POWER OF ATTORNEY

If the proxy form is signed under a power of attorney on behalf of a Shareholder, then the attorney must make sure that either the original power of attorney or a certified copy is sent with the proxy form, unless the power of attorney has already been provided to the Share Registry.

CORPORATE REPRESENTATIVES

If a representative of a corporate Shareholder or a corporate proxy will be attending the Meeting, the representative should bring to the Meeting adequate evidence of their appointment, unless this has previously been provided to the Share Registry.

An appointment of corporate representative form may be obtained from Computershare by online at: <https://www-au.computershare.com/Investor/#Help/PrintableForms>.

VOTING BY NON-REGISTERED SHAREHOLDERS IN CANADA

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Most Canadian Shareholders are “non-registered” or “beneficial” Shareholders (“**Non-Registered Shareholders**”) because the Shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Shares.

Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (“**Intermediary**”) that the Non-Registered Shareholder deals with in respect of the Shares; or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited (“**CDS**”)) of which the Intermediary is a participant.

In accordance with applicable securities law requirements, the Company will have distributed copies, via mail or electronically, of the Meeting Materials to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders.

Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (i) be given a voting instruction form (“**VIF**”) which is not signed by the Intermediary and which, when properly completed by the Non-Registered Shareholder and returned to the Intermediary or its service company, will constitute voting instructions (often called a “**VIF**”) which the Intermediary must follow. Typically, the VIF will consist of a one-page pre-printed form. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”) in Canada and the United States. Broadridge typically prepares a machine-readable VIF, mails those forms to Non-Registered Shareholders and asks Non-Registered Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone). Broadridge then tabulates the results of all votes received from the non-registered shareholders which it provides to Computershare to present at the Meeting. Sometimes, instead of the one-page pre-printed form, the VIF will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. For this form of proxy to validly constitute a VIF, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the

Intermediary or its service company in accordance with the instructions of the Intermediary or its service company. A Non-Registered Shareholder who receives a VIF cannot use that form to vote his or her Shares at the Meeting;

OR

- (ii) be given a form of proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with Computershare Investor Services, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, Canada.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting, or any adjournment(s) or postponement(s) thereof, (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the voting instruction form and insert the Non-Registered Shareholder or such other person's name in the blank space provided.

The Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and how the VIF is to be delivered.

A Non-Registered Shareholder may revoke a VIF or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a VIF or of a waiver of the right to receive Meeting Materials and to vote, which is not received by the Intermediary at least seven (7) days prior to the Meeting. Non-Registered Shareholders fall into two categories: those who object to their identity being made known to the issuers of securities which they own ("Objecting Beneficial Owners" or "OBOs") and those who do not object to their identity being made known to the issuers of the securities they own ("Non-Objecting Beneficial Owners" or "NOBOs").

The Company will not send Meeting Materials directly to the OBOs and NOBOs as it will send the Meeting Materials through intermediaries and agents to the OBOs and NOBOs.

Voting Exclusion Statement

For the definitions of Key Management Personnel (**KMP**) and Closely Related Parties, please refer to the Glossary on page 25.

The Corporations Act restricts members of the KMP of the Company and their Closely Related Parties from voting in relation to remuneration related Resolutions (such as Resolutions 1, 8 and 9-15).

In addition, separate voting restrictions apply in respect of Resolutions 8 to 15 (inclusive) under the ASX Listing Rules.

What this means for Shareholders

If you intend to appoint a member of the KMP (other than the Chair of the Meeting) as your proxy, please ensure that you direct them how to vote on Resolution 1. If you do not do so, your proxy will not be able to vote on your behalf on Resolution 1.

If you intend to appoint the Chair of the Meeting as your proxy (and you are not a KMP or a Closely Related Party), you are encouraged to direct him how to vote by marking a box for Resolution 1 (for example if you wish to vote for, or against, or to abstain from voting). If you appoint the Chair as your proxy without directing him how to vote on a resolution where he is a related party, the Chair will not be able to vote on your behalf. However, the Company will not disregard a vote cast by the Chair of the Meeting where it is in accordance with a direction on the proxy form to vote as the proxy decides. The Chair of the Meeting intends to vote in favour of all Resolution 1 (where permissible). If you do not want your vote exercised in favour of Resolution 1, you should direct the Chair of the Meeting to vote “against”, or to abstain from voting on Resolution 1.

