RECENT "GENDER EQUALITY INDICATORS", AS DEFINED IN AND PUBLISHED UNDER THAT ACT.

The company does not have a formal diversity policy. The company however undertakes to assess an individual's credentials on their merit, with complete objectivity and without bias so that the company may attract, appoint and retain the best people to work within the company where all persons have equal opportunity.

As at the date of this report, 47% of the organisation were women (53% men); and 44% of senior executive positions were occupied by women (56% men). For this purpose, the Board defines a senior executive as a person who makes, or participates in the making of, decisions that affect the whole or a substantial part of the business or has the capacity to affect significantly the company's financial standing. This therefore includes all senior management and senior executive designated positions as well as senior specialised professionals.

Beyond also discloses its performance against gender equality indicators in its Annual Report to the Workplace Gender Equality Agency.

RECOMMENDATION 1.6 - A LISTED ENTITY SHOULD (A) HAVE AND DISCLOSE A PROCESS FOR PERIODICALLY EVALUATING THE PERFORMANCE OF THE BOARD, ITS COMMITTEES AND INDIVIDUAL DIRECTORS; AND (B) DISCLOSE, IN RELATION TO EACH REPORTING PERIOD, WHETHER A PERFORMANCE EVALUATION WAS UNDERTAKEN IN THE REPORTING PERIOD IN ACCORDANCE WITH THAT PROCESS.

The company does not currently have a formal process for evaluating the performance of the Board, its committees or individual directors. The Board conducts an introspective annual discussion of its performance on a collective basis to identify general aspects of its performance that could be improved upon, and such analysis includes the roles played by each Board member. Such reviews therefore encapsulate collective discussion around the performance of individual Board members, their roles on specific projects during the financial year, and where relevant, how their role could be modified or suggestions for individual development or performance improvement for the future.

Until such time as the company expands to justify an expansion of Board members, the Board is of the current opinion that such performance evaluation is suitable for the company.

RECOMMENDATION 1.7 - A LISTED ENTITY SHOULD (A) HAVE AND DISCLOSE A PROCESS FOR PERIODICALLY EVALUATING THE PERFORMANCE OF ITS SENIOR EXECUTIVES; AND (B) DISCLOSE, IN RELATION TO EACH REPORTING PERIOD, WHETHER A PERFORMANCE EVALUATION WAS UNDERTAKEN IN THE REPORTING PERIOD IN ACCORDANCE WITH THAT PROCESS.

The Board conducts an annual performance assessment of the CEO against agreed performance measures determined at the start of the year. The CEO undertakes the same assessments of senior executives. In assessing the performance of the individual, the review includes consideration of the senior executive's function, individual targets, group targets, and the overall performance of the company. Such reviews are conducted during the first quarter of a new financial year.

PRINCIPLE 2: STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

RECOMMENDATION 2.1 - THE BOARD OF A LISTED ENTITY SHOULD:

(A) HAVE A NOMINATION COMMITTEE WHICH:

(1) HAS AT LEAST THREE MEMBERS, A MAJORITY OF WHOM ARE INDEPENDENT DIRECTORS; AND

(2) IS CHAIRED BY AN INDEPENDENT DIRECTOR, AND DISCLOSE:

(3) THE CHARTER OF THE COMMITTEE;

(4) THE MEMBERS OF THE COMMITTEE; AND

(5) AS AT THE END OF EACH REPORTING PERIOD, THE NUMBER OF TIMES THE COMMITTEE MET THROUGHOUT THE PERIOD AND THE INDIVIDUAL ATTENDANCES OF THE MEMBERS AT THOSE MEETINGS; OR

(B) IF IT DOES NOT HAVE A NOMINATION COMMITTEE, DISCLOSE THAT FACT AND THE PROCESSES IT EMPLOYS TO ADDRESS BOARD SUCCESSION ISSUES AND TO ENSURE THAT THE BOARD HAS THE APPROPRIATE BALANCE OF SKILLS, KNOWLEDGE, EXPERIENCE, INDEPENDENCE AND DIVERSITY TO ENABLE IT TO DISCHARGE ITS DUTIES AND RESPONSIBILITIES EFFECTIVELY.

The Board does not maintain a Nomination Committee as it is considered that the current size of the Board does not warrant the formal establishment of a separate committee. The Board therefore performs the function of such a committee which includes the identification of skills and competencies required for the Board and related committees, as well as nomination, selection and performance evaluation of non-executive directors. The Board does not actively manage succession planning and instead relies upon the Board's extensive networking capabilities and/or executive recruitment firms to identify appropriate candidates when a Board vacancy occurs or when a vacancy is otherwise envisaged. Attributes of candidates put forward will be considered for 'best-fit' to the needs of the Board which are assessed at the time of the vacancy.

RECOMMENDATION 2.2 - A LISTED ENTITY SHOULD HAVE AND DISCLOSE A BOARD SKILLS MATRIX SETTING OUT THE MIX OF SKILLS AND DIVERSITY THAT THE BOARD CURRENTLY HAS OR IS LOOKING TO ACHIEVE IN ITS MEMBERSHIP.

The Board's skills matrix indicates the mix of skills, experience and expertise that are considered necessary at Board level for optimal performance of the Board. The matrix reflects the Board's objective to have an appropriate mix of industry and professional experience including skills such as leadership, governance, strategy, finance, risk, IT, HR, policy development, international business and customer relationship. External consultants may be brought in with specialist knowledge to address areas where this is an attribute deficiency in the Board.

RECOMMENDATION 2.3 - A LISTED ENTITY SHOULD DISCLOSE: (A) THE NAMES OF THE DIRECTORS CONSIDERED BY THE BOARD TO BE INDEPENDENT DIRECTORS; (B) IF A DIRECTOR HAS AN INTEREST, POSITION, ASSOCIATION OR RELATIONSHIP OF THE TYPE DESCRIBED IN BOX 2.3 BUT THE BOARD IS OF THE OPINION THAT IT DOES NOT COMPROMISE THE INDEPENDENCE OF THE DIRECTOR, THE NATURE OF THE INTEREST, POSITION, ASSOCIATION OR RELATIONSHIP IN QUESTION AND AN EXPLANATION OF WHY THE BOARD IS OF THAT OPINION; AND (C) THE LENGTH OF SERVICE OF EACH DIRECTOR.

Details of the Board of directors, their appointment dated, length of service as independence status is as follows:

DIRECTOR'S NAME	DATE APPOINTED	LENGTH OF SERVICE AT REPORTING DATE	INDEPENDENCE STATUS
Ian Robertson	27 September 2005	15 years	Independent Non-executive

The Board may determine that a director is independent notwithstanding the existence of an interest, position, association or relationship of the kind identified in the examples listed under Recommendation 2.3 of the ASX Principles and Recommendations.

RECOMMENDATION 2.4 - A MAJORITY OF THE BOARD OF A LISTED ENTITY SHOULD BE INDEPENDENT DIRECTORS.

There are currently 4 members on the company's Board. Having regard to the company's response to Recommendation 2.3 above, the majority of the Board are not independent. The Board considers that the company is reliant upon the business relationships and interests that it has with the non-independent directors in order to achieve its objectives at this time. Until such time as the company is of a size that warrants the appointment of additional non-executive and independent directors, the Board is of the view that the absence of a majority of independent directors is not an impediment to its operations, shareholders or other stakeholders.

RECOMMENDATION 2.5 - THE CHAIR OF THE BOARD OF A LISTED ENTITY SHOULD BE AN INDEPENDENT DIRECTOR AND, IN PARTICULAR, SHOULD NOT BE THE SAME PERSON AS THE CEO OF THE ENTITY.

The roles of the Chair of the Board and Chief Executive Officer are separate. Ian Ingram is Chair of the Board and is not considered to be an independent director of the company. Mikael Borglund is the CEO. The Board acknowledges the ASX Recommendation that the Chair of the Board be an independent director, however the Board has formed the view that Mr Ingram is the most appropriate person to lead the Board given his experience and skills.

