Group Security Trading Policy

Why this is important

1. Insurance Australia Group Limited (**IAG**) is a public company whose securities are listed on the Australian Securities Exchange (**ASX**) and the New Zealand Stock Exchange (**NZX**). Both Australia and New Zealand have “insider trading” laws that are designed to prohibit the misuse of price sensitive information.
2. This Group Security Trading Policy (**Policy**) sets out IAG’s expectations and requirements for dealing in IAG Securities. It aims to ensure compliance with insider trading laws and to protect the Group from reputational damage arising from insider trading.

Scope

3. This Policy applies to:
 - a. the IAG Group, IAG Board, Subsidiary Non-Executive Directors, Employees and Contractors; and
 - b. their Closely Related Parties.
4. This Policy applies at all times, including when a person is on leave (whether paid or unpaid) or on other absences from work such as a career break.
5. In addition to this Policy, you must also comply with insider trading laws.

Requirements that apply to all Directors, Employees & Contractors

A. Trading prohibited when in possession of Inside Information

6. This Policy prohibits you and your Closely Related Parties from dealing in IAG Securities where you or they are in possession of Inside Information. If you are in possession of Inside Information, you must not:
 - a. deal in IAG Securities;
 - b. cause or procure any other person to deal in IAG Securities;
 - c. give Inside Information to any other person (including by giving hints or tips) or cause Inside Information to be provided to any other person. This includes if you know or should know that the person would, or would be likely to use the information to Deal in IAG Securities (or procure another person to deal in IAG Securities); and
 - d. use the Inside Information to gain an advantage for yourself or someone else.

This prohibition applies at all times, even during Trading Windows. It overrides all other provisions of this Policy. Before dealing, you should consider carefully whether you are aware of any Inside Information and if you are in doubt you must not deal.

B. Front Page test

7. As a guiding principle, before trading (or, where relevant, seeking approval to trade in IAG Securities) you should ask yourself:

If the market was aware of all the current circumstances, could the proposed trade be perceived to be inappropriate for someone in my position? How would it look if the trade was reported on the front page of the newspaper?
8. Where consent is required for a trade under this Policy, consent will not be granted where the approver does not consider that the trade would satisfy the front page test. This decision of the approver is final.

Additional requirements for Designated Persons & Specified Persons

A. Trading Window requirement for Designated Persons

9. Designated Persons and their Closely Related Parties may only deal in IAG Securities during a Trading Window, and only if they are not in possession of Inside Information and the trade would satisfy the front page test.

B. Consent requirement for Specified Persons

10. In addition to the above, Specified Persons must request, and receive, consent from the relevant approver to trade prior to dealing in IAG Securities even during Trading Windows, and must comply with any trading conditions that are imposed during that consent process.

C. Responsibility for compliance by Closely Related Parties

11. Designated Persons must ensure their Closely Related Parties are aware of the requirements of this Policy and they must take reasonable steps to ensure their Closely Related Parties comply with those requirements.

Trading Window notification

12. Designated Persons will be notified of Trading Windows by e-mail, and for Specified Persons this will attach the *Trading Consent Request*. Designated Persons must not assume that a Trading Window is open in the absence of notification, as the IAG Board may vary, suspend or terminate (conditionally or unconditionally) Trading Windows at any time.
13. When Dealing in IAG Securities on market at the market price, orders can be placed until market close on the last day of a Trading Window. Dealings involving conditional orders must be placed and executed during a Trading Window (e.g. a specified, minimum sell or maximum purchase price or a stop-loss instruction).

Consent & approval process

A. Consent process within Trading Windows

14. Provided they are not in possession of Inside Information, Specified Persons must submit a *Trading Consent Request* requesting consent to a proposed dealing in IAG Securities per the e-mail issued at the start of each Trading Window (which is to be emailed to trading@iag.com.au), with the relevant approver being as follows:

Consent Request From	Approval required from [including a delegate/alternate]
Specified Persons trading inside a Trading Window, excluding Non-Executive Directors of a Specified Board, GCEO and Group General Counsel & Company Secretary	Group General Counsel & Company Secretary
Non-Executive Directors of a Specified Board (excluding IAG Board Chairman) GCEO and Group General Counsel & Company Secretary	IAG Board Chairman
IAG Board Chairman	IAG Board Audit Committee Chairman

15. The IAG Board Chairman and/or the Group General Counsel & Company Secretary may determine not to consent to the proposed transaction at a particular time and/or impose conditions or restrictions on the proposed transaction and are not obliged to provide reasons. If consent is not given, that fact must be kept confidential. Consent may be withdrawn if new information is revealed or there is a change in circumstances, and that decision to refuse consent is final and binding on the Specified Person seeking consent and must be kept confidential.
16. Consents to trade granted by the IAG Board Chairman and/or the Group General Counsel & Company Secretary will be effective for 5 business days (but no later than the last day of the Trading

Window), unless a different timeframe is specified in the consent provided.

17. If during a Trading Window, the IAG Board Chairman is unavailable to approve the Trading Consent Request(s) the IAG Board Audit Committee Chairman will approve the Trading Consent Request(s). For Trading Consent Request(s) from the IAG Board Audit Committee Chairman, in case the IAG Board Chairman is unavailable, it will be approved by the IAG Board Risk Committee Chairman.

B. Consent process outside of Trading Windows

18. Designated Persons and their Closely Related Parties may apply for consent to deal in IAG Securities outside of a Trading Window in Exceptional Circumstances. They must complete and submit an *Exceptional Circumstances Trading Consent Request*, which will only be considered if it is accompanied by sufficient evidence of the Exceptional Circumstances.
19. The IAG Board Chairman may consent to a Designated Person dealing in IAG Securities outside a Trading Window if:
 - a. in the opinion of the IAG Board Chairman, Exceptional Circumstances have been evidenced, and the proposed trade in IAG Securities is the most reasonable course of action available in the circumstances; and
 - b. only if the Designated Person or their Closely Related Parties are not in possession of Inside Information at the relevant time and the trade would satisfy the front page test.
20. The Designated Person will receive written notification of the IAG Board Chairman's decision in response to the *Exceptional Circumstances Trading Consent Request*.
21. If consent is granted, then that decision will also specify the applicable period within which the trade must be completed (which will be five business days, unless a different timeframe is specified).
22. For the avoidance of doubt, consent to trade outside of a Trading Window in Exceptional Circumstances does not constitute a waiver from the requirement to comply with insider trading laws.

Record Keeping

23. Specified Persons must keep and make available to the Company Secretariat Office on request, a record of all dealings in IAG Securities by themselves and their Closely Related Parties, in the form of a record of every trade, including any supporting materials.
24. Given that trades by IAG Directors must be notified to the ASX, IAG Directors who undertake a dealing in IAG Securities following consent must provide the Group Company Secretary within 1 business day of the execution of the trade a confirmation of trade so that an ASX Appendix 3Y can be completed and lodged with the ASX within 5 business days after the change has occurred.
25. Any Designated Person who is given consent to deal outside of a Trading Window must provide the Company Secretariat Office within 1 business day of the execution of the trade a confirmation of trade.

Exclusions

26. The following types of trades are excluded from this Policy:
 - a. indirect or incidental trading in IAG Securities that occurs as a consequence of a Designated Person dealing in units or shares of a managed investment scheme, listed investment company, exchange traded fund, or similar investment vehicle managed by a third party that happens to hold IAG Securities as part of its portfolio and where the Designated Person is not in a position to influence the portfolio investments;