The Company will disregard votes cast on Resolution 1 by the persons detailed in the table below.

Resolution	Voting Exclusions

Resolution 8 – Approval of 10% Capacity	<p>The Company will disregard any votes cast in favour of Resolution 8 by or on behalf of:</p> <ul style="list-style-type: none">(a) a person who is expected to participate in, or who will obtain a material benefit as a result of, the proposed issue (except a benefit solely by reason of being a holder of ordinary securities in the Company); or

<p>to Issue Equity Securities</p>	<p>(b) an Associate of that person or those persons.</p> <p>However, that voting exclusion does not apply to a vote cast in favour of Resolution 8 by:</p> <p>(a) a person as proxy or attorney for a person who is entitled to vote on Resolution 8, in accordance with the directions given to the proxy or attorney to vote on Resolution 8 in that way; or</p> <p>(b) the chair of the Meeting as proxy or attorney for a person who is entitled to vote on Resolution 8, in accordance with a direction given to the chair to vote on Resolution 8 as the chair decides; or</p> <p>(c) a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:</p> <p>(i) the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on Resolution 8; and</p> <p>(ii) the holder votes on Resoluton 8 in accordance with directions given by the beneficiary to the holder to vote in that way.</p>

	the appointment expressly authorises the Chair to exercise the proxy even if Resolutions 9-15 (inclusive) is connected directly or indirectly with remuneration of a member of the Company's Key Management Personnel.

RESOLUTIONS

The Remuneration Report is set out in the Financial Report for the period ended 31 December 2022. The Remuneration Report details the Company's remuneration arrangements for the Directors and senior management of the Company.

Section 250R(2) of the Corporations Act requires that a resolution to adopt the Remuneration Report be put to the vote of the Company. Shareholders should note that the vote on Resolution 1 is advisory only and not binding on the Company or its Directors.

However, under the Corporations Act, if at least 25% of the votes cast on Resolution 1 are against the adoption of the Remuneration Report then:

- If comments are made on the Remuneration Report at the Meeting, Austral's Remuneration Report will be required to include an explanation of the Board's proposed action response or, if no action is proposed, the Board's reasons for this; and
- If, at next year's AGM, at least 25% of the votes cast on the resolution for adoption of the Remuneration Report are against it, Austral will be required to put to Shareholders a resolution proposing that an Extraordinary General Meeting (**EGM**) be called to consider the election of Directors (**Spill Resolution**). If the Spill Resolution is passed (i.e. more than 50% of the votes cast are in favour of it), all of the Directors (other than the Managing Director) will cease to hold office at the subsequent EGM, unless re-elected at that Meeting.

Last year, a resolution was passed to adopt the 2022 Remuneration Report, with in excess of 75% of votes cast in favour of the resolution on a poll (noting that in excess of 75% of proxies lodged were also in favour of the resolution).

In accordance with the Corporations Act, Shareholders will be given a reasonable opportunity at the Annual General Meeting to ask questions and make comments on the Remuneration Report.

ASX LISTING RULE (ADDITIONAL 10% CAPACITY)

8. RESOLUTION 8 - APPROVAL OF 10% CAPACITY TO ISSUE EQUITY SECURITIES

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary securities it had on issue at the start of that period.

Under Listing Rule 7.1A, however, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase this 15% limit by an extra 10% to 25%.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation less than the amount prescribed by ASX (currently \$300 million).

As of the date of this Notice of Meeting, the Company is an eligible entity. If at the time of the Meeting the Company is no longer an eligible entity this Resolution will be withdrawn.

This Resolution seeks Shareholder approval by way of a special resolution for the Company to have the additional 10% capacity provided for in Listing Rule 7.1A to issue equity securities without Shareholder approval.

If this Resolution is passed, the Company will be able to issue equity securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

Calculation for Additional 10% Placement - Listing Rule 7.1A.2

Listing Rule 7.1A.2 provides that Eligible Entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the period of the approval, a number of Equity Securities calculated in accordance with the following formula:

$(A \times D) - E$

Where:

A as the same meaning as in Listing Rule 7.1.