RECOMMENDATION 2.6 - A LISTED ENTITY SHOULD HAVE A PROGRAM FOR INDUCTING NEW DIRECTORS AND PROVIDE APPROPRIATE PROFESSIONAL DEVELOPMENT OPPORTUNITIES FOR DIRECTORS TO DEVELOP AND MAINTAIN THE SKILLS AND KNOWLEDGE NEEDED TO PERFORM THEIR ROLE AS DIRECTORS EFFECTIVELY.

New directors undertake an induction program coordinated by the Company Secretary that briefs and informs the director on all relevant aspects of the company's operations and background. A director development program is also available to ensure that directors can enhance their skills and remain abreast of important developments.

PRINCIPLE 3: INSTIL A CULTURE OF ACTING LAWFULLY, ETHICALLY AND RESPONSIBLY

RECOMMENDATION 3.1 - A LISTED ENTITY SHOULD ARTICULATE AND DISCLOSE ITS VALUES.

Beyond recognises the importance of honesty, integrity, and fairness in conducting its business, and is committed to increasing shareholder value in conjunction with fulfilling its responsibilities as a good corporate citizen. All Directors, managers and staff are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of the Company.

RECOMMENDATION 3.2: (A) HAVE AND DISCLOSE A CODE OF CONDUCT FOR ITS DIRECTORS, SENIOR EXECUTIVES AND EMPLOYEES; AND (B) ENSURE THAT THE BOARD OR ANY COMMITTEE OF THE BOARD IS INFORMED OF ANY MATERIAL BREACHES OF THIS POLICY.

The company maintains a code of conduct for its directors, senior executives and employees. In summary, the code requires that each person act honestly, in good faith and in the best interests of the company; exercise a duty of care; use the powers of office in the best interests of the company and not for personal gain, declare any conflict of interest; safeguard company's assets and information and not undertake any action that may jeopardise the reputation of company. The board is informed immediately in the event of any material breaches of the code of conduct.

That code is available on the company's website.

RECOMMENDATION 3.3: (A) HAVE AND DISCLOSE A WHISTLE-BLOWER POLICY AND (B) ENSURE THAT THE BOARD OR ANY COMMITTEE OF THE BOARD IS INFORMED OF ANY MATERIAL BREACHES OF THIS POLICY.

The Whistle-blower Policy emphasises that Beyond will not tolerate anyone being discouraged from speaking up or being adversely impacted because they have reported misconduct in accordance with the policy. The board is informed immediately in the event of any material breaches of the Whistle-blower Policy.

The code is available on the Company's website.

RECOMMENDATION 3.4: (A) HAVE AND DISCLOSE AN ANTI-BRIBERY AND CORRUPTION POLICY AND (B) ENSURE THAT THE BOARD OR ANY COMMITTEE OF THE BOARD IS INFORMED OF ANY MATERIAL BREACHES OF THIS POLICY.

Beyond has a policy that emphasises a strong culture of integrity and ethical conduct. The policy cover expectations on issues such as community engagement, political donations and participation, use of information and its security, , market disclosure, fraud, bribery, corruption and the avoidance of conflicts of interest. The board is informed immediately in the event of any breaches of the Anti-bribery and Corruption Policy.

The code is available on the Company's website.

PRINCIPLE 4: SAFEGUARD THE INTEGRITY OF CORPORATE REPORTS

RECOMMENDATION 4.1 - THE BOARD OF A LISTED ENTITY SHOULD: (A) HAVE AN AUDIT COMMITTEE WHICH: (1) HAS AT LEAST THREE MEMBERS, ALL OF WHOM ARE NON-EXECUTIVE DIRECTORS AND A MAJORITY OF WHOM ARE INDEPENDENT DIRECTORS; AND (2) IS CHAIRED BY AN INDEPENDENT DIRECTOR, WHO IS NOT THE CHAIR OF THE BOARD, AND DISCLOSE: (3) THE CHARTER OF THE COMMITTEE; (4) THE RELEVANT QUALIFICATIONS AND EXPERIENCE OF THE MEMBERS OF THE COMMITTEE; AND (5) IN RELATION TO EACH REPORTING PERIOD, THE NUMBER OF TIMES THE COMMITTEE MET THROUGHOUT THE PERIOD AND THE INDIVIDUAL ATTENDANCES OF THE MEMBERS AT THOSE MEETINGS; OR (B) IF IT DOES NOT HAVE AN AUDIT COMMITTEE, DISCLOSE THAT FACT AND THE PROCESSES IT EMPLOYS THAT INDEPENDENTLY VERIFY AND SAFEGUARD THE INTEGRITY OF ITS CORPORATE REPORTING, INCLUDING THE PROCESSES FOR THE APPOINTMENT AND REMOVAL OF THE EXTERNAL AUDITOR AND THE ROTATION OF THE AUDIT ENGAGEMENT PARTNER.

The Board maintains a combined Audit and Risk Committee, the members of which are:-

DIRECTOR'S NAME	EXECUTIVE STATUS	INDEPENDENCE STATUS
Anthony Lee – Chair	Non-Executive	Not independent
Ian Ingram	Non-Executive	Not independent

The majority of the Committee members and the Chair are not independent. The current size of the Board does not allow for this recommendation to be met.

Details of the qualifications and experience of the members of the Committee is detailed in the 'Information of directors' section of the Directors' report.

The Charter of the Committee is available at the company's website.

The number of Committee meetings held and attended by each member is disclosed in the 'Meetings of directors' section of the Directors' report.

RECOMMENDATION 4.2 - THE BOARD OF A LISTED ENTITY SHOULD, BEFORE IT APPROVES THE ENTITY'S FINANCIAL STATEMENTS FOR A FINANCIAL PERIOD, RECEIVE FROM ITS CEO AND CFO A DECLARATION THAT, IN THEIR OPINION, THE FINANCIAL RECORDS OF THE ENTITY HAVE BEEN PROPERLY MAINTAINED AND THAT THE FINANCIAL STATEMENTS COMPLY WITH THE APPROPRIATE ACCOUNTING STANDARDS AND GIVE A TRUE AND FAIR VIEW OF THE FINANCIAL POSITION AND PERFORMANCE OF THE ENTITY AND THAT THE OPINION HAS BEEN FORMED ON THE BASIS OF A SOUND SYSTEM OF RISK MANAGEMENT AND INTERNAL CONTROL WHICH IS OPERATING EFFECTIVELY.

For the financial year ended 30 June 2021 and the half-year ended 31 December 2020, the company's CEO and CFO provided the Board with the required declarations.

RECOMMENDATION 4.3 - A LISTED ENTITY SHOULD DISCLOSE ITS PROCESS TO VERIFY THE INTEGRITY OF ANY PERIODIC CORPORATE REPORT IT RELEASES TO THE MARKET THAT IS NOT AUDITED OR REVIEWED BY AN EXTERNAL AUDITOR.

Any periodic corporate report the Company releases to the market that is not audited is reviewed by the Finance Committee before being presented to the Board for approval to release. The Finance Committee consists of the Chairman, CEO and CFO and meet on a fortnightly basis.

PRINCIPLE 5: MAKE TIMELY AND BALANCED DISCLOSURE

RECOMMENDATION 5.1 - A LISTED ENTITY SHOULD HAVE AND DISCLOSE A WRITTEN POLICY FOR COMPLYING WITH ITS CONTINUOUS DISCLOSURE OBLIGATIONS UNDER LISTING RULE 3.1.

The company maintains a written policy that outlines the responsibilities relating to the directors, officers and employees in complying with the company's disclosure obligations. Where any such person is of any doubt as to whether they possess information that could be classified as market sensitive, they are required to notify the Company Secretary immediately in the first instance. The Company Secretary is required to consult with the CEO in relation to matters brought to his or her attention for potential announcement. Generally, the CEO is ultimately responsible for decisions relating to the making of market announcements. The Board is required to authorise announcements of significance to the company. No member of the company shall disclose market sensitive information to any person unless they have received acknowledgement from the ASX that the information has been released to the market.

