ABOUT FAR EAST GOLD:

Far East Gold (ASX: FEG), one of the most successful IPOs of 2022, is a gold & copper explorer with three projects in Indonesia and three in Australia, providing for a diversified portfolio and multiple shots on goal. The company's flagship asset is Woyla, a 24,260 hectare 6th generation Contract of Work in Indonesia, described as 'one of the most highly prospective undrilled copper gold projects in South East Asia'. Woyla was previously explored by Barrick and Newcrest, but only FEG achieved first-ever drilling in September 2022, following bonanza grade assay results from rock samples of up to 119 g/t gold and 1,176g/t silver.

Featuring co-founder Justin Werner, MD of \$2.5bn mining giant Nickel Industries (ASX: NIC), the company's leadership team have deep experience in mining in Indonesia, making for a powerful combination of 'project quality' and 'team pedigree'.
