Who we are:

COG Financial Services Limited (COG) has two complementary businesses:

1. Finance Broking & Aggregation (FB&A). Through its membership group of independent and equity owned brokers (brokers in which COG has invested), COG is Australia's largest asset finance group, representing over \$5.1 billion per annum of Net Asset Finance (NAF). Further growth is being achieved through organic growth in equipment finance and insurance broking and through equity investment in brokers.
2. Lending. Through broker distribution, COG provides equipment finance to SMEs, and real property loans via its subsidiary Westlawn Finance Limited.

In both businesses our market share is small relative to the size of the markets we operate in, and there are significant growth opportunities through consolidation and organic growth.