RECOMMENDATION 5.2 - A LISTED ENTITY SHOULD ENSURE THAT ITS BOARD RECEIVES COPIES OF ALL MATERIAL MARKET ANNOUNCEMENTS PROMPTLY AFTER THEY HAVE BEEN MADE.

All material market announcements are required to be approved by the Board prior to their release.

RECOMMENDATION 5.3 - A LISTED ENTITY THAT GIVES A NEW AND SUBSTANTIVE INVESTOR OR ANALYST PRESENTATION SHOULD RELEASE A COPY OF THE PRESENTATION MATERIALS ON THE ASX MARKET ANNOUNCEMENTS PLATFORM AHEAD OF THE PRESENTATION.

The Company has not made presentations to any analysts nor to a new and substantive investor in the 2021 financial year.

PRINCIPLE 6: RESPECT THE RIGHTS OF SECURITY HOLDERS

RECOMMENDATION 6.1 - A LISTED ENTITY SHOULD PROVIDE INFORMATION ABOUT ITSELF AND ITS GOVERNANCE TO INVESTORS VIA ITS WEBSITE.

The company maintains information in relation to governance documents, directors and senior executives, Board and committee charters, annual reports, ASX announcements and contact details on the company's website.

RECOMMENDATIONS 6.2 AND 6.3

A listed entity should design and implement an investor relations program to facilitate effective two-way communication with investors (6.2).

A listed entity should disclose the policies and processes it has in place to facilitate and encourage participation at meetings of security holders (6.3).

In order for the investors to gain a greater understanding of the company's business and activities, the company schedules regular interactions between the CEO, CFO and/or Managing Director where it engages with institutional and private investors, analysts and the financial media. These meetings are not held within a four-week blackout period in advance of the release of interim or full-year results. The company encourages shareholders to attend its AGM and to send in questions prior to the AGM so that they may be responded to during the meeting. It also encourages ad hoc enquiry via email which are responded to. Written transcripts of the meeting are made available on the company's website.

RECOMMENDATION 6.4 – A LISTED ENTITY SHOULD ENSURE THAT ALL SUBSTANTIVE RESOLUTIONS AT A MEETING OF SECURITY HOLDERS ARE DECIDED BY A POLL RATHER THAN BY A SHOW OF HANDS.

As a result of the COVID-19 pandemic, and restrictions on travel and large gatherings, the Company conducted a "virtual" AGM in 2020, using technology to allow shareholders to ask questions in advance of the meeting, attend the meeting and to participate despite the restrictions. This meeting was held in accordance with Corporations Act 2001 guidelines for such events. A virtual AGM will be held in 2021.

All resolutions at shareholder meetings are determined by poll.

RECOMMENDATION 6.5 – A LISTED ENTITY SHOULD GIVE SECURITY HOLDERS THE OPTION TO RECEIVE COMMUNICATIONS FROM, AND SEND COMMUNICATIONS TO, THE ENTITY AND ITS SECURITY REGISTRY ELECTRONICALLY.

The company engages its share registry to manage the majority of communications with shareholders. Shareholders are encouraged to receive correspondence from the company electronically, thereby facilitating a more effective, efficient and environmentally friendly communication mechanism with shareholders. Shareholders not already receiving information electronically can elect to do so through the share registry, Computershare Australia Limited at https://www-au.computershare.com/investor/?gcc=au

PRINCIPLE 7: RECOGNISE AND MANAGE RISK

RECOMMENDATIONS 7.1 & 7.2

The board of a listed entity should: (a) have a committee or committees to oversee risk, each of which: (1) has at least three members, a majority of whom are independent directors; and (2) is chaired by an independent director, and disclose: (3) the charter of the committee; (4) the members of the committee; and (5) as at the end of each reporting period, the number of times the committee met throughout the period and the individual attendances of the members at those meetings; or (b) if it does not have a risk committee or committees that satisfy (a) above, disclose that fact and the processes it employs for overseeing the entity's risk management framework (7.1).

The board or a committee of the board should: (a) review the entity's risk management framework at least annually to satisfy itself that it continues to be sound; and (b) disclose, in relation to each reporting period, whether such a review has taken place (7.2).

The Board maintains a combined Audit and Risk Committee. The members of the Committee are detailed in Recommendation 4.1 above.

The charter of the Risk Committee can be found on the company's website.

The Audit and Risk Committee reviews the company's risk management framework annually to ensure that it is still suitable to the company's operations and objectives and that the company is operating within the risk parameters set by the Board. As a consequence of the last review undertaken for the year ended 30 June 2018, there were no significant recommendations made.

The Board acknowledges that it has not followed the ASX Recommendations in relation to the number of members and independence due to the size of the Board. The company maintains internal controls which assist in managing enterprise risk, and these are reviewed as part of the scope of the external audit, with the auditor providing the Board with commentary on their effectiveness and the need for any additional controls. The Managing Director and CEO are responsible for monitoring operational risk, ensuring all relevant insurances are in place, and ensuring that all regulatory and compliance obligations of the company are satisfied.

RECOMMENDATION 7.3 - A LISTED ENTITY SHOULD DISCLOSE: (A) IF IT HAS AN INTERNAL AUDIT FUNCTION, HOW THE FUNCTION IS STRUCTURED AND WHAT ROLE IT PERFORMS; OR (B) IF IT DOES NOT HAVE AN INTERNAL AUDIT FUNCTION, THAT FACT AND THE PROCESSES IT EMPLOYS FOR EVALUATING AND CONTINUALLY IMPROVING THE EFFECTIVENESS OF ITS RISK MANAGEMENT AND INTERNAL CONTROL PROCESSES.

The company does not have a dedicated internal audit function. The responsibility for risk management and internal controls lies with both the Managing Director and CFO who continually monitor the company's internal and external risk environment. Necessary action is taken to protect the integrity of the company's books and records including by way of design and implementation of internal controls, and

Deadly Kin

to ensure operational efficiencies, mitigation of risks, and safeguard of company assets.

RECOMMENDATION 7.4 - A LISTED ENTITY SHOULD DISCLOSE WHETHER IT HAS ANY MATERIAL EXPOSURE TO ECONOMIC, ENVIRONMENTAL AND SOCIAL SUSTAINABILITY RISKS AND, IF IT DOES, HOW IT MANAGES OR INTENDS TO MANAGE THOSE RISKS.

Refer to the company's Annual Report for disclosures relating to the company's material business risks (including any material exposure to economic, environmental or social sustainability risks). Refer to commentary at Recommendations 7.1 and 7.2 for information on the company's risk management framework.

PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY

RECOMMENDATION 8.1 - THE BOARD OF A LISTED ENTITY SHOULD: (A) HAVE A REMUNERATION COMMITTEE WHICH: (1) HAS AT LEAST THREE MEMBERS, A MAJORITY OF WHOM ARE INDEPENDENT DIRECTORS; AND (2) IS CHAIRED BY AN INDEPENDENT DIRECTOR, AND DISCLOSE: (3) THE CHARTER OF THE COMMITTEE; (4) THE MEMBERS OF THE COMMITTEE; AND (5) AS AT THE END OF EACH REPORTING PERIOD, THE NUMBER OF TIMES THE COMMITTEE MET THROUGHOUT THE PERIOD AND THE INDIVIDUAL ATTENDANCES OF THE MEMBERS AT THOSE MEETINGS; OR (B) IF IT DOES NOT HAVE A REMUNERATION COMMITTEE, DISCLOSE THAT FACT AND THE PROCESSES IT EMPLOYS FOR SETTING THE LEVEL AND COMPOSITION OF REMUNERATION FOR DIRECTORS AND SENIOR EXECUTIVES AND ENSURING THAT SUCH REMUNERATION IS APPROPRIATE AND NOT EXCESSIVE.

