^% Performance per annum.

*Since inception returns calculated from November 1, 2018 (Global Equity Fund);

**Fund returns are calculated using the net asset value per unit at the start and end of the relevant period in AUD, net of management fees, and assuming all distributions are re-invested. Investors should be aware that past performance is not a reliable indicator of future performance. Returns can be volatile, reflecting rises and falls in the value of underlying investments.

***The benchmark for this Fund is the MSCI All Country World Index NR (MSCI AC World)

Past performance is not a reliable indicator of future performance.

Global Equity Fund performance is the performance of the unlisted class of units and may be a useful reference point for the never quoted class of units in the Fund. However, you should be aware that the quoted class of units in the Fund has limited performance history. The past performance for the unlisted class of units in the Global Equity Fund is NOT the past performance of the Quoted Managed Fund. **There is no guarantee that the investment objective will be realized or that the Fund will generate positive or excess return.**
