Ansarada Group Limited (ASX: AND), a global information governance software provider, is pleased to report on its quarterly activities and cash flows for the three-month period to 31 March 2023.

Sam Riley, CEO said, “As we outlined at our Investor Day in March, we have the vision, strategies and execution plans to deliver \$100m of Annual Recurring Revenue (See link to Investor Day: <https://www.ansarada.com/investor-relations>). Q3 demonstrated Ansarada is executing and delivering on these key strategies despite the weaker macro deal environment. In Q3 we delivered positive EBITDA margin, ARR growth and positive cash flow. Our freemium customer acquisition strategy drove record customer growth, +43% YoY. Annual Recurring Revenue increased to \$10.7m and with positive cash flow we closed the quarter with over \$20m in net cash to fund our organic growth strategy.

Late in the quarter Q3 we launched a new product that radically simplifies and reduces costs for companies to manage their Sustainability / ESG needs. 50+ companies have already signed up. We will continue strengthening Ansarada with new product launches that help organisations bring order to critical processes, deliver better customer experiences, and improve our profitability.

Q4 is a seasonally strong quarter for us. We are seeing deal volumes improve, and our pipelines are up. With freemium customers to convert, digital channels to leverage and more operational efficiencies, we expect further positive cash flows and EBITDA.”

Deferred revenue contracted from 30 June FY22 to \$15.9m end of Q3 FY23, down 4% YoY, with the majority to be recognised over the following 12 months which provides confidence for continued financial performance.

The Group continues to build revenue scale and self-fund its growth. Market-leading Deals, Board, Procure, GRC and ESG software solutions, an attractive customer base and acquisition channels contributes to a higher quality revenue profile.

The Group's cash flow balance increased to \$20.2 million as at March 31, 2023, driven by positive \$3.1 million in cash flow from operations. Cash flow from operations less capex (free cash flow) was positive in Q3 at \$1.6 million.