D is 10%.

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by the shareholders under Listing Rule 7.4 (as defined below).

Information Required by ASX Listing Rule 7.3A

The following information is provided to Shareholder for the purposes of Listing Rule 7.3A.

Period for which the approval will be valid

An approval under this Listing Rule 7.1A commences on the date of the annual general meeting at which the approval is obtained and expires on the first to occur of the following:

- (a) the date which is 12 months after the date of the annual general meeting at which the approval is obtained;
- (b) the time and date of the entity's next annual general meeting; and
- (c) the time and date on which Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

Minimum price at which the equity securities may be issued under Listing Rule 7.1A

Any equity securities issued under Listing Rule 7.1A.2 must be an existing quoted class of the Company's equity securities and issued for cash consideration.

The issue price per equity security must not be less than 75% of the volume weighted average market price of the equity securities in that class, calculated over 15 trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price at the equity securities are to be issued is agreed by the Company and the recipient of the equity securities; and
- (b) if the equity securities are not issued within 10 trading days of the date in paragraph (a), the date on which the equity securities are issued.

Purposes for which the funds raised by an issue of equity securities under Listing Rule 7.1A may be used

As noted above, any equity securities issued under Listing Rule 7.1A.2 must be issued for cash consideration. Accordingly, every issue of equity securities under Listing Rule 7.1A.2 will have an accompanying proposed use of funds at the time of issue.

As at the date of this Notice, the Company has not formed an intention to offer any equity securities under Listing Rule 7.1A during the Listing Rule 7.1A mandate period, if Shareholders approve this Resolution. However, if Shareholders approve this Resolution and the Company did raise funds from the issue of equity securities under Listing Rule 7.1A, based on the Company's existing plans, the Company considers that the funds may be used for the following purposes:

- (a) potential investments; and
- (b) general working capital.

Risk of economic and voting dilution to existing ordinary Securityholders

If this Resolution is approved, and the Company issues equity securities under Listing Rule 7.1A, the existing Shareholders' economic and voting power in the Company will be diluted.

There is a risk that:

- (a) the market price for the Company's equity securities in that class may be significantly lower on the issue date than on the date of the approval under Listing Rule 7.1A; and
- (b) the equity securities may be issued at a price that is at a discount (as described above) to the market price for the Company's equity securities on the issue date;

which may have an effect on the amount of funds raised by the issue of equity securities under Listing Rule 7.1A.

The table below shows the potential dilution of existing Securityholders on the basis of 3 different assumed issue prices and values for the variable "A" in the formula in rule 7.1A.2:

Variable "A" ASX Listing Rule 7.1A.2		Potential Dilution and Funds Raised		
		\$0.0215 50% decrease in issue price	\$0.043 issue price ^(b)	\$0.086 100% increase in issue price

- (e) The table shows the effect of an issue of equity securities under Listing Rule 7.1A only, not under the Company's 15% placement capacity under Listing Rule 7.1.

Allocation policy for issues under Listing Rule 7.1A

The Company's allocation policy and the identity of the allottees of equity securities under Listing Rule 7.1A will depend on a number of factors, including:

- (a) the Company's intentions in relation to the possible issue of equity securities (for cash consideration) during the Listing Rule 7.1A mandate period;
- (b) the structure and timeframe of the capital raising opportunities available to the Company and any alternative methods for raising funds that are available to the Company (such as a pro rata offer or an offer under a share purchase plan);
- (c) the potential effect on the control of the Company;
- (d) the Company's financial position and the likely future capital requirements; and
- (e) advice from the Company's corporate or financial advisors.

As of the date of this Notice, no specific intention to issue equity securities in relation to any parties, investors or existing Securityholders have been formed. In addition, no intentions have been formed in relation to the possible number of issues, or the time frame in which the issues could be made. Subject to the requirements of the Listing Rules and the Corporations Act, the Board of Directors reserve the right to determine at the time of any issue of equity securities under Listing Rule 7.1A, the allocation policy that the Company will adopt for that issue.

