The Annual Report is available on the Company's website at www.platinaresources.com.au for you to download or read online. Alternatively, you can obtain a hard copy by contacting the Company.

1. Resolution One – Re-Election of Brian Moller as a Director

1.1 Background

Rule 39.6 of the Company's Constitution and ASX Listing Rule 14.4 requires a Director (excluding Directors appointed to fill casual vacancies or a Managing Director) to not continue in office for a period in excess of three years or until the third AGM following his/her appointment, whichever is the longer, without submitting himself/herself for re-election.

Mr Brian Moller retires by rotation at the AGM in accordance with Rule 39.6 of the Company's Constitution and ASX Listing Rule 14.4 and, being eligible, offers himself for re-election as a Director.

1.2 Mr Moller's qualifications and experience

Mr Moller was appointed as a Non-Executive Director of the Company on 30 January 2007 and appointed Non-Executive Chairman on 1 January 2017. Mr Moller was re-elected at the Company's 2019 annual general meeting.

Details of Mr Moller's qualifications and experience are available in the Annual Report, on the Company's website and are summarised briefly below.

Mr Moller is a corporate partner in the Brisbane-based law firm HopgoodGanim Lawyers, the Australian solicitors to the Company. He was admitted as a Solicitor in 1981 and has been a partner at HopgoodGanim since 1983. He practices almost exclusively in the corporate area with an emphasis on capital raising, mergers and acquisitions.

Mr Moller holds an LLB (Hons) from the University of Queensland and is a member of the Australian Mining and Petroleum Law Association.

Mr Moller acts for many publicly-listed resource and industrial companies and brings a wealth of experience and expertise to the board, particularly in the corporate regulatory and governance areas. Mr Moller is a non-executive director of DGR Global Limited, New Peak Metals Limited and Chairman of Tempest Minerals Limited and Aus Tin Mining Ltd.

Mr Moller does not hold any shares in the Company.

1.3 Directors' recommendation

The Board has reviewed Mr Moller's performance since his appointment to the Board and considers that their skills and experience will continue to enhance the Board's ability to perform its role. Accordingly, the Board supports the re-election of Mr Moller and recommends that Shareholders vote in favour of Resolution 1.

2. Resolution Two - Remuneration Report

2.1 General

The Remuneration Report is set out in the Directors' Report section of the Annual Report. The Annual Report is available to download on the Company's website, www.platinaresources.com.au.

The Board has submitted its Remuneration Report to Shareholders for consideration and adoption by way of a non-binding advisory resolution in accordance with section 250R of the Corporations Act.

In summary the Remuneration Report:

- explains the Board's policy for determining the nature and amount of remuneration of Key Management Personnel of the Company;
- explains the relationship between the Board's remuneration policy and the Company's performance;
- sets out remuneration details for each Key Management Personnel; and
- details and explains any performance conditions applicable to the remuneration of Key Management Personnel.

The Board believes the Company's remuneration policies and structures as outlined in the Remuneration Report are appropriate relative to the size of the Company, its business and strategic objectives and current and emerging market practices.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the meeting.

2.2 Voting restrictions on Key Management Personnel and their proxies and Closely Related Parties

There are restrictions on members of the Key Management Personnel and their Closely Related Parties and their proxies voting (in any capacity) on Resolution Two, details of which are set out in the voting exclusion statement included in Resolution Two of the Notice of Meeting.

Shareholders should be aware that any undirected proxies given to the chair will be cast by the chair and counted in favour of the Resolutions the subject of this Meeting, including Resolution Two, subject to compliance with the Corporations Act. In exceptional circumstances, the chair may change his/her voting intention on any Resolution, in which case an ASX announcement will be made.

2.3 Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of adopting the Remuneration Report. A vote on this resolution is advisory only and does not bind the Directors or the Company.

3. Resolutions Three to Six: Issue of Options to Directors

3.1 Background

Resolutions 3 to 6 are ordinary resolutions and seek Shareholder approval for the issue of a total of 21.5 million Options to the Directors of the Company, being Mr Corey Nolan, Mr Brian Moller, Mr Christopher Hartley and Mr John Anderson (or their respective nominees) (each a Recipient) (**Director Options**).

