6 March 2023

Market Release:

Yancoal shares to be eligible for trading via Southbound Stock Connect

Yancoal Australia Ltd (“Yancoal”) is pleased to announce that from 13 March 2023, Yancoal’s shares will be included in the list of stocks eligible for trading under the Stock Connect program.

Stock Connect utilises the Mutual Market Access model to give investors in Mainland China and Hong Kong markets access to each other’s markets.

Stock Connect has a Southbound and Northbound component. The Southbound component – in which Yancoal will participate - allows eligible Mainland China investors to invest directly in shares listed on the Stock Exchange of Hong Kong (SEHK) via the Shanghai Stock Exchange (SSE) and the Shenzhen Stock Exchange (SZSE).

After the expansion of the Southbound eligible stocks list on 13 March 2023, Yancoal will join an exclusive group of international companies in which eligible mainland Chinese investors may trade.

Yancoal’s inclusion in the Stock Connect program follows the recent confirmation of Yancoal’s inclusion in the Hang Seng Composite Index.

Yancoal’s inclusion in the Stock Connect Program provides a further opportunity to expand its investor base and bolster the trading liquidity of its shares.
