¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes "OR" at the end of the selection and you delete the other options, you can also, if you wish, delete the "OR" at the end of the selection.

A listed entity should clearly delineate the respective roles and responsibilities of its board and management and regularly review their performance.

- Recommendation 1.1: A listed entity should have and disclose a board charter setting out:
 - (a) The respective roles and responsibilities of its board and management; and
 - (b) Those matters expressly reserved to the board and those delegated to management

The functions, roles and responsibilities of the Board are set out in the Company's Board of Directors Charter which is disclosed on the Company's public website. The Company's Board of Directors Charter expressly states the matters reserved for the Board including the role of the Chair and the responsibilities of all directors. The Company holds an Investment Management Agreement with the Investment Manager that stipulates its role and responsibilities. This is also disclosed in the Company's Prospectus which is found on the Company website. The Company does not have any senior executives.

- Recommendation 1.2: A listed entity should:
 - (a) undertake appropriate checks before appointing a director or senior executive or putting someone forward for election as a director; and
 - (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

The Company's Audit and Risk Committee Charter sets out the criteria the Committee will consider before recommending to the Board that a director be appointed. The Committee will complete background and screening checks in addition to reviewing a candidate's qualifications, experience, and expertise. The Company will provide shareholders with all material information including but not limited to biographical details, independence and existing directorships that may be relevant to a decision on whether or not to re-elect a director.

If a candidate is standing for election as a director for the first time, the candidate's experience and background will be checked, and any conflicts of interest on the candidate's ability to act in the best interests of the Company will be identified and disclosed to shareholders. The Board will also advise shareholders if the candidate qualifies as an independent director.

Shareholders will be advised of any director of the Company that is standing for re-election including the term of office currently served, whether the Board considers the director to be independent, and if the Board supports the director's re-election.

All candidates are required to provide the Board with the information and permissions it requires to collect the aforementioned data inclusive of their other commitments and the corresponding time commitment to these commitments. All candidates must confirm they have sufficient time and capacity to fulfil their responsibilities as a Director of Ryder Capital Limited.

During the reporting period, the Audit & Risk Committee consisted of three members:

Name	Role	Independent	Meetings Held and Entitled to Attend	Meetings Attended
Ray Kellerman	Non-executive Chair	Yes	2	2
Peter Constable	Executive Director	No	2	2
