Sales Update

We have received a shareholder enquiry regarding our prior announcements about our estimated sales for 2023. At this stage we confirm the following, based on unaudited management accounts.

- Sales revenue until the end of April 2023 is \$11.12 million.
- Confirmed sales orders likely to be invoiced prior to end of June 2023 is \$3.46 million.
- Current order intake indicates additional sales may also occur prior to the end of the financial year.

This of course is subject to no delays in logistics and no unforeseen delays from our distributors or customers. An appropriate adjustment will be made for currency fluctuations and may affect final results.
