## Managing Director Remuneration

17 July 2023

The HR and Remuneration Committee of the Board of RPMGlobal Holdings Limited (ASX: RUL) [RPM] has completed its annual review of executive remuneration including remuneration of the Chief Executive Officer and Managing Director, Mr Richard Mathews.

Following the decision by the Board at its annual review in July 2022 to freeze executive remuneration (at the remuneration rates set in July 2021) for a further period of twelve months, in accordance with Listing Rule 3.16.4, RPM advises that Mr Mathews' base remuneration, which was last increased in July 2021, has changed to \$892,320 including superannuation effective 1 July 2023. This 14.4% increase in base salary, within the context of Mr Mathews' total potential annual remuneration, is in line with a reputable independent benchmark and is considered by the Board to be reasonable in light of continued company performance, the 1% increase in statutory superannuation rate between July 2021 and July 2023, and sustained periods of high inflation which cumulatively exceed 12% over the prior twenty-four months.

All other terms of Mr Mathews' total remuneration package remain materially the same as previously first advised on 28 August 2012 and amended on 25 September 2013.
