

ASX Announcement  
7 November 2022

## AIC Mines and Demetallica Agree to Combine

### Logical consolidation to build an exciting new Australian copper and gold mining company

AIC Mines Limited (ASX: A1M) (“**AIC Mines**”) and Demetallica Limited (ASX: DRM) (“**Demetallica**”) are pleased to announce that they have executed a Bid Implementation Deed (“**Agreement**”) to implement AIC Mines’ off-market takeover offer (“**Offer**”) for Demetallica on a recommended basis.

Under the terms of the Agreement, AIC Mines has agreed to improve its Offer consideration to 1 AIC Mines share for every 1.3 Demetallica shares held, and the Board of Demetallica has agreed to unanimously recommend the improved Offer (“**Recommended Offer**”).

The Recommended Offer represents an implied offer price of approximately \$0.39<sup>1</sup> per Demetallica share based on the last closing price of AIC Mines immediately prior to the initial announcement of the Offer on 19 September 2022.

The Recommended Offer is best and final and will not be increased<sup>2</sup>.

#### HIGHLIGHTS

- Logical combination of AIC Mines’ Eloise mine and processing facility with Demetallica’s Jericho copper deposit which are located only 4 kilometres from each other.
- Quickest and most efficient means of developing, mining and processing the Jericho deposit and potentially other deposits within Demetallica’s broader Chimera project.
- Creates a stronger company with enhanced scale, market relevance and trading liquidity.
- Potential for staged expansion to increase combined mine life to over 10 years and production to over 20,000tpa Cu and 10,000ozpa Au in concentrate – a 60% increase on the current production rate at Eloise.
- Creates a complementary exploration portfolio that can be more effectively explored as part of a larger and financially stronger mining company.

The Recommended Offer follows a period of constructive engagement between the companies since the Offer was announced on 19 September 2022. The Recommended Offer delivers logical consolidation to grow an exciting growth-oriented mid-tier Australian copper and gold mining company which will deliver strong benefits for both AIC Mines and Demetallica shareholders.

Under the Recommended Offer, Demetallica shareholders will own approximately 21.0% of the combined company.

---

<sup>1</sup> Based on AIC Mines’ last traded price on 16 September 2022, being the trading day immediately prior to original announcement by AIC Mines of its takeover offer for Demetallica on 19 September 2022.

<sup>2</sup> In the absence of a Competing Proposal. Refer to the Bid Implementation Deed attached to this announcement for what constitutes a Competing Proposal.

## Recommended Offer with Strong Support

The Board of Demetallica unanimously recommends that Demetallica shareholders accept the Offer in the absence of a superior proposal, and each member of the Demetallica Board has provided undertakings to accept the Offer in respect of the shares held or controlled by them, subject to no superior proposal.

AIC Mines had a relevant ownership interest in Demetallica of approximately 10.2% and the Recommended Offer is unconditional.

Further to AIC Mines' current relevant interest, Demetallica has received letters from seven shareholders (**Shareholder Intention Statements**) who collectively own or control 24.4% of Demetallica, to the effect that they intend to accept the takeover offer by AIC Mines on the terms of no less than 1 AIC Mines share for every 1.3 Demetallica shares, in the absence of a superior proposal, within 5 Business Days of the announcement of the Recommended Offer<sup>3</sup>.

### **AIC Mines' Managing Director, Aaron Colleran, said:**

*"Combining AIC Mines and Demetallica is a logical consolidation and unlocks significant value for both AIC Mines and Demetallica shareholders. I look forward to working with Andrew to efficiently close the transaction and integrate the Demetallica assets, people and knowledge base with AIC Mines. This is a great outcome for everyone involved"*

### **Demetallica's Managing Director, Andrew Woskett, said:**

*"The consolidation of our Chimera Project with the Eloise Mine makes obvious sense. We are pleased to have reached commercial agreement with AIC Mines such that both AIC Mines and Demetallica shareholders can enjoy the synergies this consolidation can deliver.*

*"Given the uniqueness of the situation, in terms of the assets so plainly being worth more together than they are individually, we have strong support for the transaction from a large number of our shareholders, and expect similar support from the market more broadly as it understands the robust long-term copper-gold producer this creates.*

*"I am extremely proud of the exploration team I have around me, moving quickly to elevate the prominence of Jericho as one of Australia's most exciting copper-gold growth projects, as demonstrated by the recent MRE and new Exploration Targets outlined for Jericho.*

## Accelerated Acceptance Processing and Timetable

To facilitate the full, and optimal combination of Demetallica with AIC Mines, Demetallica and AIC Mines have agreed that AIC Mines will accelerate the processing of Demetallica shareholder acceptances into AIC Mines shares and that the closing date for the Offer will be extended to 28 November 2022.

---

<sup>3</sup> Where a Demetallica Shareholder is subject to restrictions on disposing of their Demetallica Shares under the ASX Listing Rules (ASX Restriction) the Shareholders will accept the Offer in the absence of a Superior Proposal within 5 Business Days of the ASX Restriction ceasing to apply.