Approval for the issue of the Director Options is sought in accordance with the provisions of Listing Rule 10.11 and Part 2E of the Corporations Act. As approval is being sought under Listing Rule 10.11, approval will not be required under Listing Rule 7.1 (pursuant to Exception 14 of Listing Rule 7.2). In order for the Director Options to be granted to a Director, the requirements of Chapter 2E of the Corporations Act need to be observed.

3.2 Option Terms

A summary of the material terms of the Director Options is set out in Appendix A below.

All Director Options will vest from the date of issue and expire on 30 November 2025. However, the Director Options are proposed to be issued in three tranches, on the following terms and in the proportions set out in the table below:

Director	Position	Tranche 1 Exercisable at \$0.04	Tranche 2 Exercisable at \$0.06	Tranche 3 Exercisable at \$0.08	Total Director Options
Mr Nolan	Managing Director	4,000,000	4,000,000	4,000,000	12,000,000
Mr Moller	Chairman	3,500,000	-	-	3,500,000
Mr Hartley	Non-executive Director	3,000,000	-	-	3,000,000
Mr Anderson	Non-executive Director	3,000,000	-	-	3,000,000
Total		13,500,000	4,000,000	4,000,000	21,500,000

3.3 Regulatory Requirements – Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a Financial Benefit to a Related Party of the public company unless providing the benefit falls within a prescribed exception to the general prohibition. Relevantly, there is an exception if the company first obtains the approval of its shareholders in a general meeting in circumstances where certain requirements specified in Chapter 2E in relation to the convening of that meeting have been met.

A “Related Party” is defined widely in section 228 of the Corporations Act and includes, relevantly, a director (or proposed director) of a public company, any entity that controls (or is reasonably likely to control) a public company, and any entity that is controlled by a person or entity which is otherwise a Related Party, or there are reasonable grounds to believe that a person/entity is likely to become a Related Party of the public company.

A “Financial Benefit” for the purposes of the Corporations Act has a very wide meaning. It includes the public company paying money or issuing securities to the Related Party. In determining whether or not a financial benefit is being given, it is necessary to look to the economic and commercial substance and effect of what the public company is doing (rather than just the legal form). Any consideration which is given for the financial benefit is to be disregarded, even if it is full or adequate.

The proposed Resolutions 3 to 6, if passed, will confer financial benefits to the Directors (who are Related Parties of the Company) and the Company seeks to obtain member approval in accordance with the requirements of Chapter 2E of the Corporations Act. For this reason, and for all other purposes, the following information is provided to Shareholders.

(a) **The related parties to whom Resolutions 3 to 6 would permit the financial benefit to be given**

Each of the Directors of the Company, being Mr Corey Nolan, Mr Brian Moller, Mr Christopher Hartley and Mr John Anderson (or their respective nominees).

(b) **The nature of the financial benefit**

The nature of the proposed financial benefit to be given is:

- (1) the grant of 12,000,000 Director Options to Mr Corey Nolan as referred to in Resolution 3;
- (2) the grant of 3,500,000 Director Options to Mr Brian Moller as referred to in Resolution 4;
- (3) the grant of 3,000,000 Director Options to Mr Christopher Hartley as referred to in Resolution 5; and
- (4) the grant of 3,000,000 Director Options to Mr John Anderson as referred to in Resolution 6.

The Director Options shall be issued for no cash consideration.

