

Unifying the care experience.

Oneview Healthcare Announces Signing of Value-Added Reselling Agreement with Baxter International

Melbourne, Australia - 19 June 2023. Oneview Healthcare plc (ASX:ONE) (“Oneview”) has entered into a Value-Added Reselling Agreement with [Baxter International, Inc.](#) (NYSE:BAX) (“Baxter”) to resell Oneview’s Care Experience Platform (CXP) in the US market. Baxter, following the acquisition of Hill-Rom Holdings, Inc., is a leading provider of connected hospital beds to the US market and offers one of the leading care communications and collaboration (CC&C) platforms.

Baxter’s CC&C portfolio includes nurse call, locating, mobile communications, medical device integrations and alarm management. Adding Oneview’s cloud-hosted CXP will broaden the Baxter portfolio in certain markets with patient experience, digital door signs and digital whiteboards, to better connect patients, families and care teams during inpatient visits.

Under the agreement, CXP Cloud Enterprise will be offered to certain Baxter customers across the United States.

Please note on 25 May 2023, in response to a query from ASX, Oneview advised the market that it was in advanced stages of signing an agreement with a major North American supplier of equipment to hospitals which if signed may lead to additional sales of 3,000 to 5,000 beds per annum. The Value-Added Reselling Agreement now entered into with Baxter is the agreement to which that update referred and is considered material in the context of Oneview’s currently contracted book of approximately 15,000 beds.

The agreement is for an initial two year term and there are no material conditions that need to be satisfied before the commencement of this agreement which is effective immediately.

This release has been approved by the Board of Oneview Healthcare plc.

About Oneview Healthcare

Serving hospitals and healthcare systems, academic medical centers, and pediatric hospitals worldwide, Oneview Healthcare’s Care Experience Platform (CXP) provides a unified set of digital tools in a single bedside solution. Oneview’s CXP connects patients, families and care teams with services, education, and information during hospital stays. Fully automated, integrated, and personalized, hospitals using Oneview positively impact safe and timely discharges while streamlining nursing workflows.
