Corporate Governance Statement

Corporate Governance at SenSen

This Corporate Governance Statement summarises SenSen Network Limited's main corporate governance policies and outlines the extent to which the company's corporate governance policies and practices are consistent with the fourth edition of the Corporate Governance Principles and Recommendations published by the ASX Corporate Governance Council (ASX Recommendations).

Consistent with prior years, the Board does not consider that all of the ASX Recommendations are appropriate for the company given the size and related provisions in our constitution regarding Board composition and shareholding requirements. SenSen has followed all of the ASX Recommendations during the financial year ended 30 June 2022 (reporting period), unless stated otherwise.

Copies of policies referred to in this Corporate Governance Statement and Board and Committee charters are available in the corporate governance section of the company's website www.Sensen.ai.

This Corporate Governance Statement is current as at 30 June 2022 and has been approved by the Board.

Director since 2017

The names, qualifications, tenure and experience of all Board and Committee members and their attendance at Board and Committee meetings are included in the company's Annual Report.

SenSen has written agreements with all Directors setting out the key terms of their appointment.

The Board has adopted formal written charters detailing the roles and responsibilities of the Board, and each Committee, and management (through the CEO), to ensure these roles are clearly defined, separated, and enable an effective process of evaluation.

➤ Board Committee

The Board has established one formal committee (Audit and Risk) and has delegated duties to assist the Board in exercising its responsibilities and discharging its duties.

The Audit and risk committee has a separate charter that sets out the conduct, objectives, and proceedings of that committee, as well as the membership and any other requirements for the running of the committee.

The Finance Audit Committee is currently chaired by an executive director and is comprised of executive directors and non-executive directors and does not comply with Recommendation 4.1 of the ASX Principles to the extent that it recommends that an audit committee consists of a majority of independent Directors and is chaired by an independent Director. However, the Board believes that in the context of the current make-up and size of the Board, the perspective and expertise that the current members bring to the Committee is appropriate. Furthermore, the Chair is discharging her role effectively and brings valuable expertise and experience to that role.

SenSen does not comply with Recommendation 2.1 and 8.1 of the ASX Principles to the extent that it recommends a Nomination committee and a remuneration committee that consists of a majority of independent Directors. However, the Board believes that, in the context of the current make-up and size of the Board, the perspective and expertise that the current members of the board is appropriate.

The Board oversees the appointment and induction process for Directors and committee members, and the selection, appointment, and succession planning process of the Company's executive management team. The appropriate skill mix, personal qualities, expertise, and diversity are factors considered in each case. When a vacancy exists or there is a need for particular skills, the Board determines the selection criteria based on the required skills.

The audit and risk committee regularly reports to the Board on all matters relevant to the Committee's roles and responsibilities.

The number of times each committee met during FY21 is set out in the 2022 Annual Report.

➤ The Chair/CEO

The Chair of the Board and CEO, Dr Subhash Challa, is an Executive Director and a resident Australian citizen. As Chair, Dr Challa is responsible to lead the Board and manage the Board function and performance in accordance with the Board Charter. The Chair's responsibilities are set out in more detail in the Board Charter. While the Chair is not an independent Director, the Board considers that the Chair is discharging his role effectively and provides valuable sector expertise and experience.

As CEO Dr Challa is responsible for the day-to-day management and implementation of Board approved strategy and risk management policies.

SenSen does not comply with recommendation 2.5 of the ASX recommendations. Given the size and scope of the Company's operations, the Board considers that it is appropriately structured relevant to the Company's current business. The Board considers that the experience, skills, and expertise that Mr Subhash Challa brings to the role outweighs the benefits of an independent chairman. However, the Board is cognisant that, as the Company expands and develops its activities, the Board will be required to review and restructure its composition to meet the most appropriate requirements.

The Board acknowledges the need to appoint an independent Chairperson to the Board and is actively looking for a suitably qualified candidate.

➤ Company Secretary

The Company Secretary is appointed and removed by the Board and reports to and is accountable to the Board, through the Chairman, on all matters to do with the proper functioning of the Board and Board Committees. Further details on the Company Secretary are provided in the Directors' Report within the 2022 Annual Report.

Board Governance and performance

➤ Succession Planning and Appointment Process

Board composition requirements are set out in the company's Constitution.

The procedure for the selection and appointment of new Directors and the re-election of incumbent Directors, and the Board's policy for the nomination and appointment of Directors, is set out in the Nomination Committee Charter.

Prior to the election of any Director candidate, the company provides shareholders with all material information in the company's possession that is required to support an informed decision by

shareholders. The company undertakes appropriate background checks before appointing a person, or putting forward to shareholders a candidate for election, as a Director.