(c) **Director recommendations**

With respect to Resolution 3, Mr Moller, Mr Hartley and Mr Anderson recommend that Shareholders vote in favour of this Resolution. The reasons for their recommendation include:

- (1) the issue of the Director Options as proposed to Mr Nolan will provide him with reward and incentive for future services he will provide to the Company to further the progress of the Company;
- (2) the Director Options are not intended as a substitute for salary or wages or as a means for compensation for past services rendered;
- (3) in the Company’s circumstances as they exist as at the date of this Explanatory Memorandum, Mr Moller, Mr Hartley and Mr Anderson considered that the incentive provides a cost-effective and efficient incentive as opposed to alternative forms of incentives (e.g. cash bonuses, increased remuneration). However, it must be recognised that there will be an opportunity cost to the Company, being the price at which the Company could grant the Director Options to a third party;
- (4) the exercise of the Director Options as proposed to Mr Nolan will provide working capital for the Company. The Tranche 1 Director Options are exercisable at \$0.04, the Tranche 2 Director Options are exercisable at \$0.06 and the Tranche 3 Director Options are exercisable at \$0.08; and
- (5) Based on the exercise prices in (4) above, if Mr Nolan exercised his Director Options in full, an amount of \$720,000 would be raised.

As Mr Nolan is interested in the outcome of Resolution 3, he accordingly makes no recommendation to Shareholders in respect of this Resolution.

With respect to Resolution 4, Mr Nolan, Mr Hartley and Mr Anderson recommend that Shareholders vote in favour of this Resolution. The reasons for their recommendation include:

- (1) the issue of the Director Options as proposed to Mr Moller will provide him with reward and incentive for future services he will provide to the Company to further the progress of the Company;

- (2) the Director Options are not intended as a substitute for salary or wages or as a means for compensation for past services rendered;
- (3) in the Company's circumstances as they exist as at the date of this Explanatory Memorandum, Mr Nolan, Mr Hartley and Mr Anderson considered that the incentive provides a cost-effective and efficient incentive as opposed to alternative forms of incentives (e.g. cash bonuses, increased remuneration). However, it must be recognised that there will be an opportunity cost to the Company, being the price at which the Company could grant the Director Options to a third party; and
- (4) the exercise of the Director Options as proposed to Mr Moller will provide working capital for the Company. If Mr Moller exercises his Director Options, based on an exercise price of \$0.04, it will raise an amount of \$140,000.

As Mr Moller is interested in the outcome of Resolution 4, he accordingly makes no recommendation to Shareholders in respect of this Resolution.

With respect to Resolution 5, Mr Nolan, Mr Moller and Mr Anderson recommend that Shareholders vote in favour of this Resolution. The reasons for their recommendation include:

- (1) the issue of the Director Options as proposed to Mr Hartley will provide him with reward and incentive for future services he will provide to the Company to further the progress of the Company;
- (2) the Director Options are not intended as a substitute for salary or wages or as a means for compensation for past services rendered;
- (3) in the Company's circumstances as they exist as at the date of this Explanatory Memorandum, Mr Nolan, Mr Moller and Mr Anderson considered that the incentive provides a cost-effective and efficient incentive as opposed to alternative forms of incentives (e.g. cash bonuses, increased remuneration). However, it must be recognised that there will be an opportunity cost to the Company, being the price at which the Company could grant the Director Options to a third party; and
- (4) the exercise of the Director Options as proposed to Mr Hartley will provide working capital for the Company. If Mr Hartley exercises his Director Options, based on an exercise price of \$0.04, it will raise an amount of \$120,000.

As Mr Hartley is interested in the outcome of Resolution 5, he accordingly makes no recommendation to Shareholders in respect of this Resolution.

With respect to Resolution 6, Mr Nolan, Mr Moller and Mr Hartley recommend that Shareholders vote in favour of this Resolution. The reasons for their recommendation include:

- (1) the issue of the Director Options as proposed to Mr Anderson will provide him with reward and incentive for future services he will provide to the Company to further the progress of the Company;
- (2) the Director Options are not intended as a substitute for salary or wages or as a means for compensation for past services rendered;
- (3) in the Company's circumstances as they exist as at the date of this Explanatory Memorandum, Mr Nolan, Mr Moller and Mr Hartley considered that the incentive provides a cost-effective and efficient incentive as opposed to alternative forms of incentives (e.g. cash bonuses, increased remuneration). However, it must be recognised that there will be an opportunity cost to the Company, being the price at which the Company could grant the Director Options to a third party; and
- (4) the exercise of the Director Options as proposed to Mr Anderson will provide working capital for the Company. If Mr Anderson exercises his Director Options, based on an exercise price of \$0.04, it will raise an amount of \$120,000.