If an when the determination is made to proceed with an issue of equity securities during the Listing Rule 7.1A mandate period, details regarding the allottees and purposes of issue will be disclosed pursuant to the Company's obligations under Listing Rules 3.10.3 and 7.1A.4.

Offers made under Listing Rule 7.1A may be made to parties (excluding any related parties) including professional and sophisticated investors, existing Shareholders of the Company, clients of Australian Financial Service Licence holders and/or their nominees, or any other person to whom the Company is able to make an offer of equity securities.

The Company has not issued or agreed to issue any equity securities under Listing Rule 7.1A.2 in the 12 months preceding the date of the AGM.

This Resolution is a Special Resolution. For a Special Resolution to be passed, at least 75% of the votes validly cast on the resolution by Shareholders (by number of ordinary shares) must be in favour of this Resolution.

Board Recommendation: The Directors recommend that Shareholders vote for this Resolution.

- (b) Shareholder approval is obtained prior to the giving of the financial benefit.

The proposed issue of Options (which is a type of equity security, for the purposes of the ASX Listing Rules) constitutes the giving of a financial benefit.

A “related party” for the purposes of the Corporations Act and the Listing Rules is widely defined and includes a director of a public company, a spouse of a director of a public company or an entity controlled by a director of a public company. The definition of “related party” also includes a person whom there is reasonable grounds to believe will become a “related party” of a public company.

As each of the recipients are current Directors of the Company, each of them are a “related party” of the Company. Therefore, the proposed issue of Options to each of them requires Shareholder approval under Chapter 2E of the Corporations Act.

- (d) The Options will be issued for nil cash consideration. If and when the Options are exercised, any proceeds received from the exercise will be used for working capital and other operational expenses.
- (e) The Options are proposed to be issued to each of the Directors as part of their remuneration, which is not uncommon for Directors of listed entities to receive. The issue of incentive securities (such as Options) could be considered a cost effective and efficient reward, as opposed to alternative forms of incentives, such as additional cash payments. Accordingly, the issue of Options may assist the Company preserve its cash reserves.
- (f) The quantum of Options was considered appropriate in light of the fact that the Directors have not been previously rewarded any incentives (under an employee incentive scheme), and in light of each of the Directors experience, skill and role in the Company. The fair value of each tranche of Options is set out in the above table (on page 20).

Directors' recommendation and interest in the outcome

- (g) As Resolutions 9 to 15 (inclusive) relate to each of the current Directors' remuneration, given the potential conflict in the Directors making a recommendation on each other's remuneration, the Directors have refrained from making a recommendation in relation to these Resolutions.

Mr Elsztain has a material personal interest in the outcome of Resolution 10.
Mr Zang has a material personal interest in the outcome of Resolution 11.

Disclosure of Directors' total remuneration packages

- (i) Each of the Directors' current total remuneration is set out in the above table (on page 20).

Dilutionary effect to existing Shareholders' interest

- (j) The nature of the financial benefit are unlisted Options, which could be exercised to Shares of the Company. Accordingly, from the date of issue, and assuming that the Options remain unexercised, on an undiluted basis, the issue of Options to each of the Directors will not have any immediate dilutionary effect on existing Shareholders' interests.

Existing and potential relevant interests of related party

- (k) The following table sets out each of the current and potential relevant interests, in the event that Shareholder approval is obtained for Resolutions 9 to 15 (inclusive) of this Notice:

Notes

1. These percentages are calculated on a fully diluted basis, based on the Company's current capital structure which consists of 612,311,353 Shares.
2. These percentages are calculated on a fully diluted basis, based on the Company's projected capital structure (assuming that Shareholder approval is obtained for all Resolutions in this Notice) which is projected to consist of 614,311,353 Shares and 13,500,000 Options. These percentages sets out the projected holding if all of the Options are exercised, of which, there is no guarantee. Fully diluted shares includes an additional 2,000,000 Restricted shares to be issued to senior management and an additional estimated 4,000,000 options to be issued to employees.

