

1 November 2022

September Quarterly Activities Report Webinar

American Rare Earths Limited (ASX: ARR, OTCQB: ARRNF, FSE: 1BHA) (ARR or the Company) is pleased to announce that it will present an investor update webinar and Q&A session with MD/CEO Chris Gibbs following the release of our Quarterly Report on 27 October. CFO Noel Witcher, President of North America, Marty Weems, and Chief Technical Officer Dwight Kinnes will be on hand to provide a financial update and an overview of operations.

The webinar will be held on Thursday 3 November 2022 at 1pm Australian Eastern Daylight Time (AEDT).

Anybody wishing to attend the webinar is invited to register at the following link:
https://us06web.zoom.us/webinar/register/WN_9S--LfjcQH2hLKQdWw9bbg

After registering you will receive a confirmation email containing information about joining the webinar.

We look forward to sharing our latest news and answering your questions. Questions may be submitted ahead of time at registration or during the event using the webinar chat.

For enquiries, please email info@americanrareearths.com.au

Chris Gibbs
CEO and Managing Director

This market announcement has been authorised for release to the market by the Board of American Rare Earths Limited.

About American Rare Earths:

One of the only ASX listed companies with exposure to the rapidly expanding US market, American Rare Earths is developing its 100% owned magnet metals projects, La Paz in Arizona and Halleck Creek in Wyoming. Both have potential to be among the largest rare earths deposits in North America. The company is concurrently evaluating other exploration opportunities while collaborating with US Government supported R&D to develop a sustainable domestic supply chain for the renewable future.