As Mr Anderson is interested in the outcome of Resolution 6, he accordingly makes no recommendation to Shareholders in respect of this Resolution.

Mr Hartley

Mr Hartley has a material personal interest in the outcome of Resolution 5, as it is proposed that Director Options be granted to him (or his nominee) as set out in Resolution 5.

Excluding the Director Options, Mr Hartley does not currently own securities in the Company.

Other than the Director Options to be issued to Mr Anderson pursuant to Resolution 6, Mr Anderson shall receive remuneration of \$50,000 per annum plus statutory superannuation for this financial year, from the Company for his services as a non-executive Director.

If all of the new Director Options granted are exercised by Mr Nolan, Mr Moller, Mr Hartley and Mr Anderson, the following will be the effect on their holdings in the Company:

Director (including associated entities)	Current Share Holding	% of Total Share Capital*	Share Capital Upon Exercise*	% of Total Share Capital*
Mr Nolan	400,000	0.07%	12,400,000	2.20%

Total	541,035,172	100%	562,535,172	100%

*Assuming that none of the existing options held by Directors and shareholders are exercised.

(e) Valuation

The Director Options are not currently quoted on the ASX and as such have no market value. The Director Options each grant the holder thereof a right to subscribe for one Share upon exercise of the Director Option and payment of the Exercise Price of the Director Option described above. Accordingly, the Director Options may have a present value at the date of their grant.

The Director Options may acquire future value dependent upon the extent to which the Share price exceeds the exercise price of the Director Options during the term of the Director Options.

As a general proposition, options to subscribe for ordinary fully paid shares in a company have value. Various factors impact upon the value of options including things such as:

- (1) the period outstanding before the expiry date of the options;
- (2) the exercise price of the options relative to the underlying price or value of the securities into which they may be converted;

- (3) the proportion of the issued capital as expanded consequent upon exercise represented by the shares issued upon exercise (i.e. whether or not the shares that might be acquired upon exercise of the options represent a controlling or other significant interest);
- (4) the value of the shares into which the options may be converted; and
- (5) whether or not the options are listed (i.e. readily capable of being liquidated), and so on.

There are various formulae which can be applied to determining the theoretical value of options (including the formula known as the Black- Scholes Model option valuation formula).

The Company has estimated the value of the Director Options and has done so using the Black-Scholes Model, which is the most widely used and recognised model for pricing options. The value of an option calculated by the Black-Scholes Model is a function of the relationship between a number of variables, being the share price, the exercise price, the time to expiry, the risk-free interest rate and the volatility of the Company's underlying share price.

Inherent in the application of the Black-Scholes Model are a number of inputs, some of which must be assumed. The data relied upon in applying the Black-Scholes Model was:

- (1) the exercise price for the Tranche 1 Directors Options is \$0.04, the exercise price for the Tranche 2 Directors Options is \$0.06 and the exercise price for the Tranche 3 Directors Options is \$0.08;
- (2) current share issue price of \$0.02 (based on the date immediately prior to the date on which this valuation was prepared, being 20 October 2022), as a proxy for the market price at the future date of issue, being the date of the Meeting to approve the issue;
- (3) the expiry date of 30 November 2025;
- (4) a volatility measure of 85%;
- (5) a risk-free interest rate of 2.60%; and
- (6) a nil dividend yield.

Based on the valuation, the Company has adopted an indicative value for the Director Options of \$0.0079 each for the Tranche 1 Directors Options, \$0.0061 each for the Tranche 2 Directors Options and \$0.0049 each for the Tranche 3 Directors Options.