The Board maintains a Remuneration Committee. The members of the Committee are detailed below.

DIRECTOR'S NAME	EXECUTIVE STATUS	INDEPENDENCE STATUS
Ian Robertson – Chair	Non-Executive	Independent
Anthony Lee	Non-Executive	Not independent
Ian Ingram	Non-Executive	Not independent

Details of the qualifications and experience of the members of the Committee is detailed in the 'Information of directors' section of the Directors' report.

The Remuneration Committee oversees remuneration policy and monitors remuneration outcomes to promote the interests of shareholders by rewarding, motivating and retaining employees. The committee's charter sets out the roles and responsibilities, composition and structure of the Committee and is available on the company's website.

The number of Committee meetings held and attended by each member is disclosed in the 'Meetings of directors' section of the Directors' report.

The Board acknowledges that it has not followed the ASX Recommendations in relation to the number of members and independence due to the size of the Board.

RECOMMENDATION 8.2 - A LISTED ENTITY SHOULD SEPARATELY DISCLOSE ITS POLICIES AND PRACTICES REGARDING THE REMUNERATION OF NON-EXECUTIVE DIRECTORS AND THE REMUNERATION OF EXECUTIVE DIRECTORS AND OTHER SENIOR EXECUTIVES.

Non-executive directors are remunerated by way of cash fees, superannuation contributions and non-cash benefits in lieu of fees. The level of remuneration reflects the anticipated time commitments and responsibilities of the position. Performance based incentives are not available to non-executive directors. Executive directors and other senior executives are remunerated using combinations of fixed and performance-based remuneration. Fees and salaries are set at levels reflecting market rates and performance-based remuneration is linked directly to specific performance targets that are aligned to both short and long term objectives. Further details in relation to the company's remuneration policies are contained in the Remuneration Report, within the Directors' report.

RECOMMENDATION 8.3 - A LISTED ENTITY WHICH HAS AN EQUITY-BASED REMUNERATION SCHEME SHOULD: (A) HAVE A POLICY ON WHETHER PARTICIPANTS ARE PERMITTED TO ENTER INTO TRANSACTIONS (WHETHER THROUGH THE USE OF DERIVATIVES OR OTHERWISE) WHICH LIMIT THE ECONOMIC RISK OF PARTICIPATING IN THE SCHEME; AND (B) DISCLOSE THAT POLICY OR A SUMMARY OF IT

The use of derivatives or other hedging arrangements for unvested securities of the company or vested securities of the company which are subject to escrow arrangements is prohibited. Where a director or other senior executive uses derivatives or other hedging arrangements over vested securities of the company, this will be disclosed.

This section sets out the significant accounting policies upon which the financial statements are prepared as a whole. Specific accounting policies are described in their respective notes to the financial statements. This section also shows information on new accounting standards, amendments and interpretations, and whether they are effective in the current or later years.

The accounting policies have been consistently applied to all periods presented in these financial statements, unless otherwise stated.

BASIS OF PREPARATION

The financial report has been prepared on an accruals basis and is based on historical costs, except where stated. The Consolidated Entity has not adopted a policy of revaluing its non-current assets on a regular basis. Non-current assets are revalued from time to time as considered appropriate by the directors and are not stated at amounts in excess of their recoverable amounts.

These financial statements are presented in Australian dollars, which is Beyond International Limited's functional and presentation currency.

ROUNDING

The Consolidated Entity is of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Report) Instrument 2016/191 and in accordance with that Corporations Instrument, amounts in the directors' report and the financial statements are rounded off to the nearest thousand, or in certain cases, the nearest dollar.

BASIS OF CONSOLIDATION

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries of Beyond International Limited ('company' or 'parent entity') as at 30 June 2022 and the results of all subsidiaries for the year then ended.

Subsidiaries are all those entities over which the Consolidated Entity has control. The Consolidated Entity controls an entity when the Consolidated Entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Consolidated Entity. They are de-consolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between entities in the Consolidated Entity are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Consolidated Entity.

The acquisition of subsidiaries is accounted for using the acquisition method of accounting. A change in ownership interest, without the loss of control, is accounted for as an equity transaction, where the difference between the consideration transferred and the book value of the share of the non-controlling interest acquired is recognised directly in equity attributable to the parent.

Non-controlling interest in the results and equity of subsidiaries are shown separately in the statement of profit or loss and other comprehensive income, statement of financial position and statement of changes in equity of the Consolidated Entity. Losses incurred by the Consolidated Entity are attributed to non-controlling interest in full, even if that results in a deficit balance until the point at which the operations of the minority interest ceases. Any residual balance is then subsequently reclassified to the retained earnings.

Where the Consolidated Entity loses control over a subsidiary, it derecognises the assets including goodwill, liabilities and non-controlling interest in the subsidiary together with any cumulative translation differences recognised in equity. The Consolidated Entity recognises the fair value of the consideration received and the fair value of any investment retained together with any gain or loss in profit or loss.

A list of controlled entities is contained in Note 32 to the financial statements. Investments in subsidiaries are accounted for at cost, less any impairment, in the parent entity.

FOREIGN OPERATIONS

Transactions denominated in a foreign currency are converted to Australian currency at the exchange rate at the date of the transaction. Foreign currency receivables and payables at the reporting date are translated at exchange rates at the reporting date. Exchange gains and losses are brought to account in determining the profit or loss for the year.

Exchange gains and losses arising on forward foreign exchange contracts entered into as hedges of specific commitments are deferred and included in the determination of the amounts at which the transactions are brought to account. Specific hedging is undertaken in order to avoid or minimise possible adverse financial effects of movements in foreign exchange rates. If the hedging transaction is terminated prior to its maturity date and the hedged transaction is still expected to occur, deferral of any gains and losses which arose prior to termination continues, and those gains and losses are included in the measurement of the hedged transaction.

In those circumstances where a hedging transaction is terminated prior to maturity because the hedged transaction is no longer expected to occur, any previous deferred gains or losses are recognised in the Statement of Profit or Loss and Other Comprehensive Income at the date of termination. All exchange gains and losses relating to other hedge transactions are brought to account in the Statement of Financial Position in the same period as the exchange differences on the items covered by the hedge transactions. Costs on such contracts are expensed as incurred.

Exchange gains and losses on the other hedge transactions entered into as hedges of general commitments are brought to account in the Statement of Profit or Loss and Other Comprehensive Income in the financial year in which the exchange rate changes.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Assets and liabilities of overseas controlled entities and branches are translated at exchange rates existing at the reporting date and the exchange gain or loss arising on translation is carried directly to a foreign currency translation reserve.

GOODS AND SERVICES TAX ("GST") AND VALUE ADDED TAX ("VAT")

Revenues, expenses and assets are recognised net of the amount of GST, except when the GST incurred on a purchase of goods and services is not recoverable from the taxation authority. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable. Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the Statement of Financial Position.

Cash flows are presented in the Statement of Cash Flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

USE OF JUDGEMENTS AND ESTIMATES

The Directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the group.

Judgement has been exercised in considering the impacts that the Coronavirus (COVID-19) pandemic has had, or may have, on the consolidated entity based on known information. This consideration extends to the nature of the products and services offered, customers, supply chain, staffing and geographic regions in which the consolidated entity operates.

Sections within this financial report whereby estimates and judgments have a material impact are as follows:

- Expected credit losses detailed in Note 10.
- Net realisable value of inventory detailed in Note 11.
- The recoverability of distribution advances detailed in Note 12.
- The recoverability of capitalised development costs detailed in Note 12.
- The recoverability of capitalised production costs detailed in Note 12.
- The recoverability of investments in productions and 3rd party copyrights detailed in Note 12.
- The recoverability of deferred tax assets as detailed in Note 6.
- The valuation of right-of-use-assets and the lease liability values as detailed in Note 15 and 21.
- The valuation of employee benefits in Note 18.
- Uncertain tax positions in Note 6.

