1 General information

These interim financial statements cover Forager Australian Shares Fund (the "Fund") as an individual entity. The Fund was constituted on 22 September 2009, commenced operations on 30 October 2009 and admitted to the Australian Securities Exchange ("ASX") on 14 December 2016. The Fund terminates on the earlier of the date when the Responsible Entity tells the investors it terminates or any date the law requires.

The Trust Company (RE Services) Limited (ABN 45 003 278 831) (AFSL 235150) is the responsible entity of the Fund (the "Responsible Entity"). The Responsible Entity is incorporated and domiciled in Australia, and its registered office is Level 18 Angel Place, 123 Pitt Street, Sydney, NSW 2000.

The investment manager of the Fund is Forager Funds Management Pty Ltd (the "Investment Manager").

The Fund principally invests in securities listed on the ASX and investments that are likely to be listed on the ASX in the future and Australian denominated cash but may also invest up to 20% of its assets in securities that are listed on the New Zealand Exchange ("NZX"). The Fund's goal is to produce superior long-term returns from a selected number of underlying investments, irrespective of short term price movements.

The interim financial statements are for the half-year ended 31 December 2022. The interim financial statements are presented in the Australian currency.

The interim financial statements were authorised for issue by the directors of the Responsible Entity (the "Directors of the Responsible Entity") on 17 February 2023. The Directors of the Responsible Entity have the power to amend and reissue the interim financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these interim financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated in the following text.

(a) Basis of preparation

The interim financial statements have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*.

These interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these interim financial statements are to be read in conjunction with the annual financial statements for the year ended 30 June 2022 and any public announcements made in respect of the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and liabilities at fair value through profit or loss.

(b) Significant accounting policies

The accounting policies applied in these interim financial statements are the same as those applied in the Fund's financial statements for the year ended 30 June 2022.

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the half-year beginning 1 July 2022 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods. There are no standards issued but not yet effective that would have a material impact on the amounts recognised in the financial statements in the future.

2 Summary of significant accounting policies (continued)

(c) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' report) Instrument 2016/191* issued by the Australian Securities and Investments Commission ("ASIC") relating to the "rounding off" of amounts in the interim financial statements. Amounts in the interim financial statements have been rounded to the nearest thousand dollars in accordance with that *ASIC Corporations Instrument*, unless otherwise indicated.

(d) Comparative revisions

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current period.

3 Fair value measurement

The Fund measures and recognises the following financial assets at fair value on a recurring basis.

- Financial assets at fair value through profit or loss ("FVTPL") (see Note 5)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- Inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3).

(i) Fair value in an active market (level 1)

The fair value of financial assets and liabilities that are traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 2 to the interim financial statements. For the majority of its investments, information provided by independent pricing services is relied upon for the valuation of investments.

The quoted market price used to fair value financial assets held by the Fund is the last-traded prices.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

An active market is a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

(ii) Fair value in an inactive or unquoted market (level 2 and level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This may be the case for certain unlisted shares, certain corporate debt securities and managed funds with suspended applications and withdrawals.

3 Fair value measurement (continued)

(iii) Recognised fair value measurements

The following table presents the Fund's financial assets measured and recognised at fair value as at 31 December 2022 and 30 June 2022.

There were no transfers between the levels in the fair value hierarchy for the half-year ended 31 December 2022.

(v) Fair values of other financial instruments

The Fund has elected into the Attribution Managed Investment Trust ("AMIT") tax regime and consequently the Fund's Constitution has been amended. The Fund does not have a contractual obligation to pay distributions to unitholders. Therefore, the net assets attributable to unitholders of the Fund meet the criteria set out under AASB 132 and are classified as equity.

Movements in the number of units and net assets attributable to unitholders during the half-year were as follows:

	Half-year ended		Half-year ended	
	31 December	31 December	31 December	31 December
	2022	2022	2021	2021

Closing balance	103,085	149,358	107,710	223,581

As stipulated within the Fund's Constitution, each unit represents a right to an individual unit in the Fund and does not extend to a right to the underlying assets of the Fund. There are no separate classes of units and each unit has the same rights attaching to it as all other units of the Fund.

Units buy-back

On 24 March 2022, the Fund announced a 12-month on-market buy-back program. During the half-year ended 31 December 2022, 2,835,142 units were bought back at an average buy back of \$1.30 per unit.

Capital risk management

The Fund classifies its net assets attributable to unitholders as equity.

The Fund is a closed-end Fund and is not subject to applications and redemptions. The movements in the number of units during the half-year were as a result of units buy-back.

Generally, the Fund's strategy is to hold liquid investments. Liquid assets include cash and cash equivalents and listed investments.

7 Distributions to unitholders

Distributions are payable semi-annually at the end of each financial period. Such distributions are determined by reference to the net taxable income of the Fund.

The distributions for the half-year were as follows:

	Half-year ended			
	31 December 2022 \$'000	31 December 2022 CPU*	31 December 2021 \$'000	31 December 2021 CPU*
Distributions payable	3,093	3.0000	4,308	4.0000
Total distributions payable	3,093	3.0000	4,308	4.0000

*Distribution is expressed as cents per unit amount in Australian Dollars.

8 Remuneration of auditor

	Half-year ended	
	31 December 2022 \$	31 December 2021 \$

Total remuneration for audit and other assurance services	18,400	17,510
Total remuneration of Ernst & Young	18,400	17,510

The remuneration of auditor is borne by the Fund. Fees are stated exclusive of GST.

9 Earnings/(loss) per unit

Diluted earnings per unit are the same as basic earnings/(loss) per unit.

There were no other significant events during the half-year.

Independent Auditor's Review Report to the Unitholders of Forager Australian Shares Fund

Conclusion

We have reviewed the accompanying half-year financial report of Forager Australian Shares Fund (the "Fund"), which comprises the statement of financial position as at 31 December 2022, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Fund does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the Fund's financial position as at 31 December 2022 and of its financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Responsible Entity of the Fund are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