Valuation of Options

- (i) The Options (that are subject of Resolution 9 to 15 (inclusive) are not currently quoted on ASX and as such, have no market value. Each Option grants the holder a right to subscribe for one Share upon exercise of each Option and payment of the exercise price described above. Accordingly, the Options may have a present value at the date of their grant.

The Options may acquire future value dependent upon the extent to which the market value of Shares exceeds the exercise price of the Options during the term of the Options.

As a general proposition, options to subscribe for ordinary fully paid shares in a company have value. Various factors impact upon the value of options including things such as:

- (i) The period outstanding before the expiry date of the options;
- (ii) The exercise price of the options relative to the underlying price or value of the securities into which they may be converted;
- (iii) The proportion of the issued capital as expanded consequent upon exercise represented by the shares issued upon exercise (i.e. whether or not the shares that might be acquired upon exercise of the options represent a controlling or other significant interest);
- (iv) The value of the shares into which the options may be converted; and
- (v) Whether or not the options are listed (i.e. readily capable of being liquidated) and so on.

There are various formulae which can be applied to determining the theoretical value of options (including the formula known as the Black Scholes methodology).

The Company has sought an independent valuation of the Options from Stantons International Securities. The method used to value the Options was the Black Scholes methodology, which is the most widely used and recognised model for pricing options. The value of an option calculated is a function of the relationship between a number of variables, being the price of the underlying Share at the time of issue, the exercise price, the time to expiry, the risk free interest rate, the volatility of the Company's underlying Share price and expected dividends.

The value that the Company attributes to each Option is provided in the table above (which was obtained from an independent appraiser using the Black Scholes methodology) (on page 20).

Based on assessed fair value of the Options in the independent valuation report, the Company has adopted an indicative value of \$0.0126 per Tranche 1 Option, \$0.0163 per Tranche 2 Option and \$0.0195 per Tranche 3 Option.

AASB 2 "Share Based Payments" requires that these payments shall be measured at the more readily determinable fair value of the equity instrument. Under the accounting standards this amount will be expensed in the statement of financial performance. Where the grant date and the vesting date are different the total expenditure calculated will be allocated between the two dates taking into account the terms and conditions attached to the instruments and the counterparties as well as management's assumptions about probabilities of payments and compliance with and attainment of the set out terms and conditions.

Any other information that is reasonably required by Shareholders to make a decision and that is known to the Company or any of its Directors

There is no other information known to the Company or any of its Directors that is reasonably required by Shareholders to make a decision with respect to the Resolution save and except as follows:

Market Price Movement

The Option valuation noted above uses the market price of the Shares on the date of grant of \$0.043 per share. There is a possibility that the market price of the Shares on the date of issue of the Options will be different to this and that the market price of the Shares will change up to the date of the Meeting.

In the 12 months prior to the date of the notice, the Company's trading history is as follows:

- the highest trading price was \$0.078 on 22 April 2022;
- the lowest trading price was \$0.036 on 25 October 2022; and
- the VWAP per Share over the 12 month period prior to 13 April 2023 was \$0.048.

Opportunity Costs

The opportunity costs and benefits foregone by the Company issuing the is the potentially dilutionary impact on the issued share capital of the Company (in the event that the Options are exercised). Until exercised, the issue of the Options will not impact upon the number of Shares on issue in the Company. To the extent that upon their exercise the dilutionary impact caused by the issue of Shares will be detrimental to the Company, this is more than offset by the advantages accruing from the Company securing the services of an experienced and skilled Director on appropriate incentive terms.

It is also considered that the potential increase in the value of the Options is dependent upon a concomitant increase in the value of the Company generally.

Taxation Consequences

No stamp duty will be payable in respect of the issue of the Options. No GST will be payable by the Company in respect of the issue of the Options (or if it is then it will be recoverable as an input credit).

AASB 2 “Share Based Payments” requires that these payments shall be measured at the more readily determinable fair value of the equity instrument. Under the accounting standards this amount will be expensed in the statement of comprehensive income. Where the issue date and the vesting date are different the total expenditure calculated will be allocated between the two dates taking into account the terms and conditions attached to the instruments and the counterparties as well as management’s assumptions about probabilities of payments and compliance with and attainment of the set-out terms and conditions.