NEW STANDARDS AND INTERPRETATIONS

The Consolidated Entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

The following Accounting Standards and Interpretations are most relevant to the Consolidated Entity:

- References to Conceptual Framework (Amendments to AASB 3).
- Disclosure of Accounting Policies (Amendments to AASB 101 and AASB Practice Statement 2).
- Definition of Accounting Estimates (Amendments to AASB 108).
- Deferred Tax Related to Assets and Liabilities arising from a Single Transaction (Amendments to AASB 112).

GOING CONCERN

The financial report has been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the discharge of liabilities in the normal course of business.

The Directors believe that there are reasonable grounds to conclude that the Group will continue as a going concern, after consideration of the following factors:

- As at 30 June 2022, the Group reported net current assets of $7,587,000 (2021: $6,906,000) and cash and cash equivalents of $8,682,000 (2021: $6,442,000);
- Management have prepared forecasts for the year ending 30 June 2023 which indicate that the Group can continue to pay its debts as and when they become due and payable for at least the twelve months from the date of authorisation of this report;

Accordingly, the directors believe the Group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis of preparation of the consolidated financial report.

RECLASSIFICATION OF COMPARATIVES

Comparative figures have been adjusted to conform to changes in presentation for the current financial year.

3. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

CORRECTION OF ERROR IN CALCULATING PROVISION

During the preparation of the financial statements for the current year, a reclassification between categories of current assets and current liabilities were performed in order to correct an error in elimination of intercompany balances. The details of reclassification have been noted in the table below.

BALANCE SHEET (EXTRACT)	REPORTED 2021 $000'S	MOVEMENT $000'S	RECLASSIFIED 2021 $000'S
Trade and other receivables	30,545	(1,241)	29,303
Trade and other payables	8,911	(1,241)	7,670

This reclassification had no impact on the reported results or the financial performance of the Group.

4. OPERATING SEGMENTS

Management, as the chief operating decision maker, has determined the operating segments based on the reports reviewed by the Board that are used to make strategic decisions. The Board considers the business on a global basis in the following four operating divisions:

1. TV PRODUCTION AND COPYRIGHT

Production of television programming and ownership of television product copyright.

2. FILM AND TELEVISION DISTRIBUTION

International distribution of television programmes and feature films.

3. HOME ENTERTAINMENT

Distribution in Australia and New Zealand of DVDs.

4. DIGITAL MARKETING

Online search optimisation, website creation, development and performance and online media sales in Australia and New Zealand. This segment has been discontinued (Note 28).

CORPORATE BENEFIT/(EXPENSE)

Includes the parent entity, centralised administrative support services to the group comprising legal and business affairs, finance and human resources, in addition to internet development. None of these activities constitute a separately reportable business segment.

GEOGRAPHICAL SEGMENTS

Although the Consolidated Entity's divisions are managed on a global basis they operate in four main geographical areas:

AUSTRALIA

The home country of the parent entity. The areas of operation include all core business segments.

NORTH AMERICA

A portion of the group's production, film and television sales are generated from North America, with production offices in Los Angeles.

EUROPE

Substantial film and television distribution proceeds are derived from European markets. The group's head office for multinational activities is located in Dublin. This office is responsible for production and development, and for the acquisition and international sales of all television programmes and feature films. The Dublin office manages the direct sales and marketing activities of the office located in London, which represents the second overseas sales office base.

REST OF WORLD

The Rest of World comprises all other territories from which film and television distribution income is derived including the Middle East, Asia, and Latin America.

Notes to and forming part of the segment information

(a) Accounting policies Segment revenues, expenses, assets and liabilities are those that are directly attributable to a segment and the relevant portion that can be allocated to the segment on a reasonable basis. Segment assets include all assets used by a segment and consist primarily of operating cash, receivables, inventories, capitalised production and development costs, investments, distribution advances, inventories, property, plant and equipment and goodwill and other intangible assets, net of any related provisions. While most of these assets can be directly attributable to individual segments, the carrying amounts of certain assets used jointly by segments are allocated based on reasonable estimates of usage. Segment liabilities consist primarily of trade and other creditors, producers share payable, bills of exchange and employee entitlements.

(b) Other segments Segment revenues, expenses and results include transfers between segments. Such transfers are priced on an "arm's length" basis and are eliminated on consolidation.

(c) Major customers Included in each segment revenue total is revenue from customers in excess of 10% of total segment revenue. Total revenues relating to these customers are $51m (2021: $64m) within the TV Production & Copyright. There were no major customers exceeding 10% of total segment revenue for Film & Television distribution segments (2021: $0.3m), Home Entertainment segment and the Digital Marketing segment (2021: $1.3m).

Recognition and measurement

Revenue from operating activities represents revenue earned from TV Productions & Copyright sales, Film & Television distribution, Home Entertainment sales, digital marketing sales and royalty revenue.

Revenue is recognised when the Group transfers control over a good or a service to a customer either at a point in time or over time. The following specific recognition criteria must also be met before revenue is recognised:

Revenue for TV Production and Copyright services are recognised over time as the production services are provided to the customer. Each customer contract for TV Production and Copyright services are unique to the customer and it has been determined that there is no alternative use of the production services to the Group. Under the TV Production and Copyright contracts with customers, the Group have an enforceable right to payment for the work completed to date. The input method for determining the amount of revenue to be recognised is assessed based on the costs incurred, which depicts the Group's transferring of the control of the production to the customer.

Revenue for Film & Television Distribution services are recognised at a point in time when the Broadcaster is able to exploit the distribution rights and when the IP rights have been delivered. Both internal and external title IP rights are delivered to the customer by episode.

Royalty revenue is recognised at a point in time, being once the revenue can be accurately estimated.

Revenue for Home Entertainment is recognised at the point in time when the goods have been accepted as delivered to the customer. For the consignment arrangements, revenue is recognised when the goods have been sold by the retailer to the end-customer.

Revenue for Digital Marketing services are recognised over time as the services are provided to the customer. The stage of completion for determining the amount of revenue to recognise is assessed based on either the costs incurred or the time elapsed, depending on which method best depicts the Group's transferring of the control to the customer.

Where amounts are invoiced before revenue is earned, a deferred revenue liability is brought to account. These contract liabilities reflect the consideration received in respect of unsatisfied performance obligations.

Other income includes jobkeeper government grant of $Nil (2021: $1,679,000). There are no unfulfilled conditions or other contingencies attached to these grants. Digital Marketing received $Nil (2021: $468,000) in jobkeeper government grants which are included in discontinued operations.

Recognition and measurement

In accordance with the details below, deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to offset current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

The Group has recognised tax losses as shown above only to the extent that recoupment is considered probable at the reporting date or where these losses offset deferred tax liabilities. The Australian tax group has unrecognised tax losses available totalling $31,249,482 (2021: $27,099,947). The benefits of these unrecognised tax losses will only be realised if certain conditions are met, including:

- The group derives future assessable income of a nature and amount sufficient to enable the benefits from the deductions for the losses to be realised;
- The group continues to comply with the conditions for deductibility imposed by the law;
- The losses are available under the continuity of ownership or same business tests;
- No changes in tax legislation adversely affect the company in realising the benefit from the deductions for the losses.

Movement in deferred tax assets and deferred tax liabilities has gone through the Statement of Profit or Loss and Other Comprehensive Income.

The income tax expense or benefit for the period is the tax payable on that period's taxable income based on the applicable income tax rate for each jurisdiction, adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax losses and the adjustment recognised for prior periods, where applicable.

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using applicable income tax rates enacted, or substantially enacted, as at the reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (or recovered from) the relevant tax authority.

6. INCOME TAX EXPENSE *(continued)*

Recognition and measurement *(continued)*

Deferred tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also arise where amounts have been fully expensed but future deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates enacted or substantively enacted at the reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future taxable profit will be available against which the benefits of the deferred tax asset can be utilised.

Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to offset current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same taxation authority.

Tax Consolidation

Beyond International Limited and its wholly owned Australian subsidiaries have formed an income tax consolidated group under the tax consolidated regime. Each entity in the group recognises its own current and deferred tax assets, except for any deferred tax assets resulting from unused tax losses and tax credits, which are immediately assumed by the head entity, being Beyond International Limited. The current tax liability for each group entity is then subsequently assumed by the parent entity.

The tax consolidated group has entered into a tax funding arrangement whereby each company in the group contributes to the income tax payable by the group in proportion to their contribution to the group's taxable income. Pursuant to the funding arrangement, transfers of tax losses or tax liabilities are assumed by the head entity through intercompany loans.

Uncertain Tax position

The Group has applied Interpretation AASB 23 Uncertainty over income tax treatment. Interpretation 23 sets out how to determine the accounting tax position when there is uncertainty over income tax treatments. The Interpretation requires an entity to:

- Determine whether uncertain tax positions are assessed separately or as a group, and
- Assess whether it is probable that a tax authority will accept an uncertain tax treatment used, or proposed to be used, by an entity in its income tax filings.
  - If yes, the Group should determine its accounting tax position consistently with the tax treatment used or planned to be used in its income tax filings.
  - If no, the Group should reflect the effect of uncertainty in determining its accounting tax position using either the most likely amount or the expected value method.

Management regularly review the transactions with other Beyond related entities and engage tax specialists where required to assess the appropriate tax treatment. Whilst some judgement is required, management are not currently aware of any uncertain tax treatment that would result in a material liability at the reporting date. Additionally, the Group believes that its accruals for tax liabilities are adequate for all open tax years based on its assessment of interpretations of tax law and prior experience.

Diluted earnings per share is calculated as net profit attributable to members of the parent, adjusted for:

- costs of servicing equity (other than dividends) and preference share dividends;
- the after tax effect of dividends and interest associated with dilutive potential ordinary shares that have been recognised as expenses; and
- other non-discretionary changes in revenues or expenses during the period that would result from the dilution of potential ordinary shares;

divided by the weighted average number of ordinary shares and dilutive potential ordinary shares, adjusted for any bonus element.

Recognition and measurement

Trade receivables are recognised and carried at original invoice amount less an allowance for any uncollectable amounts or expected credit losses. The following specific recognition criteria must also be met before a receivable is recognised:

Production debtors - receivables are recognised as they are due for settlement, within a term of no more than 30 days.

Licensing debtors - receivable is recognised once a licence agreement is signed by both parties and the programme is able to be delivered. Payment terms are usually based upon signature, delivery and acceptance. In certain contracts instalment payments may extend over the term of the licence agreement.

The group applies the AASB 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets. Bad debts are written off when they are identified.

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected loss rates are based on the payment profiles of sales over a period of 36 month before the beginning of the reporting period and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The group has identified the GDP annual growth rate and the unemployment rate of the regions in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

The consolidated entity has increased its monitoring of debt recovery as there is an increased probability of customers delaying payment or being unable to pay, due to the Coronavirus (COVID-19) pandemic. As a result, the amount of expected credit losses has increased since the previous corresponding period.

A default event is defined when a debtor becomes past due. On becoming past due 0-30 days, a reminder email is sent and followed up with a phone call. If the default moves into the next bracket of 31-60 days past due, the sales executive makes contact with the customer. If the default moves into the 61-90 days, a final email is sent and the details are passed onto the lawyers. Once it moves into the 91+ bracket, the account is placed on hold and management will discuss if the amount should be written-off.

Recognition and measurement

Inventories are measured at the lower of cost and net realisable value. Inventories represent stock TV footage and DVD stock at cost. As the footage is used, it will be included within the production cost of the programme.

Costs of purchasing inventory are determined after deducting rebates and discounts.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs to make the sale.

Inventories sold on consignment remain in the financial statements as stock on hand until sold to the end customer.

Costs are assigned to an individual item of inventory on the basis of weighed average costs.

During the year, the Group did not recognise any impairment charge to inventory.

Recognition and measurement

Capitalised development costs

Costs of developing new programme concepts, which the Directors believe are probable of being recovered from future revenues, are capitalised. Capitalised costs are costed into the production or are written off in the event that the programme does not proceed. These costs are classified as current assets as the costs of developing new programmes are expected to be realised within one year. The 2022 accounts includes an amount of $285,000 (2021: $843,000) that was expensed during the year .

Capitalised production costs

Television production costs are capitalised and written down to their net realisable value on a title-by-title basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs to make the sale. Forecast sales revenues are reviewed regularly and the write-off of the asset is recognised as a write-down of content assets as disclosed in note 5(b). Where doubt exists as to the ability to recover the expenditure from future sales, the amounts in doubt is provided for in the year in which the assessment is made. The 2022 accounts includes an amount of $1,108,000 (2021: $787,000) that was expensed during the year.

The estimates relating to future licencing revenues of each production are re-assessed each financial year and amounts that are not expected to be recouped within 12 months have been reclassified as non-current.

Capitalised production costs are disclosed in the accounts net of any cash progress payments received on projects. Where such progress payments exceed these costs the net amounts are disclosed as deferred revenue.

Distribution advances

Distribution advances for television and feature film distribution rights, are capitalised at cost as paid. Distribution advances are written down to their net realisable values on a title-by-title basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs to make the sale.

Distribution advances for various titles were written down to their net realisable value resulting in a write-down for the year of $264,000 (2021: $1,151,000).

Prepayments

Amounts paid in advance are recorded at cost and are subsequently expensed based on the actual month of expenditure.

Investment in productions and 3rd party copyright

The Group has invested in the rights to receive future revenue streams from 3rd party produced programs, and will be recouped from future sales.

Investment in productions for various titles were written down to their net realisable value resulting in a write-down for the year of $461,000 (2021: $877,000).

13. FINANCIAL ASSETS AND LIABILITIES

Fair value of financial instruments not measured at fair value on a recurring basis

The following financial instruments are not measured at fair value in the statement of financial position. These had the following fair values:

	CONSOLIDATED ENTITY

NON-CURRENT LIABILITIES				
Other non-current liabilities	**689**	**638**	67	62
	689	**638**	67	62

Recognition and measurement

The fair values of the trade and other receivables and other non-current liabilities above are included in the level 2 category and have been determined in accordance with generally accepted pricing models based on a discounted cash flow analysis, with the most significant input being a discount of 8% to determine fair value.

Due to their short-term nature, the carrying amounts of cash and cash equivalents, current trade and other receivables, current trade and other payables and borrowings are assumed to approximate their fair value.

Available-for-sale Financial Assets

Shares held in a listed entity are classified as being available-for-sale. These assets were initially recorded at cost and at each reporting date are revalued to fair value. Gains and losses arising from changes in fair value are recognised directly in the investments revaluation reserve unless there is a prolonged or significant decline, upon which the loss is recognised in the Statement of Profit or Loss and Other Comprehensive Income.

The classification of items within this category depends on the nature and purpose of the financial assets and is determined at the time of initial recognition.

Derivative Financial Instruments

From time to time, the Consolidated Entity enters into forward foreign exchange agreements and foreign currency options on production contracts in order to manage its exposure to foreign exchange rate risks. Exchange contracts are brought to account as explained in note 3.

Refer to note 33 for further information on financial instruments.

Recognition and measurement

Property, plant and equipment are measured at historical cost less accumulated depreciation and impairment loss.

The expected useful lives are 3 to 10 years.

The assets' residual values, useful lives and amortisation methods are reviewed, and adjusted if appropriate, at each financial year end.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Profit or Loss and Other Comprehensive Income.

Depreciation and Amortisation

Depreciation on property, plant and equipment is calculated on a straight line basis to write off the net cost over its expected useful life to the Consolidated Entity. Estimates of the remaining useful lives are made on a regular basis for all assets, with annual reassessment for major items.

Accumulated depreciation	(3,994)	(36)	(4,030)

Recognition and measurement

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability (resulting in lease modifications).

Recognition and measurement

Intangible assets, other than goodwill, have finite useful lives. The current amortisation charges for intangible assets are included under depreciation and amortisation expense per the Statement of Profit or Loss and Other Comprehensive Income.

If an impairment indication arises, the recoverable amount is estimated and an impairment loss is recognised to the extent that the recoverable amount is lower than the carrying amount.

Goodwill

Goodwill acquired and goodwill on consolidation are initially recorded at the amount by which the purchase price for a business or for an ownership interest in a controlled entity exceeds the fair value attributed to its net assets at date of acquisition. Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill on acquisition of associates is included in investments in associates. Goodwill as an indefinite life asset, is tested annually for impairment and carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Patents and licenses

Patents and licenses are recognised at cost of acquisition. Patents and licenses have a finite life and are carried at cost less any accumulated amortisation and any impairment losses. Patents and trademarks are amortised over their useful life, which is between 2 and 20 years.

Websites and Databases

Websites and Databases are recognised at cost. Websites and Databases are amortised over their useful life, which is 3 years, on a straight line basis.

Recognition and measurement

Short-term employee benefits

Liabilities for wages and salaries, including non-monetary benefits, annual leave and long service leave expected to be settled within 12 months of the reporting date are recognised in current liabilities in respect of employees' services up to the reporting date and are measured at the amounts expected to be paid when the liabilities are settled.

18. EMPLOYEE BENEFITS *(continued)*

Recognition and measurement *(continued)*

The current provision for employee benefits includes accrued annual leave and long service leave. For long service leave, it covers all unconditional entitlements where employees have completed the required period of service. The entire amount of the annual leave provision is presented as current, since the consolidated entity does not have an unconditional right to defer settlement for any of these obligations. However, based on past experience, the consolidated entity does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months.

Other long-term employee benefits

The liability for long service leave not expected to be settled within 12 months of the reporting date are recognised in non-current liabilities, provided there is an unconditional right to defer settlement of the liability. The liability is measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match, as closely as possible, the estimated future cash outflows.

Defined contribution superannuation expense

Contributions to defined contribution superannuation plans are expensed in the period in which they are incurred.

As at 30 June 2022, the facility drawn down was $Nil (2021: $255,000). The facility is secured by the intellectual property created by the production. To the extent that there are insufficient sales of the finished program in territories excluding Australia and New Zealand (Rest of World Sales), Beyond Entertainment Limited (BEL) has provided a guarantee for 50% of the loan advanced and secured against Rest of World Sales.

In 2022, a 100% owned special purpose entity, Beyond RLOC, took out a revolving loan facility to fund production of a number of productions. The facility is secured by the Post Digital and Visual Effects and Producer offset receivables as well as pre-sale revenues from streaming services. As at 30 June 2022, the facility drawn down was $1,397,000 in respect of the production of *Matt Wright's Wild Territory* which was picked up by Netflix (2021: $Nil).

Recognition and measurement

Amounts were originally recognised at the fair value of the consideration received. They are subsequently measured at amortised cost using the effective interest method with the liability reduced when amounts are received from the debtor.

Net present values 2021	**483**	**527**	**772**	**-**	**1,782**

Recognition and measurement

The lease liability is initially measured at the present value of fixed lease payments that are not yet paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate.

Variable lease payments are only included in measuring the lease liability if they depend on a rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term.

Subsequently, the lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in the market rate.

27. DISCONTINUED OPERATIONS

Beyond D Pty Ltd was a wholly owned subsidiary of the Group, with the principal activity of digital marketing. Following a strategic review carried out during the 2021 financial year, management concluded that the segment no longer fitted into the long term goals of the Group as it was a business segment that no longer complemented the two core strategies of television production and distribution. The associated assets and liabilities were consequently presented as held for sale at fair value in the 2021 financial year (See Note 28) and the disposal group was available for immediate sale within the next 12 months.

On 29 November 2021 Beyond International Limited sold its 100% interest in Beyond D Pty Ltd and Beyond D (NZ) Limited which are the only operations presented as discontinued operations in the 2022 financial year results.

The post-tax loss on disposal of discontinued operations was determined as follows:

The results of discontinued operations are presented separately on the face of the statement of profit or loss and other comprehensive income.

29. CONTINGENT ASSETS AND LIABILITIES

The consolidated entity has $565,000 contingent assets as at 30 June 2022 (2021: $nil). This is in respect of a pending insurance claim to recover some production budget overages caused by events outside the Group's control.

31. SHARE BASED PAYMENTS

General Employee Share Loan Plan

The Board has adopted an employee share plan under which employees and Directors of the Consolidated Entity may subscribe for shares in the Company using funds loaned to them by the Consolidated Entity. The Board has also adopted a share plan on substantially the same terms for consultants of the Consolidated Entity (Consultant Plan). The purpose of the Employee Plan is to:

(a) assist in the retention and motivation of employees and Directors of the Consolidated Entity by providing them with a greater opportunity to participate as shareholders in the success of the Consolidated Entity; and

(b) create a culture of share ownership amongst the employees of the Consolidated Entity.

There have been three issues of shares under the Employee Share plan as follows:

- On 21 April 2006, 962,500 shares were issued under the Employee Plan to eligible employees and Directors of Beyond International Limited and its controlled entities. 600,000 of these shares remain redeemable at 30 June 2022.
- On 7 December 2009, 300,000 shares were issued under the Employee Plan to eligible employees and Directors of Beyond International Limited and it's controlled entities. 200,000 of these shares remain redeemable at 30 June 2022.
- On 11 March 2010, 1,325,000 shares were issued under the Employee Plan to eligible employees and Directors of Beyond International Limited and it's controlled entities. 725,000 of these shares remain redeemable at 30 June 2022.

In all cases the company entered into limited non-recourse loan agreements to provide participants the funds necessary to subscribe for those shares. Shares were issued in accordance with the Employee Plan rules.

31. SHARE BASED PAYMENTS *(continued)*

General Employee Share Loan Plan *(continued)*

The loans were made based on the greater of market value of the shares on allotment date and $0.645 (Dec 09 - 2010 plan), $0.75 (Mar 10 - 2010 plan) & $0.60 (2006 plan). As the loans are non-recourse, the value of the loans are not recognised as an asset, and the corresponding share value is not recorded in equity. The total of the Plan Shares are included in Issued Capital at note 23(a).

Notwithstanding any other provision of the Plan, each Participant has a legal and beneficial interest in the Shares issued to him or her and is at all times absolutely entitled to those Plan Shares, except that any dealings with those Shares by the Participant may be restricted in accordance with the plan rules. Plan Shares rank equally with all existing Shares from the date of issue in respect of all rights issues, bonus issues, dividends and other distributions to, or entitlements of, holders of existing Shares where the record date for such corporate actions is after the relevant Plan Shares are issued. On termination, the Participant may elect to pay the loan or transfer all of their Plan Shares back to the Company, subject to requirements of the Corporations Act. If the Participant transfers the shares back to the Company, the Company may:

i) transfer the Plan Shares for the issue price to a person nominated by the Company; or

ii) procure a broker to sell all or any of the Plan Shares on-market.

Share movements in the plan as follows:

	NUMBER OF SHARES	CHANGE IN EQUITY VALUE $000'S
Outstanding at the beginning of year	1,525,000	
Redemption of shares under the employee share plan	-	-
Exercisable at year end	1,525,000	-

The Plan Shares issued as part of the 2010 Plan required that Participants could only deal with the shares on a pro-rata basis for a 3 year period. During this period, the Company accounted for the Plan Shares as if they were options. The grant fair value of the shares was amortised across the vesting period as follows:

VESTING PERIOD	AMORTISATION $
11 March 2010 to 30 June 2010	15,587
Financial year ending 30 June 2011	66,718
Financial year ending 30 June 2012	66,718
Financial year ending 30 June 2013	47,602

The grant fair value of the 2010 plan was calculated by using the Black Scholes option pricing model applying the following inputs:

Weighted average exercise price	$0.75
Weighted average life of the option	3
Underlying share price	$0.75
Expected share price volatility (i)	30%
Risk free interest rate	5.00%
Expected dividend rate	6.00%
Weighted average fair value price	$0.10

(i) Expected share price volatility has been estimated based on the historical volatility of the Company's share price.

33. FINANCIAL RISK MANAGEMENT

(i) Capital Risk Management

The Consolidated Entity manages its capital to ensure that entities in the group will be able to continue as a going concern while maximising the return to stakeholders.

The Consolidated Entity's strategy remains unchanged from 2021.

The capital structure of the group consists of cash and equity attributable to the equity holders of the parent entity, comprising issued capital, reserves and retained earnings. The Consolidated Entity operates globally, primarily through subsidiary companies established in the markets in which the group trades. The consolidated entity is subject to certain financing arrangements covenants and meeting these are given priority in all capital risk management decisions. For further details on these financing arrangements, refer to Note 22.

Operating cash flows are used to make the routine outflows of tax and dividends.

(ii) Market Risk

The Consolidated Entity's activities expose it primarily to the financial risks of changes in foreign currency exchange rates (refer Note 33 (iii)).

(iii) Foreign Currency Risk Management

The Consolidated Entity undertakes certain transactions denominated in foreign currencies, hence exposures to exchange rate fluctuations arise.

Derivative financial instruments are used by the Consolidated Entity to hedge exposure to exchange rate risk associated with foreign currency trade receivables. Mark-to-market gains on derivative financial instruments used by the economic entity are recognised in the financial statements. Transactions for hedging purposes are undertaken without the use of collateral as only reputable institutions with sound financial positions are dealt with.

33. FINANCIAL RISK MANAGEMENT *(continued)*

The following table details the Consolidated Entity's sensitivity to a 10% increase and decrease in the Australian dollar against the relevant foreign currencies. A sensitivity rate of 10% is considered reasonable based on exchange rate fluctuations over the past 12 months. The sensitivity analysis includes only outstanding foreign currency financial assets and liabilities and adjusts their translation at the period end for a 10% change in foreign currency rates.

CONSOLIDATED ENTITY	2022		2021

	(2,343)	**2,864**	(2,120)	2,591

Forward foreign exchange contracts

It is the policy of the Consolidated Entity to enter into forward foreign exchange contracts from time to time, to cover specific production foreign currency receipts.

The Consolidated Entity does not enter into derivative financial instruments for speculative purposes.

There were no forward foreign exchange contracts entered into in 2022 (2021: Nil).

(iv) Interest Rate Risk Management

The Consolidated Entity's exposure to interest rate risk is minimal.

The Consolidated Entity's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note, per below.

The average effective interest rate on cash at bank was 3.97% (2021: 0.01%).
The average effective interest rate on borrowings was 4.26% (2021: 3.45%).

Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates at the reporting date and the stipulated change taking place at the beginning of the financial year and held constant throughout the reporting period. A sensitivity analysis of 50 basis points is considered reasonable based on interest rate fluctuations over the past 12 months.

At reporting date, if interest rates had been 50 points higher or lower and all other variables were held constant, net interest received from cash held by the Consolidated Entity would move by $24,008 (2021: $50,224).

At reporting date, if interest rates on borrowings had been 50 points higher or lower and all other variables were held constant, net interest payable from borrowings held by the Consolidated Entity would move by $25,833 (2021: $16,217).

(v) Liquidity Risk Management

Ultimate responsibility for liquidity risk management rests with the Board of Directors, who have built an appropriate liquidity risk management framework for the management of the Consolidated Entity's short, medium and long-term funding and liquidity management requirements. This framework is not formally documented. The Consolidated Entity manages liquidity risk by maintaining adequate reserves and banking facilities by continuously monitoring forecast and actual cash flows. Included in note 8(b) is a listing of additional undrawn facilities that the Consolidated Entity has at its disposal to further reduce liquidity risk.

(vi) Credit Risk Exposures

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Consolidated Entity. The consolidated entity has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. This information is supplied by credit rating agencies and, if not available, the Consolidated Entity uses publicly available financial information to assess the credit-worthiness.

Trade receivables consist of a large number of customers, spread across diverse geographical areas. Ongoing reviews are conducted of accounts receivable balances. The Consolidated Entity does not have significant credit risk exposure to any single counterparty. The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The credit risk on financial assets of the Consolidated Entity which are recognised on the Statement of Financial Position is generally the carrying amount, net of any provisions for doubtful debts.

(vii) Price Risk

The Consolidated Entity is marginally exposed to equity price risk arising from the equity investments classified as available-for-sale assets in Note 12(a). Equity investments are held for strategic rather than trading purposes. The Consolidated Entity does not actively trade in this investment.

33. FINANCIAL RISK MANAGEMENT *(continued)*

(viii) Equity price sensitivity analysis

At the reporting date, any reasonable change in the price of the equity instrument would have been immaterial to the consolidated entity's financial position.

(ix) Fair Value of Financial Instruments

The fair value of cash and cash equivalents and non-interest bearing monetary financial assets and liabilities approximates their carrying values. A discount rate of 8% (2021: 8%) has been applied to all non-current receivables & payables to determine fair value.

The fair value of other monetary financial assets and liabilities is based upon market prices where a market exists or by discounting the expected future cash flows by the current interest rates for assets and liabilities with similar risk profiles.

For forward exchange contracts the fair value is taken to be the unrealised gain or loss as at the date of the report calculated by reference to the current forward rates for similar contracts.

INDEPENDENT AUDITOR'S REPORT

To the members of Beyond International Limited

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Beyond International Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 30 June 2022, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial report, including a summary of significant accounting policies and the directors' declaration.

In our opinion the accompanying financial report of the Group, is in accordance with the *Corporations Act 2001*, including:

(i) Giving a true and fair view of the Group's financial position as at 30 June 2022 and of its financial performance for the year ended on that date; and

(ii) Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report. We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Valuation of other assets

Key audit matter	*How the matter was addressed in our audit*
As at 30 June 2022, the Group recognised other assets of $28,042,000 which included capitalised production costs of $6,574,000, capitalised development costs of $2,768,000, distribution advances of $14,442,000 and investments in productions and 3rd party copyright of $3,184,000 as disclosed in Note 12. Due to the judgements and estimates applied by management in forecasting future sales to support the carrying value of these assets along with the significance of the balance in the Consolidated Statement of Financial Position, we considered this area to be a key audit matter.	Our audit procedures for assessing the carrying value of the Group's other assets included, but were not limited to, the following: • Performing a detailed analysis of the costs capitalised during the period in relation to specific titles, including an assessment of the inputs and estimates applied. • Assessing the recoverability of these assets through a review of management's forecast of sales projections in comparison to the historical sales performance of specific titles and current licensing terms in place with third party distributors. • Performing detailed testing in respect to licensing and production contracts to validate actual sales incurred to date. • Assessing whether the recognition, recoupment and write-down of these assets was in accordance with Australian Accounting Standards. • Assessing the adequacy of the disclosures included in Note 12 in relation to these assets.

Other information

The directors are responsible for the other information. The other information comprises the information contained in the Directors' Report (excluding the audited Remuneration Report section) for the year ended 30 June 2022, but does not include the financial report and our auditor's report thereon, which we obtained prior to the date of this auditor's report, and the Annual Report to Shareholders, which is expected to be made available to us after that date.

Our opinion on the financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

72

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists.