The company aims to achieve a mix of strategic, technology/AI, industry knowledge, finance, risk management and other business skills among the Directors to lead and monitor the company as well as protect the interests of all stakeholders and shareholders. ➤ Board, Committee and Director Performance Evaluation

SenSen has an established practice of annual evaluations, covering the Board as a whole, Committees and Director contributions.

During the reporting period, the company completed a review of the current evaluation process and has determined that an external review/evaluation should commence for the Board, each standing Committee, and each individual Director.

All Directors are members of the Australian Institute of Company Directors. Programs are in place to ensure Directors are provided with updates on corporate governance, Directors' duties, workplace health and safety and other relevant regulatory requirements.

Directors are satisfied with the role and performance of the Board, and with the program of ongoing development.

All Directors are compliant with the registration ID requirement under the Corporations Act 2001

➤ Director Independence

The independence, relevant skills, experience, and expertise held by each Director in office are provided in the company's Annual Report.

Currently the company does not have any independent directors.

The Board considers a Director to be independent only where they are free of any interest, position or relationship that might influence, or reasonably be perceived to influence in a material respect, his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the company and its shareholders generally as a whole, rather than in the interest of an individual shareholder or other party.

The Board regularly reviews the independence of each Non-executive Director. Each Non-executive Director is required to provide to the Board all information that may be relevant to this assessment.

The Company does not currently comply with recommendation 2.4 of the ASX principles and does not have any independent Directors as Ms Heather Scheibenstock moved to an Executive director role within the Company on 6 July 2020. The Board is cognisant of the value of having a Board with a majority of independent Directors and will strive to achieve this in the future as SenSen grows. The Board acknowledges the need to introduce independent Directors to the Board and is actively looking for suitably qualified candidates.

➤ Education and Training

The company has a program in place for inducting new Directors and providing appropriate professional development opportunities for Directors to develop and maintain the skills and knowledge needed to perform their role as Directors effectively.

The Company is committed to a solid Corporate Governance foundation and has embarked on an internal development journey for its board and senior executives. In FY 22 the board and executive team participated in a customised Governance workshop with renowned AICD facilitator and Boardroom expert Julia Garland McLellan.

The workshop included Director's duties and governance obligations, updates on changes in legislation and information on best practice.

Directors have access to Management and external audit to seek explanations and information, if required.

Directors can also seek independent professional advice they consider necessary to fulfil their responsibilities and to exercise independent judgement when making decisions. If the Chairman of the Board consents, SenSen will pay a Director's costs of seeking such advice. That consent may not be unreasonably withheld or delayed. Copies of the advice must be made available to, and for the benefit of, all Board members, unless the Chairman agrees otherwise.

Diversity and inclusion at SenSen

SenSen is committed to creating an inclusive and diverse workplace where all employees are given equal opportunity to succeed.

The Board considers that the Company is currently too small and new to incorporate specific gender diversity targets into its hiring process. However, the Company values, recognises, and respects diversity in all respects and our workforce is made up of individuals with diverse skills, backgrounds, perspectives, growth, and needs for specific gender diversity targets periodically.

Our Diversity policy provides a framework for SenSen to achieve, amongst other things, a workforce with diverse skills and experience, a workplace culture characterised by inclusive practices and behaviours, and improved employment and career development opportunities for all.

SenSen's policy has a continued focus on inclusion and diversity and includes:

- Diversity in leadership and diversity of thought.
- Creating flexible, adaptable work practices; and
- Respectful workplaces where everyone feels they can contribute.
- Initiatives that will promote and achieve diversity goals.
- Regular reviewing of the diversity policy to assess the status of diversity within the Company and the effectiveness of this policy in achieving the measurable objectives (if any at the time) which have been set to achieve diversity.
- Regular review of the need for specific and measurable gender diversity targets periodically, and if required, setting those targets; and
- Assessment of the effectiveness of the Company's diversity objectives each year.

Ethical and responsible conduct at SenSen

All Directors, Senior Management and employees are expected to act with the utmost integrity and objectivity, striving at all times to enhance the reputation and performance of the company.

The Board has approved Codes of Conduct for Directors and employees, as well as Whistleblower, Anti-bribery and Corruption and Share Trading Policies.

Copies of the relevant policies are available on the SenSen website at [SenSen.ai/corporate-governance/](https://www.sensen.ai/corporate-governance/)

➤ Code of Conduct

The Board recognises the company's legal and commercial obligations to all legitimate stakeholders, and this is formally recognised in SenSen's Code of Conduct which addresses its commitment to compliance with its legal obligations to stakeholders.

