PRINCIPAL ACTIVITIES

Evidence-based change and risk management: through a portfolio of AI-based software that businesses & consultants rely on to accurately transform & operate a large network of distributed sites.

REVIEW OF OPERATIONS

The loss for the group amounted to \$1,434,893 for the half-year (31 December 2021 half-year: loss of \$399,493.) In line with the prospectus, Rocketboots Limited has successfully bolstered its workforce and has proceeded with expansion into global markets.

Rocketboots Limited continues to progress the sales pipeline and negotiated a 12-month Beehive subscription renewal from a major retailer worth \$309,835.

As a result of Rocketboots Limited ramping up sales activities in the large potential markets of the USA and the UK from 1H23, a large increase in customer meetings and pipeline growth was achieved. From a sales perspective, it was the busiest period in the Company's history with our sales team growing from one to four. This team is now trained to cover everything from business development outreach campaigns, opportunity qualification, proposals, onboarding, and pilot delivery support services. In addition, one of our US team members has come to us from a globally recognized management consulting company and will use his knowledge to further our relationships and 'go to market' with our partners and customers.

Rocketboots Limited's first sales team member in the UK executed a retail outreach and market validation campaign that targeted a large number of retailers. This outreach resulted in meetings with approximately 23% of customers and proposals being sent to approximately 11%, which are all currently under negotiation. This level of conversion demonstrates the attractiveness of our propositions in the UK market.

On the USA front, Rocketboots Limited's CEO spent 3 months in New York working with globally recognized management consulting companies that have expertise in retail branch strategy and transformation. Through these relationships, Rocketboots Limited has been able to align its value proposition communications to key strategic priorities of retail banking executive teams. Go to markets with these management consulting companies began and resulted in new retail banking pipeline opportunities which are currently under negotiation.

Locally in A&NZ, we have seen good progress in our starting pipeline and encouragingly, in reinitiating relationships with clients we had trials with that were impacted by COVID and have restarted multiple

DIRECTORS' REPORT

opportunities. This is exciting for Rocketboots Limited as we already have a level of trust with these clients and have completed security and procurement processes.

At the same time, the technology team completed the next version of our Artificial Intelligence (AI) software for retail banking with a release due in Q3 FY23. We expect this release will further the attraction of our software as it assists retail banking executives with a major strategic issue "how to redeploy underutilized branch staff time to service virtual tasks, such as the call centre without impacting customer service in the branches."

In anticipation of near-term international contracts and to assist our internationally located system integrator partners' supply, Rocketboots Limited prioritized the deployment of its Edge Deployment Manager (EDM) software. This enables partners to pre-configure hardware before it is installed at client sites which reduces the need for Rocketboots Limited to establish resources in the USA and the UK markets for this work. This effectively allows Rocketboots Limited to scale faster and at improved margins.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2022

1. SIGNIFICANT ACCOUNTING POLICIES

These general purpose financial statements for the interim half-year reporting period ended 31 December 2022 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2022, for Rocketboots Operations Pty Ltd, and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not mandatory have not been early adopted.

1A. GOING CONCERN

The financial statements have been prepared on the going concern basis which contemplates the continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the Consolidated Entity incurred a loss of \$1,434,893 and had net cash outflows of \$978,544 for the half-year ended 31 December 2022. As noted in Note 14, the Consolidated Entity is still in the growth phase of expanding to the US and UK markets. Consequently, expenses have increased to facilitate the exposure to overseas markets.

These factors indicate a material uncertainty which may cast significant doubt as to whether the Consolidated Entity will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The Directors believe that it is reasonably foreseeable that the Consolidated Entity will continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report after consideration of the following factors:

- The Consolidated Entity holds \$2,884,341 of cash and cash equivalents and had net current assets of \$1,656,655 as at 31 December 2022, and has the ability to reduce expenditures if necessary to reduce operating cash requirements.
- Management has reviewed the cashflow forecasts and has assessed that there is sufficient cash reserves and incoming cash to continue operations for a period of greater than 12 months from the date of this report. This assessment is based on existing proposals and correspondence with customers.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the half-year ended 31 December 2022

Accordingly, the Directors believe that Consolidated Entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

The financial report does not include any adjustments relating to the amounts or classification of recorded assets or liabilities that might be necessary if the Consolidated Entity does not continue as a going concern.

2. ESTIMATES

When preparing the interim financial statements, management undertakes a number of judgements, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses. The actual results may differ from the judgements, estimates and assumptions made by management, and will seldom equal the estimated results.

The judgements, estimates and assumptions applied in the interim financial statements, including the key sources of estimation uncertainty were the same as those applied in the last annual financial statements for the year ended 30 June 2022.

3. SEGMENT REPORTING

Basis of accounting for purposes of reporting by operating segments

Unless stated otherwise, all amounts reported to the Board of Directors as the chief decision maker with respect to operating segments are determined in accordance with accounting policies that are consistent with those adopted in the annual financial statements of the Consolidated Entity.

The Consolidated Entity's principal activities are those of a software company and therefore identifies only one corporate reportable segment. The results of this segment are the same as the Consolidated Entity's results.

We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Rocketboots Limited, would be in the same terms if given to the directors as at the time of this auditor's report.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Half-Year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2022 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