On that basis, the respective value of the Director Options to be issued pursuant to Resolutions 3 to 6 are as follows:

Related Party	Total Value of Related Party Options
Corey Nolan	\$75,600
Brian Moller	\$27,650
Christopher Hartley	\$23,700
John Anderson	\$23,700

(f) **Any other information that is reasonably required by Shareholders to make a decision and that is known to the Company or any of its Directors**

There is no other information known to the Company or any of its directors save and except as follows:

Market Price movements

The Option valuation noted above is based on a market price per Share of \$0.02 which was the price at which Shares were traded on ASX on 20 October 2022, the time of preparing this information.

There is a possibility that the market price of the Shares on the date of issue of the Director Options will be different to this and that the market price of the Shares will change up to the date of the Meeting.

Trading History of the Shares

In the 12 months prior to preparation of this Notice, the Company's trading history is as follows:

- the highest trading price was \$0.078 on 29 October 2021; and
- the lowest trading price was \$0.018 on 19 October 2022.

The trading price of the Shares on the close of trading on 20 October 2022 (being the last trading day on which the preparation of this Notice was concluded) was \$0.02.

Opportunity Costs

The opportunity costs and benefits foregone by the Company issuing the Director Options to each of the Directors is the potentially dilutionary impact on the issued share capital of the Company (in the event that the Director Options are exercised). Until exercised, the issue of the Director Options will not impact upon the number of ordinary shares on issue in the Company. To the extent that upon their exercise the dilutionary impact caused with the issue of shares will be detrimental to the Company, this is more than offset by the advantages accruing from the Company securing the services of experienced and skilled directors on appropriate incentive terms.

It is also considered that the potential increase of value in the Director Options is dependent upon a concomitant increase in the value of the Company generally.

Taxation Consequences

No stamp duty will be payable in respect of the grant of the Director Options. No GST will be payable by the Company in respect of the grant of the Director Options (or if it is then it will be recoverable as an input credit).

AASB 2 "Share Based Payments" requires that these payments shall be measured at the more readily determinable fair value of the equity instrument. Under the accounting standards this amount will be expensed in the statement of financial performance. Where the grant date and the vesting date are different the total expenditure calculated will be allocated between the two dates taking into account the terms and conditions attached to the instruments and the counterparties as well as management's assumptions about probabilities of payments and compliance with and attainment of the set-out terms and conditions.

Dilutionary Effect

The dilutionary effect on the Company and its Shareholders from the issue of the Shares on the exercise of the Directors Options is summarised in the table above at section 3.3(d).

3.4 Listing Rule 10.11

Listing Rule 10.11 provides that unless one of the exceptions in Listing Rule 10.12 applies, a listed company must not issue or agree to issue equity securities to:

10.11.1	a related party
10.11.2	a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the company;
10.11.3	a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the company and who has nominated a director to the board of the company pursuant to a relevant agreement which gives them a right or expectation to do so;
10.11.4	an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or
10.11.5	a person whose relationship with the company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders.

If approval is given under Listing Rule 10.11, approval will not be required under Listing Rule 7.1, and the Director Options issued pursuant to Resolutions 3 to 6 will not be included in the calculation of the Company's 15% annual placement capacity pursuant to Listing Rule 7.1.

In accordance with section 208 of the Corporations Act, to give a financial benefit to a related party, the Company must obtain Shareholder approval unless the giving of the financial benefit falls within an exception in sections 210-216 of the Corporations Act.

The Board considers the proposed grant of Director Options is reasonable as part of Director's remuneration, having regard to the circumstances of the Company and the responsibilities of their positions as a Directors, and as a means of incentivising them. It is the view of the Company that the exceptions set out in sections 210 to 216 of the Corporations Act and Listing Rule 10.12 do not apply in the current circumstances. Accordingly, Shareholder approval is sought for the grant of Director Options.

If Resolutions 3 to 6 are passed, the Company will be able to provide the Directors with incentives by issuing the Director Options to each of the Directors. In addition, the Director Options will be excluded from the calculation of the number of equity securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If Resolutions 3 to 6 are not passed, the Company will not be able to provide the Directors with incentives by issuing the Director Options to each of the Directors.