The company has established a Code of Conduct which applies to all Board members, officers, employees, and contractors of the company. The company commenced a review of the Group Code of

Conduct in 2021. Directors also need to comply with the Directors' Code of Conduct. Our Audit and Risk Committee is informed of any material breaches of the Code of Conduct.

The Board strives for good corporate governance and industry best practice. It specifically requires Directors and employees to:

- avoid situations which may give rise to a conflict of interest.
- avoid situations where they may gain any benefit which competes with the Company's business.

- report breaches to appropriate person or body in the Company.
- review the code of conduct annually.

➤ Whistleblower Policy

We are committed to complying with all applicable laws, strong corporate governance, and good standards of conduct across our business, including SenSen's interactions with employees, contractors, customers, suppliers, the community, other stakeholders and the environment in which the SenSen operates. During the reporting period, we continued to enhance our reporting mechanism by improving accessibility for overseas employees and encouraging use of the mechanism to report on any risks.

Our Whistleblower Policy is designed to:

- encourage, protect, and support the reporting of misconduct, irregularities or any other behaviour which is corrupt or illegal.
- Establish a transparent and effective reporting and investigation mechanism to encourage disclosures of wrongdoing in a safe, secure, and timely manner; and
- Protect individuals who report a wrongdoing from detrimental treatment by any person internal or external to SenSen.

Our Audit and Risk Committee is informed of any material breaches of the Whistleblower Policy.

➤ Anti-Bribery and Corruption Policy

An integral part of our business culture is to behave in a responsible, honest, and ethical way when dealing with all our stakeholders (customers, suppliers, employees, and the community). Our anti-bribery and corruption framework is based on a 'zero tolerance' approach. Our Audit and risk Committee is informed of any material breaches of the Anti-Bribery and Corruption Policy.

➤ Share Trading Policy

The Share Trading Policy applies to all Directors, executives, employees, consultants, and professional advisers of the company. The policy specifies the periods during which the Directors and executives of the company may purchase and sell the company's securities and sets out a notification procedure concerning trading by Directors. The company's Share Trading Policy prohibits Directors and executives from trading in financial products issued or created over the company's securities by third parties, or trading in associated products. The Policy also prohibits Directors and executives from entering into any transaction that operates to limit the economic risk of their security holding in the company.

Copies of the Directors' Code of Conduct, Group Code of Conduct, Whistleblower Policy, Anti-Bribery and Corruption Policy and Share Trading Policy are available on the company's website at www.sensen.ai.

Integrity in financial reporting

The Audit and Risk Committee meets bi-annually with the external auditors, without Senior Management, to review the scope and adequacy of their work and to consider the implementation of recommendations from the audit processes.

The Committee assesses the external auditor's performance annually and reports the outcome to the Board. The Committee also meets with the external auditor to discuss audit planning matters, statutory reporting and, as required, for any special reviews or investigations deemed necessary by the Board.

The Board has resolved that it is appropriate for the audit firm to provide ongoing taxation compliance services in addition to its normal audit function.

Risk Management Framework

The Board oversees the establishment, implementation, and review of the company's risk management framework, which has been established to identify, assess, monitor, and manage operational, financial and compliance risks.

The Audit and Risk Committee assists the Board in discharging its risk oversight role. The conduct, objectives and proceedings of this Committee are governed by a charter, approved by the Board. The Audit and Risk Committee conducted a review of the company's risk management framework during the reporting period to satisfy itself that the risk management framework continues to be sound.

Management has reported to the Audit and Risk Committee and the Board on the effectiveness of the risk management system during the year, and of the company's management of its material business risks.

SenSen has established a system of internal controls that take account of key business exposures. The system is designed to provide reasonable assurance that assets are safeguarded, proper accounting records are maintained, and financial information is timely and reliable.

The Company does not have an internal audit function. The processes the Company employs for evaluating and continually improving the effectiveness of its governance, risk management and internal control processes include the fact that individual Directors' claims for expenses are approved by the Board.

A member of the Audit and Risk Committee periodically reviews the Company's controls and spot-checks that the necessary procedures have been followed.

The Company discloses its material exposure to economic, environmental, and social sustainability risks, and how it manages those risks in ASX announcements and in its Annual Report.

Assurance

A declaration will also be received in respect of the financial statements for the half year ended 31 December 2022.

The Company verifies the integrity of any periodic corporate report that it releases that has not been audited or reviewed by an external auditor by thorough internal Board and senior management review, including detailed financial analysis and cross-checking contractual arrangements with customers, suppliers, and other stakeholders.
