Chairman's review (continued)

Revenue and other income

The Trust reported lower rental income for the 1st half year compared to last year. Revenues at Reef Hotel Casino were up however, costs went up more, reflecting the strong national upward trend in costs.

Total Trust revenue and other income for the period (comprising mainly of rental income from the Reef Hotel Casino) was \$11.718 million (2022: \$12.587 million).

Expenses

Trust operating expenses in 2023 were higher than 2022 due to increases in building maintenance, electricity, insurance premiums and depreciation charges.

Distributable profit*

Trust distributable profit* was \$4.688 million for the six months ended 30 June 2023 (2022 \$6.562 million).

Unit distribution

A unit distribution for the 6 months from January to June 2023 of 9.44 cents per unit (2022: 13.18 cents) was declared. The record date was 30 June 2023 and payment will be made on 13 September 2023.

This represents slightly more than 100% of the distributable profit for the period, consistent with the Trust's usual distribution policy to distribute 100% of its distributable profit.

The undistributed income account balance is 20.22 cents per unit, or \$10.070 million in total.

Trust balance sheet

The Trust's balance sheet remains strong as is the Trust's cash position. The Trust has adequate working capital.

The Trust's interest only business term loan facility with the Bank of Queensland remains unchanged at \$13.500 million and expires on 31 January 2025. The amount undrawn at 30 June 2023 was \$13.300 million. Other than the amount drawn of \$200,000, the Trust is essentially debt-free. Importantly, the Trust continues to be solvent and a going concern. At present, the Trust has determined there is no need for additional cash facilities or liquidity given the Trust's current balance sheet position and outlook.

Capital investment

Capital expenditure in the first six months of 2023 was carefully managed. Capital items approved included new gaming machines, hotel operating asset requirements, and a focus on the proper maintenance and overall upkeep of the Reef Hotel Casino complex building which is at a point in its life-cycle that requires essential maintenance work done.

At the Reef Hotel Casino

- **The good news is that revenues were up on last year** - through marketing, promotional and entertainment initiatives.
 - 1st half traditional low season.
 - 2022 – immediate post pandemic period.
- **Not so good was that costs were also up** – high inflation, wages growth post pandemic, electricity prices have increased sharply, essential maintenance due to the life cycle of the complex building, enhanced risk management requirements.
- **The challenge** - for management is to continue to grow revenues while using best endeavours to keep a lid on overall operating costs.

Key strategies

Adopting our long standing overall low risk appetite, the following key strategies underpinned and drove our overall performance of the complex in 1st half 2023. These were coupled with the proven success of our management strategy and philosophy under our "One Complex, One Team, One Success" mantra.

Casino operations

Electronic Gaming

Electronic gaming will remain our most important source of revenues. An appropriate and balanced package of promotion, marketing and entertainment programs will be aimed at our markets in Cairns, selected regional and domestic regions. Increasingly, as international tourists return some initiatives will be directed at this group.

Table Games

Similarly, we will aim our marketing efforts at local, regional and domestic markets (both main floor and premium) that have a higher chance of visiting Cairns.

Hotel operations

Rooms

Including tapping into the key Accor sales and marketing network in Australia which our hotel is part of, our Pullman hotel will market to local, regional, domestic markets and increasingly to international tourists.

Food and beverage

Our food and beverage offerings will also be targeted at local, regional and domestic patrons and all visitors to Cairns. We will be nimble as to the range of products and services that we will offer from time to time depending on the market conditions.

Chairman's review (continued)

Reef Hotel Casino Executive Director's Report (continued)

Key strategies (continued)

Entertainment complex

Our complex continues to offer an array of entertainment choices including live acts and shows, restaurants and bars and a sports arena.

Complex cost control

The Executive Leadership Team is committed to achieve the best possible outcome given the current trading conditions including high inflation by targeting initiatives to tightly manage operating costs.

Complex regulatory compliance, risk management

The Executive Leadership Team is also committed to the proper delivery of successful outcomes in overall compliance and risk management including the following areas :

- Casino regulatory compliance.
- Responsible serving of gaming and alcohol.
- Anti-money laundering and counter-terrorism financing.

A brief look at 2nd half 2023

The 2nd half year is the high season of Cairns and the region. July 2023 was yet another profitable month. So far in August trading is also good.

For the rest of the year, the management's goal is to put the Complex and the casino licence to productive use for the best possible outcome for the Trust.

- The trading environment and conditions remain generally challenging particularly with inflationary pressure on costs. However, international visitors are starting to return and cruise ship visits are increasing.
 - Key management initiatives include
 - Continuing driving the business
 - Offering appropriate products, services and operating capacity
 - Focussing on and prioritising revenue areas that matter most
 - Controlling and managing costs
 - Striking a good balance between staff numbers and overall costs
 - Carrying out essential life-cycle building maintenance
 - Continuing attention on legislative, risk and compliance matters
-

Chairman's review (continued)

CHAIRMAN'S SUMMARY AND OUTLOOK

Sum up of 1st half 2023

The Trust delivered another profit result and was comfortably able to continue to adhere to its policy of paying 100% of distributable profit*. The Trust balance sheet remains strong and healthy. Management and staff continued to achieve the best possible outcomes. The Trust Board also worked well together to deliver a good outcome so far in 2023.

A brief operational outlook for the Trust in 2nd half 2023

The Trust and the Operator of the Complex will continue to adopt a long standing overall low risk appetite.

The Trust's performance largely reflects the trading at the Reef Hotel Casino as the main source of income is the rentals paid by the Reef Hotel Casino complex in Cairns. July was another profitable month for the Trust. So far in August, the Trust is trading well.

On 23 August 2023 the operator of the Reef Hotel Casino reached agreement with the tenant of the Cairns Zoom and Wildlife Dome to surrender their lease to allow access to perform maintenance works. The agreement includes a commitment to pay \$900,000 to the tenant following the date of surrender which will impact Trust rental income for the 2nd half 2023.

Due to inflation, higher interest rates and global economic uncertainties, economic and trading conditions in Cairns and the region could be somewhat challenging amidst a degree of uncertainty. Increased oversight of regulatory matters requires close management monitoring and effort.

The cruise line market into Cairns has shown strong signs of recovery and many more visits by cruise ships are expected for the rest of year. Business events and conferences are showing strong forward bookings. The return of the international market into Australia is also recovering.

Trust expenditure and costs will remain under tight control and capital investment will be carefully managed. The Trust will work closely with the operator of the Complex to properly maintain the Complex building to retain its value.

In closing, I would like thank my fellow board directors and the management and staff of the Trust and the operator of the Reef Hotel Casino for their efforts and contributions during the 1st half 2023.

- b Complying with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the half year financial report* section of our report. We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the half year financial report of the current period. These matters were addressed in the context of our audit of the half year financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Our opinion on the half year financial report does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the half year financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the half year financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Auditor's responsibilities for the audit of the half year financial report

Our objectives are to obtain reasonable assurance about whether the half year financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this half year financial report.