4. Resolution Seven – Approval for the Company to issue an additional 10% of the issued capital of the Company over a 12 month period

4.1 Background

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

However, under Listing Rule 7.1A, an eligible entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% (**Additional 10% Capacity**).

An 'eligible entity' means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300,000,000 or less. The Company is an eligible entity for these purposes.

Resolution 7 seeks Shareholder approval by way of special resolution for the Company to be granted the Additional 10% Capacity provided for in Listing Rule 7.1A.

If Resolution 7 is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 7 is not passed, the Company will not be able to access the Additional 10% Capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A, and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

4.2 Specific Information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, the information below is provided in relation to Resolution 7:

(a) The period for which the approval will be valid - Listing Rule 7.3A.1

As required by Listing Rule 7.3A.3, the Company will only issue and allot the Equity Securities during the approval period. The approval under Resolution 7 for the issue of the Equity Securities will cease to be valid on:

- (i) the date that is 12 months after the date of this Meeting;
- (ii) the time and date of the Company's next annual general meeting; and
- (iii) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).

(b) **Minimum price of securities issued under Listing Rule 7.1A – Listing Rule 7.3A.2**

Any Equity Securities issued under the Additional 10% Capacity must be in an existing quoted class of Equity Securities and be issued at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or
- (ii) if the Equity Securities are not issued within 10 trading days of the date in Section 4.3(b)(i), the date on which the Equity Securities are issued.

(c) **Purpose – Listing Rule 7.3A.3**

As noted above, the purpose for which the Equity Securities may be issued include to raise funds for the Company. Funds raised from the issue of Equity Securities, if undertaken, would be applied towards:

- Exploration activities on the Company's mineral interests;
- Assessment of any future mineral property opportunities;
- Assessment of any other investment opportunities; and
- Ongoing future working capital purposes.

(d) **Risk of Economic and Voting Dilution – Listing Rule 7.3A.4**

Any issue of Equity Securities under the Additional 10% Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 7 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the Additional 10% Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue as at 18 October 2022.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the Additional 10% Capacity.

Number of Shares on Issue (Variable A in Listing Rule 7.1A.2)		Shares issued – 10% voting dilution	Dilution		
			Issue Price		
			\$0.009	\$0.018	\$0.036
			50% decrease	Issue Price	100% increase
			Funds Raised		
Current	541,035,172 Shares	54,103,517 Shares	\$486,932	\$973,864	\$1,947,727
50% increase	811,552,758 Shares	81,155,276 Shares	\$730,397	\$1,460,795	\$2,921,590
100% increase	1,082,070,344 Shares	108,207,034 Shares	\$973,864	\$1,947,727	\$3,895,454

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. At 18 October 2022, the date of preparation of this Notice, there were 541,035,172 Shares on issue.
2. The issue price set out above is the closing market price of the Shares on the ASX on 18 October 2022.
3. The Company issues the maximum possible number of Equity Securities under the Additional 10% Capacity.

4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1
5. The issue of Equity Securities under the Additional 10% Capacity consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities.
6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed.
8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the Additional 10% Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(e) **Allocation policy – Listing Rule 7.3A.5**

The recipients of the Equity Securities have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties or associates of a related party of the Company.

The Company will determine the recipients at the time of the issue under the Additional 10% Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

(f) **Previous approval under Listing Rule 7.1A - Listing Rule 7.3A.6**

The Company previously obtained approval from its Shareholders pursuant to Listing Rule 7.1A at its annual general meeting held 30 November 2021 (**Previous Approval**).

During the 12-month period preceding the date of the Meeting, being on and from 30 November 2021, the Company issued 43,400,000 Shares under Listing Rule 7.1A.2 pursuant to the Previous Approval (**Previous Issue**), which represent approximately 9.07% of the total diluted number of Equity Securities on issue in the Company on 30 November 2021, which was 478,242,342.

Further details of the issue of Equity Securities by the Company pursuant to Listing Rule 7.1A.2 during the 12-month period preceding the date of the Meeting are set out below.

The following information is provided in accordance with Listing Rule 7.3A.6(b) in respect of the Previous Issue:
