Chair's Report

Dear fellow Securityholder,

It has been a difficult 12 months for the economy, businesses, and families with inflation persisting, supply chain disruptions lingering, and interest rates at an 11-year high. The resulting market uncertainty has had far-reaching consequences, and the commercial property sector has been no exception. Real estate has experienced capitalisation rate expansion and declines in valuations, with further challenges expected in the year ahead.

Despite the tough operational environment, Cromwell has made progress on a number of key strategic initiatives that were outlined in our FY22 report. This is reflective of Cromwell's long-standing ability to adapt and manage complex market conditions.

PROGRESSING STRATEGIC INITIATIVES

During the financial year, Cromwell continued to simplify the business, going back to key core fund and property management practices. We continue to focus on protecting balance sheet strength through prudent capital management – maintaining good relationships with our diverse set of lenders – which shields us from single region economic impacts. Hedging has increased to 70%, with a new \$60 million collar commencing in March 2023, as well as two new caps for \$206.0 million starting in July 2023. The team also remains committed to active asset management, which has been Cromwell's strong suit for many years. The incremental upgrades, refurbishments, and additions identified through strong tenant relationships and market intel are what continue to set us aside from our peers – this is reflected in our positive leasing and rental reversion metrics for the year.

We have progressed our programme to sell non-core assets on and offshore, with \$505 million in assets sales having been completed since December 2021. We have also looked to grow our funds management platform

through the proposed \$1.1 billion transaction with the Australian Unity Diversified Property Fund.

The ongoing simplification of the Group has laid the foundations from which to grow the business. Management is well-positioned to identify value accretive opportunities to recycle capital, launch new products, and build on partnerships to grow the funds management platform. This will lead to long-term returns to securityholders.

DELIVERING FOR OUR PEOPLE

Our ability to unleash the immense potential of our people, remains our greatest asset. In 2022, we committed to delivering a number of cultural improvements and are pleased with the progress we have made to date, namely, the creation of a unified vision; the launch of our new values which were developed in consultation with our people; better work-life balance through our improved agile working framework; improved benefits such as better leave entitlements; benchmarked remuneration and maintaining pay parity; and opportunities for growth and development through our new talent framework, all of which resulted in an improved Employee Engagement Score.

We are proud to have promoted or expanded the responsibilities of 31 people across the Australian business this year, almost 20% of our local workforce. Cromwell continues to invest in strong leadership, as it is foundational to our future success and has the greatest impact on the engagement of our people. In May, we held our second annual Leadership Summit in Brisbane. The summit focused on providing our leaders with the tools to foster talent and promote individual growth, and to lead their teams in an ever-changing environment.

EMBRACING DIVERSITY, EQUITY AND INCLUSION

At Cromwell, we firmly believe that organisational diversity, where the composition of the workforce reflects that of the local population, brings the diversity of thought needed for innovation, effective decision making, great customer service and ultimately outstanding performance. We also believe that in order to harness that diversity, we need inclusion, where all employees are able to be themselves at work, and equity, where everyone is treated fairly.

This year, Cromwell became a member of Diversity Council Australia – the independent not-for-profit peak body leading diversity and inclusion in the workplace. We continue to collaborate with key voices on diversity and inclusion, both those within and outside our organisation, ensuring we are championing the principles of diversity, equity, and inclusion in the workplace.

Cromwell is also a proud member of the Property Council of Australia's Champions of Change Coalition, a globally recognised strategy for advancing gender equality and building respectful, inclusive workplaces. In December, we participated in the 16 days of Activism Against Gender-based Violence and we launched our Respect @ Cromwell framework – part of our ongoing strategic commitment to make the prevention, and early intervention, of sexual harassment a leadership priority.

Building on our achieved FY22 diversification objective of 40:40:20, we achieved a female representation of 37% at Board level, 45% at senior executive level and 50% at employee level in Australian business.

CONTRIBUTING TO OUR COMMUNITIES

Over the past year, we have been able to make significant contributions to more than a dozen charitable not-for-profit organisations and causes. These philanthropic activities are driven largely by our people, who share an innate enthusiasm for helping to improve the communities in which the Group operates.

We are particularly proud of the team banding together to nominate The Daniela Dwyer Foundation, headed by Cromwell's own Kevin Dwyer, as part of our annual Christmas Giving Programme. After losing their daughter Daniela to Glioblastoma (GBM) brain tumours in 2021, Kevin's family have started the Daniela Dwyer Foundation to help change the current approach to diagnoses and make early intervention easier to achieve. Overseas, our Italian team collected 150 kg of plastic and litter from Giardino Marcello Candia, a green space local to Nervesa21, our sustainable office redevelopment, in Milan, improving the space for the community and showcasing our commitment to investing in the local areas where we operate.

PROGRESSING SUSTAINABLE OUTCOMES

In December 2022, Cromwell announced one of the United Kingdom's leading sustainability experts, Lara Young, as our Head of Environmental, Social, and Governance (ESG).

Lara was named Young Person of the Year by the Construction Leadership Council (CLC) and Energy and Carbon Leader of the Year at the 2021 edie Awards – the United Kingdom's industry leading sustainability awards – and she is currently the Chair of the Carbon Champion Review Panel, which is convened by the Institution of Civil Engineers (ICE).

Lara's appointment to the position has helped steer Cromwell's ESG strategy in a way that will positively impact the business, its tenants and investors, and the planet.

In a significant milestone for the business, Cromwell transitioned to its first ever green loan in July, as part of our new Sustainable Finance Framework – developed in consultation with the Commonwealth Bank of Australia and French-based multinational financial services company Societe Generale.

The inaugural transaction under the new Sustainable Finance Framework involved transitioning the existing \$130 million bilateral loan with Commonwealth Bank of Australia – on the Cromwell Riverpark Trust – to a green loan certified by the Climate Bonds Initiative. The debt facility for the Cromwell Riverpark Trust has been extended for a further two years, with all other terms remaining the same.

More sustainability initiatives will be outlined in the ESG report, released later this year.

On behalf of the Cromwell Board, I would like to thank all securityholders for their support during the year. I extend gratitude to my fellow Directors and the leadership team for your dedication, and to all our people for their efforts, as together we continue our journey towards a capital light fund manager.

CEO's Report

FY23 Results Overview

Group investment and leasing activity remains robust, with valuation headwinds detracting from overall performance.

On Thursday 31 August 2023, Cromwell reported a statutory loss of \$443.8 million for the 2023 financial year driven by \$491.6 million in unrealised fair value adjustments to investment properties. FY23 operating profit of \$158.6 million, equivalent to 6.06 cents per security, was down 21.1% on last year, and distributions were 5.5 cents per security, representing a payout ratio of 90.8%.

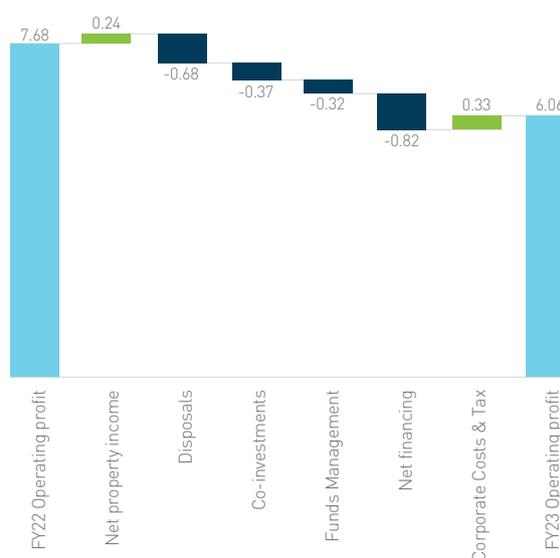

Rising interest rates impacted interest costs over the past financial year, which were up \$23.8 million, equating to a 43.8% increase on the prior financial year, while borrowings decreased by \$319.0 million, down 14.7% on last year, due to progress made on our debt repayment goal through asset sales.

Fund and asset management in Australia achieved earnings of \$28.8 million, down 24.0% on the prior financial year due to no transaction fees being received in 2023. In contrast, earnings from our European business were up 5.9% to \$12.5 million due to higher performance fees.

The Cromwell Polish Retail Fund received higher rents over the period, although this was more than offset by the increasing service charge costs in a high inflationary environment.

Operating profit (cents per unit)

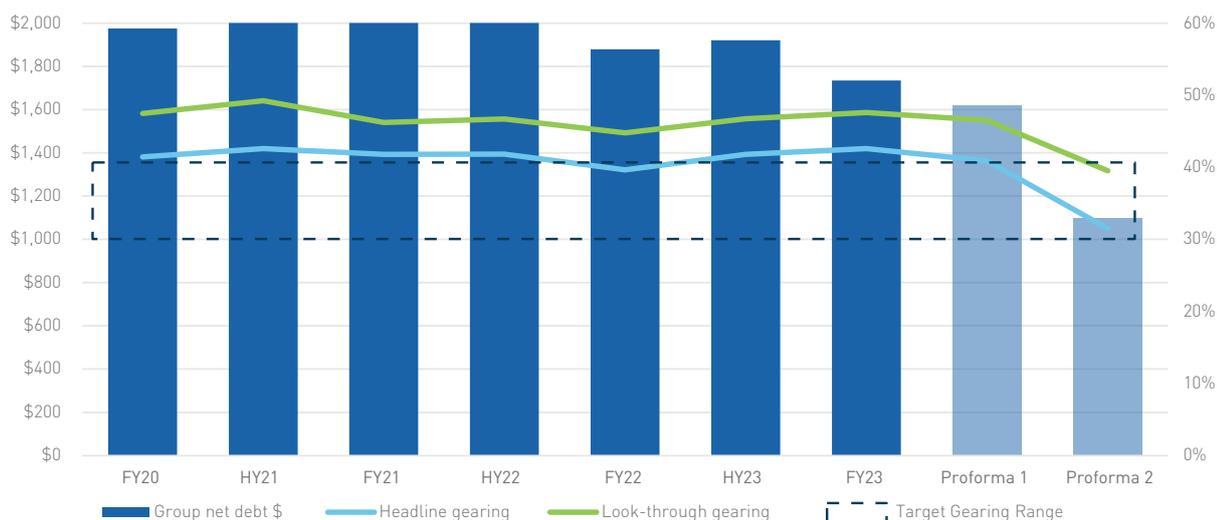

In Australia, our Investment Portfolio headline performance was down 6.7%. Excluding asset sales, the portfolio delivered like-for-like Net Operating Income growth of 3.9%. Corporate costs were down 10.2%, mainly due to lower insurance costs over the year.

We recognise the impact recent property revaluations have had on our NTA, which fell from \$1.04 to 84 cents. The total value of the Australian Investment Portfolio fell by 9.1%, driven by cap rate expansion. This decrease was consistent with other falls seen in the market.

Polish Portfolio

The total value of the Cromwell Polish Retail Fund portfolio fell by 21%. This portfolio consists of six wholly owned retail assets and a 50% joint venture of an Ursynów asset. The portfolio of six wholly owned assets is currently in exclusive due diligence.

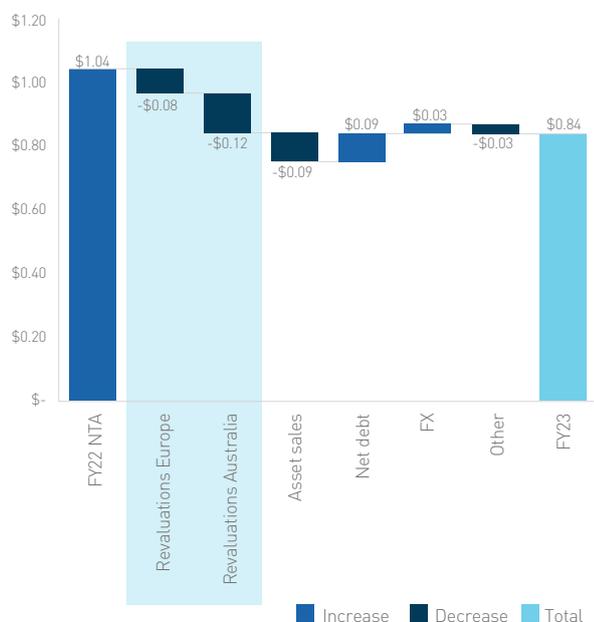

Debt reduction activities ongoing, despite valuation headwinds

Proforma 1 reflects the debt reduction upon the sale of Penrith and CIULF.

Proforma 2 reflects the impact of Proforma 1 and debt reduction upon the sale of CPRF and other assets in due diligence.

NTA

While external valuations had these six assets valued at a higher number, the Cromwell Board has adopted a carrying amount that is reflective of the indicative offer from the party in exclusive due diligence. The offer was for the entire six assets, along with a strong commitment from the purchaser for the bid price, and there are substantial strategic benefits to exiting the portfolio. While completion of this transaction is not certain, adopting the offer price as the carrying amount best reflects the application of the relevant accounting standards.

Capital Management

Capital management remains a priority – assets sales and retirement of debt will ensure we can bring our gearing in range and shore up the balance sheet for an uncertain operating environment over the next year.

Gearing at 42.6%, currently sits outside our target range of 30-40%, attributed to negative valuation impacts, felt globally. However, significant progress has been made to debt repayment, decreasing our net debt from \$1.88 billion at June 2022, to \$1.74 billion at June 2023 as we focus on prudent debt management.

Further assets sales are slated for the 2024 financial year, with assets in due diligence of more than \$560 million, of which proceeds will be applied to debt repayment in the first instance.

This includes the sale of 2 Station Street, Penrith, and the 50% sale of the Cromwell Italy Urban Logistics Fund portfolio, both occurring after 30 June 2023. Following these transactions we estimate gearing to be 40.9% and, upon the exit of Cromwell Polish Retail Fund at the current carrying amount, further debt reductions would bring gearing to well within our target range.

Simplification of debt continued through 2023 with the closing out of the Euro denominated convertible bond. We have a diversified lender profile, which will set us up well in the current climate, with a good split of exposure to Australian, Asian, and European lenders.

Near-term debt expiry in 2024 is attributed to the Cromwell Polish Retail Fund asset level debt and we are in advanced stages of renegotiation with three European lenders.

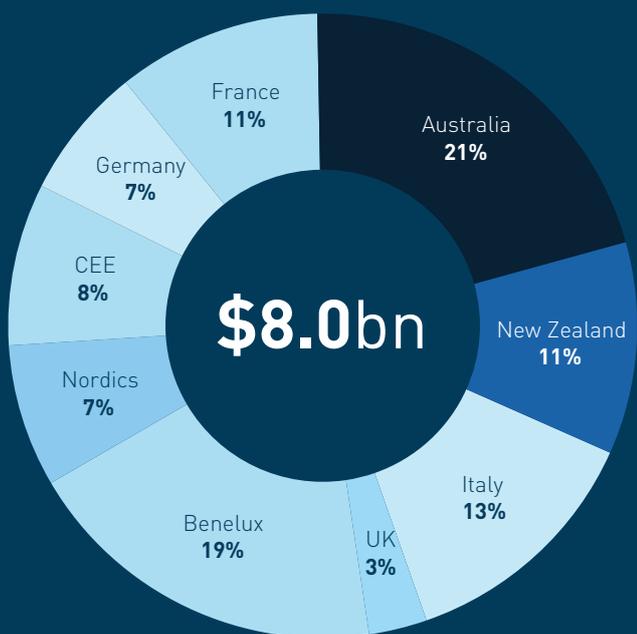

We maintain a comfortable buffer to covenants, noting that we negotiated the relaxation of Euro revolver ICR covenant down to two times to reflect the higher level of the Euribor three-month rate.

Cromwell is hedged to 70%, including new caps commencing July 2023. This level is appropriate given the potential future assets sales.

Our current average cost of debt is 3.9% including derivatives, up from June 2022 and in line with current global markets.

Fund and Asset Management

Platform growth continues across both retail and institutional markets globally

We have worked hard across our funds management platform, both onshore and offshore, to bring new opportunities to life over the 2023 financial year.

Our assets under management of \$8 billion represents \$2.5 billion in Australia and \$5.5 billion in Europe, with geographic split globally looking very healthy across top markets of Australia, Benelux, Italy, New Zealand, and France.

Europe

In Europe, we continue to deploy capital from non-discretionary mandates, having invested €560 million of just over €2 billion committed. These mandates vary across sectors and regions, with key focus on the Nordics, Germany, The Netherlands, and Italy.

€105 million in refurbishment and development projects are ongoing, with €80 million to start in coming months.

We have also announced Value Partners as a new joint venture partner, with the Hong Kong based asset manager having invested 50% into the Cromwell Italy Urban Logistics Fund, based on a portfolio asset value of €55.8 million - an approximate 9.4% increase on Cromwell's initial purchase price.

Australia

In Australia, the unlisted funds management platform continues to receive inflows, and our flagship fund, Cromwell Direct Property Fund, has announced a proposed transaction with the Australian Unity Diversified Property Fund to bring the two funds together under Cromwell management.

The transaction will create a \$1.1 billion fund, which will benefit from more diverse geographic and sector exposure, strong weighted average lease expiry and occupancy metrics as well as operational economies of scale. A vote will go to Australian Unity Diversified Property Fund unitholders and, if approved, implementation will occur towards the end of 2023 calendar year.

Leasing remains active in Cromwell Direct Property Fund, although no fees from transactions were booked during the financial year and we are managing increased redemptions carefully, in line with the fund's policy.

We announced our first green loan certified by the Climate Bonds initiative in Australia, transitioning an existing \$130 million bilateral loan for Cromwell Riverpark Trust during the financial year. Under the newly developed group Sustainable Finance Framework, we will further optimise the Group's borrowing practices and move closer to decarbonisation goals.

Our strategic co-investment in Cromwell Direct Property Fund remains valued at \$16.5 million, with a distribution of \$1.0 million, representing a yield of 6.05% over the financial year.

Similarly, we hold a 28% share in Cromwell European REIT (CEREIT), listed on the Singapore exchange, which is valued at \$589.7 million. We received distributions through the financial year of \$41.1 million and remain a committed long-term investor in this fund.

CEREIT continues to re-weight the portfolio toward logistics in Europe, having sold office assets of €131 million, and buying logistics assets of €15.8 million. CEREIT's performance remains robust, with net property income of €68.5 million, up 3.9% for the half year to June 2023 on a like-for-like basis, compared to the prior corresponding period. The debt profile remains strong, with approximately €500 million current headroom to the Monetary Authority of Singapore's mandated covenant limits.

The Cromwell Italy Urban Logistics Fund performed well over the financial year, 100% leased to DHL in northern Italy. Cromwell's operating profit for the financial year was \$3.5 million. The new joint venture with Value Partners commenced in July 2023, who took a 50% stake in the portfolio based on a portfolio asset value of €55.8 million.

Australian Investment Portfolio

Investment portfolio leasing is mitigating cap rate expansion

We have continued the simplification of the Australian Investment Portfolio, with \$86.4 million of non-core asset sales through the 2023 financial year, the proceeds of which have been prioritised to repay debt. A further \$45.3 million of sales are under contract and to complete in early FY24. Since the programme commenced in December 2021, we have sold just under \$300 million of Australian non-core assets at or above book value in aggregate.

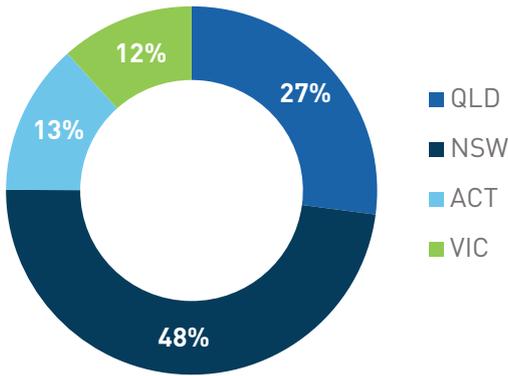

Valuations in the portfolio are down 9.1% to \$2.6 billion, these declines have been mitigated by the sale of lower quality assets, such as 200 Mary Street in Brisbane; TGA Complex in Symonston; the Village Cinema in Geelong; and the Regent Cinema Centre in Albury last financial year, as well as assets in non-core markets, such as 84 Crown Street in Wollongong and 117 Bull Street in Newcastle this financial year.

The weighted average capitalisation rate of the portfolio has increased over the year from 5.2% to 5.7%, which has been mitigated by leasing.

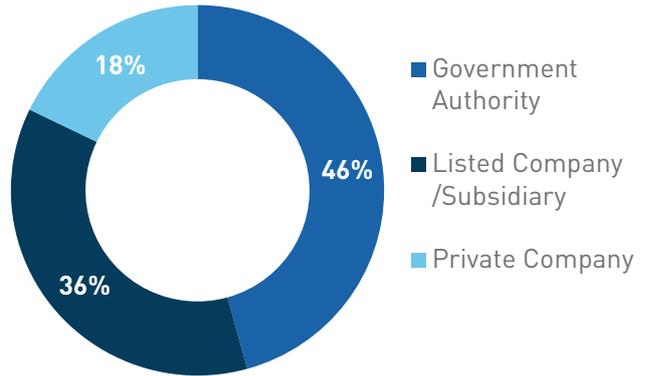

While valuation movements have been largely driven by increases in global interest rates and capitalisation rates, valuations have also been supported by tenant demand in the office market sector – in which we remain invested.

(1) Australian Portfolio, includes 50% ownership of 475 Victoria Ave, Chatswood and excludes 2 Station Street, Penrith.

Diversification by state (value)

Diversification by occupier (income)

Prudent investment in sustainability initiatives and asset repositioning has supported a strong leasing outcome, with approximately 18,500 square metres of space leased over the financial year and 8.4% rental reversion on new leases signed during the year. Like-for-like Net Operating Income, taking account of assets that have been sold, is also up a respectable 3.9%.

Active leasing has seen portfolio occupancy remain stable at 94.6% NLA on a like-for-like basis, and the portfolio WALE is 5.3 years at financial year end. The portfolio maintains a strong weighting of 46% by income to government tenants, and a further 19% to Qantas. This provides Cromwell with high income security at a time of falling market valuations.

Vacancy and near-term expiry are weighted towards markets demonstrating rental growth, and is concentrated in single floors and suites, where demand has been stronger.

A consistent theme this reporting season has been the relative strength in the A-Grade office market, particularly in Sydney. While larger occupiers have been contracting in response to the normalisation of hybrid working, smaller employers have been maintaining or increasing their footprint and upgrading the sustainability and quality of their premises as an employee attraction and retention tool.

Supply of A-Grade space has also been more moderate than in Premium Grade – Sydney CBD A-Grade total stock only increased by 0.3% over the year to June, whereas Premium stock increased by 4.7%. The combination of

muted supply and supportive tenant demand has seen the National A-Grade vacancy rate fall over the year from 15.6% to 14.1%.

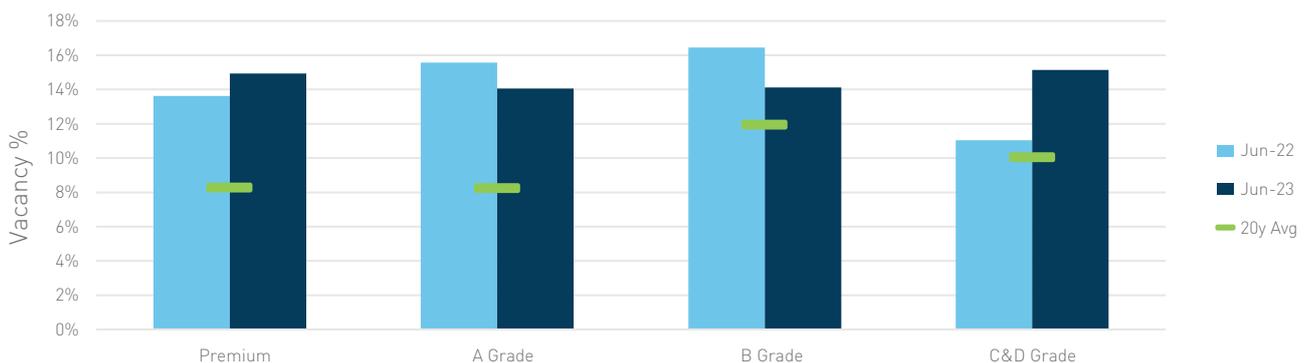

In Sydney, we have some vacancy at 207 Kent Street and in 475 Victoria Avenue in Chatswood. 207 Kent Street has had strong demand and continues to see good enquiry, with tenants relocating to the building from elsewhere in the CBD, but also from suburbs like Rhodes and North Sydney. Kent Street is a great example of our A-Grade market strength – it’s affordable for a wide range of tenants, has good floor plate sizes with a central core which subdivides well, and it has excellent in-house and nearby amenity and transport links.

475 Victoria Avenue is about to complete a significant repositioning, including façade, end-of-trip facilities, ground plane and lobby refresh, and we are already seeing this translate into leasing outcomes.

Looking forward, capital expenditure will continue to be prudently applied, with a focus on ESG initiatives such as the full electrification of the McKell Building in Sydney, de-commissioning of the co-gen plant at HQ North in Brisbane, and installation of solar plants where rooftop space allows.

Our commitment to improving the sustainability of our portfolio includes a cognisance of the embodied carbon in our assets and the emissions involved in dealing with waste streams, and we are advancing practical decarbonisation plans for all our assets. This will also have the benefit of bringing us closer to our tenants as we work to reduce whole of building emissions.

National CBD Vacancy Rate

Outlook

Cromwell's long-term strategic objectives remain unchanged. Debt reduction remains key, as we continue our goal to bring gearing within our target range, a goal which we believe is achievable upon the completion of remaining asset sales in FY24.

We will position our fund management platform for growth with well-considered deployment of capital through partnerships and acquisitions where it makes sense to do so, using prudent capital-recycling opportunities as they become available.

Our commitment to becoming a capital light fund manager remains, although the pace of this transition will be hampered by current market conditions.

Lastly, and very importantly, we remain committed to Group ESG improvements, with our commitment to a decarbonisation strategy released during the financial year. Specifically, we are targeting net zero where Cromwell has operational control for 2035 and entire portfolio scope 1, 2 and 3 emissions net zero for 2045.

Moving into the 2024 financial year, we will focus on the execution of a proposed transaction with the Australian Unity Diversified Property Fund, and continue to develop products for our mandate investors in Europe and local retail investors.

Our investment portfolio assets continue to perform well, with active leasing and value driven through upgrades and repositioning – this will remain a key focus for the Australian team during a more difficult operating climate.

Cromwell will continue its current practice of not providing annual guidance. Given the uncertainty around the progress of asset sales and need to protect balance sheet liquidity, the Board will adopt a conservative distribution policy throughout the year unless circumstances change.

A distribution of 0.83 cents per security is expected to be paid for the September 2023 quarter.

I would like to thank my fellow Board members for their support over the last 12 months and also acknowledge Cromwell's employees for their dedication and hard work.

Yours sincerely,

Jonathan Callaghan

Directors' Report

The Directors of Cromwell Corporation Limited and Cromwell Property Securities Limited as responsible entity for the Cromwell Diversified Property Trust (collectively referred to as "the Directors") present their report together with the consolidated financial statements for the year ended 30 June 2023 for both:

- the Cromwell Property Group ("Cromwell") consisting of Cromwell Corporation Limited ("the Company") and its controlled entities and the Cromwell Diversified Property Trust ("the CDPT") and its controlled entities; and
- the CDPT and its controlled entities ("the Trust").

The shares of the Company and units of the CDPT are combined and issued as stapled securities in Cromwell. The shares of the Company and units of CDPT cannot be traded separately and can only be traded as stapled securities.

In order to comply with the provisions of the *Corporations Act 2001* (Cth), the Directors Report follows.

Principal activities

The principal activities of Cromwell and the Trust, which did not change significantly through the year, are summarised below:

Fund and asset management	Fund management represents activities in relation to the establishment and management of external funds for institutional and retail investors. Asset management includes property and facility management, leasing and project management and development related activities. These activities are carried out by Cromwell itself and by associates and contributes related fee revenues or the relevant share of profit of each investee to consolidated results.
Co-investments	This activity includes Cromwell's investments in assets warehoused while being repositioned for deployment into the fund and asset management business and assets it may not fully own or over which it cannot exercise unilateral control. This includes interests in investment property portfolios in Poland (CPRF) and Italy (CIULF), the Cromwell European Real Estate Investment Trust (CEREIT), and other investment vehicles. This activity contributes net rental income and the relevant share of profit of each investee to consolidated results.
Investment portfolio	This involves the ownership of investment properties located in Australia. These properties are held for long term investment purposes and primarily contribute net rental income and associated cash flows to results.

STATUTORY (LOSS) / PROFIT

Cromwell recorded a statutory loss after tax of \$443.8 million for the year ended 30 June 2023 (2022: statutory profit \$263.2 million). The Trust recorded a statutory loss after tax of \$438.7 million for the year ended 30 June 2023 (2022: statutory profit of \$274.9 million).

OPERATING PROFIT

Statutory loss or profit includes a number of items which are non-cash in nature or occur infrequently and/or relate to realised or unrealised changes in the values of assets and liabilities and in the opinion of the Directors should be adjusted for in order to allow securityholders to gain a better understanding of Cromwell's operating profit. Operating profit is considered by the Directors to reflect the underlying earnings of Cromwell. It is a key metric taken into account in determining distributions. Operating profit is not a measure which is calculated in accordance with International Financial Reporting Standards ("IFRS") and has not been reviewed by Cromwell's auditor. There has been no significant change to the methodology of the calculation of operating profit since Cromwell stapled in 2007 other than the inclusion of items, such as foreign currency, which are associated with the ongoing growth of the business.

Cromwell recorded an operating profit of \$158.6 million for the year ended 30 June 2023 compared with \$201.0 million for the previous year.

A reconciliation of operating profit, as assessed by the Directors, to statutory (loss) / profit after tax is as follows:

	Cromwell

(2) These expenses include but are not limited to:

- Amortisation of loan transaction costs.
- Amortisation of intangible assets and depreciation of property, plant and equipment.
- Other transaction costs.

Operating profit per security for the year was 6.06 cents (2022: 7.68 cents). This represents a decrease of approximately 21.1% over the prior year. Operating profit is analysed within each segment in the following section.

ANALYSIS OF SEGMENT PERFORMANCE

The contribution to operating profit of each of the 3 segments of Cromwell and the reconciliation to total operating profit is set out in the upcoming sections.

Retail fund management

A breakdown of retail fund management results is below:

	2023	2022
	\$M	\$M
Recurring fee income	9.8	9.0
Transactional fee income	-	5.4
Performance fee income	-	5.2
Total fee and other revenue	9.8	19.6
Costs attributable	4.1	6.2
Operating profit	5.7	13.4

Retail funds management profit decreased from \$13.4 million in the prior year to \$5.7 million for the year. Cromwell earned no transactional or performance fee income in the current year. This was driven by the increase in official interest rates, a reduction in investment property asset values and the price dislocation between the listed and unlisted property funds. The flow on impact has been an overall reduction in net capital inflows into Cromwell's funds which are currently open for investment. The Cromwell Direct Property Fund, Cromwell's main open fund, received net capital inflows for the current year of \$15.6 million versus net capital inflows of \$88.6 million for the prior year. As a result of all these economic conditions and Cromwell's continued focus on careful asset selection, the fund made no property acquisitions during the year.

Total assets under management at 30 June 2023 was \$1.4 billion (June 2022: \$1.5 billion).

Cromwell remains committed to investing in increasing the scale and diversification of its retail funds management business, which it believes is highly complementary to its property and facilities management activities.

Wholesale fund management

A breakdown of wholesale fund management results is below:

	2023	2022
	\$M	\$M
Recurring fee income	0.7	1.0
Development income	-	-
Total fee and other revenue	0.7	1.0
Operating profit	0.7	1.0

During the year wholesale funds management activities related to the management of the Northpoint tower and the project at 475 Victoria Avenue, Chatswood NSW. Operating profit fell to \$0.7 million (2022: \$1.0 million) following Cromwell no longer undertaking any management activities at the Northpoint tower as of the end of December 2022.

Property management

A breakdown of property management results is below:

	2023	2022
	\$M	\$M
Recurring fee income	12.2	13.5
Costs attributable	9.3	10.3
Operating profit	2.9	3.2

Property management profit decreased to \$2.9 million (2022: \$3.2 million) as a result of a decrease in leasing commissions received along with a decrease in employee benefits expense.

EUROPE

A breakdown of European fund management results is below:

	2023	2022
	\$M	\$M
Fee and revenue		
Recurring fee income	59.6	53.9
Development income	2.1	2.3
Performance fee income	10.5	2.0
Transactional fee income	3.6	5.4
Total fee and other revenue	75.8	63.6
Costs attributable		
Employee benefits expense:		
Performance fee-related	2.3	1.2
Other	47.7	45.8
Other operational costs	14.5	12.5
Total costs attributable	64.5	59.5
Operating profit	11.3	4.1

The business generated an operating profit of \$11.3 million (2022: \$4.1 million) for the year. This was the result of a combination of higher recurring fee income and higher performance fee income.

At 30 June 2023 the European fund management business had €3.9 billion (\$6.2 billion) assets under management (2022: €3.9 billion (\$5.9 billion)). The business has three major non-discretionary mandates with a combined potential investment capacity of €1.9 billion. Details are outlined below.

Nordics mandate

- Investment capacity of €300 million
- Investing in logistics and light industrial assets across Sweden, Denmark and Finland
- 5 acquisitions (incorporating 8 assets) were completed in the year totalling €49.5 million
- Remaining investment capacity of €232.5 million

German mandate

- Investment capacity of €625 million
- Investing in logistics assets across Germany
- Mandate signed in December 2022 with a portfolio of 6 assets for just over €90.5 million acquired in Hamburg
- Remaining investment capacity of €534.5 million

Pan-European mandate

- Investment capacity of €1.0 billion
- Investing in logistics assets across Europe with a focus on the United Kingdom, Netherlands, Germany, France and Italy
- Assets acquired in the current year include one asset in the United Kingdom for €50.2 million and one €90 million asset in the Netherlands
- A further United Kingdom portfolio of assets was acquired in July 2023 for €109.8 million with further acquisitions of €75 million signed and due to complete in October 2023
- Remaining investment capacity (inclusive of post balance date acquisitions completed and due to complete) of €607.5 million

CEREIT continued to reposition its portfolio during the year and was a net seller of assets, disposing of €131.8 million and acquiring €15.8 million.

JOINT VENTURES

LDK

In October 2022, Cromwell sold its 50% interest in LDK to Anglican Community Services for \$20.0 million versus a carrying amount of \$12.0 million. The gain on disposal of Cromwell's 50% interest reflected the future development profit from stage two of the site at Tuggeranong and has been included in operating profit for the year.

The development loans provided to LDK remained in place until repayment March 2023 and continued to attract interest up until that date.

During the year Cromwell and the Trust recorded \$11.5 million (2022: \$16.2 million) finance income in respect of development-related loans made to LDK. The loans were utilised by LDK to construct the village at Greenway and acquire the Landings retirement village.

Phoenix – Australia

Phoenix Portfolios Pty Ltd experienced a similar decrease in activity during the year as the rest of Cromwell's Australian funds management platform.

Cromwell recognised a share of operating profit of \$0.4 million for the year (2022: \$1.0 million).

Oyster – New Zealand

Oyster Property Group's assets under management decreased to NZD\$1.9 billion at year end (2022: NZD\$2.1 billion). Cromwell recognised a share of operating loss of \$0.1 million for the year (2022: share of profit of \$3.0 million).

CPRF

The 100% owned Cromwell Polish Retail Fund (CPRF) portfolio consists of six retail centre assets of varying sizes as well as a seventh shopping centre asset held jointly with Unibail Rodamco Westfield (URW). The assets are located throughout Poland.

The performance of the retail assets has continued its post-pandemic recovery despite a difficult economic environment with inflation remaining high at 11.5% although down from its peak of 17% and 11 consecutive rises of domestic interest rates in Poland, both negatively affecting retail spending. The footfall for the assets improved by 2% compared with the 2022 financial year but still remains 5.7% below pre-pandemic levels. Turnover in the centres increased by 11.6% compared with the prior year and is now 38.3% above pre-pandemic levels. Janki, the portfolio's largest asset in Warsaw, performed particularly well with an increase in footfall of 8.3% and an increase in turnover of 17.1% compared with the prior year.

The war in neighbouring Ukraine is impacting the portfolio mainly through significantly higher electricity and gas costs along with the sanctioning of a Russian owned tenant that was present in five of the centres (including the joint venture asset) which ceased trading following the sanctions.

The negative impact of higher costs as a result of elevated inflation in general and higher electricity and gas costs in particular was partly offset by the fact that the vast majority of the portfolio's leases are linked to CPI increasing at 1 January each year. The average rent increase for shopping centre tenants at 1 January 2023 was 10.1% and 8.3% for anchor hypermarket tenants. The 7,579 sqm of lettable area that was previously occupied by the Russian owned tenant sanctioned in April 2022 has now all been leased again, except for the space at the Ursynów joint venture asset, at an average lease term of 6.3 years at similar rent levels. Notwithstanding these positive outcomes, overall net operating income from the portfolio decreased by 7.9% compared with 2022 financial year, largely driven by cost increases.

During the year a total of 6,714 sqm was renewed and 5,313 sqm was re-let, including 1,001 sqm of previously vacant space. Overall occupancy has increased to 92.7% (2022: 90.6%) with a weighted average lease expiry (WALE) of 3.5 years (2022: 4.1 years).

In August 2022, following delays resulting from COVID-19 and Russia's invasion of Ukraine, and pursuant to Cromwell's strategic objectives to become a capital light fund manager and in order to repatriate capital to Australia to reduce Cromwell's gearing, the decision was made to formally market the wholly owned assets (the Poland Retail Portfolio). An extensive on-market sale process has been undertaken over the past 11 months resulting in Cromwell receiving a number of non-binding indicative offers on the Poland Retail Portfolio, as well as various combinations of offers for the underlying assets. In late June 2023, while the highest offer was below the level of the latest independent valuations, it was determined that given the extent of the process that had been conducted in conjunction with the substantial strategic benefits to exiting the Poland Retail Portfolio, the exclusive right to carry out due diligence would be granted to an independent third party. The non-binding offer received was in relation to the acquisition of the 6 wholly owned investment properties comprising the Poland Retail Portfolio (excluding the jointly held asset) with the indicative price of \$508.1 million, representing a 21.9% reduction compared with the 30 June 2023 independent external valuations. The independent valuers determined the valuation of the individual properties, for independent valuation purposes, at a total of \$650.9 million. As a result of the strategic decision, and having considered the relevant requirements of the Accounting Standards in determining market value for accounting purposes, the Board has adopted the non-binding offer price as the carrying amount for accounting purposes at 30 June 2023, rather than the value determined by the independent external valuations.

CIULF

The Cromwell Italy Urban Logistics Fund (CIULF) portfolio contains seven logistics assets in Italy. The portfolio is fully let to and occupied by one tenant, global logistics company DHL with a WALE of 7.8 years (2022: 8.8 years). As announced, in July 2023, subsequent to balance date, Cromwell successfully entered into a joint venture with Value Partners to share ownership of the assets. The assets and liabilities (including all borrowings) of the fund are carried as held for sale at 30 June 2023. The investment properties were held at \$91.5 million (2022: \$91.1 million) which reflects their value based on the sale of the 50% stake to Value Partners.

CEREIT

Cromwell continues to manage and sponsor CEREIT, a SGX-listed real estate investment trust. At 30 June 2023 Cromwell owned 27.8% of CEREIT (2022: 27.8%), while CEREIT itself had 112 properties with a fair value of €2.3 billion (2022: 116 properties with a fair value of €2.6 billion) located across Europe. CEREIT's property and tenant portfolios have been relatively unimpacted by COVID-19. Occupancy has remained steady at 95.4% (2022: 95.4%) and the COVID-19 pandemic has had a minimal impact on tenant collections. External valuations as at 30 June 2023 were conducted for 111 properties representing approximately 99% of CEREIT's portfolio by value resulting in net fair value losses of €56.1 million (June 2022: external valuations were conducted for 113 properties representing approximately 97% of CEREIT's portfolio by value resulting in net fair value gains of €11.2 million).

During the year Cromwell recognised its share of operating profit of \$39.7 million (June 2022: \$41.9 million) and received \$41.1 million in distributions (June 2022: \$34.5 million).

This investment had been primarily financed utilising the issue of Euro-denominated convertible bonds, applicable finance costs for the year being \$0.4 million (June 2022: \$8.8 million) following the final repayment of the bond early in 2023.

OTHER INVESTMENTS

Cromwell currently has co-investments in Australian and European real estate investment mandates which are accounted for as investments at fair value through profit or loss. Cromwell receives distributions from these co-investments which also support the funds management business.

Investment portfolio

Cromwell continues to be dedicated to driving the performance of the property portfolio through leasing and asset management initiatives while also remaining focused on its strategy to simplify the Group structure by disposing of non-core assets and moving the Group to be a capital light real estate fund manager. Following the disposal of four non-core investment properties for total proceeds of \$167.5 million during the second half of the prior financial year, Cromwell further disposed of two non-core investment properties at 84 Crown Street, Wollongong, NSW for \$53.0 million and 117 Bull Street, Newcastle, NSW for \$33.4 million. Subsequent to the end of the financial year Cromwell signed a contract for the sale of a further non-core asset, 2-6 Station Street, Penrith, NSW for \$45.3 million. All proceeds were used to repay debt.

Weighted average lease expiry (years)	5.3	5.9

Net operating income from the investment portfolio decreased by 6.3% compared prior year largely because of the disposal of non-core investment properties both during the 2023 and 2022 financial years. On a like-for-like basis, net operating income increased by 3.9% with weighted average rent increases as a result of annual rent increases or rent reviews of 8.4%.

Leasing highlights for the period include:

- 3,543 sqm leased at Cromwell's Sydney CBD asset 207 Kent Street, including 1,244 sqm to Australia Post, 1,031 sqm to Judo Bank and 1,031 sqm to Hewlett Packard as well as renewal of 1,022 sqm leased to Betchoice Corporation;
- 3,117 sqm at Cromwell's Brisbane CBD asset 400 George Street, including 2,273 sqm to the Queensland government as well as renewal of 1,458 sqm with Microsoft;
- 1,348 sqm at 243 Northbourne Avenue in the ACT, including 413 sqm to Animal Health Australia; and
- Lease renewals of 432 sqm with Lendlease and 798 sqm with Bureau of Meteorology at 700 Collins Street, Melbourne.

The value of the properties in Cromwell's investment portfolio decreased on a like-for-like basis by \$248.1 million or 8.8% as a result of an expansion of capitalisation rates, on a weighted average basis, by 56 basis points from 5.16% to 5.72%. All states in which Cromwell's investment properties are located were equally affected by the general expansion of capitalisation rates that reflect the demand for higher returns by investors following the recent rise in interest rates.

Major individual valuation movements included decreases in fair value of 400 George St in QLD by \$62.0 million (11.4%), 700 Collins St in Victoria by \$52.9 million (15.0%), 203 Coward St in NSW by \$40.0 million (7.1%) all due to an expansion in capitalisation rates of between 50 and 62.5 basis points.

Capital management

As at 30 June 2023 Cromwell's gearing was at 42.6% compared with the 30 June 2022 gearing level of 39.6%. The increase followed the fair value decrease of investment properties in Cromwell's Australian investment portfolio by 8.8% and in Cromwell's CPRF co-investment portfolio by 24.1%. Gearing levels currently sit slightly outside Cromwell's stated target range of 30% - 40% through the cycle. Cromwell currently has the investment property located at 2-6 Station Street, Penrith, NSW contracted for sale and has a buyer for the CPRF assets in exclusive due diligence.

While total borrowings decreased during the year by \$319 million (14.7%), interest expense in relation to borrowings for the year increased to \$77.2 million (2022: \$53.2 million). The increase in interest expense is due to the significant and sharp rise in interest rates set by the various central banks with the biggest impact being from the rapid increase in the EURIBOR rate. The average interest rate for the current year increased to 3.90% compared with 2.31% for the prior year.

The net fair value loss in relation to derivative financial instruments of \$4.7 million (2022: gain of \$55.4 million) primarily arose as a result of the revaluation of interest rate swap and cap contracts, which resulted in the recognition of a net loss of \$4.7 million for the year (2022: net gain of \$50.2 million) in respect of these instruments. The remaining part of the fair value movement in the prior year for derivative financial instruments related to the conversion feature in the convertible bond. The convertible bond was repaid in September 2022. Cromwell has hedged future interest rates through various types of interest rate derivatives (predominately interest rate caps) with 70% of borrowings at year end hedged (including forward start derivatives) or fixed to minimise the risk of changes in interest rates in the future (2022: 51%). During the year Cromwell entered into \$369 million of new interest rate hedges via three forward starting interest rate caps, each with a notional amount of \$103 million and one interest rate collar with a notional amount of \$60 million. The premium paid was \$5.0 million. Two of the three \$103 million interest rate caps commence in July 2023 and mature in July 2025. The remaining \$103 million interest rate cap commenced in December 2022 and matures in July 2024. The interest rate collar commenced in March 2023 and matures in March 2025. Weighted average hedge term at 30 June 2023 was 1.7 years (2022: 2.1 years).

DEBT

Cromwell's debt platform is underpinned by its bilateral facilities secured against selected assets of Cromwell's Australian investment portfolio. The facilities continue to have headroom to cover further falls in property valuations should they arise or any further increases in variable interest rates.

Cromwell continues to fund its co-investments in CPRF and CIULF via a Euro revolving credit facility. The facility continues to have headroom to cover further falls in asset values should they arise or any further increases in variable interest rates.

All other loan facilities are asset level financing with no reference to group level gearing.

Other debt highlights during the year include:

- Complete repayment of \$205.0 million Euro denominated convertible bonds;
- Extension of \$200 million of debt within Cromwell's bilateral facilities for a further three years from June 2024 to June 2027;
- Extension of €215.0 million (\$338.2 million) of Cromwell's Euro denominated revolving facility by one year to September 2024;
- Relaxation of the Euro denominated revolving facilities ICR covenant to reflect the higher level of the EURIBOR 3 month rate plus a reduction of the facility limit from €215 million to €175 million; and
- Refinance of the €66m Janki loan (one of the Polish asset facilities) for a further two years.

Part of the asset level debt which finances the CPRF portfolio (totalling €83m) matures in January 2024. Cromwell is currently in advanced stages of renegotiating this facility with a consortium of 3 European banks.

These extensions of debt facilities evidence the continued confidence of debt providers in Cromwell's business and the quality of Cromwell's investment property portfolio.

LIQUIDITY

As at 30 June 2023 Cromwell had \$113.9 million of cash (2022: \$286.0 million) and undrawn bank facilities totalling \$173.6 million (2022: \$360.9 million).

EQUITY

No additional stapled securities were issued during the year. Securities required to meet the exercise of employee performance rights are now acquired on market.

Net tangible assets (NTA) per security has decreased during the year from \$1.04 to \$0.84, primarily as a result of an overall decrease in property valuations.

Strategy

Cromwell remains committed to its long-term stability and growth objectives:

- Ongoing growth of fund management platforms through the launch of new products in retail markets, as well as partnerships and mandates;
- Continued focus on resilience and strength of the Investment Portfolio through active management and leasing initiatives;
- Reducing gearing to within target range;
- Measured approach to capital recycling as opportunities present;
- Long term commitment to ESG with the implementation of scope 1-3 emissions inventory and modelling reduction pathways; and
- Transition to a capital light fund management model remains a priority, when capital markets are more conducive.

Outlook

Cromwell faces an economic environment of high floating interest rates, challenging property markets, subdued transactional volumes in fund management markets and the need to reduce gearing to within its target range. This has meant a continuation of the prudent approach to distribution payments.

A distribution of 0.83 cents per security is expected to be paid for the September 2023 quarter.

Risks

Cromwell has an enterprise-wide risk management framework which provides a comprehensive approach to identifying, assessing and managing risk aligned with AS/NZS ISO 31000:2018. The framework ensures appropriate oversight of risk and includes policies and processes reflecting an integrated risk management approach and recognises that everyone at Cromwell has a role to play in effectively managing risk.

Cromwell actively identifies and manages the risks that may impact its operations, strategy and outlook, and considers megatrends and external insights to respond to emerging areas of risk. The Board is ultimately accountable for risk management and is supported in its ongoing oversight by separate committees to review and assess key risks and ensure they are managed appropriately. The Investment Committee is responsible for overseeing and reviewing all major transactions including investment in and divestment of assets. The Audit and Risk Committee is responsible for overseeing and reviewing the effectiveness of Cromwell's risk management framework in responding to the various exposures to risk Cromwell has in the course of its business. Effective 1 July 2022, the Audit and Risk Committee was reconstituted as an Audit Committee and as an Environmental-Social-Governance (ESG) and Risk Committee.

Cromwell's key risks and the core controls and mitigants to assist in managing them are described below:

Climate-related financial disclosure

Cromwell acknowledges the impacts of climate change in Cromwell's upstream and downstream value chain, as well as on the environment, business and society at large. Cromwell supports the decarbonisation of the industry, and the goals of the 2015 Paris Agreement to global warming well below 2°C above pre-industrial levels, with efforts to limit global temperature increase to 1.5°C above pre-industrial levels.

Cromwell's ESG vision is to elevate real estate investment, empower its people and deliver a resilient future for its investors, tenants, communities, and planet. Ambitious net zero emissions targets were set as part of Cromwell's new ESG Strategy in 2022. These include:

- 100% renewable electricity by 2030;
- Net zero emission from assets under operational control by 2035;
- Net zero Scope 1, 2 and 3 emissions, including tenants' emissions and embodied carbon, by 2045.

The TCFD recommendations provide a consistent reporting framework to enable financiers, investors, insurers and other stakeholders to understand an organisation's material climate related risks and the financial implications and the approach undertaken to manage them. Cromwell strives to better understand and disclose the potential risks and opportunities arising from climate change and a transition to a low-carbon economy and continues to improve its alignment with the Task Force on Climate-related Financial Disclosure (TCFD) recommendations and all future International Sustainability Standards Board (ISSB) requirements.

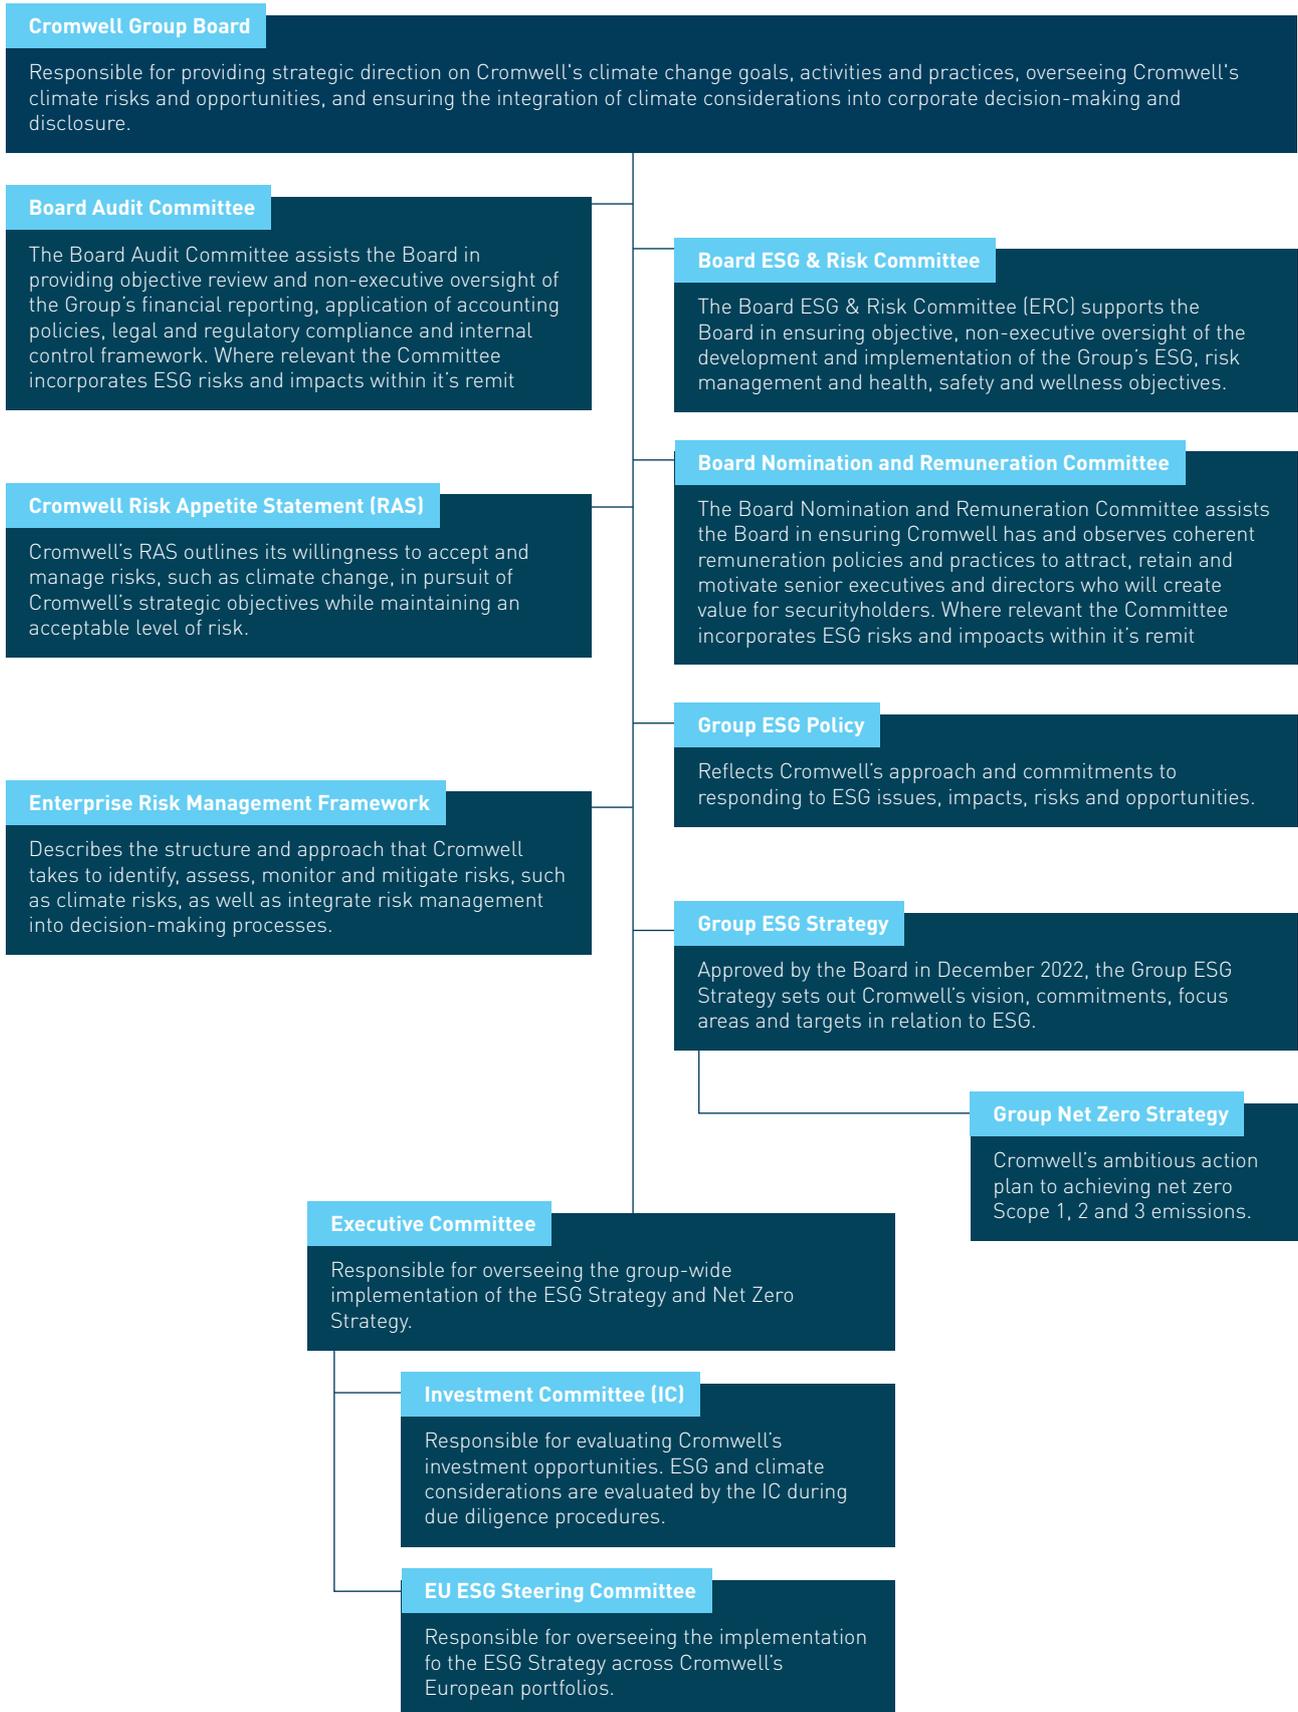

GOVERNANCE

Cromwell has formalised its governance structure and mechanisms relating to climate risk, with the Cromwell Group Board and its ESG & Risk Committee (ERC) overseeing Cromwell's climate-related strategy, activities and ambition. The ERC is responsible for monitoring the effectiveness of the Group's ESG and Net Zero Strategies, and advising the Board on the progress and the actions undertaken on TCFD and net zero workstreams, as well as broader ESG and corporate risk management. Both the Board and ERC meet quarterly at a minimum to receive reports, updates and presentations on risks and sustainability measures across the business including reports on climate change activities and impacts.

The Board and ERC delegate responsibility of management of climate risks, opportunities and impacts through the Executive Committee, the Investment Committee, the EU ESG Steering Committee and regional ESG teams. In FY23, the EU ESG Steering Committee conducted deep dives on environmental data integration and management through the ESG data software system (Deepki) rollout, and on ESG and climate-related training across the EU business. The Executive Committee and key management personnel are incentivised to successfully implement the ESG Strategy and achieve Cromwell's climate-related targets. Further climate-related responsibilities that extend throughout the organisation are shown in the table below.

Cromwell's climate-related governance structure is shown on the following page.

Cromwell's climate-related governance structure

Department	Responsibility
ESG	The ESG teams are responsible for conveying advice to the EMT, ERC and Board, delivering on the ESG Strategy and the Net Zero Strategy, reporting on progress against targets and preparing annual corporate ESG and climate disclosures, such as the ESG Report, CDP, DJSI, GRESB, Climate Active and SFDR responses and TCFD Statements. The Group Head of ESG is a member of the Group EMT and a permanent voting member of the EU Investment Committee.
Investment Management	<p>Product development and Fund management teams are responsible for integrating climate change consideration and impacts into the product strategies they develop and subsequently manage.</p> <p>Transactions teams, led respectively by the Chief Investment Officer in Australia and Head of Investment Management across Europe, are responsible for preparing briefing papers including detailed technical, financial and legal reviews on proposed acquisitions and divestments. The Investment Committee or the Board (where applicable) has oversight and approval of asset acquisitions and disposals, including consideration of climate change risk throughout the due diligence process.</p>
Legal, Company Secretarial, Risk and Compliance	Cromwell's Legal, Company Secretary, Risk and Compliance teams all have responsibility for maintaining Cromwell's oversight on emerging risks and regulation. Risk and Compliance teams are responsible for developing and maintaining the Group Risk Appetite Statement, Enterprise Risk Management (ERM) Framework and ERM Policy, which includes a process for identifying, owning, managing and tracking risks, including the strategic risk, "ESG integration" which considers the impact of climate change and weather phenomena.
Property & Facilities Management	Facilities managers across all regions are responsible for maintaining active Building Continuity Plans and conducting regular reviews of climate adaptability and stranding risk. Facility managers support the ongoing management of energy, emissions, water and waste data capture and reporting.
Property Operations & Asset management	Property Operations and Asset management teams ensure that activities with Cromwell's properties, suppliers and tenants remain in line with the ESG Strategy. This includes achieving the ESG Strategy and decarbonisation approach at the individual property level and reporting on progress internally, and supporting engagement with tenants and suppliers in ESG, decarbonisation and climate-related activities and contracting.
Finance	Cromwell's Finance team oversees the development of Cromwell's climate-related financial disclosures. The Treasury function leads Cromwell's green financing initiatives which support Cromwell in attaining and maintaining high energy and climate performance of its assets.
Marketing	Marketing teams support the ESG teams in communicating Cromwell's decarbonisation progress and broader ESG activities to Cromwell's internal and external stakeholders.
People and Culture	P&C are engaged in supporting management and leadership at Cromwell in developing and achieving Objective and Key Results (OKRs) related to climate change and ESG and aligning Executive incentives to the achievement of Cromwell's ESG Strategy and climate objectives. They also stay actively involved in discussions on intersections between diversity, equity, inclusion and reconciliation with climate change.
Research and Investment strategy	Research teams are engaged in supporting management and leadership at Cromwell by integrating climate change considerations and impacts into the Group's researching strategy and function. They also stay actively involved in discussions on intersections between research, investment, and climate change.
Development	Development teams ensure that development activities remain in line with the Group ESG Strategy. They also stay actively involved in cross discipline discussions on construction, engineering and climate change.

STRATEGY

During FY23, Cromwell embarked on the process of reviewing, refreshing and formalising its ESG Strategy to guide its future actions and ensure that its metrics and targets, including emissions and other climate related metrics reflect Cromwell's ambition. Cromwell has a Climate Change Position Policy to support internal assessment, reporting and management of identified risks. Where Cromwell maintains operational control of property assets, strategies are in place to create and deliver opportunities to embrace sustainable development solutions for capital works, investment in new plant and equipment and the adoption of renewable energy solutions and technologies. Strategic asset plans include detailed asset-level ESG activities to support the achievement of the ESG Strategy.

In FY23, Cromwell developed its Net Zero Strategy. As a real estate investor and fund manager that focuses on the acquisition and uplift of existing buildings, Cromwell is fully committed to reducing its carbon footprint and address all scope including embodied carbon emissions despite the fact these are largely limited to maintenance and refurbishment activities. Cromwell has set ambitious net zero targets as part of its Net Zero Strategy, which encompasses Scope 1, 2 and 3 emissions, including its tenants' emissions and embodied carbon. Alongside comprehensive Scope 1-3 emissions baselines, Marginal Abatement Cost Curves were modelled for both of Cromwell's Australian and European regions, to support decision-making through the identification and analysis of different emissions reduction activities according to cost and quantity of emissions abatement. Alongside prioritisation by cost and feasibility, initiatives to reduce emissions are assessed based on the carbon management hierarchy of avoid, reduce, substitute, sequester and offset.

In collaboration with Deepki, the Carbon Risk Real Estate Monitor (CRREM) tool is used for both CEREIT and CPRF portfolios to support "stranding" risk considerations in line with a 1.5°C warming scenario and enhance Cromwell's climate-related strategic decision-making processes in Europe. By leveraging the investment projection capabilities of Deepki and CRREM, the data-driven approach helps Cromwell anticipate and navigate potential risks associated with stranded assets.

As a property fund manager, Cromwell considers that the greatest material risks posed from climate change are likely to be from:

- Physical risks from severe weather events directly impacting and damaging assets owned, managed and developed; and
- Indirect impacts, such as increasing operational costs from rising insurance premiums, energy costs, carbon charges and taxes, legislation and operational costs resulting from increased temperature extremities and wear and tear to operating plant and equipment.

In FY24, Cromwell plans to reassess its climate-related risks, opportunities and impacts by conducting a comprehensive scenario analysis. Appropriate scenarios and time horizons will be selected at group level to further strengthen and align its climate risk management approach. While climate scenario analysis has been previously conducted by Cromwell in FY20, Cromwell acknowledges the significant advancements in climate change accountability, commitments, policy, and decarbonisation approaches over the three intervening years. Therefore, Cromwell recognises the importance of regularly performing climate scenario analysis to further integrate it into decision-making and proactively address and effectively manage its climate-related risks.

Energy audits play a crucial role in Cromwell's strategy to reduce energy consumption and optimise operational performance. These are conducted across all regions where Cromwell operates, and the outcomes of these audits drive key actions to minimise energy usage. The findings directly inform the capital expenditure planning process. Technical Building Assessments were conducted across all Australian properties in 2019 and assessed Cromwell's assets' climate resilience and climate adaptation strategy. Additionally, NABERS gap analyses are conducted annually across all Australian properties to identify pathways for improving energy and water performance.

Overall, Cromwell's strategy focuses on proactive risk management, efficient resource utilisation, and embracing opportunities associated with the transition to a low-carbon and net zero economy. By aligning its operations with these strategic objectives, Cromwell aims to drive sustainable value creation and enhance its resilience in the face of climate-related challenges.

RISK MANAGEMENT

Cromwell maintains a comprehensive enterprise risk management system and defines its process for identifying, assessing and managing risks in its Enterprise Risk Management (ERM) Framework and ERM Policy. In adopting this approach to climate-related risks, Cromwell's objective has been to assess the impact of climate risks within enterprise risk considerations and identify how Cromwell's sustainability and climate risk management approach serves as a mitigating factor and control for organisational risk. ESG integration features as a strategic risk in the group Risk Appetite Statement, with Climate Change and Weather being a sub-risk. The Cromwell ERM Framework also describes the processes for analysis and review of compliance with and changes to legislation, regulation, strategy or policies, including those related to climate change. For example, Cromwell's Board ESG & Risk Committee regularly discusses compliance with EU climate disclosure regulations such as SFDR and alignment with the EU Taxonomy, as well as global disclosure megatrends affecting all regions that Cromwell operates in.

Risk reviews of the ERM Framework and Risk Appetite Statement are undertaken with each risk owner by the Head of Risk and Compliance (AU) and the Head of Risk (EU) respectively, and these reviews are included in reports to the ESG and Risk Committee. For Cromwell's European assets, the EU ESG Committee documents minutes of its meetings and/or quarterly risk reports. Environmental data management platform, Deepki, is used for monitoring transition risks of Cromwell's European assets through the Carbon Risk Real Estate Monitor (CRREM) risk assessment tool. Additionally, the environmental compliance status of CEREIT assets is planned to be monitored in real-time by Nova Ambiente in FY24.

Cromwell's transactions and investment team is enhancing its ESG due diligence procedure and further developing its process to assess physical climate risks and stranding risks when acquiring new properties. When managing and operating its properties, Cromwell's property team conducts climate-related risk management procedures.

Both the Australian and EU property services teams have established protocols for end-of-life management of buildings, covering aspects such as fire safety, air conditioning, HVAC systems, and electrical systems. Building Continuity Plans are regularly updated, addressing contingencies for climate-related physical impacts such as bushfires, floods and power outages, and provide clear identification of teams and management responses. For maintaining assets, across all regions, a building condition report is conducted annually, along with a Repair & Maintenance (R&M) report that includes associated costs. Regular meetings with property managers are held to address R&M and capital expenditure needs.

Cromwell undertook energy audits for all Australian properties across 2020 and 2021 and will have undertaken energy audits for 57% of European properties by the end of financial year 2023. The results of these energy audits directly feed into annual capex planning aligned with Cromwell's broader ESG Strategy and Net Zero Strategy, thereby enhancing the energy efficiency of Cromwell's assets, optimising operational performance and mitigating medium to long-term climate-related risks. For example, capital works plans and forecast expenditure spanning multiple years are prepared for each property asset. The capital expenditure plan is prepared at acquisition and updated throughout the asset lifecycle to address the replacement of ageing plant, equipment and building fabric.

METRICS AND TARGETS

Cromwell recognises that the greatest opportunity to reducing emissions is within its property assets and value chains. Cromwell manages property assets in Australia and Europe. Cromwell discloses ESG and emissions reduction performance of its property assets, and report progress against targets in an annual ESG Report and Data Pack, as well as in its annual CDP response. The ESG Data Pack includes environmental metrics such as Scope 1, 2 and 3 emissions, energy consumption, renewable energy procurement, water and waste, as well as key data points relating to Cromwell's individual building attributes, such as Net Lettable Area, NABERS Energy, NABERS Water, BREEAM, LEED and Green Star ratings where available.

Cromwell's emissions data is not limited to where Cromwell has operational control. In the development of Cromwell's Group Net Zero Strategy, a new comprehensive FY22 baseline was set covering Scope 1, 2 and all relevant Scope 3 emissions sources, adjusting against the previous 2007 emissions baseline. It also extends to all relevant categories of Scope 3 emissions including emissions estimates for investments, downstream leased assets, purchased goods and services, capital goods including embodied emissions, fuel and energy-related activities, waste generated in operations and business travel, with aims to improve the data quality and reduce the need for estimations year on year. Transparency and reporting continue to be expanded and improved through active engagement with tenants, key suppliers and contracts for data sharing and uplifting the coverage of Cromwell's metering and data platforms, Envizi and Deepki.

Cromwell is certified Climate Active Carbon Neutral for its Australian corporate operations. By maintaining this certification, Cromwell ensures accuracy and accountability in its operational emissions reduction activities and emissions calculation methodologies.

Setting targets enables Cromwell to adopt a systematic and disciplined approach toward improving efficiency and reducing emissions. Long-term net zero and climate change-related targets have been set to achieve net zero emissions both within and beyond Cromwell's operational control. These are listed below:

- Net zero operational control Scope 1 and 2 emissions by 2035;
- Net zero Scope 1, 2 and 3 emissions by 2045 including tenants' emissions and embodied carbon;
- 80% renewable electricity by 2025 and 100% by 2030 across all portfolios;
- 75% of waste diverted from landfill by 2030, 100% by 2040;
- 60% recycling rate by 2040;
- Align Cromwell's Net Zero targets to the Science Based Targets Initiative Net Zero Standard;
- Achieve minimum weighted average NABERS Energy rating of 5.5 stars in Australia and minimum EPC C certification; across all European buildings;
- Achieve minimum target of 5 star Green Star in Australia, "Very Good" BREEAM and LEED Gold ratings across all new construction and refurbishments; and
- 4.5 star weighted average NABERS Water rating across the Australian portfolio by 2030.

Cromwell is excited to continue sharing updates on its progress and learnings toward achieving its net zero targets.

LOOKING FORWARD

Cromwell's roadmap for deepening its alignment with the TCFD recommendations is shown below and takes into account the varying maturity and approach to ESG across the jurisdictions that we operate in. It is expected that the ISSB standards will be implemented in Australia from the year ending 30 June 2025 and this plan will evolve as requirements are clarified and Cromwell progresses its strategy for the listed group and the application of different requirements in different jurisdictions.

Mr Eng Peng Ooi

Non-executive Deputy Chair and Senior Independent Director *BCom, Member of the Certified Practising Accountants of Australia, Member of the Singapore Institute of Directors, 67*

Listed Company Directorships (held within the last three years):

Non-executive Director – Manager of Cromwell European REIT (2021 – current)
Deputy Chair – Manager of ESR-LOGOS REIT (formerly known as ESR-REIT) (2021 – 1 July 2022)
Chair – Manager of ESR-LOGOS REIT (formerly known as ESR-REIT) (2017 – 2021)
Non-executive Director – Manager of ESR-LOGOS REIT (formerly known as ESR-REIT) (2012 – 1 July 2022)
Non-executive Director – Perennial Real Estate Holdings Limited (2015 – 2020)

Skills and Experience

Mr Ooi has more than 35 years of real estate experience, including in property investment, development, project management, fund investment and management and capital partnerships in Australia and across Asia. Mr Ooi joined Lendlease in 1981, working in various finance roles in Sydney, before taking on the role of Chief Financial Officer, Asia in the late 1990s. Later, Mr Ooi returned to Sydney with Lendlease and fulfilled the roles of Chief Financial Officer of Lendlease Development (2000 – 2002), Global Chief Financial Officer of Lendlease Investment Management (2002 – 2003) and Asia Pacific Chief Financial Officer, Lendlease Communities (2003 – 2005).

From 2006 to 2010, Mr Ooi was the Asia Chief Executive Officer, Lendlease Investment Management and Retail, based in Singapore. Mr Ooi subsequently established the development business and retail funds, and successfully developed capital partnerships, forming strong relationships across Asia. In 2010, Mr Ooi was appointed Asia Chief Executive Officer for Lendlease. Since retiring from his executive career in late 2011, Mr Ooi has gained board and board committee experience at both listed and non-listed entities across Asia Pacific. Mr Ooi is a Non-executive Director of Cromwell EREIT Management Pte. Ltd., the manager of SGX-listed Cromwell European REIT. Since 2016, Mr Ooi has been a Non-executive Director of Savant Global Capital Pty Limited, a specialist investment management and real estate advisory platform.

Mr Ooi served as a Non-executive Director of ESR-LOGOS Funds Management (S) Limited (formerly known as ESR Funds Management (S) Limited), the manager of SGX-listed ESR-LOGOS REIT (formerly known as ESR-REIT), from 2012 until 1 July 2022. Mr Ooi served as Chair from 2017 to 30 June 2021 and, after almost nine years as independent Non-executive Director, was redesignated as Deputy Chair and non-independent Non-executive Director effective 1 July 2021. Mr Ooi was a Member (and the former Chair) of ESR-LOGOS REIT (formerly known as ESR-REIT)'s Nominating and Remuneration Committee, a Member of its Audit, Risk Management and Compliance Committee and the Chair of its Executive Committee. In addition, Mr Ooi was previously a Non-executive Director of formerly-SGX-listed Perennial Real Estate Holdings Limited (2015 – 2020), Frasers Property Australia (2014 – 2018) and Perennial China Retail Trust Management Pte. Ltd. (2012 – 2014).

Mr Ooi holds a Bachelor of Commerce from the University of New South Wales and is a Member of the Certified Practising Accountants of Australia and a Member of the Singapore Institute of Directors.

Mr Robert Blain

Non-executive Director *FAPI, FRICS, 68*

Skills and Experience

Mr Blain has more than 40 years of real estate experience, including in property and asset management, strategic development, cross border activity and capital markets in Australia and across Asia.

After pursuing rural infrastructure interests, Mr Blain commenced his corporate career in Sydney in the late 1970s, obtaining a real estate licence and working for several years with LJ Hooker. He joined the Colliers Jardine Group as Sales Director before being appointed as Regional Service Director, Capital Markets APAC. From 1995 to 1998, Mr Blain held the position of Regional Investment Director based in Singapore and, in 1999, was appointed Australia Director. Mr Blain's last role at the Colliers Jardine Group was as Chief Executive, New South Wales.

In 2002, Mr Blain joined CBRE as Managing Director, CBRE Hong Kong and China, based in Hong Kong. In 2003, he was appointed Chief Executive Officer, CBRE Asia and, in 2005, became Chair and Chief Executive Officer, CBRE Asia Pacific. Mr Blain was responsible for CBRE's activities across Asia Pacific and was a member of the Global Operating Committee, based in the United States, driving CBRE's global business strategy.

Letter from the Chair

Ms Tanya Cox
Chair, Nomination
and Remuneration
Committee

On behalf of the Board, I am pleased to present the Remuneration Report for the financial year ended 30 June 2023.

PERFORMANCE AND REMUNERATION OUTCOMES

As detailed in my letter last year, Cromwell's transition to Fund Manager will span multiple financial years and 2023 saw continued progression towards that goal through the sale of non-core assets.

Significant progress has been made in the internal cultural shift which is core to the achievement of the strategy. Cromwell's new corporate values were defined early in the financial year, through an extensive consultative exercise with the global business to ensure the values resonated with our people as well as our purpose. Cromwell's new values are Accountable, Progressive and Collaborative.

Cromwell has made significant progress towards its 40:40:20 gender diversity targets. At the executive level, the group has achieved 38.5% female representation, increasing from 30% in FY22. The Australian Executive Committee has achieved the target with 44.4% female representation and overall the target has been achieved at 4 of 5 management levels in the Australian business. Over the last 2 years Cromwell has significantly reduced its gender pay gap, but there is still work to be done here, which the CEO and board are committed to continuously progressing. Board and committee composition also maintains its 40:40:20 representation.

The KMP STI Plan had a financial gateway of 90% of the Operating Earnings budget and this hurdle was met. The CEO and CFO earned 50% of their potential incentive award, in line with performance against KPIs.

As disclosed in the FY22 Remuneration report, the KMP LTI Plan hurdles were amended effective 1 July 2022, resulting in only two hurdles for FY23, being Relative Total Securityholder Return (Relative TSR) and Return on Invested Capital (ROIC). The Relative TSR hurdle remains unchanged from previous years, weighted at 50%. The ROIC hurdle has been set at the 10-year bond rate, on the day of grant, plus 300 basis points. Both hurdles are tested at the end of the three-year period and will remain unchanged in 2024.

The Board has considered the impact of a falling security price on the volume of LTI allocations and has decided not to adjust the allocations. Similarly, the Board does not adjust LTI allocations in a rising market or exercise discretion over vesting outcomes when a falling security price impacts vesting.

FY24 APPROACH TO REMUNERATION

KMP Remuneration will remain unchanged in FY24. As noted above, the Committee amended the KMP LTI Plan hurdles in 2022, from three equally weighted targets to two. In June 2023, the Committee considered the base salaries of both executive and non-executive KMP and determined that no increase would be awarded.

NON-EXECUTIVE DIRECTOR REMUNERATION

During FY23 the structure of the Board Committees was reviewed. Cognisant of increased investor focus on Environmental, Social and Governance (ESG) issues and the materiality of those issues to real estate investment trusts, a combined ESG and Risk Committee was established, to ensure all matters under these areas receive appropriate attention. The previous Audit and Risk committee was converted to an Audit Committee.

Yours sincerely,

Ms Tanya Cox

KMP Remuneration Structure

Fixed Fixed Remuneration	STI Short-Term Incentive	LTI Long-Term Incentive
Benchmarked to market, Fixed Remuneration is used as a tool to attract executives with the skills and experience required to execute the strategy. Base salary, superannuation and non-financial benefits	STI drives achievement of short-term strategic objectives. 50% paid in cash 50% paid in securities and deferred for one year.	Designed to improve retention and create securityholder alignment. At the end of three years: 100% vests in staple securities 50% is released immediately 50% is deferred in holding lock for a further 12 months.

Reviewed annually against comparable organisations

Minimum Securityholding Requirement⁽¹⁾

The CEO is required to hold a minimum of 100% of gross Fixed Remuneration in Cromwell stapled securities within 4 years of commencement. Upon the CEO obtaining the Required Securityholding, the Required Securityholding is fixed at the required value (Fixed Shares). Notwithstanding any decrease in the actual value of the Fixed Shares, no additional shares are required to be acquired.

Other executive KMP are required to hold a minimum of 50% of Fixed Remuneration (within 4 years of 1 July 2019 or becoming KMP). Securities in STI and LTI holding lock are included in KMP total holdings.

(1) The Board has approved that securities held in a family trust will count towards minimum shareholding.

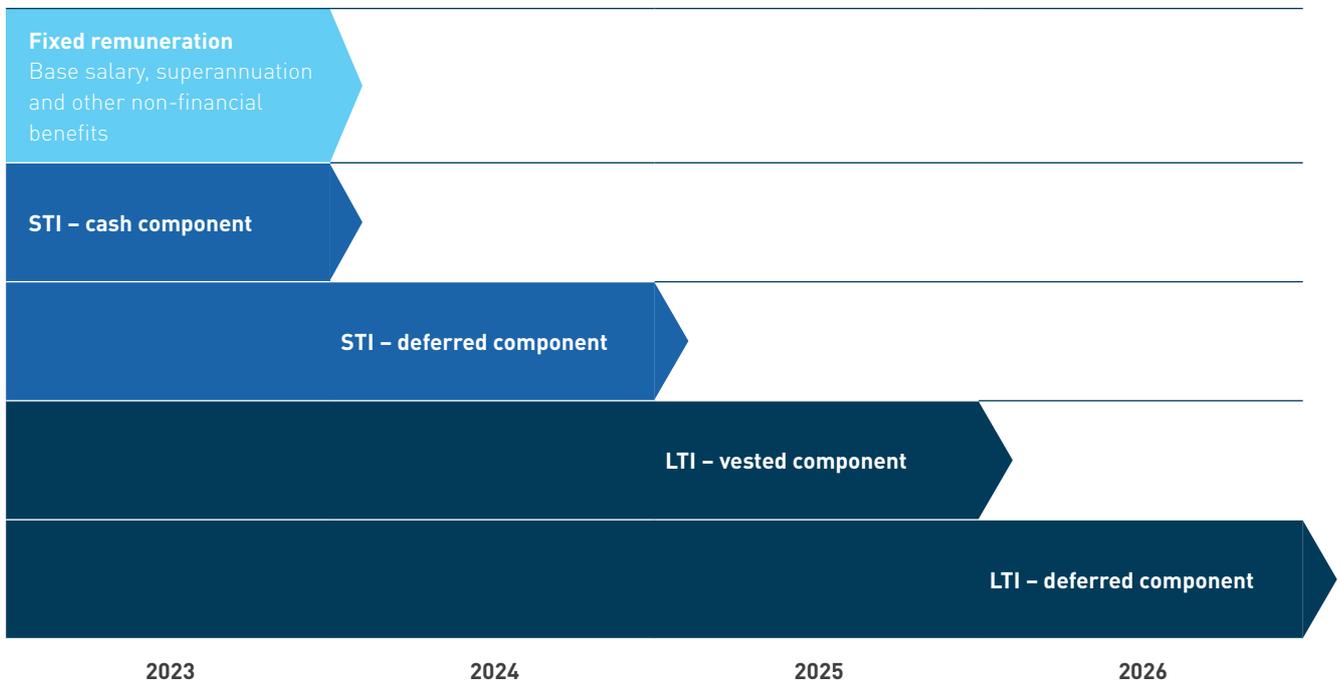

2.2 REMUNERATION MIX

Change of Control	<p>In the event of a change of control, any STI award deferred in securities will be released.</p>													

*In his second year of employment, the CEO will receive 30% cash, 20% non-deferred Cromwell Securities, and 50% as deferred Cromwell Securities.

KMP Long Term Incentive (LTI)

Purpose	To create securityholder alignment and encourage retention.		
Value	% of Fixed Remuneration	Target	Allocation method
	Current KMP		
	CEO	85%	Face value
	CFO	50%	Face value
Performance Measures	For each measure, 25% vests at the lower bound with straight line vesting to 100% at the maximum threshold.		
	50%	Return on Invested Capital (ROIC) Tested at the end of 3-year performance period. $ROIC = (\text{Dividend} + \text{increase in NTA}) / \text{opening NTA}$ Lower bound is 300bps about the 10-year bond rate (set at 6.7% on 1 July 2022) and the upper bound is 400bps above the 10-year bond rate (set at 7.7% on 1 July 2022). Equity Issues that significantly impact NTA will be considered, as well as significant write downs in intangible assets.	
	50%	Relative TSR Tested at the end of 3-year performance period. Measured against the S&P/ASX300 A-REIT Accumulation Index on a percentile basis with 50th percentile lower bound and 75th percentile upper bound. Below Median – 0% vesting.	
Reason for performance measures	ROIC is a measure of profitability above the average cost of debt. Relative TSR is an effective measure of securityholder value creation compared to peers without adjusting for market driven impacts.		
Calculation of awards	The number of performance rights granted is calculated under the Face Value Methodology, based on the VWAP of Cromwell's security price for the 10 days immediately succeeding the annual results announcement.		
Delivery of awards	At the end of the 3-year performance period, 100% of the award vests, with 50% released and 50% deferred in holding lock for a further 12 months. All securities are purchased on market. In the event the recipient ceases to be employed: <ul style="list-style-type: none"> • before the vesting date, all rights to securities are forfeit. • after the vesting date, securities in holding lock remain in holding lock until the release date provided the employee is deemed to be a good leaver. 		
Clawback	Malus and Clawback clauses allow unvested and deferred securities to be clawed back where a recipient has acted fraudulently, dishonestly or where there has been a material misstatement or omission in Cromwell's financial statements leading to receipt of an unfair benefit. This may also occur where an executive KMP fails to meet cultural related expectations including acting ethically and responsibly.		
Change of Control	In the case of a change of control, performance rights will be tested and will pro rata vest in line with achievement against performance measures.		

2.5 EMPLOYMENT CONTRACT TERMS & CONDITIONS

All executive KMP are employed on Employment Contracts that detail the components of remuneration paid and frequency of review but do not describe how remuneration levels are modified from year to year. The contracts do not provide for a fixed term however they can be terminated on specified notice (with the exception of gross misconduct when they can be terminated without notice).

	Termination by Company	Termination by Executive KMP
CEO and other Executive KMP	<p>Notice Period</p> <p>6 months, with the option of payment in lieu (lump sum)</p> <p>Impact on incentives</p> <p>If an executive KMP is determined to be a good leaver deferred securities remain on foot. If an executive KMP is determined to be a bad leaver all deferred securities are forfeit.</p>	<p>Notice Period</p> <p>6 months</p> <p>Impact on incentives</p> <p>If an executive KMP is determined to be a good leaver unvested performance rights and deferred securities remain on foot. If an executive KMP is determined to be a bad leaver, unvested and deferred securities are forfeit.</p>

2.6 REMUNERATION GOVERNANCE

The Board has appointed a Nomination and Remuneration Committee ("Committee") responsible for reviewing, monitoring and making recommendations in relation to the appointment, performance and remuneration of the KMP.

Remuneration consultants are appointed from time to time to provide independent information and advice.

3. Cromwell performance and remuneration outcomes

3.1 CROMWELL'S FIVE-YEAR PERFORMANCE SUMMARY

The remuneration outcomes of executive KMP vary with short-term and long-term performance outcomes. The graphs and tables below show executive KMP remuneration outcomes and Cromwell's core financial performance measures over the past five years.

Cromwell's Five-Year Performance Summary

STI and LTI Outcomes	2019	2020	2021	2022	2023
STI (average % of target)	91%	71%	0%	71%	50%
LTI (% of maximum)	82%	38%	32%	27%	0%

LTI excludes backward looking LTI scheme

Total return of Cromwell securities

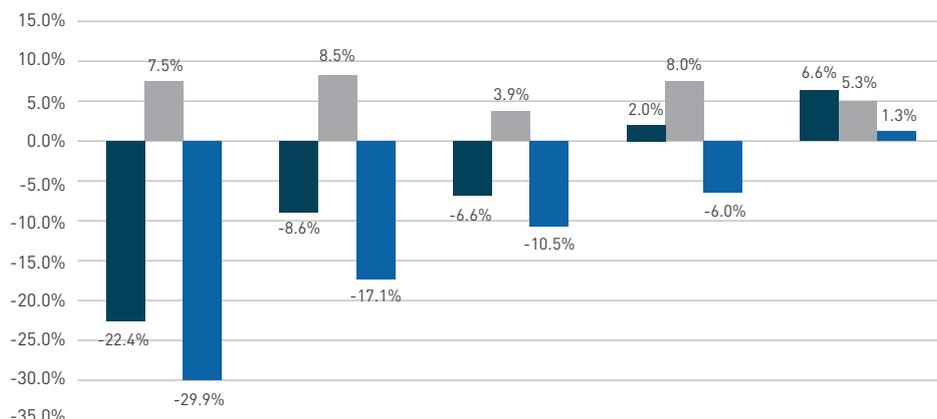

The chart below illustrates Cromwell's performance against the S&P/ASX300 A-REIT Accumulation Index since 2009.

Cromwell Performance -v- S&P/ASX 300 A-REIT Total Return Index

Total Securityholder Returns (Annualised)

Cromwell's Total Securityholder Return (TSR) over the last 1, 3, 5, 10 and 15 years relative to benchmark indices is shown below.

	1 year	3 year	5 year	10 year	15 year
■ CMW Total Return	(22.4%)	(8.6%)	(6.6%)	2.0%	6.6%
■ S&P / ASX 300 A-REIT Accum. Index	7.5%	8.5%	3.9%	8.0%	5.3%
■ CMW Excess Performance	(29.9%)	(17.1%)	(10.5%)	(6.0%)	1.3%

Over the course of any short-term period, the total securityholder return of Cromwell will vary against the index. Over the medium term, the overall performance of Cromwell should be demonstrated in sustained operating earnings and growth in total securityholder returns. The LTI hurdles implemented for all KMP will reward the achievement of medium-term returns.

As a result of the three-year performance of Cromwell, the TSR LTI Hurdle for the period from 1 July 2020 to 30 June 2023 paid out 0%. The final payout ratio for LTI's running from 1 July 2020 to 30 June 2023 was 14% which reflects the long-term performance of Cromwell over that time.

3.4 EXECUTIVE KMP LTI PERFORMANCE

There is currently one LTI plan in operation for executive KMP, a "forward looking" LTI Plan, introduced on 1 July 2019. The following Performance Rights have been granted under this Plan:

	No of performance rights granted	Allocation date	Financial years tested	Expiry date
J Callaghan	1,083,078	1-Jul-22	2023 - 2025	30-Sep-25
	706,563	1-Jul-21	2022 - 2024	30-Sep-24
Total	1,789,641			
M Wilde	541,539	1-Jul-22	2023 - 2025	30-Sep-25
	679,601	1-Jul-21	2022 - 2024	30-Sep-24
	857,008	1-Jul-20	2021 - 2023	30-Sep-23
Total	2,078,148			

Performance Rights granted under the above Plan will be tested, at the vesting date, against the following performance hurdles and the resulting number of Performance Rights will vest. Upon vesting, an equivalent number of Stapled Securities will be issued to the holder, 50% of which will remain in holding lock for a further 12 months.

Plan	Performance period start date	Performance period end date	Vesting conditions
2023 KMP LTI Plan	1 July 2022	30 June 2025	<ul style="list-style-type: none"> 50% Return on Invested Capital (ROIC) (6.7% - 7.7%) 50% Relative TSR (50th - 75th percentile)

Vesting percentage	0.0%	0.0%	N/A

The targets set for the 2023 plan are not scheduled to be tested until 30 June 2025.

The “backward looking” LTI Plan was discontinued for executive KMP on 30 June 2019. The following Performance Rights have been allocated and vested during 2023 under this plan. This was the final LTI allocation to KMP under this plan.

	No of performance rights granted	Exercise Price	Allocation date	Expiry date	
M Wilde	172,518	\$0.00	30-Jun-19	1-Oct-22	Vested during FY23
Total	172,518				

Performance Rights granted under the above Plan were tested on the allocation date, against specific performance hurdles and the resulting number of Performance Rights were granted. The Performance Rights generally vest three years after grant date provided the below ongoing conditions are met during the vesting period:

- continuing employment; and
- achievement of a minimum score of “Solid Performance” against individual KPIs, assessed annually during the three-year period.

5. Additional disclosures

5.1 AT RISK CASH AWARDS AND PERFORMANCE RIGHTS VESTING AND FORFEITURE IN 2023

For each at risk cash award and grant of performance rights options (equity-based compensation) included in the tables above, the percentage of the available at-risk cash bonus paid, or equity-based compensation that vested, during the year and the percentage that was forfeited because the person did not meet the service and performance criteria is set out below.

The performance rights are subject to vesting conditions as outlined above. No performance rights will vest if the conditions are not satisfied, hence the minimum value of performance rights yet to vest is \$nil. The maximum value of the performance rights yet to vest has been determined as the amount of the grant date fair value of the performance rights that is yet to be expensed at balance date. References to options in the table below relate to performance rights.

5.2 EQUITY BASED COMPENSATION FOR THE CEO AND OTHER KMP

Details of the PRP are set out in sections 2.4 and 3.4 of the remuneration report.

All Executive Directors and employees of Cromwell are considered for participation in the PRP subject to a minimum period of service and level of remuneration, which may be waived by the Committee. Grants to Executive Directors are subject to securityholder approval.

Consideration for granting performance rights, grant periods, vesting and exercise dates, exercise periods and exercise prices are determined by the Board or Committee in each case. Performance rights carry no voting rights. When exercised, each performance right is convertible into one stapled security.

The terms and conditions of each grant of performance rights under the PRP affecting remuneration for Key Management Personnel in the current or future reporting periods are included in the table below:

Units issued in the Trust during the year are set out in note 15 in the accompanying financial report. There were 2,618,866,699 (2022: 2,618,866,699) issued units in the Trust at balance date.

VALUE OF SCHEME ASSETS

The total carrying value of the Trust's assets as at year end was \$4,071.1 million (2022: \$4,911.2 million). Net assets attributable to unitholders of the Trust were \$2,118.8 million (2022: \$2,615.4 million) equating to \$0.81 per unit (2022: \$0.98 per unit).

The Trust's assets are valued in accordance with policies stated in notes to the financial statements.

ALTERNATIVE INVESTMENT FUND MANAGERS DIRECTIVE (AIFMD) REMUNERATION DISCLOSURE

The senior management and staff of Cromwell whose actions have a material impact on the risk profile of the Trust are considered to be the key management personnel identified in the Remuneration Report which is included in this Directors' Report.

The amount of the aggregate remuneration paid by Cromwell to those key management personnel in respect of the financial year ending 30 June 2023 was \$4,286,585 (2022: \$6,246,328). This amount is comprised of fixed remuneration of \$3,739,672 and variable remuneration of \$546,913 (2022: \$5,695,314 and \$551,014 respectively).

This remuneration disclosure is being made to satisfy Cromwell Property Securities Limited's obligations under AIFMD. References to "remuneration", "staff" and "senior management" should be construed accordingly.

Indemnifying officers or auditor

Subject to the following, no indemnity or insurance premium was paid during the financial year for a person who is or has been an officer of Cromwell. The constitution of the Company provides that to the extent permitted by law, a person who is or has been an officer of the Company is indemnified against certain liabilities and costs incurred by them in their capacity as an officer of the Company.

Further, the Company has entered into a Deed of access, insurance and indemnity with each of the Directors and the Company Secretary. Under the deed, the Company agrees to, amongst other things:

- indemnify the officer to the extent permitted by law against certain liabilities and legal costs incurred by the officer as an officer of the Company and its subsidiaries;
- maintain and pay the premium on an insurance policy in respect of the officer; and
- provide the officer with access to board papers and other documents provided or available to the officer as an officer of the Company and its subsidiaries.

Cromwell has paid premiums for directors' and officers' liability insurance with respect to the Directors, Company Secretary and senior management as permitted under the Corporations Act 2001 (Cth). The terms of the policy prohibit disclosure of the nature of the liabilities covered and the premiums payable under the policy. No indemnities have been given or insurance premiums paid, during or since the end of the financial year, for any person who is or has been an auditor of the Company or any of its controlled entities.

Rounding of amounts

Cromwell is an entity of the kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* and in accordance with that instrument amounts in the Directors' report have been rounded off to the nearest one hundred thousand dollars, or in certain cases to the nearest dollar, unless otherwise indicated.

Auditor

Deloitte Touche Tohmatsu continues in office in accordance with section 327B of the *Corporations Act 2001* (Cth).

The Company may decide to employ Deloitte Touche Tohmatsu on assignments additional to their statutory duties where the auditor's expertise and experience with the Company and/or the Cromwell are important.

The Directors have considered the position and, in accordance with advice received from the Audit & Risk Committee, are satisfied that the provision of the non-audit services is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001* (Cth). The Directors are satisfied that the provision of non-audit services by the auditor, as set out below, did not compromise the auditor independence requirements of the *Corporations Act 2001* (Cth) as none of the services undermine the general principles relating to auditor independence as set out in APES 110 *Code of Ethics for Professional Accountants* and all non-audit services have been reviewed by the Audit and Risk Committee to ensure they do not impact the impartiality and objectivity of the auditor. Effective 1 July 2022, the Audit and Risk Committee was reconstituted as an Audit Committee and as an ESG and Risk Committee.

Details of the amounts paid or payable to the auditor and its related parties for non-audit services provided to Cromwell are set out below:

	2023 \$	2022 \$

Total remuneration for non-audit services	42,247	533,287

During the year, Deloitte, as auditor, received remuneration for audit and other services relating to other entities for which Cromwell EREIT Management Pte. Ltd and Cromwell Investment Services Limited, both controlled entities, act as responsible entity. The remuneration was disclosed in the relevant entity's financial reports and totalled \$1,553,900 (2022: \$1,255,100).

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* (Cth) accompanies this report.

The Directors' Report, including the Remuneration Report, is signed in accordance with a resolution of the Directors, pursuant to 298(2) of the *Corporations Act 2001* (Cth).

Dear Directors

Auditor's Independence Declaration

In accordance with section 307C of the *Corporations Act 2001*, I am pleased to provide the following declaration of independence to the Board of Directors of Cromwell Corporation Limited and Cromwell Property Securities Limited as responsible entity for Cromwell Diversified Property Trust.

As lead audit partner for the audit of the financial report of Cromwell Property Group (the stapled entity which comprises Cromwell Corporation Limited, Cromwell Diversified Property Trust and the entities they controlled at the end of the year or from time to time during the year) and Cromwell Diversified Property Trust for the year ended 30 June 2023, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- (i) the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- (ii) any applicable code of professional conduct in relation to the audit.

Yours faithfully

Notes to the Financial Statements

FOR THE YEAR ENDED 30 JUNE 2023

Table of contents

Cromwell's annual financial report has been prepared in a format designed to provide users of the financial report with a clearer understanding of relevant balances and transactions that drive Cromwell's financial performance and financial position free of immaterial and superfluous information. Plain English is used in commentary or explanatory sections of the notes to the financial statements to also improve readability of the financial report. Additionally, amounts in the consolidated financial statements have been rounded to the nearest one hundred thousand dollars, unless otherwise indicated, in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*.

The notes have been organised into the following six sections for reduced complexity and ease of navigation:

About this report

This section of the annual financial report provides an overview of the basis upon which the financial statements of Cromwell and the Trust have been prepared. Accounting policies relating to balances and transactions for which specific note disclosure is presented in this financial report are contained in the relevant note. Accounting policies for other balances and transactions are also contained in this section.

1. Basis of preparation

Shares of Cromwell Corporation Limited ("Company") and units of Cromwell Diversified Property Trust ("CDPT") are stapled to one another forming the Cromwell Property Group and are quoted as a single stapled security on the ASX under the code CMW. Australian Accounting Standards require an acquirer to be identified and an in-substance acquisition to be recognised. In relation to the stapling of the Company and CDPT, the Company is identified as having acquired control over the assets of CDPT.

As permitted by *ASIC Corporations (Stapled Group Reports) Instrument 2015/838* the consolidated financial statements and accompanying notes of the Cromwell Property Group ("Cromwell"), consisting of the Company and its controlled entities and CDPT and its controlled entities are presented jointly with the consolidated financial statements and accompanying notes of the CDPT and its controlled entities ("Trust"). In the consolidated financial statements of Cromwell equity attributable to the Trust is presented as a non-controlling interest.

Cromwell and the Trust are for-profit entities for the purpose of preparing the financial statements.

This financial report has been prepared on a going concern basis. Cromwell's current assets exceed current liabilities by \$8.2 million at 30 June 2023 (30 June 2022: \$156.4 million). The Trust's current liabilities exceed current assets by \$40.0 million at 30 June 2023 (30 June 2022: current assets exceeded current liabilities by \$32.0 million). In addition, at 30 June 2023, Cromwell and the Trust had a total of \$173.6 million of undrawn and available bank debt facilities (2022: \$360.9 million) and \$113.9 million and \$58.3 million of cash (2022: \$286.0 million and \$212.8 million).

STATEMENT OF COMPLIANCE

The consolidated financial statements of Cromwell and the Trust are general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) adopted by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001* (Cth).

The financial statements also comply with International Financial Reporting Standards (IFRS) and Interpretations as adopted by the International Accounting Standards Board (IASB).

HISTORICAL COST CONVENTION

The financial report is prepared on the historical cost basis except for the following:

- investment properties are measured at fair value;
- derivative financial instruments are measured at fair value;
- investments at fair value through profit or loss are measured at fair value; and,
- receivables at fair value through profit or loss are measured at fair value.

ROUNDING OF AMOUNTS

In accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* amounts in these consolidated financial statements have been rounded off to the nearest one hundred thousand dollars, unless otherwise indicated.

PRESENTATIONAL CHANGES AND COMPARATIVES

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

A) BASIS OF CONSOLIDATION

Stapling

The stapling of the Company and CDPT was approved at separate meetings of the respective shareholders and unitholders on 6 December 2006. Following approval of the stapling, shares in the Company and units in the Trust were stapled to one another and are quoted as a single security on the Australian Securities Exchange.

Australian Accounting Standards require an acquirer to be identified and an in-substance acquisition to be recognised. In relation to the stapling of the Company and CDPT, the Company is identified as having acquired control over the assets of CDPT.

The Trust's contributed equity and retained earnings/accumulated losses are shown as a non-controlling interest. Even though the interests of the equity holders of the identified acquiree (the Trust) are treated as non-controlling interests the equity holders of the acquiree are also equity holders in the acquirer (the Company) by virtue of the stapling arrangement.

Subsidiaries

The consolidated financial statements incorporate the assets and liabilities of all subsidiaries at year end and the results of all subsidiaries for the year then ended. Subsidiaries are entities controlled by Cromwell. Control exists when Cromwell is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

The acquisition method of accounting is used to account for the business combinations by Cromwell. Inter-entity transactions, balances and unrealised gains on transactions between Cromwell entities are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of the impairment of the asset transferred. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by Cromwell.

Any non-controlling interests in the results and equity of subsidiaries are shown separately in the Statement of Profit or Loss / Statement of Other Comprehensive Income and the Balance Sheet respectively.

Investments in subsidiaries are accounted for at cost in the individual financial statements of the Company and CDPT. A list of subsidiaries is included in the notes.

B) FOREIGN CURRENCY TRANSLATION

Functional and presentation currency

Items included in the financial statements of each of Cromwell's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Australian dollars, which is the Company's and the Trust's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Consolidated Statement of Profit or Loss, except when they are attributable to part of the net investment in a foreign operation.

Foreign exchange gains and losses that relate to borrowings are presented in the Statement of Profit or Loss, within finance costs. All other foreign exchange gains and losses are presented in the Statement of Profit or Loss on a net basis. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

Foreign operations

Subsidiaries, joint arrangements and associates that have functional currencies different from the presentation currency translate their Statement of Other Comprehensive Income items using the average exchange rate for the year. Assets and liabilities are translated using exchange rates prevailing at balance date. Exchange variations resulting from the retranslation at closing rate of the net investment in foreign operations, together with their differences between their Statement of Other Comprehensive Income items translated at average rates and closing rates, are recognised in the foreign currency translation reserve.

For the purpose of foreign currency translation, the net investment in a foreign operation is determined inclusive of foreign currency intercompany balances. The balance of the foreign currency translation reserve relating to a foreign operation that is disposed of, or partially disposed of, is recognised in the Statement of Profit or Loss at the time of disposal.

The following material spot and average rates were used:

C) IMPAIRMENT OF ASSETS

At each reporting date, and whenever events or changes in circumstances occur, Cromwell assesses whether there is any indication that any relevant asset may be impaired. Where an indicator of impairment exists, Cromwell makes a formal estimate of recoverable amount. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and an impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). Assets other than goodwill that have been previously impaired are reviewed for possible reversal of the impairment at each reporting date.

D) INVENTORIES

Inventories relate to land and property developments that are held for sale in the normal course of business. Inventories are carried at the lower of cost or net realisable value. Net realisable value is the estimated selling price in the normal course of business, less the estimated costs of completion and selling expenses.

E) PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment relate to equipment used in the day-to-day operations of Cromwell as well as right-to-use assets for property, plant and equipment held under operating leases.

Owned property, plant and equipment is initially recognised at cost and subsequently carried at cost less accumulated depreciation and impairment losses. Owned property, plant and equipment is depreciated on a straight-line basis over the period of the useful life of the asset.

Right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before commencement, less any lease incentives received and any initial direct costs. Right-of-use assets are subsequently measured as cost less accumulated depreciation and impairments losses. For further information in relation to leased assets see note 21.

F) GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except:

- Where the amount of GST incurred is not recoverable from the taxation authority, it is recognised as part of the cost of acquisition of an asset or as part of an item of expense, or
- For receivables and payables which are recognised inclusive of GST.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or trade and other payables. Cash flows are included in the Statement of Cashflows on a gross basis.

The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified within cash flows from operating activities.

G) CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Estimates and underlying assumptions are reviewed on an ongoing basis and are based on historical or professional experience and other factors such as expectations about future events. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

The areas that involved a higher degree of judgement or complexity and may need material adjustment if estimates and assumptions made in preparation of these financial statements are incorrect are:

Area of estimation	Note
Revenue	5
Fair value of investment property	8
Equity accounted investments	9
Other financial assets and financial liabilities	13
Fair value of financial instruments	14
Assets held for sale and liabilities directly related to assets held for sale	20

H) NEW ACCOUNTING STANDARDS AND INTERPRETATIONS ADOPTED BY CROMWELL AND THE TRUST

Cromwell and the Trust have adopted all applicable new Australian accounting standards and interpretations. There are no new relevant accounting standards and interpretations that have been adopted in the current financial year.

There are currently no relevant accounting standards and interpretations that have been issued or amended but are not yet effective and have not been adopted Cromwell or the Trust.

Results

This section of the annual financial report provides further information on Cromwell's and the Trust's financial performance, including the performance of each of Cromwell's three segments, the earnings per security calculation, details of distributions as well as information about Cromwell's revenue, expense and income tax items.

2. Operating segment information

A) OVERVIEW

Operating segments are distinct business activities from which Cromwell may earn revenues and incur expenses. Cromwell reports the results of its operating segments on a regular basis to its Chief Executive Officer (CEO), the group's chief operating decision maker (CODM), in order to assess the performance of each of Cromwell's operating segments and allocate resources to them.

Operating segments below are reported in a manner consistent with the internal reporting provided to the CEO. These are explained below.

Operating segments:	Business activity:
Funds and asset management:	Funds management represents activities in relation to the establishment and management of external funds for institutional and retail investors. Asset management includes property and facility management, leasing and project management and development related activities. These activities are carried out by Cromwell itself and by associates (including the LDK Seniors living joint venture and others) and contribute related fee revenues or the relevant share of profit of each investee to the consolidated results.
Co-investments:	This activity includes Cromwell's investments in assets warehoused whilst being repositioned for deployment into the fund and asset management business and assets it may not fully own or over which it cannot exercise unilateral control. This includes interests in investment property portfolios in Poland (CPRF) and Italy (CIULF), the Cromwell European Real Estate Investment Trust (CEREIT), and other investment vehicles. This activity contributes net rental income and the relevant share of profit of each investee to the consolidated results.
Investment portfolio:	This involves the ownership of investment properties located in Australia. These properties are held for long term investment purposes and primarily contribute net rental income and associated cash flows to results.

B) SEGMENT RESULTS

The table below shows the segment results as presented to the CEO in his capacity as CODM. Commentary on the segment results is included in the Directors' Report.

F) OTHER SEGMENT INFORMATION

Geographic information

Cromwell has operations in four distinct geographical markets. These are Australia through the Cromwell Property Group and the Australian funds it manages, United Kingdom and Europe through its European business (including the property portfolio in Poland), Asia through its investment in the Singapore-listed CEREIT and New Zealand through its Oyster Property Funds Limited joint venture.

Non-current assets for the purpose of the disclosure below include investment property, equity accounted investments and investments at fair value through profit or loss.

G) ACCOUNTING POLICY

Segment allocation

Segment revenues, expenses, assets and liabilities are those that are directly attributable to a segment and the relevant portion that can be allocated to the segment on a reasonable basis. While most of these assets can be directly attributable to individual segments, the carrying amounts of certain assets used jointly by segments are allocated based on reasonable estimates of usage.

Property expenses and outgoings which include rates, taxes and other property outgoings and other expenses are recognised on an accruals basis.

EBIT

Earnings Before Interest, Tax, (EBIT) is a measure of financial performance and is used as an alternative to operating profit or statutory profit.

Segment profit

Segment profit, internally referred to as operating profit, is based on income and expenses excluding adjustments for unrealised fair value adjustments and write downs, gains or losses on all sale of investment properties and certain other non-cash income and expense items.

3. Earnings per security

A) OVERVIEW

Earnings per security (EPS) is a measure that makes it easier for users of Cromwell's financial report to compare Cromwell's performance between different reporting periods. Accounting standards require the disclosure of basic EPS and diluted EPS. Basic EPS information provides a measure of interests of each ordinary issued security of the parent entity in the performance of the entity over the reporting period. Diluted EPS information provides the same information but takes into account the effect of all dilutive potential ordinary securities outstanding during the period, such as Cromwell's performance rights.

B) EARNINGS PER STAPLED SECURITY / TRUST UNIT

	Cromwell		Company		Trust	
	2023	2022	2023	2022	2023	2022
Basic earnings per security (cents)	(16.95)	10.05	(0.19)	(0.40)	(16.76)	10.45
Diluted earnings per security (cents)	(16.90)	10.02	(0.19)	(0.40)	(16.71)	10.42
<i>Earnings used to calculate basic and diluted earnings per security:</i>						
(Loss) / profit for the year attributable to securityholders (\$M)	(443.8)	263.2	(5.1)	(10.5)	(438.7)	273.7
<i>Weighted average number of securities used in calculating basic and diluted earnings per security:</i>						
Weighted average number of securities used in calculating basic earnings per security (millions)	2,618.9	2,618.3	2,618.9	2,618.3	2,618.9	2,618.3
Effect of performance rights on issue (millions)	7.6	9.4	7.6	9.4	7.6	9.4
Weighted average number of securities used in calculating diluted earnings per security (millions)	2,626.5	2,627.7	2,626.5	2,627.7	2,626.5	2,627.7

C) INFORMATION IN RELATION TO THE CLASSIFICATION OF SECURITIES

Performance rights

Performance rights granted under Cromwell's Performance Rights Plan are considered to be potential ordinary stapled securities and have been included in the determination of diluted earnings per stapled security to the extent to which they are dilutive. The performance rights have not been included in the determination of basic earnings per stapled security.

Convertible bonds

The remaining convertible bonds were repaid in full in September 2022 and have no impact on the 30 June 2023 diluted earnings per share calculation. Historically, the convertible bonds have not been included in diluted earnings per share calculation as the conversion feature was considered to make them anti-dilutive.

D) ACCOUNTING POLICY

Basic earnings per security

Basic earnings per security is calculated by dividing profit attributable to security holders of the Company / Trust / Cromwell, excluding any costs of servicing equity other than ordinary shares, by the weighted average number of ordinary securities outstanding during the financial year, adjusted for bonus elements in ordinary securities issued during the year.

Diluted earnings per security

Diluted earnings per security adjusts the figures used in the determination of basic earnings per security to take into account the after income tax effect of interest and other financing costs associated with potentially ordinary securities and the weighted average number of securities assumed to have been issued for no consideration in relation to dilutive potential ordinary securities.

4. Distributions

A) OVERVIEW

Cromwell's objective is to generate sustainable returns for our securityholders, including stable annual distributions. When determining distribution rates Cromwell's board considers a number of factors, including forecast earnings, anticipated capital and lease incentive expenditure requirements over the next three to five years and expected economic conditions.

Distributions paid / payable by Cromwell and the Trust during the year were as follows:

2023	2022	2023 cents	2022 cents	2023 \$M	2022 \$M
18 November 2022	19 November 2021	1.3750¢	1.6250¢	36.0	42.5
17 February 2023	18 February 2022	1.3750¢	1.6250¢	36.0	42.6
19 May 2023	20 May 2022	1.3750¢	1.6250¢	36.0	42.6
18 August 2023	19 August 2022	1.3750¢	1.6250¢	36.0	42.6
Total		5.5000¢	6.5000¢	144.0	170.3

There were no dividends paid or payable by the Company in respect of the 2023 and 2022 financial years. All of Cromwell's and the Trust's distributions are unfranked.

B) FRANKING CREDITS

Currently, Cromwell's distributions are paid from the Trust. Franking credits are only available for future dividends paid by the Company as well as the subsidiary companies of the Trust. The Company's franking account balance as at 30 June 2023 is \$14,418,100 (2022: \$14,572,800). The Trust's subsidiary companies' aggregated franking account balance as at 30 June 2023 is \$867,400 (2022: \$728,400).

5. Revenue

A) OVERVIEW

Cromwell derives revenue from its three main business activities / operating segments (described in note 2). These revenue sources and the revenue items relating to them are as follows:

Funds and asset management:	Funds management represents activities in relation to the establishment and management of external funds for institutional and retail investors. Asset management includes property and facility management, leasing and project management and development related activities. These activities are carried out by Cromwell itself and by associates (including the LDK Seniors living joint venture and others) and contribute related fee revenues or the relevant share of profit of each investee to the consolidated results.
Co-investments:	This activity includes Cromwell's investments in assets warehoused whilst being repositioned for deployment into the fund and asset management business and assets it may not fully own or over which it cannot exercise unilateral control. This includes interests in investment property portfolios in Poland (CPRF) and Italy (CIULF), the Cromwell European Real Estate Investment Trust (CEREIT), and other investment vehicles. This activity contributes net rental income and the relevant share of profit of each investee to the consolidated results.
Investment portfolio:	This involves the ownership of investment properties located in Australia. These properties are held for long term investment purposes and primarily contribute net rental income and associated cash flows to results.

(1) Revenue recognised over time.

(2) Revenue recognised at point in time.

C) ACCOUNTING POLICIES

Rental income and recoverable outgoings

Rental income and recoverable outgoings comprises rental income from tenants under operating leases of investment properties and amounts charged to tenants for property outgoings such as rates, levies, utilities, cleaning etc.

Rental income is recognised on a straight-line basis over the lease term. Lease incentives granted are considered an integral part of the total rental income and are recognised as a reduction in rental income over the term of the lease, on a straight-line basis. Amounts charged for outgoing to tenants are expense recoveries and is recognised upon incurring the expense.

Fund and asset management fees

Revenue from management services is measured based on the consideration specified in the contract with the customer and recognised when control over the service is transferred to the customer. Fee income derived from investment management and property services is recognised progressively as the services are provided.

Asset acquisition and disposal, project management and leasing fees are recognised upon completion of the service when the customer derives the benefit from the service.

Performance fee income is recognised progressively as the services are provided but only when the revenue can be reliably measured, and it becomes highly probable that there will be no significant reversal of revenue in future. Performance fees are generally dependent on certain performance obligation specified in the contract with the customer in respect of the management of the customer's assets or the outcome of transactions on behalf of customers.

Development sales and fees

Development sales comprises income from the disposal of property inventories. Revenue is recognised at the point in time that control of the asset has been transferred to the customer, generally upon legal settlement date.

Development management fees are derived from the provision of development management services. Revenue is recognised over time as the service is performed.

Unearned income

Payments from tenants and customers in relation to future periods, which are not due and payable are recognised as unearned income in the Balance Sheet.

Interest revenue

Interest revenue is recognised as it accrues using the effective interest method. Interest revenue is predominately earned from financial assets including cash and loan receivables.

Distributions

Revenue from distributions is earned from investments and is recognised when the right to receipt is established.

D) CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Performance fees

Cromwell exercises judgement in estimating the amount of variable consideration it will be entitled to under the relevant contract and constrains the amount of revenue recognised to the amount that is considered highly probable will not result in a significant reversal. Variable consideration is assessed at each reporting period to account for any changes in circumstances.

Impact of COVID-19

Australia – rental income and related collections were relatively unimpacted by COVID-19 due to the tenant population being heavily skewed towards government and other tenants in markets not materially impacted by the pandemic.

Poland – Poland was not subject to lockdowns during the year. However, as a result of lockdowns during the prior year, during which rent and service charges were invoiced but collections slowed, Cromwell and the Trust have chosen to recognise an expected credit loss provision at 30 June 2023 of €1.1 million (\$1.8 million) at balance date (June 2022: €1.2 million, \$1.8 million).

Italy – due to the nature of the cornerstone tenant and the geographical location of the properties no COVID-19-related support has been requested nor granted and none is expected for the foreseeable future.

For further information in relation to the treatment of expected credit losses in relation to receivables see notes 13 and 14.

D) ACCOUNTING POLICIES

Salaries, wages and other short-term employee benefits obligations

Salaries, wages, including non-monetary benefits, and annual leave where there is no unconditional right to defer settlement in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

Bonuses

A liability is recognised for bonuses where contractually obliged or where there is a past practice that has created a constructive obligation.

Superannuation

Contributions are made to defined contribution superannuation funds and expensed as they become payable.

Other long-term employee benefits obligations

The liabilities for long service leave and annual leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using relevant discount rates at the end of the reporting period that match, as closely as possible, the estimated future cash outflows. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

Security-based payments

Security-based compensation benefits are provided to employees via Cromwell's Performance Rights Plan (PRP). Further information about the PRP is set out in note 23.

The fair value of options and performance rights granted is recognised as an employee benefit expense with a corresponding increase in equity. The fair value is measured at grant date and recognised over the period during which the employees become unconditionally entitled to the options or performance rights. The fair value at grant date is determined using a pricing model that takes into account the exercise price, the term, the security price at grant date and expected price volatility of the underlying security, the expected distribution yield and the risk free interest rate for the term.

The fair value of the options or performance rights granted is adjusted to reflect the probability of market vesting conditions being met, but excludes the impact of any non market vesting conditions (for example, profitability and sales growth targets). Non market vesting conditions are included in assumptions about the number of options or performance rights that are expected to become exercisable. At each balance date, Cromwell revises its estimate of the number of options or performance rights that are expected to become exercisable. The employee benefit expense recognised each period takes into account the most recent estimate. The impact of the revision to original estimates, if any, is recognised in profit or loss with a corresponding adjustment to equity.

Finance costs

Information about Cromwell's exposure to interest rate changes is provided in note 14(e).

7. Income tax

A) OVERVIEW

Income tax expense comprises current and deferred tax expense. Current tax expense is the income tax payable on expected taxable income for the financial year and adjustments to tax payable in respect of previous financial years. Deferred tax expense is the result of different income and expense recognition principles between accounting standards and tax laws and represents the future tax consequences of recovering or settling the carrying amount of an asset or liability. Deferred tax liabilities are recognised for all taxable temporary differences whereas deferred tax assets are recognised for all deductible temporary differences and unused tax losses.

Taxation of the Trust

Under current Australian income tax legislation, the Trust and its sub-Trusts are not liable for income tax on their taxable income (including assessable realised capital gains) provided that the unitholders are presently entitled to the income of the Trust. However, the Trust also controls a number of corporate entities that are subject to income tax. Income tax shown for the Trust represents taxation of those corporate entities.

E) ACCOUNTING POLICY

Income tax

Cromwell's income tax expense for the period is the tax payable on the current period's taxable income adjusted by changes in deferred tax assets and liabilities attributable to temporary differences between the tax bases of assets and liabilities and their carrying amounts in the financial statements, and to unused tax losses.

Deferred tax assets and liabilities are recognised for temporary differences at the tax rates expected to apply when the assets are recovered or liabilities are settled, based on those tax rates which are enacted or substantively enacted. The relevant tax rates are applied to the cumulative amounts of deductible and taxable temporary differences to measure the deferred tax asset or liability.

Deferred tax is not recognised for the recognition of goodwill on business combinations and for temporary differences between the carrying amount and tax bases of investments in controlled entities where the parent entity is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses. Current and deferred tax balances attributable to amounts recognised in other comprehensive income or directly in equity are also recognised in other comprehensive income or directly in equity.

Tax consolidation

The Company and its wholly-owned entities (this excludes the Trust and its controlled entities and foreign entities controlled by the Company) have formed a tax-consolidated group and are taxed as a single entity. The head entity within the tax-consolidated group is Cromwell Corporation Limited. The head entity, in conjunction with other members of the tax-consolidated group, has entered into a tax funding arrangement, which sets out the funding obligations of members of the tax-consolidated group in respect of tax amounts. The head entity, in conjunction with other members of the tax-consolidated group, has also entered into a tax sharing agreement.

Operating Assets

This section of the annual financial report provides further information on Cromwell's and the Trust's operating assets. These are assets that individually contribute to Cromwell's revenue and include investment properties, equity accounted investments and investments at fair value through profit or loss.

8. Investment properties

A) OVERVIEW

Investment properties are land, buildings or both held solely for the purpose of earning rental income and / or for capital appreciation. This note provides a detailed overview of Cromwell's investment property portfolio, including details of movements during the financial year.

B) MOVEMENTS IN INVESTMENT PROPERTIES

A reconciliation of the carrying amounts of investment properties at the beginning and the end of the financial year is set out below.

(1) 84 Crown Street, Wollongong, NSW was reclassified as held for sale at 31 December 2022 and was subsequently sold in February 2023 for \$53.0 million.

(2) Pertains to the amortisation of lease costs, lease incentive costs and right-of-use assets.

C) INVESTMENT PROPERTIES SOLD / RECLASSIFIED AS HELD FOR SALE

During the current financial year the Trust entered into the following investment property related transactions:

- 84 Crown Street, Wollongong, NSW was reclassified as held for sale at 31 December 2022 and was subsequently sold in February 2023 for \$53.0 million;
- 117 Bull Street, Newcastle, NSW was sold in April 2023 for \$33.4 million;
- The Italian portfolio of 7 investment properties was transferred to held for sale (refer to note 20) on 30 June 2023 for \$91.5 million (€55.8 million) as part of Cromwell divesting 50% of the Cromwell Italy Urban Logistics Fund (CIULF) and entering into a partnership with Value Partners; and
- 2-6 Station Street, Penrith NSW was reclassified to held for sale (refer to note 20) at 30 June 2023, as subsequent to year end a sale agreement was signed for \$45.3 million (net of estimated sale costs).

During the 2022 financial year the Trust disposed of the following properties: Village Cinema, Geelong, VIC for \$19.0 million (net of required capital expenditure); 200 Mary Street, QLD for \$108.5 million; Regent Cinema, Albury, NSW for \$18.5 million; and the TGA Complex, ACT for \$21.5 million.

D) INVESTMENT PROPERTIES RECLASSIFIED AS INVENTORY

During the prior financial year Cromwell reclassified the investment property at 19 National Circuit, Barton, ACT as an inventory asset. This is due to its intended redevelopment for future sale. To facilitate this ownership, the asset was transferred from the Trust to the Cromwell Development Trust (a subsidiary of Cromwell Corporation Limited) for a contract price of \$10.0 million. Costs totalling \$6.5 million (2022: \$5.3 million) were incurred from the date the asset was classified as Inventory to 30 June 2023, with the Inventory carrying amount totalling \$16.5 million at 30 June 2023 (30 June 2022: \$15.3 million).

F) CRITICAL ACCOUNTING ESTIMATES - REVALUATION OF INVESTMENT PROPERTY PORTFOLIO

Cromwell's investment properties, with an aggregate carrying amount of \$3,098.2 million (2022: \$3,740.0 million) represent a significant balance on Cromwell's and the Trust's Balance Sheets. Investment properties are measured at fair value (for accounting purposes) using valuation methods that utilise inputs based upon estimates.

All property valuations, except for the Polish Portfolio in 2023, utilise valuation models based on discounted cash flow ("DCF") models or income capitalisation models (or a combination of both) supported by recent market sales evidence. See note 8(g) below for further information in relation to the valuation of investment properties which utilise valuation models to derive fair value.

Poland Retail Portfolio Strategic review and carrying amount as at 30 June 2023

In August 2022, following delays resulting from COVID-19 and Russia's invasion of Ukraine, and pursuant to Cromwell's strategic objectives to become a capital light fund manager and in order to repatriate capital to Australia to reduce Cromwell's gearing, the decision was made to formally market the wholly owned assets (the Poland Retail Portfolio). An extensive on-market sale process has been undertaken over the past 11 months resulting in Cromwell receiving a number of non-binding indicative offers on the Poland Retail Portfolio, as well as various combinations of offers for the underlying assets. In late June 2023, while the highest offer was below the level of the latest independent valuations, it was determined that given the extent of the process that had been conducted in conjunction with the substantial strategic benefits to exiting the Poland Retail Portfolio, the exclusive right to carry out due diligence would be granted to an independent third party. The non-binding offer received was in relation to the acquisition of the 6 wholly owned investment properties comprising the Poland Retail Portfolio (excluding the jointly held asset) with the indicative price of \$508.1 million, representing a 21.9% reduction compared with the 30 June 2023 independent external valuations. The independent valuers determined the valuation of the individual properties, for independent valuation purposes, at a total of \$650.9 million. As a result of the strategic decision, and having considered the relevant requirements of the Accounting Standards in determining market value for accounting purposes, the Board has adopted the non-binding offer price as the carrying amount for accounting purposes at 30 June 2023, rather than the value determined by the independent external valuations.

Australian portfolio

At balance date the adopted valuations for 9 of Cromwell's Australian investment properties are based on independent external valuations representing 99.3% of the value of the portfolio. The balance of the portfolio is subject to internal valuations having regard to previous external valuations, comparable sales evidence, indicative offers, or, in the case of investment properties held for sale, with reference to the relevant sale price. Cromwell's valuation policy requires all properties (other than land only) to be valued by an independent professionally qualified valuer with a recognised relevant professional qualification at least once every two years.

Impact of COVID-19 and other global economic impacts on property valuations

For the year ended 30 June 2023 Cromwell's approach to property valuations was substantially consistent with prior years, being in accordance with the established Valuations policy, but with an added emphasis in relation to the impact of COVID-19 and other global economic impacts (such as global geopolitical instability and tightened monetary policy) upon inputs relevant to the valuation model for each property.

It should be noted that external valuers have specified in their reports that their valuations at 30 June 2023 were performed in an unusual market context, notably the absence of transactions initiated after the outbreak of the COVID-19 pandemic and difficulties associated with estimating the outlook for changes in the investment property market given the nature of the recent health crisis and other global economic impacts, and they were working within the context of valuation uncertainty.

The table below shows the year end revaluation (losses) / gains for each portfolio.

	Cromwell	
	2023	2022
	\$M	\$M
Australia	(272.1)	57.5
Poland	(212.6)	(11.8)
Italy	(6.9)	8.3
Total revaluation (loss) / gain	(491.6)	54.0

G) FAIR VALUE MEASUREMENT

As noted below in Cromwell's accounting policy, investment properties are measured at fair value. The fair value of Cromwell's investment properties is determined using property valuation models that rely on the use of inputs that are not based on readily observable market data. Such valuation methods for determining fair value are called level 3 fair value measurements. These valuation methods and inputs are described in more detail below.

Valuation methodologies

Income capitalisation method	This method involves assessing the total net market income receivable from the property and capitalising this perpetually, using an appropriate, market derived capitalisation rate, to derive a capital value, with allowances for capital expenditure reversions such as lease incentives and required capital works payable in the near future and overs / unders when comparing market rent with passing rent.
DCF method	Under the DCF method, a property's fair value is estimated using assumptions regarding the benefits and liabilities of ownership over the asset's life including an exit terminal value. The DCF method involves the projection of expected cash flows from a real property asset over a period of time (generally five years) discounted to present value using an appropriate discount rate. An exit terminal value is added to the present value of the property cash flows using an appropriate terminal yield, to derive the value of the property.

Both methods require the determination of net market rent for a particular property, being the income capitalised or used to determine the present value of cash flows from the properties.

Unobservable inputs

Annual net property income	Annual net property income is the contracted amount for which the property space is leased. In the net property income, the property owner recovers outgoings from the tenant.
Capitalisation rate	The rate at which net market income is capitalised to determine the value of the property. The rate is determined with regard to market evidence (and the prior external valuation for internal valuations).
Discount rate	The rate of return used to convert a monetary sum, payable or receivable in the future, into present value. It reflects the opportunity cost of capital, that is, the rate of return the capital can earn if put to other uses having similar risk. The rate is determined with regard to market evidence (and the prior external valuation for internal valuations).
Terminal yield	The capitalisation rate used to estimate the residual value of the cash flows associated with the investment property at the end of the expected holding period.

Changes in these unobservable inputs have the following impact on the valuation of the properties:

Inputs	Impact of increase in input on fair value	Impact of decrease in input on fair value
Annual net property income	Increase	Decrease
Capitalisation rate	Decrease	Increase
Discount rate	Decrease	Increase
Terminal yield	Decrease	Increase

Range and weighted average of unobservable inputs used in the valuation methods to determine the fair value of Cromwell's investment properties in the current and prior year are as follows:

	Annual net property income (\$M)		Capitalisation rate (%)		Discount rate (%)		Terminal yield (%)	
	Range	Weighted average	Range	Weighted average	Range	Weighted average	Range	Weighted average
2023

Portfolio	0.1 – 32.4	19.2	4.6 – 6.8	5.2	5.2 – 9.7	6.4	4.3 – 8.0	5.8

(1) DCF models / income capitalisation models (and unobservable inputs therein) are not applied in certain cases (e.g. H.F.S. assets, vacant assets, etc) where this is not considered an appropriate method of valuation for the particular asset.

(2) The Polish portfolio of investment properties have been valued using a non-binding offer price instead of independent external valuations for the year ended 30 June 2023. Refer to note 8(f) for further details.

(3) The Italian portfolio of investment properties are classified as held for sale at 30 June 2023 with their value determined by reference to the CIULF unit sale agreement.

(4) No equivalent metric in Italian valuation methodologies utilised.

Sensitivity analysis

Significant judgement is required when assessing the fair value of investment property, especially in the current global economic environment. Owing to this significant judgement, a sensitivity analysis is included below. The sensitivity analysis shows the impact on the carrying values of directly held investment properties of an increase or decrease of 0.50% on the capitalisation rate, discount rate and terminal yields as at 30 June 2023.

	Cromwell	
	2023 \$M	2023 \$M

Australian portfolio	(235.7)	261.2
Polish portfolio ⁽¹⁾	-	-
Italian portfolio ⁽²⁾	-	-
Total	(235.7)	261.2

(1) The Polish portfolio of investment properties have been valued using a non-binding offer price instead of independent external valuations that utilise capitalisation rates, discount rates and terminal yields for the year ended 30 June 2023.

(2) The Italian portfolio of investment properties are not considered in the sensitivity analysis at 30 June 2023 as these properties will form part of an equity accounted investment from the settlement of the unit sale agreement in July 2023.

h) Non-cancellable operating lease receivable from investment property tenants

The table below reflects the gross property income, excluding recoverable outgoings and lease incentives, based on existing lease agreements. It assumes, that leases will not be extended by tenants beyond the current lease period, even if the lease contains options for lease extensions by tenants.

I) ACCOUNTING POLICY

Investment properties

Investment properties are initially measured at cost including transaction costs and subsequently measured at fair value, with any change therein recognised in profit or loss.

Fair value is based upon active market prices, given the assets' highest and best use, adjusted if necessary, for any difference in the nature, location or condition of the relevant asset. If this information is not available, Cromwell uses alternative valuation methods such as discounted cash flow projections and / or the capitalised earnings approach. The highest and best use of an investment property refers to the use of the investment property by market participants that would maximise the value of that investment property.

The carrying value of the investment property includes components relating to lease incentives and other items relating to the maintenance of, or increases in, lease rentals in future periods.

Investment properties under construction are classified as investment property and carried at fair value. Finance costs incurred on investment properties under construction are included in the construction costs.

Lease incentives

Lessees may be offered incentives as an inducement to enter into non-cancellable operating leases. These incentives may take various forms including up-front cash payments, rent free periods, rental abatements over the period or a contribution to certain lessee costs such as fit out costs or relocation costs. They are recognised as an asset in the Balance Sheet as a component of the carrying amount of investment property and amortised over the lease period as a reduction of rental income.

Initial direct leasing costs

Initial direct leasing costs incurred by Cromwell in negotiating and arranging operating leases are recognised as an asset in the Balance Sheet as a component of the carrying amount of investment property and are amortised as an expense on a straight-line basis over the lease term.

9. Equity accounted investments

A) OVERVIEW

This note provides an overview and detailed financial information of Cromwell's and the Trust's investments that are accounted for using the equity method of accounting. These include joint arrangements where Cromwell or the Trust have joint control over an investee together with one or more joint venture partners (these can take the form of either joint arrangements or joint ventures depending upon the contractual rights and obligations of each party) and investments in associates, which are entities over which Cromwell is presumed to have significant influence but not control or joint control by virtue of holding 20% or more of the associates' issued capital and voting rights, but less than 50%.

Cromwell's and the Trust's equity accounted investments are as follows:

B) DETAILS OF ASSOCIATE

Cromwell European Real Estate Investment Trust

Cromwell and the Trust have an investment in CEREIT with a carrying amount of \$589.7 million (2022: \$600.0 million) and \$580.6 million (2022: \$590.7 million) respectively. CEREIT is a real estate investment trust (REIT) listed on the mainboard of the Singapore Exchange (SGX) managed by Cromwell through its 100% owned subsidiary Cromwell EREIT Management Pte. Ltd. (the "Manager"). CEREIT invests in commercial property, mainly office and urban logistics, in western and central Europe with a current portfolio of 112 properties located in 10 European countries with an aggregate portfolio value of €2.3 billion (\$3.8 billion). The Manager of CEREIT has its own majority independent board of directors acting solely in the interest of all CEREIT unitholders. As such, Cromwell and the Trust does not control CEREIT, however has significant influence by virtue of their unitholdings.

C) DETAILS OF JOINT VENTURES

Ursynów

Cromwell and the Trust have an investment in Ursynów with a carrying amount of \$51.5 million (2022: \$50.8 million). Ursynów forms part of the Cromwell Polish Retail Fund (CPRF). Ursynów is a Polish company limited by shares that owns a single retail asset in Warsaw, Poland. Cromwell and the Trust hold 50% of the voting rights of the company. The other 50% is held by joint venture partner, Unibail Rodamco Westfield (URW). The company is governed by a supervisory board that decides on all relevant activities of the company. Both investors have equal participation rights in the supervisory board and all decisions require unanimous consent establishing joint control.

During the current period Cromwell and the Trust invested a further €2.4 million (\$3.8 million) into the joint venture which was disproportionate to Cromwell and the Trust's joint venture partner as a result of a pre-existing arrangement. The disproportionate contribution by Cromwell and the Trust has resulted in the recognition of an impairment to the investment of €1.2 million (\$1.9 million) due to Cromwell and the Trust's ownership percentage remaining unchanged at 50%.

During the prior financial year Cromwell and its joint venture partner contributed loans of \$26.8 million (€17.0 million) each, which the joint venture used to repay an external debt facility. This balance receivable from Ursynów at 30 June 2023 was \$30.5 million (€18.6 million).

Other joint ventures and associates

Other equity accounted investments include Cromwell's investment in Oyster Property Funds Limited (Oyster) (50% interest, 2022: 50%), a New Zealand based fund and property manager which is jointly owned with six other shareholders, and Phoenix portfolio's (45% interest, 2022: 45%), an Australian based equity fund manager. An investment in VAC Car Park Co. Pty Ltd (CARVAC) (50% interest, 2022: 50%), an Australian based company which operates the car park in Cromwell's Victoria Avenue Chatswood investment property.

In Europe, Cromwell has investments in Stirling Development Agency Limited (SDA) (50% interest, 2022: 50%) a UK based property developer and Redhouse Holdings Limited (Redhouse) (50% interest, 2022: 50%) a UK based property developer. The Dasos Cromwell RE Management Company Sarl (Dasos) (nil interest, 2022: 50%) a Luxembourg based property investment manager was dissolved during the period.

D) ACCOUNTING POLICY

Interests in associates and joint venture entities are accounted for in Cromwell's financial statements using the equity method. Cromwell's share of its associates and joint ventures' post-acquisition profits or losses is recognised in profit or loss and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Dividends or distributions receivable from associates and joint ventures are recognised in Cromwell's financial statements as a reduction of the carrying amount of the investment.

When Cromwell's share of losses in an associate or joint venture equals or exceeds its investment in the joint venture, including any other relevant unsecured receivables, Cromwell does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture. Unrealised gains on transactions between Cromwell its associates and joint ventures are eliminated to the extent of Cromwell's investment in the associate or joint venture. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

E) CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The preparation of financial statements requires management to make judgements and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The judgements and assumptions regarding the investments in Cromwell European Real Estate Investment Trust (CEREIT) and Ursynów are detailed below.

Cromwell European Real Estate Investment Trust

Cromwell and the Trust are considered to be able to exert significant influence, but not control, over the entity. This determination is pursuant to the assessment of control/significant influence and the consideration of key factors regarding the management of CEREIT as governed by Cromwell's Capital Markets Service Licence (as issued by the Monetary Authority of Singapore (MAS)) and the composition of the Board.

Cromwell's investment in CEREIT was assessed for indicators of impairment as at 30 June 2023. The CEREIT unit price (€1.56) on the Singapore Exchange (SGX) was 32.2% below the carrying value per unit, and the fair value of the investment using the quoted market price on the SGX per unit would be \$399.7 million, which is \$190.0 million below the carrying value. Given this position has been significant and prolonged, Cromwell has considered whether the value of the investment is impaired and assessed whether the recoverable amount (being the higher of value in use or fair value less costs of disposal) exceeds the carrying amount of the investment.

Cromwell's assessment of the value of the investment in CEREIT has been based on the fair value less costs of disposal methodology. The fair value of CEREIT has been measured by considering the value of the investment that Cromwell holds in CEREIT in its entirety which reflects the premium that an external buyer of CEREIT (as a whole) would pay for the significant influence that Cromwell has due to the combination of the scale of the holding and acting as manager of the vehicle. In addition, as at 30 June 2023, the balance sheet of CEREIT contains no goodwill or other intangible assets, and 111 of 112 investment properties were independently revalued at 30 June 2023.

Based on Cromwell's assessment of the fair value of CEREIT as at 30 June 2023 no impairment is required.

Ursynów

Cromwell and the Trust can only exercise joint control over the relevant decisions but not control, over the entity. This determination is pursuant to the assessment of control and the consideration of key factors regarding the management of Ursynów, the composition of the Board and other relevant agreements and joint control over relevant decisions.

(3) Cromwell had rights to a disproportionate share of LDK's profits (currently 100%) until a certain internal rate of return (IRR) threshold is achieved in respect of its capital invested. As of 30 June 2022, Cromwell's investment was reclassified as held for sale and subsequently sold in October 2022. Refer to note 20.

10. Investments at fair value through profit or loss

A) OVERVIEW

This note provides an overview and detailed financial information of Cromwell's investments that are classified as financial assets at fair value through profit or loss. Below is information about Cromwell's investments in unlisted property and share related trusts whereby Cromwell holds less than 20% of the issued capital in the investee. Such investments are classified as investments at fair value through profit or loss which are carried at fair value in the Balance Sheet with adjustments to the fair value recorded in profit or loss and include co-investments in European wholesale funds managed by Cromwell and any other relevant financial assets.

Investment in wholesale funds	2.9	2.9	-	-
Total investments at fair value through profit or loss	20.6	23.3	17.7	20.4

B) ACCOUNTING POLICY

Investments at fair value through profit or loss are financial assets held for trading which are acquired principally for the purpose of selling in the short term with the intention of making a profit. Financial assets at fair value through profit or loss also include financial assets which upon initial recognition are designated as such. These include financial assets that are not held for trading purposes and which may be sold. These are investments in exchange traded equity instruments and unlisted trusts.

At initial recognition, Cromwell measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit or Loss.

Subsequent to initial recognition, Cromwell continues to measure all equity investments at fair value. The fair values of quoted investments are based on current bid prices. If the market for a financial asset is not active (e.g. for unlisted securities), Cromwell establishes fair value by using valuation techniques. These include reference to the fair values of recent arm's length transactions, involving the same instruments or other instruments that are substantially the same, discounted cash flow analysis and pricing models to reflect the issuer's specific circumstances.

Changes in the fair value of equity investments at fair value through profit or loss are recognised in the Statement of Profit or Loss as applicable.

For methods used to measure the fair value measurement of Cromwell's and the Trust's investments at fair value through profit or loss refer to note 14.

Finance and Capital Structure

This section of the annual financial report provides further information on Cromwell's and the Trust's capital that comprises debt and stapled securityholders' equity and reserves. The Board of Directors is responsible for Cromwell's capital management strategy. Capital management is an integral part of Cromwell's risk management framework and seeks to safeguard Cromwell's ability to continue as a going concern while maximising securityholder value through optimising the level and use of capital resources and the mix of debt and equity funding.

This section outlines the financial risks that Cromwell and the Trust are exposed to and how these risks are managed as part of Cromwell's capital management.

11. Interest bearing liabilities

A) OVERVIEW

Cromwell and the Trust borrow funds from financial institutions and investors (the latter in the form of convertible bonds) to partly fund the acquisition of income producing assets. A significant proportion of these borrowings are generally fixed either directly or through the use of interest rate swaps/options/caps and have a fixed term. This note provides information about Cromwell's debt facilities, including maturity dates, security provided and facility limits.

C) DETAILS OF FACILITIES

i) Euro / GBP facility

This revolving facility is syndicated and is split into two tranches A, and B (30 June 2022: A & B). Interest is payable on all tranches in arrears and is calculated as EURIBOR plus a margin. All principal amounts outstanding are due at the expiry of the facilities. During the period tranches A & B were extended with an expiry date in September 2024. As part of this extension, a newly established tranche C was created with an expiry date in September 2023, which was repaid in full and cancelled before 30 June 2023.

ii) Secured bilateral loan facilities

Secured Bilateral Loan Facilities (SBLF) can be held with multiple providers. All SBLFs are secured pari passu by first registered mortgages over a pool of investment properties. Interest is payable quarterly in arrears calculated as BBSY rate plus a loan margin except for one facility (see below). Each provider individually contracts its commitment amount, expiry date and fee structure and can be repaid individually.

Details of SBLFs for Cromwell and the Trust by their expiry date are as follows:

(1) Under the financial undertakings of the Bilateral loan facilities \$168.4 million is currently available to be drawn upon.

iii) Development loan facility - AUD

This is two secured facilities in relation to the asset enhancement initiative at the property at 475 Victoria Avenue, NSW. Interest is payable both quarterly (Facility A) and monthly (Facility B) in arrears is calculated as BBSY rate plus a loan margin. The facility expires in April 2025.

iv) Polish Euro facilities

These facilities are secured by first registered mortgage over investment property held by CPRF. Interest is payable quarterly in arrears calculated as the 3-month EURIBOR rate plus a margin. During the period one of the existing facilities was extended with a new expiry date in January 2024 which required principal repayments of €10.49 million (\$16.5 million) during the 2023 calendar year. The €10.49 million (\$16.5 million) was repaid in January 2023. The other facility expires in July 2026.

v) Italian loan facilities

Cromwell and the Trust entered into a secured facility in relation to the investment into the Cromwell Italy Urban Logistics Fund. Interest is payable quarterly in arrears calculated as the EURIBOR rate plus a loan margin. The facility is composed of two tranches (2022: three tranches, third tranche was fully repaid and cancelled in July 2022) with expiry dates in October 2025. The two remaining tranches have been reclassified as held for sale at 30 June 2023, as Cromwell has entered into an agreement to sell 50% of the units in the Cromwell Italy Urban Logistics Fund.

vi) Convertible bonds

During the 2018 financial year Cromwell issued 2,300 convertible bonds with a face value of €100,000 each, amounting to a total gross face value of €230.0 million (\$370.0 million on date of issue).

In June 2022, Cromwell issued a market notice to all bond holders offering to redeem the bonds in cash for 99.75% of the face value. As a result of this process 951 of the 2300 bonds were redeemed, totalling \$142.0 million (€94.9 million).

During the year, the Optional Put, which was available to bond holders was exercised by 1,325 of the remaining 1,349 bond holders in exchange for cash equal to 100% of the face value. The convertible bonds of €132.5 million (\$193.4 million) plus any accrued interest was paid to the bond holders by Cromwell on 1 August 2022 utilising cash on hand and existing debt facilities. The remaining 24 bonds were compulsorily acquired by Cromwell in September 2022 in accordance with the terms and conditions of the bonds.

vii) Convertible bond – conversion features

The conversion feature of the convertible bonds represented an embedded derivative financial instrument in the host debt contract. The embedded derivative was measured at fair value and deducted from the carrying amount of the convertible bond (which is carried at amortised cost) and separately disclosed as a derivative financial liability on the face of the Balance Sheet.

Considering the transactions that have occurred and are detailed in note 11(c)(vi), the conversion feature had been valued at \$nil as at 30 June 2022.

viii) Lease liabilities

Cromwell recognises lease liabilities and related right-of-use assets in respect of various premises, property, plant and equipment and motor vehicle leases. The leases in respect of assets in Australia, Europe and Singapore have varying terms and are subject to varying rates of interest. See note 21 for further information.

Below is a maturity table of minimum lease payments in relation to leases in existence at the reporting date.

	Cromwell		Trust

Later than one year but not later than five years	17.2	15.7	1.7	1.5
Greater than five years	18.5	15.3	14.1	13.0
Total lease commitments	40.9	36.9	16.2	14.9

D) ACCOUNTING POLICIES

Interest bearing liabilities are initially recognised at fair value, net of transaction costs incurred. Interest bearing liabilities are subsequently measured at amortised cost using the effective interest rate method. Under this method fees, costs, discounts and premiums directly related to the financial liability are spread over its expected life.

The fair value of the interest bearing liability portion of a convertible bond is determined using a market interest rate for an equivalent non-convertible bond. This amount is recorded as an interest bearing liability on an amortised cost basis until extinguished on conversion or maturity of the bonds. The remainder of the proceeds is allocated to the derivative conversion feature. This is recognised as a financial liability if the convertible bond does not meet the "fixed-for-fixed" rule, otherwise it is included in shareholders' equity.

Borrowing costs incurred on funds borrowed for the construction of a property are capitalised, forming part of the construction cost of the asset. Capitalisation ceases upon practical completion of the property. Other borrowing costs are expensed.

For information in respect of accounting policies in relation to lease liabilities see note 21.

12. Derivative financial instruments

A) OVERVIEW

Cromwell's and the Trust's derivative financial instruments consist of interest rate swap, interest rate cap and interest rate collar contracts and the conversion option on the convertible bond. Derivative financial instruments are accounted for at fair value. The table below is a summary of Cromwell's and the Trust's fair values of derivative financial instruments disclosed in the Consolidated Balance Sheet.

	Cromwell		Trust	
	2023 \$M	2022 \$M	2023 \$M	2022 \$M
Current assets				
Interest rate cap contracts	28.0	13.3	28.0	13.3
	28.0	13.3	28.0	13.3
Non-current assets				
Interest rate cap contracts	28.5	42.6	28.5	42.6
Total derivative financial instruments (assets)	56.5	55.9	56.5	55.9

B) INTEREST RATE DERIVATIVES

Cromwell and the Trust use 3 different types of interest rate derivatives to mitigate the risk of interest rates:

- interest rate swap contracts are used to fix interest on floating rate borrowings;
- interest rate cap contracts are used to cap interest on floating rate borrowings; and
- interest rate collar contracts are used to set a cap on rising interest rates on floating rate borrowings whilst also setting a floor on declining interest rates on floating rate borrowings.

Maturity profile

At balance date, the notional principal amounts and period of expiry of all of Cromwell's and the Trust's interest rate derivatives are as follows:

	Cromwell and Trust	
	2023 \$M	2022 \$M
Less than 1 year	181.5	145.0
1 – 2 years	415.0	187.8
2 – 3 years	606.0	252.0
3 – 5 years	-	400.0

Hedging profile

The table below provides an overview of the hedging of Cromwell's and the Trust's borrowings through interest rate swaps, interest rate cap contracts and interest rate collar contracts at balance date:

	2023				2022

(1) Italian facilities have been included even though they are shown as held for sale as at 30 June 2023, in order to provide a clear presentation of all of Cromwell's debt facilities and the related interest rate derivatives.

C) CONVERSION FEATURE – CONVERTIBLE BOND

The conversion option amount represented the additional value provided to convertible bond holders compared with the same corporate bond that would have no feature to convert the bonds into Cromwell stapled securities at the end or during the term of the bond. For accounting purposes such a conversion feature was accounted for separately from the bond as a derivative financial instrument and was carried at fair value.

During the year, the Optional Put, which was available to bond holders was exercised by 1,325 of the remaining 1,349 bond holders in exchange for cash equal to 100% of the face value. The convertible bonds of €132.5 million (\$193.4 million) plus any accrued interest was paid to the bond holders by Cromwell on 1 August 2022 utilising cash on hand and existing debt facilities. The remaining 24 bonds were compulsorily acquired by Cromwell in September 2022 in accordance with the terms and conditions of the bonds. In the prior financial year, the fair value of the derivative was written down to \$nil. Movements of the conversion features of the convertible bonds is as follows:

	Cromwell and Trust	
	2023 \$M	2022 \$M
Derivative financial liability at 1 July	-	5.5
Fair value (gain) / loss	-	(5.2)
Foreign exchange difference	-	(0.3)
Balance at 30 June	-	-

D) ACCOUNTING POLICY

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured to fair value at balance date. Derivatives are carried as assets when their fair value is positive and as liabilities when their fair value is negative.

13. Other financial assets and financial liabilities

A) OVERVIEW

This note provides further information about material financial assets and liabilities that are incidental to Cromwell's and the Trust's trading activities, being receivables and trade and other payables, as well as information about restricted cash.

B) RECEIVABLES

Total receivables - non-current	38.3	28.5	51.1	114.9

(1) Includes loans to related parties.

Loans - joint venture partners

Ursynów joint venture

During the prior financial year Cromwell and the Trust contributed a loan of \$26.8 million (€17.0 million) to Ursynów, which the joint venture used to repay an external debt facility. The balance receivable at year end was \$30.5 million (2022: \$25.4 million).

Loans - inter-group

The Trust has provided a loan facility to the Company of €100.0 million. The loan balance was €12.6 million (\$20.6 million) (2022: €54.8 million (\$83.3 million)) at balance date. The facility is unsecured and expires in February 2029.

During the prior financial year the Trust provided a new loan facility to the Company of \$30.0 million in relation to the transfer of the development property at 19 National Circuit, ACT. The loan balance at year end was \$nil (June 2022: \$6.1 million). The facility is unsecured and expires in September 2026.

C) TRADE AND OTHER PAYABLES

	Cromwell		Trust	
	2023 \$M	2022 \$M	2023 \$M	2022 \$M
Trade and other payables	45.4	40.7	17.7	20.7
Lease incentives payables	22.5	31.1	22.5	31.1
Tenant security deposits	1.9	1.5	1.9	1.5
Trade and other payables	69.8	73.3	42.1	53.3

D) ACCOUNTING POLICY

Trade receivables and loans at amortised cost

Trade and other receivables are recognised initially at fair value and subsequently measured at amortised cost, less any expected credit losses. Operating lease receivables of investment properties are due on the first day of each month, payable in advance.

Note: as a result of current global economic impacts Cromwell has undertaken a comprehensive review of tenant receivables. All tenant receivables not considered to be recoverable have been fully provided for.

Trade payables

Trade and other payables are recognised initially at fair value and subsequently measured at amortised cost. These amounts represent liabilities for goods and services provided to Cromwell prior to the end of the year and which are unpaid. The amounts are usually unsecured and paid within 30-60 days of recognition.

14. Financial risk management

A) OVERVIEW

Cromwell's activities expose it to a variety of financial risks which include credit risk, liquidity risk and market risk. Cromwell's overall risk management program focuses on managing these risks and seeks to minimise potential adverse effects on the financial performance of Cromwell.

Cromwell's management of treasury activities is centralised and governed by policies approved by the Directors who monitor the operating compliance and performance as required. Cromwell has policies for overall risk management as well as policies covering specific areas such as identifying risk exposure, analysing and deciding upon strategies, performance measurement, the segregation of duties and other controls around the treasury and cash management functions.

Cromwell's risk exposures and techniques used to manage these are summarised below:

Risk	Definition of risk	Cromwell's exposure	Cromwell's management of risk
Credit risk (Section 14(b))	The risk a counterparty will default on its contractual obligations under a financial instrument resulting in a financial loss to Cromwell.	<ul style="list-style-type: none">• Cash and cash equivalents;• Receivables;• Derivative financial instruments;• Assets held for sale.	Cromwell manages this risk by: <ul style="list-style-type: none">• establishing credit limits for counterparties and managing exposure to individual entities;• monitoring the credit quality of all financial assets in order to identify any potential adverse changes in credit quality;• derivative counterparties and cash transactions, when utilised, are transacted with high credit quality financial institutions;• regularly monitoring loans and receivables on an ongoing basis; and• regularly monitoring the performance of associates on an ongoing basis.
Liquidity risk (Section 14(c))	The risk Cromwell will default on its contractual obligations under a financial instrument.	<ul style="list-style-type: none">• Payables;• Interest bearing liabilities;• Derivative financial instruments.	Cromwell manages this by: <ul style="list-style-type: none">• maintaining sufficient cash reserves and undrawn finance facilities to meet ongoing liquidity requirements;• preparation of rolling forecasts of short-term and long-term liquidity requirements;• monitoring maturity profile of interest bearing liabilities and putting in place strategies to ensure all maturing interest bearing liabilities are refinanced significantly ahead of maturity.

Risk	Definition of risk	Cromwell's exposure	Cromwell's management of risk
Market risk – price risk (Section 14(d))	The risk that the fair value of financial assets at fair value through profit or loss will fluctuate.	<ul style="list-style-type: none"> Investments at fair value through profit or loss. 	Cromwell has minimal exposure to this risk and therefore does not actively manage this risk.
Market risk – interest rate risk (Section 14(e))	The risk that the fair value or cash flows of financial instruments will fluctuate due to changes in market interest rates.	<ul style="list-style-type: none"> Borrowings at variable or fixed rates; Derivative financial instruments. 	Cromwell manages this risk through interest rate hedging arrangements (swap or cap contracts) on not less than 50% of Cromwell's borrowings.
Market risk – foreign exchange risk (Section 14(f))	The risk that the fair value of a foreign currency asset or liability will fluctuate due to changes in foreign currency rates.	<ul style="list-style-type: none"> Cash and cash equivalents; Receivables; Investments in foreign subsidiaries; Investments in foreign equity accounted investments; Payables; Foreign currency borrowings. 	Cromwell manages this risk by financing Cromwell's foreign currency investments through foreign currency borrowings providing a natural hedge.

B) CREDIT RISK

The maximum exposure to credit risk at balance date is the carrying amount of financial assets recognised in the Consolidated Balance Sheet of Cromwell.

Cash is held with Australian, New Zealand, United Kingdom, Singapore and European financial institutions. Interest rate derivative counterparties are all Australian and European financial institutions.

C) LIQUIDITY RISK

The contractual maturity of Cromwell's and the Trust's financial liabilities at balance date are shown in the table below. It shows undiscounted contractual cash flows required to discharge Cromwell's financial liabilities, including interest at current market rates.

D) MARKET RISK – PRICE RISK

Cromwell and the Trust are exposed to price risk in relation to its unlisted equity securities (refer note 10). The impact to Cromwell and the Trust of a 10% decrease in the value of the investment in the unlisted equity securities is a decrease to Profit and Equity of \$2.1 million (2022: \$2.3 million) for Cromwell and \$1.8 million (2022: \$2.0 million) for the Trust. The impact to Cromwell and the Trust of a 10% increase in the value of the investment in the unlisted equity securities is an increase to Profit and Equity of \$2.1 million (2022: \$2.3 million) for Cromwell and \$1.8 million (2022: \$2.0 million) for the Trust.

E) MARKET RISK – INTEREST RATE RISK

Cromwell's interest rate risk primarily arises from interest bearing liabilities. Interest bearing liabilities issued at variable rates expose Cromwell to cash flow interest rate risk. Interest bearing liabilities issued at fixed rates expose Cromwell to fair value interest rate risk. Cromwell's policy is to effectively maintain hedging arrangements on not less than 50% of its interest bearing liabilities. At balance date interest on a total of 56.90% (2022: 51.59%) of Cromwell's total borrowings is hedged through fixed rate interest rate swap and cap contracts which effectively fix or limit the amount of variable interest paid. For details about notional amounts and expiries of Cromwell's and the Trust's interest rate swap and interest rate cap contracts refer to note 12.

The below table shows the impact on profit after tax and equity if interest rates changed by 100 basis points based on net interest bearing liabilities and interest rate derivatives held at year-end with all other variables held constant. The impact on profit after tax and equity includes impact on finance costs (cash flow risk) and the fair value of derivative financial instruments (fair value risk).

Interest rate increase / (decrease) of:	+1%		-1%	
	Profit \$M	Equity \$M	Profit \$M	Equity \$M
2023				
Cromwell	9.5	9.5	(8.6)	(8.6)
Trust	8.9	8.9	(8.1)	(8.1)
2022				
Cromwell	9.2	9.2	(9.3)	(9.3)
Trust	8.5	8.5	(8.6)	(8.6)

F) MARKET RISK – FOREIGN EXCHANGE RISK

Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the functional currency of the relevant currency of the relevant group entity.

Cromwell's foreign exchange risk primarily arises from its investments in foreign subsidiaries and the investment in CEREIT. The functional currency of these entities is Euro or Polish Zloty. No hedge accounting was applied in relation to the net investment in the foreign subsidiaries.

Cromwell's and the Trust's exposure to Euro foreign currency risk due to the ownership, funding and operation of the investment property portfolios in Poland and Italy and the investment in CEREIT as well as overseas subsidiaries, expressed in Australian dollars, was as follows:

	Cromwell		Trust	
	2023 \$M	2022 \$M	2023 \$M	2022 \$M
Euro foreign currency risk				
Cash and cash equivalents	6.7	1.0	6.7	1.0
Receivables	-	-	20.6	83.3
Interest bearing liabilities – financial institutions	(286.8)	(283.4)	(286.8)	(283.4)
Interest bearing liabilities – convertible bond	-	(205.0)	-	(205.0)
Derivative financial instruments – conversion feature	-	-	-	-
Other	-	(1.3)	0.2	0.8
Total exposure	(280.1)	(488.7)	(259.3)	(403.3)

A change in the exchange rate of the Euro would have resulted in the following impact on Cromwell's profit after tax and equity:

	2023		2022	
	Profit \$M	Equity \$M	Profit \$M	Equity \$M
Euro – Australian Dollar gains 1 cent in exchange	4.5	4.5	7.3	7.3
Euro – Australian Dollar loses 1 cent in exchange	(4.7)	(4.7)	(7.5)	(7.5)

Cromwell and the Trust also have exposure to Polish Złoty foreign currency risk due to the ownership and operation of the investment property portfolio in Poland. Expressed in Australian dollars, this was as follows:

	Cromwell		Trust	
	2023 \$M	2022 \$M	2023 \$M	2022 \$M
Polish Złoty foreign currency risk				
Cash and cash equivalents	15.3	15.5	14.4	15.5
Receivables	30.5	25.4	30.5	25.4
Other	0.2	0.6	0.2	0.6
Total exposure	46.0	41.5	45.1	41.5

A change in the exchange rate of the Polish Złoty of 1 cent would not result in a material impact on Cromwell's profit after tax and equity.

G) FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Cromwell uses a number of methods to determine the fair value of its financial assets and financial liabilities. The methods comprise the following:

Level 1:	quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2:	inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).
Level 3:	inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The table below presents Cromwell's and the Trust's financial assets and liabilities measured and carried at fair value at 30 June 2023 and 30 June 2022 and the type of fair value measurement applied:

Cromwell	Notes	2023			2022		
		Level 2 \$M	Level 3 \$M	Total \$M	Level 2 \$M	Level 3 \$M	Total \$M
Financial assets at fair value

Total financial assets at fair value		74.2	-	74.2	76.3	-	76.3

There were no transfers between the levels of fair value measurement during the current and prior financial years.

Also, there were no financial liabilities as at 30 June 2023 (2022: nil).

H) DISCLOSED FAIR VALUES

i) Valuation techniques used to derive Level 1 fair values

At balance date, Cromwell held no Level 1 assets. The fair value of financial assets traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

ii) Valuation techniques used to derive Level 2 fair values

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. These valuation techniques maximise the use of observable market data, assessed for the impact of current global economic impacts where they are applicable and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Fair value of investments at fair value through profit or loss

Level 2 assets held by Cromwell include unlisted equity securities in Cromwell managed investment schemes. The fair value of these financial instruments is based upon the net tangible assets as publicly reported by the underlying unlisted entity, adjusted for inherent risk where appropriate.

Fair value of interest rate swaps and caps

Level 2 financial assets and financial liabilities held by Cromwell include "Vanilla" fixed to floating interest rate swap and interest rate cap derivatives (over-the-counter derivatives). The fair value of these derivatives has been determined using pricing models based on discounted cash flow analysis which incorporates assumptions supported by observable market data at balance date including market expectations of future interest rates and discount rates adjusted for any specific features of the derivatives and counterparty or own credit risk.

iii) Valuation techniques used to derive Level 3 fair values

If the fair value of financial instruments is determined using valuation techniques and if one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Reconciliation from the opening balances to the closing balances for fair value measurements in Level 3 of the fair value hierarchy:

	Cromwell	
	2023 \$M	2022 \$M
Investments at fair value through profit or loss		
Opening balance as at 1 July	2.9	8.9
Additions	1.3	0.5
Disposals	-	(4.5)
Fair value loss	(1.4)	(1.7)
Foreign exchange difference	0.1	(0.3)
Balance at 30 June	2.9	2.9

Fair value of investments at fair value through profit or loss

Level 3 assets held by Cromwell include co-investments in Cromwell Europe managed wholesale property funds. The fair value of these investments is determined based on the value of the underlying assets held by the fund. The assets of the fund are subject to regular external valuations which are based on discounted net cash inflows from expected future income and/or comparable sales of similar assets. Appropriate discount rates determined by the independent valuer are used to determine the present value of the net cash inflows based on a market interest rate adjusted for the risk premium specific to each asset.

I) ACCOUNTING POLICY

Initial recognition and measurement

Financial assets and financial liabilities are recognised in Cromwell's Balance Sheet when it becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. On initial recognition, financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are recognised net of transaction costs directly attributable to the acquisition of these financial assets or financial liabilities. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the Statement of Profit or Loss.

Financial assets

Classification and subsequent recognition and measurement

Subsequent to initial recognition Cromwell classifies its financial assets in the following measurement categories:

- Those to be measured at fair value (either through other comprehensive income, or through profit or loss); and
- Those to be measured at amortised cost.

The classification depends upon the whether the objective of Cromwell's relevant business model is to hold financial assets in order to collect contractual cash flows (business model test) and whether the contractual terms of the cash flows give rise on specified dates to cash flows that are solely payments of principal and interest (cash flow test).

Financial assets recognised at amortised cost

Trade and other receivables are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest and are measured at amortised cost. Interest income from these financial assets is included in interest income using the effective interest rate method.

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit or Loss.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off.

Financial assets recognised at fair value through profit or loss

Assets that do not meet the criteria for amortised cost or recognition at fair value through other comprehensive income are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in the Statement of Profit or Loss and presented net within other gains / (losses) in the period in which it arises.

Impairment

Cromwell recognises a loss allowance for expected credit losses on trade receivables that are measured at amortised cost and contract assets. The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument.

For trade receivables, Cromwell applies the simplified approach permitted by AASB 9 Financial Instruments, which requires expected lifetime credit losses to be recognised from initial recognition of the receivables. The expected credit losses on these financial assets are estimated using a provision matrix based on Cromwell's historical credit loss experience adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate.

Cromwell impairs a financial asset when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery.

Response to current global economic impacts

As a result of current global economic impacts Cromwell has undertaken a comprehensive review of the tenant receivables schedule. Any and all tenant receivables not considered to be recoverable have been fully provided for and are not included in the tenant receivables balance at year end.

Cromwell has also undertaken a review of its loan asset portfolio (including loans carried at fair value and loans carried at amortised cost). This process involved a thorough examination of all loan receivable balances with counterparties to assess the extent of expected credit losses that should be recognised. This resulted in no expected credit losses to be recognised.

Financial liabilities and equity

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by Cromwell are recognised at the value of the proceeds received, net of direct issue costs. Repurchase of the Cromwell's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in the Statement of Profit or Loss on the purchase, sale, issue or cancellation of Cromwell's own equity instruments.

Compound instruments

The component parts of convertible loan notes issued by Cromwell are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument. A conversion option that will not be settled by the exchange of a fixed amount of cash or another financial asset for a fixed number of the Cromwell's own equity instruments is an embedded derivative and not an equity instrument.

At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for a similar non-convertible instrument. This amount is recorded as a liability on an amortised cost basis using the effective interest method until extinguished upon conversion or at the instrument's maturity date.

The conversion option classified as an embedded derivative is determined by deducting the amount of the liability component from the fair value of the compound instrument in its entirety. This component is recognised and classified as a financial liability and categorised as being at fair value through profit or loss. This amount is subsequently remeasured (see "Embedded derivatives" section below).

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at fair value through profit or loss.

Financial liabilities subsequently measured at amortised cost

Financial liabilities that are not contingent consideration of an acquirer in a business combination, held-for-trading, or designated as at fair value through profit or loss, are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Derecognition of financial liabilities

Cromwell derecognises financial liabilities when, and only when, its obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit or Loss.

When Cromwell exchanges one debt instrument for another with substantially different terms with an existing lender, such exchange is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, Cromwell accounts for the substantial modification of terms of an existing liability or part of it as an extinguishment of the original financial liability and the recognition of a new financial liability.

Derivative financial instruments

For information in relation to the accounting policies for derivative financial instruments, refer note 12(d).

15. Contributed equity

A) OVERVIEW

Issued capital of Cromwell includes ordinary shares in Cromwell Corporation Limited and ordinary units of Cromwell Diversified Property Trust which are stapled to create Cromwell's stapled securities. The shares of the Company and units of the CDPT cannot be traded separately and can only be traded as stapled securities.

Stapled securities entitle the holder to participate in dividends and distributions as declared from time to time and the proceeds on winding up. On a show of hands every holder of stapled securities present at a meeting in person, or by proxy, is entitled to one vote, and upon a poll each stapled security is entitled to one vote.

Cromwell's and the Trust's issued capital at year-end were as follows:

	Cromwell stapled securities		Company shares		CDPT units	
	2023 M	2022 M	2023 \$M	2022 \$M	2023 \$M	2022 \$M
Issued capital	2,618.9	2,618.9	207.3	207.3	2,072.8	2,072.8

B) MOVEMENTS IN CONTRIBUTED EQUITY

The following reconciliation summarises the movements in contributed equity. Issues of a similar nature have been grouped and the issue price shown is the weighted average. Detailed information on each issue of stapled securities is publicly available via the ASX.

	Cromwell stapled securities		Company shares		CDPT units

Balance at 30 June 2023	2,618,866,699	2,280.1		207.3		2,072.8

C) ACCOUNTING POLICY

The ordinary shares of the Company are stapled with the units of the Trust and are together referred to as stapled securities. Stapled securities are classified as equity. Incremental costs directly attributable to the issue of new shares, units or options are shown in equity as a deduction, net of tax, from the proceeds.

Where any group company purchases Cromwell's equity instruments, for example as the result of a share buy-back or a share-based payment plan, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the securityholders as treasury securities until the securities are cancelled or reissued. Where such ordinary securities are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to securityholders.

16. Reserves

A) OVERVIEW

Reserves are balances that form part of equity that record other comprehensive income amounts that are retained in the business and not distributed until such time the underlying Balance Sheet item is realised. This note provides information about movements in the other reserves disclosed in the Consolidated Balance Sheet and a description of the nature and purpose of each reserve.

Security based payments reserve (SBP)	This reserve is used to recognise the fair value of equity settled security based payments in respect employee services. Refer to note 23 for details of Cromwell's security based payments.
Fair value through other comprehensive income reserve (FVTOCI)	This reserve records changes in the fair value of investments classified as being at fair value through other comprehensive income. The amount recorded in the reserve related to a pre-stapling interest of a subsidiary of the Company in a subsidiary trust of the Trust. Upon the disposal of the interest in the subsidiary on 30 June 2022, the reserve was released into Other Comprehensive Income.
Treasury securities reserve	The treasury securities reserve represents the cost of the securities Cromwell purchased in the market and are held to satisfy options under the Group's Performance Rights Plans. The number of ordinary securities held at year end was 435,617 (2022: 700,000) which were purchased for \$0.2 million (2022: \$0.5 million).
Foreign currency translation reserve (FCTR)	This reserve records exchange differences arising on the translation of the foreign subsidiaries. In addition, any foreign currency differences arising from inter-group loans are also transferred to the foreign currency translation reserve upon consolidation as such loans form part of the net investment in the foreign subsidiary.

Group Structure

This section of the annual financial report provides information about the Cromwell Property Group structure including parent entity information and information about controlled entities (subsidiaries).

17. Parent entity disclosures

A) OVERVIEW

The *Corporations Act 2001* (Cth) requires the disclosure of summarised financial information for the parent entity of a consolidated group. Further, Australian Accounting Standards require stapled groups to identify the parent entity of the group and identify equity attributable to the parent entity separately from other entities stapled to the parent entity.

The parent entity of the Cromwell stapled group is Cromwell Corporation Limited (the "Company"). The parent entity of the Trust group is Cromwell Diversified Property Trust ("CDPT").

B) SUMMARISED FINANCIAL INFORMATION OF THE COMPANY AND CDPT

C) COMMITMENTS

At balance date the Company and CDPT had no commitments (2022: none) in relation to capital expenditure contracted for but not recognised as liabilities.

D) GUARANTEES PROVIDED

The Company and CDPT had provided guarantees in relation to the convertible bonds, however with the bonds being fully redeemed during the year, the guarantees no longer exist. There are no other guarantees in place.

E) CONTINGENT LIABILITIES

At balance date the Company and CDPT had no contingent liabilities (2022: none).

F) ACCOUNTING POLICY

The financial information for the Company and CDPT is prepared on the same basis as the consolidated financial statements, except for:

- Investments in subsidiaries and equity accounted investments – these are accounted for at cost less accumulated impairment charges in the financial report of the parent entity. Distributions and dividends received from subsidiaries and equity accounted investments are not eliminated and recognised in profit or loss.
- Tax consolidation legislation – the Company is the head entity of a tax consolidated group as outlined in note 7. As the head entity, the Company recognises the current tax balances and the deferred tax assets for unused tax losses and credits assumed from other members as well as its own current and deferred tax amounts. Amounts receivable from or payable to the other members are recognised by the Company as intercompany receivables or payables.

20. Assets held for sale and liabilities directly related to assets held for sale

A) OVERVIEW

Non-current assets and liabilities are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. This condition is met only when the sale is highly probable and the asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as such within one year from the date of classification. At reporting date the following assets and liabilities have been classified as held for sale:

Disposal group - LDK

In October 2022, the equity interest in the LDK joint venture was sold for a contract price of \$20.0 million which has resulted in Cromwell recording a \$7.7 million gain on disposal after taking into account disposal costs.

As part of the sale transaction the loan portfolio was amended under a Deed of Variation whereby the loans were to be repaid by no later than June 2023 by the LDK joint venture with LDK repaying in full in March 2023.

Investment Property

Subsequent to year end, the Trust entered into a contract to sell 2-6 Station Street, Penrith NSW for \$45.3 million (net of estimated sale costs) which is expected to settle in September 2023. As a result of entering into this contract the asset has been reclassified as held for sale.

Disposal group - CIULF

On 30 June 2023, Cromwell entered into a binding agreement with Value Partners, a Hong Kong based asset manager to create a joint venture by selling 50% of the units in the Cromwell Italy Urban Logistics Fund. All of the assets and liabilities within the fund, most notably the 7 investment properties 100% leased to DHL and the Italian Euro facilities (secured by the investment properties) have been classified as held for sale at 30 June 2023. Cromwell will retain a 50% share of the Fund which will be equity accounted post settlement in July 2023.

No impairment losses have been recognised in the current and prior years in respect of assets held for sale.

B) CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

All assets held for sale and liabilities directly related to assets held for sale have been recognised based on the values stipulated in the relevant agreements.

21. Leased assets and related leases

A) OVERVIEW

Cromwell and the Trust are lessees in a number of leasing arrangements. Leases grant Cromwell and the Trust the "right-of-use" for the leased asset for the contractual period of the lease in return for fixed lease payments. The right-of-use is recognised as an asset within the Balance Sheet category the relating leased asset would ordinarily be classified in and depreciated over the shorter of the contractual lease period or the useful life of the leased asset. The present value of remaining lease payments is recognised as a liability within borrowings.

Cromwell and the Trust are lessees in the following leasing arrangements:

- Leasehold land – leases of land upon which some of Cromwell's and the Trust investment properties are situated (leasehold properties). The right-of-use assets relating to such lease leases are recognised within investment properties. See note 8 for more information in relation to Cromwell's and the Trust's investment properties situated on leasehold land.
- Office leases – leases of office space in Australia, Singapore and Europe. The relating right-of-use assets are recognised within property, plant and equipment.
- Equipment leases – leases of office equipment. The right-of-use assets are recognised within property, plant & equipment.

B) AMOUNTS RECOGNISED IN THE FINANCIAL STATEMENTS

C) ACCOUNTING POLICY

Accounting as lessee

Cromwell recognised a lease liability and a corresponding right-of-use asset at the commencement of a lease.

The lease liability is initially measured as the present value of the lease payments that are unpaid at the commencement date, discounted using the rate implicit in the lease or relevant incremental borrowing rate. Subsequently the lease liability is adjusted for interest and lease payments, as well as the impact of lease modifications. The lease liability is presented as a component of borrowings.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before commencement, less any lease incentives received and any initial direct costs. The right-of-use asset is subsequently measured as cost less accumulated depreciation and impairments. Right-of-use assets are depreciated on a straight-line basis over the shorter period of the lease term and useful life of the underlying asset.

D) ACCOUNTING POLICY

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions and other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

23. Security based payments

A) OVERVIEW

Cromwell operates a security based compensation scheme, the Performance Rights Plan (PRP). Under the PRP, eligible employees, including executive directors, have the right to acquire Cromwell securities at a consideration of \$0.00 subject to certain vesting conditions. Eligibility is by invitation of the Board of Directors and participation in the PRP by executive directors is subject to securityholder approval. The PRP is designed to provide long-term incentives for employees to continue employment and deliver long-term securityholder returns.

B) PRP

All full-time and part-time employees who meet minimum service, remuneration and performance requirements, including executive directors, are eligible to participate in the PRP at the discretion of the Board. Under the PRP, eligible employees are allocated performance rights. Each performance right enables the participant to acquire a stapled security in Cromwell, at a future date and exercise price, subject to conditions. The number of performance rights allocated to each participant is set by the Board or the Nomination & Remuneration Committee and based on individual circumstances and performance.

The amount of performance rights that will vest under the PRP depends on a combination of factors which may include Cromwell's total securityholder returns (including price growth, dividends/distributions and capital returns), internal performance measures and the participant's continued employment. Performance rights allocated under the PRP generally vest in three years. Until performance rights have vested, the participant cannot sell or otherwise deal with the performance rights except in certain limited circumstances. It is a condition of the PRP that a participant must remain employed by Cromwell in order for performance rights to vest. Any performance rights which have not yet vested on a participant leaving employment must be forfeited.

Set out below is a summary of movements in the number of performance rights outstanding at the end of the financial year:

	2023		2022	
	Weighted average exercise price	Number of performance rights	Weighted average exercise price	Number of performance rights
As at 1 July	\$0.26	8,047,940	\$0.12	10,185,693
Granted during the year	-	4,076,483	-	3,814,473
Exercised during the year	\$0.31	(1,207,622)	\$0.22	(1,396,024)
Forfeited / lapsed during the year	\$0.03	(3,402,951)	\$0.08	(4,556,202)
As at 30 June	\$0.00	7,513,850	\$0.26	8,047,940
Vested and exercisable	-	-	-	-

The weighted average price per security at the date of exercise of options exercised during the year ended 30 June 2023 was \$0.68 (2022: \$0.88). No options expired during the years covered in the table above.

The weighted average remaining contractual life of the 7,513,850 performance rights outstanding at the end of the financial year (2022: 8,047,940) was 1.29 years (2022: 1.33 years).

Fair value of performance rights granted

The fair value of performance rights granted during the year was between \$0.64 and \$0.81 per option for PRP with an exercise price of \$nil (2022: fair value between \$0.65 and \$1.00 and an exercise price of \$nil).

Performance rights do not have any market-based vesting conditions. The fair values at grant date are determined using a Black-Scholes option pricing model that takes into account the exercise price, the term of the option, the security price at grant date and expected price volatility of the underlying security, the expected dividend/distribution yield and the risk-free interest rate for the term of the option.

The model inputs for performance rights granted during the year included:

	2023	2022
Exercise price:	\$0.00	\$0.00
Grant date(s):	7-Oct-22	11-Nov-21 & 12-Apr-22
Share price at grant date(s):	\$0.685 to \$0.79	\$0.82 to \$0.87
Expected price volatility:	25% - 32.12%	20% - 25%
Expected dividend yield(s):	6.96% to 9.49%	7.88% to 7.93%
Risk free interest rate(s):	3.24% to 3.41%	0.16% to 0.19%
Expiry date(s):	30-Sept-25	30-Sept-24

The expected price volatility is based on the historic volatility (based on the remaining life of the options), adjusted for any expected changes to future volatility due to publicly available information.

C) EXPENSE ARISING FROM SECURITY BASED PAYMENTS

Expenses arising from share-based payments recognised during the year as part of employee benefits expense were as follows:

	Cromwell		Trust	
	2023 \$M	2022 \$M	2023 \$M	2022 \$M
Performance rights issued under the PRP	0.5	-	-	-

See note 6(d) for information in relation the accounting policy in relation to security based payments.

24. Related parties

A) OVERVIEW

C) CONTINGENT ASSETS AND CONTINGENT LIABILITIES

The Directors are not aware of any material contingent assets or contingent liabilities of Cromwell or the Trust (2022: \$nil).

27. Subsequent events

Cromwell Italy Urban Logistics Fund

On 30 June 2023, Cromwell entered into a binding agreement with Value Partners, a Hong Kong based asset manager to create a joint venture by selling 50% of the units in the Cromwell Italy Urban Logistics Fund. All of the assets and liabilities within the fund, most notably the 7 investment properties 100% leased to DHL and the Italian Euro facilities (secured by the investment properties) have been classified as held for sale at 30 June 2023 (refer to note 20). Cromwell will retain a 50% share of the Fund which will be equity accounted post settlement in July 2023.

In late July 2023, Cromwell received a payment of €13.1m upon successful completion of the conditions precedent in the unit sale agreement.

Sale of Investment Property

Subsequent to year end, the Trust entered into a contract to sell 2-6 Station Street, Penrith NSW for \$45.3 million (net of estimated sale costs) which is expected to settle in September 2023. Cromwell has classified the asset as held for sale (refer to note 20).

Cromwell Direct Property Fund transaction

On 7 July 2023, Cromwell announced that one of the subsidiaries in the group, Cromwell Funds Management Limited, as responsible entity for the Cromwell Direct Property Fund (CDPF), entered into an Merger Implementation Deed with Australian Unity Property Limited (AUPL), as the responsible entity for the Australian Unity Diversified Property Fund (AUDPF) to merge with CDPF. The merger is conditional upon AUDPF unitholder approval and the satisfaction of other conditions precedent. Upon completion, the merged fund will comprise a well-diversified portfolio of 15 high-quality assets, valued at approximately \$1.1 billion.

As part of the proposed merger, Cromwell will subscribe for units in CDPF (up to \$12 million) to assist in funding a one-off withdrawal facility for AUDPF unitholders.

At the same time Cromwell has entered into a separate Share Sale and Purchase Agreement with Australian Unity Limited to acquire AUPL, the responsible entity of AUDPF, for a total consideration of \$17.0 million, payable in instalments. A condition to the acquisition of AUPL is AUDPF unitholder approval, and implementation, of the merger. These transactions are expected to complete later in the 2024 financial year.

Other than those disclosed above, no matter or circumstance has arisen since 30 June 2023 that has significantly affected or may significantly affect:

- Cromwell's and the Trust's operations in future financial years; or
- the results of those operations in future financial years; or
- Cromwell's and the Trust's state of affairs in future financial years.

The financial statements were approved by the Board of Directors and authorised for issue on 30 August 2023.

DIRECTORS' DECLARATION

In the opinion of the Directors of Cromwell Corporation Limited and Cromwell Property Securities Limited as Responsible Entity for the Cromwell Diversified Property Trust (collectively referred to as "the Directors"):

- a) the attached financial statements and notes are in accordance with the *Corporations Act 2001* (Cth), including:
 - i) complying with Australian Accounting Standards (including the Australian Accounting Interpretations), the *Corporations Regulations 2001*; and
 - ii) giving a true and fair view of Cromwell's and the Trust's financial position as at 30 June 2023 and of their performance, for the financial year ended on that date; and
- b) the financial report also complies with International Financial Reporting Standards as disclosed in About this report - note 1 Basis of preparation; and
- c) there are reasonable grounds to believe that Cromwell and the Trust will be able to pay its debts as and when they become due and payable.

The Directors have been given the declarations by the chief executive officer and chief financial officer for the financial year ended 30 June 2023 required by section 295A of the *Corporations Act 2001* (Cth).

This declaration is made in accordance with a resolution of the Directors.

We have audited the financial reports of:

- Cromwell Property Group (the Group) which comprises the consolidated balance sheet as at 30 June 2023, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration of Cromwell Corporation Limited (the Company). The Group comprises the consolidated stapled entity comprising the Company and Cromwell Diversified Property Trust, and the entities they controlled at the year end or from time to time during the year; and
- Cromwell Diversified Property Trust (the Trust) which comprises the consolidated balance sheet as at 30 June 2023, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and the directors' declaration of Cromwell Property Securities Limited (the Responsible Entity), as Responsible Entity of the Trust. The Trust comprises Cromwell Diversified Property Trust and the entities it controlled at the year end or from time to time during the year.

In our opinion, the accompanying financial reports of the Group and the Trust are in accordance with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group and the Trust's financial position as at 30 June 2023 and of their financial performance for the year then ended; and
- Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group and the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial reports in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Liability limited by a scheme approved under Professional Standards Legislation.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Company and of the Responsible Entity of the Trust (the directors), would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the Group for the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How the scope of our audit responded to the Key Audit Matter
<p>Valuation of investment property</p> <p>At 30 June 2023, Cromwell Property Group recognised investment properties at fair value of \$3.1b as disclosed in Note 8.</p> <p>The Group owns either directly or through joint ventures a portfolio of properties across Australia, Italy and Poland.</p> <p>Valuations were carried out by internal and third-party valuers for the majority of investment properties in Australia, Italy, and Poland during the year. Some investment properties were valued with reference to recent transactions or current offers on the respective investment properties. Within their 30 June 2023 valuations, certain valuers included observations as to market uncertainty caused by inflationary pressures and tightening monetary policy. This highlights a higher degree of caution should be attached to the valuations than would normally be the case.</p> <p>Note 8 describes the valuation methodologies adopted by the Group:</p> <ul style="list-style-type: none"> the capitalisation approach applies a capitalisation rate to normalised market net operating income. the discounted cash flow method involves the projection of cash flows discounted to present value. <p>The valuation processes require judgment and estimation in the following valuation inputs:</p> <ul style="list-style-type: none"> net market income net operating income compound annual growth rates terminal yields capitalisation rates; and discount rates. <p>Of these, capitalisation rates and discount rates are considered to have the greatest propensity to materially impact the valuations and involve the use of significant judgement.</p>	<p>Our procedures included, but were not limited to:</p> <ul style="list-style-type: none"> Understanding the relevant controls within management's valuation framework and assessing the oversight applied by the directors over the valuation processes. Enquiring of management to obtain an understanding of portfolio movements and their identification of any additional property specific matters, as well as their assessment of the impact of inflationary pressures and tightening monetary policy on the valuations, and the uncertainty statement included in certain valuation reports. Assessing the independence, competence and objectivity of the external valuers, as well as competence and objectivity of internal valuers (where relevant). Performing an analytical review and risk assessment of the portfolio, assessing the key inputs and assumptions. Testing on a sample basis, both externally and internally valued properties, for: <ul style="list-style-type: none"> the completeness and accuracy of the information in the valuation by agreeing key inputs such as annual net operating income to underlying records and source evidence; the reasonableness of the forecasts used in the valuations with reference to current financial results such as net operating income, capital expenditure requirements, occupancy and lease renewals; and the mathematical accuracy of the valuation models. Assessing the reasonableness of the assumptions used in the valuations, including the capitalisation rates, and net market income adjustments made in the capitalisation approach and the discount rate, compound annual growth rate, and terminal yield used in the discounted cashflow method with reference to external market trends & transactions, property specific factors such as tenant mix and changes since the prior valuation. <p>We also assessed the appropriateness of the disclosures included in the Notes to the financial statements.</p>

Other Information

The directors of the Company and the Responsible Entity of the Trust (the directors) are responsible for the other information. The other information comprises the Directors' Report, which we obtained prior to the date of this auditor's report, and also includes the following information which will be included in the Group and Trust's annual report (but does not include the financial reports and our auditor's report thereon): Financial Highlights, Chairman's Report, CEO's Report, Corporate Governance Statement and Securityholder Information, which is expected to be made available to us after that date.

Our opinion on the financial reports does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial reports, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial reports or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Financial Highlights, Chairman's Report, CEO's Report, Corporate Governance Statement and Securityholder Information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the directors and use our professional judgement to determine the appropriate action.

Responsibilities of the Directors for the Financial Reports

The directors are responsible for the preparation of the financial reports that give a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial reports that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial reports, the directors are responsible for assessing the ability of the Group and the Trust to continue as going concerns, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Trust or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Reports

Our objectives are to obtain reasonable assurance about whether the financial reports as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial reports.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial reports, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group or the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group or the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial reports or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group or the Trust to cease to continue as going concerns.
- Evaluate the overall presentation, structure and content of the financial reports, including the disclosures, and whether the financial reports represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Group and Trust financial reports. We are responsible for the direction, supervision and performance of the Group's and Trust's audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the Group financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 27 to 44 of the Directors' Report for the year ended 30 June 2023.

In our opinion, the Remuneration Report of Cromwell Property Group for the year ended 30 June 2023, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.

CORPORATE GOVERNANCE STATEMENT

The Board is committed to Cromwell Property Group meeting securityholders' and stakeholders' expectations of good corporate governance. The Board is proactive with respect to corporate governance and actively reviews developments to determine which corporate governance arrangements are appropriate for Cromwell Property Group and its securityholders and stakeholders.

This Corporate Governance Statement (Statement) reports on how Cromwell Property Group (or Cromwell or Group) complied with the fourth edition of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (the Recommendations) during the 2023 financial year.

This Statement is current as at 30 June 2023 and was approved by the Board on 30 August 2023.

Cromwell Property Group comprises Cromwell Corporation Limited (or the Company) and the Cromwell Diversified Property Trust (or the CDPT), the Responsible Entity of which is Cromwell Property Securities Limited (or CPS).

Principle 1: Lay solid foundations for management and oversight

RECOMMENDATION 1.1

The Board of Directors of Cromwell Corporation Limited is identical to the Board of Directors of Cromwell Property Securities Limited (together, the Board; severally, the Directors). The Board's responsibilities include to provide leadership to Cromwell Property Group and to set its strategic objectives. The Board has adopted a formal, written Board Charter, which sets out the Board's role and responsibilities, including to:

- providing and demonstrating leadership to Cromwell Property Group, defining Cromwell's purpose and defining and setting its strategic objectives;
- monitoring the effectiveness of Cromwell's governance practices and the sustainability framework; and
- approving Cromwell Property Group's statement of values and Code of Conduct to underpin the desired culture within the Group and overseeing management in instilling and reinforcing these values.

The Board holds a scheduled meeting every second calendar month and additional meetings are convened as required. The Directors' Report discloses the names of the Directors, the number of times that the Board met during the 2023 financial year and the attendances of individual Directors at those meetings. For easy reference, the information (including percentages of total) is shown below:

Director	Meetings attended (% of meetings eligible to attend)	Meetings eligible to attend (100%)
Dr Gary Weiss AM (Chair)	11 (100%)	11 (100%)
Mr Eng Peng Ooi (Deputy Chair)	11 (100%)	11 (100%)
Mr Robert Blain	10 (91%)	11 (100%)
Mr Jonathan Callaghan	11 (100%)	11 (100%)
Ms Tanya Cox	11 (100%)	11 (100%)
Mr Joseph Gersh AM	11 (100%)	11 (100%)
Ms Lisa Scenna	11 (100%)	11 (100%)
Ms Jialei Tang	10 (91%)	11 (100%)

Management is responsible through Board and other reporting for providing the Board with relevant, accurate and timely information to inform and focus the Board's attention on key issues affecting the business.

Management prepares Board papers to inform and focus the Board's attention on key issues. Standing items include progress against strategic objectives, financial performance, people, sustainability and corporate governance (including compliance with material legal and regulatory requirements and any conduct that is materially inconsistent with Cromwell Property Group's values and Code of Conduct).

The Board has the following Board Committees to assist it in carrying out its responsibilities, to share detailed work and to consider certain issues and functions in detail:

- Audit Committee;
- Environmental-Social-Governance (ESG) and Risk Committee;
- Investment Committee; and
- Nomination and Remuneration Committee.

Details of the role, responsibilities and composition of the Board Committees are contained elsewhere in this Statement. The Directors' Report discloses (for each Board Committee) the members of the Board Committee, the number of times that the Board Committee met during the 2023 financial year and the individual attendances of the members at those meetings. For easy reference, the information (including percentages of total) is shown below:

The Board has delegated authority to the Chief Executive Officer (CEO) of Cromwell Property Group for the day-to-day business and affairs of the Group. This has been formalised in the Board Charter and the Board-approved Delegation of Authority Policy. The Board reviews these documents at least annually to ensure their effectiveness and appropriateness (given the evolving needs of Cromwell Property Group).

RECOMMENDATION 1.2

Cromwell Property Group undertakes appropriate checks before appointing a Director or senior executive, or putting forward to securityholders a candidate for election or re-election as a Director. The checks are into matters such as the person's character, experience, education, criminal record and bankruptcy history. The Board and Nomination and Remuneration Committee also consider whether or not the candidate has sufficient time available, given their other roles and activities, to meet expected time commitments to Cromwell.

When securityholders are asked at Cromwell Property Group's annual general meeting (AGM) to elect, or re-elect, a Director to the Board, Cromwell will provide securityholders with the following information to enable them to make an informed decision:

- biographical information, including relevant qualifications, experience and the skills the candidate brings to the Board;
- details of any other current material directorships;
- a statement as to whether the Board supports the candidate's election or re-election and a summary of the reasons why; and
- (for a candidate standing for election as a Director for the first time) a confirmation that appropriate checks into the candidate's background and experience have been conducted; any material adverse information revealed by background checks; details of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect the candidate's capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Group as a whole rather than in the interests of an individual securityholder or other party; and a statement from the Board as to the candidate's independence; or
- (for a candidate standing for re-election) the term of office currently served and a statement from the Board as to the candidate's independence.

The information will be provided in the relevant notice of meeting. Securityholders also have the opportunity to ask questions of candidates at the AGM.

In this Statement, AGM means (together) the Annual General Meeting of the Company and the General Meeting of the CDPT.

RECOMMENDATION 1.3

Cromwell Property Group has provided each Non-executive Director with a written letter of appointment which details the terms of their appointment, including:

- the requirement to disclose interests and any matters which could affect the Director's independence;
- remuneration and expected time commitments;
- the requirement to comply with key corporate policies, including Cromwell Property Group's Code of Conduct and Securities Trading Policy;

- the requirement to seek the Chair’s consent before accepting any new role that could impact on the time commitment expected of the Director, and to notify the Board about anything that may lead to an actual or potential conflict of interest or duty;
- Cromwell Property Group’s policy on when Directors may seek independent professional advice at the expense of the entity;
- indemnity and insurance arrangements and ongoing rights of access to corporate information; and
- ongoing confidentiality obligations.

The CEO (an Executive Director) has a written formal job description, an employment contract (outlining the terms of appointment as a senior executive) and a letter of appointment for the role as Executive Director.

Other senior executives have written employment contracts that outline the terms of their appointment.

Cromwell Property Group has a Board-approved Securities Trading Policy under which Directors, senior executives and employees are restricted in their ability to deal in Cromwell Property Group securities. Appropriate closed periods are in place during which Directors, senior executives and employees are not permitted to trade. Directors, senior executives and employees are made aware of the policy and receive training annually. The policy is reviewed at least annually.

RECOMMENDATION 1.4

The Company Secretary is accountable to the Board (through the Chair) on all matters to do with the proper functioning of the Board.

The Company Secretary’s responsibilities include:

- advising the Board and Board Committees on governance matters;
- monitoring that Board and Board Committee policies and procedures are followed;
- guiding the continuous improvement, and coordinating the timely completion and despatch, of the Board and Board Committee papers;
- ensuring that the business at the Board and Board Committee meetings is accurately captured in minutes; and
- helping to organise and facilitate the induction and professional development of Directors.

Directors can, and do, communicate directly and regularly with the Company Secretary on Board matters. Similarly, the Company Secretary communicates directly and regularly with the Directors on such matters.

The Board Charter states that the Board is responsible for appointing and removing the Company Secretary.

RECOMMENDATION 1.5

At Cromwell, we firmly believe that organisational diversity, where the composition of the workforce reflects that of the local population, brings the diversity of thought needed for innovation, effective decision making, great customer service and ultimately outstanding performance. We also believe that in order to harness that diversity, we need inclusion, where all employees are able to be themselves at work, and equity, where everyone is treated fairly.

Cromwell has a 5 year Diversity, Equity and Inclusion Strategy which spans 2021 – 2026 and specifies our Group level goals and our regional targets. Progress against our Australian targets in 2023 is provided below.

Number	Group's Australian business's FY23 objective	Group's Australian business's performance as at 30 June 2023
1	We will significantly reduce our gender pay gap year on year.	We further reduced our gender pay gap in 2023.
2	We will maintain pay parity.	We maintained pay parity across all equal roles.
3	We will achieve 40:40:20 gender diversity at all levels.	We achieved 40:40:20 at all levels except the Employee level, where women were overrepresented.
4	We will measure our cultural diversity.	We did not achieve this in 2023 but plan to do so in 2024.
5	We will commence our Reconciliation journey and develop a Reconciliation Action Plan (RAP).	We have drafted our Reflect RAP and expect to submit to Reconciliation Australia for endorsement in FY24.

Cromwell also has a Board-approved Diversity and Inclusion Policy which sets out the framework the Group has in place to achieve diversity in the composition of its Board, senior executive and broader workforce.

As at the date shown, the respective proportions of females and males on the Board, in senior executive positions and across the employee workforce were as follows:

Date	Body	Females (% of total)	Males (% of total)	Total (100%)
As at 30 June 2023	Cromwell Board	3 (37.5%)	5 (62.5%)	8 (100%)
As at 30 June 2023	Senior executive ⁽¹⁾	4 (45%)	5 (55%)	9 (100%)
As at 30 June 2023	Employees ⁽²⁾	70 (50%)	70 (50%)	140 (100%)

(1) Recommendation 1.5(c)(3)(A) requires the Group to disclose how it has defined 'senior executive' for these purposes. In this table, 'senior executive' means the Australian Executive Committee, which, as at 30 June 2023, comprised: the CEO, Fund Manager, Chief Technology Officer, Head of Corporate Operations, Head of Property Operations, Chief Investment Officer, Head of Retail Funds Management, Chief Financial Officer, and Chief Legal and Commercial Officer.

(2) Excludes the Board, senior executive, European business, Singaporean business, Phoenix Portfolios and Oyster Property Group.

Cromwell Property Group is a 'relevant employer' under the *Workplace Gender Equality Act 2012* (Cth) (WGEA). Cromwell's latest WGEA reporting is available on the Corporate Governance page on the Group's website.

RECOMMENDATION 1.6

The Board undertakes an annual formal performance assessment, which includes an evaluation of the performance of the Board, Board Committees and individual Directors and also a self-evaluation. Under the annual formal performance assessment, Directors complete a questionnaire and can make comments or raise any issues they have in relation to the performance. The results are compiled by the Company Secretary and discussed at a subsequent Nomination and Remuneration Committee meeting, with all Directors in attendance. The formal performance assessment was conducted for the 2023 financial year; it did not raise any governance issues that needed to be addressed but, in line with Cromwell Property Group's deep commitment to continuous improvement, a number of continuous improvement measures were identified for implementation during the 2024 financial year. As shown in this Statement under recommendation 1.1, the majority of individual Directors attended 100% with two Directors attending more than 90% of the Board and Board Committee meetings they were eligible to attend during the 2023 financial year. The Board considers periodically using external facilitators to conduct its performance reviews. The Deputy Chair of the Board and senior independent director is responsible for the performance evaluation of the Chair of the Board, after having canvassed the views of the other Directors. The performance evaluation of the Chair of the Board was conducted for the 2023 financial year; the Board remains supportive of the leadership of the Chair of the Board and no issues were raised that needed to be addressed.

RECOMMENDATION 1.7

Cromwell Property Group has an established, rigorous process for the performance review of all employees, including senior executives. The performance of senior executives and whether they have met their individual key performance indicators is formally evaluated annually by the CEO, with regular feedback being provided during the performance period. At the time of the reviews, the professional development of the senior executive is also discussed, along with any training which could enhance their performance. Both qualitative and quantitative measures are used in the evaluation. A performance evaluation for each senior executive was completed during the reporting period.

Under its Charter, the Nomination and Remuneration Committee is responsible for facilitating an annual review of the performance of the CEO (an Executive Director). This annual review was completed for the 2023 financial year.

Principle 2: Structure the board to add value

RECOMMENDATION 2.1

Nomination and Remuneration Committee

The Board's Nomination and Remuneration Committee has four members, all of whom are Non-executive Directors and three of whom are independent Directors. The Committee is chaired by an independent Director who is not the Chair of the Board.

The Nomination and Remuneration Committee operates under a Board-approved written Charter. The Charter sets out the Nomination and Remuneration Committee's various responsibilities, including reviewing and making recommendations to the Board in relation to:

- Board succession planning generally;
- induction and continuing professional development programmes for Directors;
- the development and implementation of a process for evaluating the performance of the Board, Board Committees and Directors;
- the process for recruiting new Directors;
- the appointment, or re-election, of Directors to the Board;
- the performance and education of Directors;
- reviewing and recommending remuneration arrangements for the Directors, the CEO and senior executives; and
- ensuring succession plans are in place with regard to the CEO and other senior executives.

The Nomination and Remuneration Committee:

- may seek any information it considers necessary to fulfil its responsibilities;
- has access to management to seek explanations and information;
- may seek professional advice from employees of the Group and independent professional advice and services from appropriate external advisors (independent of management), at Cromwell Property Group's cost; and
- may meet with external advisors without management being present.

On at least an annual basis, the Board or the Nomination and Remuneration Committee reviews the time required from a Non-executive Director and whether Directors are meeting that requirement.

The Directors' Report discloses the members of the Nomination and Remuneration Committee, the number of times that the Committee met during the 2023 financial year and the individual attendances of the members at those meetings. For easy reference, the information (including percentages of total) is shown in this Statement under recommendation 1.1.

Following the 2023 financial year the Charter for the Committee was reviewed and updated including a change of name to the Nomination and People Committee.

RECOMMENDATION 2.2

Board Skills Matrix

The Board reviews, on a regular basis, the mix of skills, experience, independence, knowledge and diversity represented by Directors on the Board and determines whether the composition and mix remain appropriate for Cromwell's purpose and strategic objectives and whether they cover the skills needed to address existing and emerging business and governance issues relevant to Cromwell Property Group.

The Board has adopted a Board Skills Matrix, which sets out the collective skills and attributes of the Board. The following table outlines detailed descriptions of the experience and skills represented by the current composition of the Board, and considered by the Board as desirable. The Board regularly reviews and updates its Board Skills Matrix to reflect the strategy and direction of Cromwell Property Group. The Board assesses the extent to which each skill is represented on the Board, with Cromwell Directors rating their skills as 'well-developed' (strong working knowledge and experience) or 'developed' (solid working knowledge and some experience). As shown in the table, all skills in the Board Skills Matrix are well represented on the Board as a whole.

Board Skills Matrix

Skill	Dr Weiss AM	Mr Ooi	Mr Blain	Mr Callaghan	Ms Cox	Mr Gersh AM	Ms Scenna	Ms Tang	Directors with well-developed skills (number of Directors and as a percentage of entire Board)	Directors with developed skills (number of Directors and as a percentage of entire Board)

The Board considers that its current members have an appropriate mix of skills, personal attributes and experience that allows the Directors individually, and the Board collectively, to discharge their duties effectively and efficiently. The Board comprises individuals who understand the business of the Group and the environment in which it operates and who can effectively assess management's performance in meeting agreed objectives and goals.

The Directors' Report provides the following information about each Director:

- profile, including qualifications and experience; and
- special responsibilities and attendances at Board and Board Committee meetings. For easy reference, attendances at meetings are reproduced in this Statement.

The Nomination and Remuneration Committee refers to the Board Skills Matrix when considering Board succession planning and professional development initiatives for the Directors.

RECOMMENDATION 2.3

The Board

The Group recognises that independent Directors are important in reassuring securityholders that the Board properly fulfils its role. As at 30 June 2023, the Board comprised eight Directors, with a Non-executive Chair, an independent Non-executive Deputy Chair and a majority of independent Non-executive Directors:

Director (age)	First appointed	Status
Dr Gary Weiss AM (Chair) (70)	18 September 2020	Non-executive Director/Chair
Mr Eng Peng Ooi (67)	8 March 2021	Independent Non-executive Director/Deputy Chair/ Senior Independent Director
Mr Robert Blain (68)	8 March 2021	Independent Non-executive Director
Mr Jonathan Callaghan (52)	7 October 2021 5 October 2021	Managing Director Chief Executive Officer
Ms Tanya Cox (62)	21 October 2019	Independent Non-executive Director
Mr Joseph Gersh AM (67)	18 September 2020	Independent Non-executive Director
Ms Lisa Scenna (55)	21 October 2019	Independent Non-executive Director
Ms Jialei Tang (28)	9 July 2021	Non-executive Director

Each year, independence status is assessed using the guidelines and factors set out in the Recommendations and each independent Non-executive Director also confirms to the Board, in writing, their continuing status as an independent Director.

In assessing a Director's independence status, the Board has adopted a materiality threshold of 5% of the Group's net operating income or 5% of the Group's net tangible assets (as appropriate) as disclosed in its last audited financial accounts.

The length of time that each independent Director has served on the Board is shown in the table above.

The Board is comfortable that no Director has served for a period such that their independence may have been compromised. The Board also recognises that the interests of Cromwell Property Group and its securityholders are likely to be well served by having a mix of Directors, some with a longer tenure with a deep understanding of Cromwell and its business and some with a shorter tenure with fresh ideas and perspective.

Cromwell Property Group's independent Non-executive Directors are considered by the Board to meet the test of independence under the Recommendations.

Each independent Non-executive Director has undertaken to inform the Board as soon as practical if they think their status as an independent Director has or may have changed.

RECOMMENDATION 2.4

As at 30 June 2023, the Board comprised eight Directors, with a Non-executive Chair, an independent Non-executive Deputy Chair and a majority of independent Non-executive Directors.

The Non-executive Directors confer periodically as a group without senior executives present.

RECOMMENDATION 2.5

The Chair of the Board – Dr Gary Weiss AM – is a Non-executive Director and the Deputy Chair of the Board and senior independent director – Mr Eng Peng Ooi – is an independent Non-executive Director. Mr Jonathan Callaghan is the CEO, and an Executive Director, of Cromwell Property Group.

This is consistent with the Board Charter, which stipulates that the Chair of the Board will not be the same person as the CEO and, if the Chair of the Board is not an independent Non-executive Director, then the Board will elect an independent Non-executive Director as Deputy Chair of the Board or as the 'senior independent director'. The Deputy Chair of the Board or senior independent director will act as Chair of the Board if the Chair faces a conflict of interest.

The Board Charter sets out the responsibilities of the Chair, including:

- leading the Board and Cromwell Property Group;
- facilitating the effective contribution and ongoing development of all Directors;
- promoting constructive and respectful relations between Board members and between the Board and management; and
- facilitating Board discussions to ensure that core issues facing Cromwell Property Group are addressed.

The Recommendations note that the role of chair is demanding, requiring a significant time commitment. As shown in this Statement under recommendation 1.1, Chair of the Board Dr Gary Weiss AM attended 100% of the Board and Board

RECOMMENDATION 2.6

An induction programme ensures that new Directors can discharge their responsibilities effectively, participate fully and actively in decision making, and add value, upon their appointment. The programme includes:

- meeting with fellow Directors and the senior executive team and receiving briefings on Cromwell Property Group's strategy, structure, business operations, history, culture and key risks;
- reviewing materials and policies in relation to corporate governance, legal duties and responsibilities and key accounting matters and directors' responsibilities; and
- undertaking Cromwell Property Group property asset and office site visits.

Each year, the Nomination and Remuneration Committee assesses whether the Directors, as a group, have the skills, knowledge and experience to deal with new and emerging business and governance issues and recommends to the Board a professional development programme for Directors. This includes training relevant to each skill area of the Board Skills Matrix and on key issues relevant to Cromwell Property Group's operations, financial affairs and governance. The professional development programme is compiled in light of recent or potential developments (internal and external) as well as any skills or knowledge gaps identified by the Nomination and Remuneration Committee. Directors also have access to the inhouse training sessions provided by Cromwell Property Group's Risk and Compliance team and Finance team. On an ongoing basis, Directors are provided with briefings on material changes to accounting standards, laws and regulations relevant to Cromwell Property Group.

During the 2023 financial year, Directors undertook Cromwell Property Group property asset and office site visits.

Principle 3: Act ethically and responsibly

RECOMMENDATION 3.1

Cromwell Property Group is a 'values led' organisation. Its corporate values, as disclosed on the website and in the Board-approved Code of Conduct, are as follows:

Such values underpin Cromwell Property Group's vision, which is to be a trusted, global real estate fund manager, with a local presence.

Cromwell Property Group's Directors, senior executives and employees are required to act lawfully, ethically and responsibly. This is reinforced by the values and the various practices and policies of the Group.

The Board and the senior executives reinforce Cromwell Property Group's values in their interactions with Cromwell's wider team. Appropriate standards are communicated and reinforced to all employees at induction sessions, regular refresher training and team meetings and in staff communications.

What you can find in the corporate governance page on our website:

-  Our Values
-  Code of Conduct (encompassing bribery and corruption)

www.cromwellpropertygroup.com/securityholder-centre/corporate-governance

RECOMMENDATION 3.2

All Directors, senior executives and employees are expected to act with integrity and strive at all times to enhance the reputation and performance of Cromwell Property Group. To reinforce this culture, Cromwell Property Group has a Board-approved Code of Conduct to provide guidance about the attitudes and behaviour necessary to maintain stakeholder confidence in the integrity of Cromwell Property Group and comply with the Group's legal obligations. The Board-approved Code of Conduct is made available to all Directors, senior executives and employees and they are reminded of the importance of the Code of Conduct on a regular basis, including through refresher training. The Code of Conduct is also published on Cromwell Property Group's website.

Compliance with Board-approved policies (including the Code of Conduct) is monitored via monthly checklists completed by key management and proactive testing programmes and by investigation following any report of a breach. Compliance monitoring is undertaken by the Compliance team under the direction of the Head of Risk and Compliance. The Board and the ESG and Risk Committee are notified of any material breaches of the Code of Conduct. The Directors and senior executives take appropriate and proportionate disciplinary action against those who breach the Code of Conduct.

There were no material breaches of the Code of Conduct during financial year 2023.

RECOMMENDATIONS 3.3 AND 3.4

Cromwell Property Group has a Board-approved Whistleblower Protection Policy and a Code of Conduct encompassing anti-bribery and corruption.

These policies actively encourage and support reporting to appropriate management of any actual or potential breaches of the Group's legal obligations and/or of the Code of Conduct and any concerns about any unlawful, unethical or irresponsible behaviour within Cromwell Property Group.

The ESG and Risk Committee is informed of any incidents reported under Cromwell Property Group's Whistleblower Protection Policy and any incidents of bribery or corruption prohibited by the Code of Conduct.

Principle 4: Safeguard integrity in corporate reporting

RECOMMENDATION 4.1

Audit Committee

The Board is responsible for the integrity of the Group's corporate reporting. To assist in discharging this function, the Board has an Audit Committee. The Board's Audit Committee has four members, all of whom are Non-executive Directors and a majority of whom are independent Directors. The Committee is chaired by an independent Director who is not the Chair of the Board.

The Audit Committee operates under a Board-approved written Charter, which sets out the Audit Committee's:

- objectives, including to maintain and improve the quality, credibility and objectivity of the financial accountability process (including financial reporting on a consolidated basis); and
- responsibilities, including reviewing and making recommendations to the Board in relation to:
 - whether Cromwell Property Group's financial statements reflect the understanding of the Audit Committee members, and otherwise provide a true and fair view, of the financial position and performance of the Group;
 - the appropriateness of any significant estimates or judgements in the financial reports (including those in any consolidated financial statements); and
 - the appointment or removal, and review of effectiveness and independence, of the external auditor.

The Directors' Report discloses:

- the relevant qualifications and experience of the members of the Audit Committee; and
- the number of times that the Audit Committee met during the 2023 financial year and the individual attendances of the members at those meetings. For easy reference, the information (including percentages of total) is shown in this Statement under recommendation 1.1.

The Audit Committee:

- may seek any information it considers necessary to fulfil its responsibilities;
- has access to management to seek explanations and information;
- has access to auditors to seek explanations and information from them, without management being present;
- may seek professional advice from employees of the Group and independent professional advice from appropriate external advisors, at Cromwell Property Group's cost; and
- may meet with external advisors without management being present.

During the 2023 financial year, the external auditor attended all of the meetings of the Audit Committee and time was made available for the Committee to meet with the external auditor without management being present.

The external auditor has declared its independence to the Board and to the Audit Committee. The Board is satisfied the standards for auditor independence and associated issues have been met.

RECOMMENDATION 4.2

Before it approves the Group financial statements for a financial period, the Board receives from the CEO and CFO a written declaration that, in their opinion, the financial records of the entity have been properly maintained and the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the entity and that the opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

RECOMMENDATION 4.3

For any periodic corporate report that Cromwell releases to the market that is not audited or reviewed by an external auditor, Cromwell has a robust review, verification and approval process to verify the integrity of those reports. Cromwell undertakes an internal review and verification exercise, with material statements verified by relevant managers and all verification materials retained in corporate records. Review by independent advisors is obtained where appropriate. Cromwell Property Group's Market Disclosure Protocol provides for a sign off protocol for each announcement to ensure that Directors review and (where applicable) approve announcements prior to release; in addition, at least two Disclosure Officers review and approve the announcement and, in accordance with ASX Listing Rule 15.5 (as amended from time to time), authorise the lodgement of the announcement with the ASX.

Cromwell adopts this process to satisfy itself that the relevant report is materially accurate, balanced and provides securityholders with appropriate information to make informed investment decisions.

What you can find in the corporate governance page on our website:

 Market Disclosure Protocol

www.cromwellpropertygroup.com/securityholder-centre/corporate-governance

Principle 5: Make timely and balanced disclosure

RECOMMENDATIONS 5.1, 5.2 AND 5.3

Cromwell Property Group believes that all stakeholders should be informed in a timely and widely available manner of all material information concerning the Group, including its financial position, performance, ownership and governance. In particular, Cromwell Property Group strives to ensure that any price sensitive material for public announcement is lodged with the ASX before external disclosure elsewhere and posted on the Group's website as soon as reasonably practicable after lodgement with the ASX.

The Group has a Market Disclosure Protocol which includes policies and procedures designed to ensure compliance with the continuous disclosure obligations under the ASX Listing Rules.

The Board receives copies of all market announcements promptly after such announcements have been released. This ensures that the Board has timely visibility of the nature and quality of information disclosed to the market and the frequency of disclosures. Cromwell Property Group's Market Disclosure Protocol provides for a sign off protocol to ensure that Directors review and (where applicable) approve announcements prior to release.

When Cromwell Property Group is giving a presentation, a copy of the presentation materials is released on the ASX Market Announcements Platform ahead of the presentation. Examples of such presentations are those delivered for half year results and full year results and at the AGM and any general meeting. In addition, for the AGM and any general meeting, a copy of the Chair's address and the CEO's address is released on the ASX Market Announcements Platform before the commencement of the meeting.

Cromwell Property Group is committed to providing securityholders with the opportunity to engage and participate in presentations and meetings. For the AGM on 16 November 2022, securityholders were invited to attend in-person at the Group's Brisbane office or to participate in the meeting 'virtually' through an online platform provided by Cromwell's registry, Link Market Services Limited. Securityholders participating 'virtually' were able to participate in the meeting by viewing the meeting live, viewing and hearing the Chair's address and the CEO's address, viewing the presentation slides, asking questions (written via the online platform or verbal via telephone) and voting online.

Principle 6: Respect the rights of securityholders

RECOMMENDATION 6.1

Cromwell Property Group aims to keep securityholders informed on an ongoing basis of the Group's performance and all major developments. Securityholders receive regular reports and the Group uses its website as its primary means of providing information to securityholders and the broader investment community about the Group's business, history, corporate structure, corporate governance and financial performance.

The Corporate Governance page on the Group's website provides:

- a link to information about the Board of Directors;
- key corporate governance documents, including constitutions, charters and policies;
- a link to key events in the Corporate Governance calendar;
- a link to a description of the Group's stapled security dividends/distributions policy and information about the Group's dividend/distribution history;
- a link to download relevant securityholder forms; and
- materials referred to in this Statement.

The Group's website also provides:

- an overview of the Group's current business;
- a description of how the Group is structured;
- a summary of the Group's history;
- a statement of the Group's values;
- documents that the Group releases publicly (such as annual reports, ASX announcements, notices of meeting and company news items);
- historical information about the market prices of Cromwell Property Group securities;
- ahead of the AGM (or any general meeting), information including time and venue and a copy of the Chair's address, the CEO's address and the presentation materials;
- contact details for enquiries from securityholders, analysts or the media; and
- contact details for its securities registry.

RECOMMENDATION 6.2

Cromwell Property Group has a Board-approved Investor Relations Policy, which has been designed to facilitate effective two-way communication with all Cromwell securityholders (institutional and retail) and other financial market participants, and to ensure that Cromwell gives all Cromwell securityholders and other financial market participants easy and timely access to balanced and understandable information about Cromwell's business, governance, financial performance and prospects.

The Policy also sets out the policies and processes that the Group has in place to encourage participation of securityholders and financial market participants in the AGM. This is important to the Group because it assists with ensuring a high level of accountability and identification with the Group's strategies and goals.

What you can find in the corporate governance page on our website:

 Investor Relations Policy

RECOMMENDATION 6.3

Cromwell Property Group facilitates and encourages participation at meetings of securityholders.

Prior to the meeting, securityholders will be provided with a notice of meeting outlining the resolutions to be voted upon. This will be sent to securityholders in electronic or printed form (as elected) within the timeframe set by the Corporations Act. This material relating to the meeting will be released via the ASX Market Announcements Platform and made available on the Cromwell website.

A proxy form, allowing securityholders to appoint a proxy in the event they cannot attend the meeting, will accompany the notice of meeting.

A copy of the Chair's address, CEO's address and the meeting presentation materials are released on the ASX Market Announcements Platform before the commencement of the meeting.

At the AGM, the Chair and the CEO each address the meeting and provide securityholders with an update on the Group's business, governance, financial performance and prospects and any areas of concern or interest to the Board and management. Cromwell will also ensure that the current external audit partner is in attendance to answer securityholders' questions about the audit.

Securityholders are encouraged to participate and ask questions at securityholder meetings. The Chair and CEO take any comments and questions received from securityholders during or after their address. The Chair provides securityholders with an opportunity to ask questions about and discuss the specific resolutions put to the meeting. Securityholders have the opportunity to ask questions about or comment on the management of the Group.

The notice of meeting for the AGM advises that securityholders entitled to cast their vote at the AGM may submit written questions to the auditor relevant to the content of the auditor's report or the conduct of the audit of the annual financial report being considered at the AGM, or otherwise may submit written questions about or comments on the management of the Group. A securityholder wishing to submit a question is asked to submit the question in writing to the Company Secretary up to 48 hours before the AGM. A list of the questions submitted is made available to securityholders attending the AGM at or before the start of the AGM. Where appropriate, these questions and comments are addressed at the meeting by being read out and then responded to at the meeting. At the AGM, the Chair reminds securityholders of the opportunity to ask questions, including questions about or comments on the management of the Group.

Securityholder meetings are held during business hours at the Group's registered office in Brisbane, which is accessible by public transport and near paid carparking locations. Cromwell provides 'virtual' online participation through a platform provided by Cromwell's registry, Link Market Services Limited, so that securityholders can participate (including asking questions and voting online) if they are unable to attend the meeting in person.

For the AGM on 16 November 2022, securityholders were invited to attend in-person at the Group's Brisbane office or to participate in the meeting 'virtually' through an online platform provided by Cromwell's registry, Link Market Services Limited. Securityholders participating 'virtually' were able to participate in the meeting by viewing the meeting live, viewing and hearing the Chair's address and the CEO's address, viewing the presentation slides, asking questions (written via the online platform or verbal via telephone) and voting online.

RECOMMENDATION 6.4

At the AGM on 16 November 2022 all resolutions were decided by way of a poll rather than by a show of hands.

RECOMMENDATION 6.5

Cromwell Property Group gives its securityholders the option to receive communications from the Group and from its securities registry electronically. Most securityholders have elected to receive all communications electronically, while other securityholders have elected to receive all communications electronically with payment statements received by post.

Electronic communications sent by the Group and by the securities registry are formatted in a reader friendly and printer friendly format.

Securityholders can send communications to the Group and to the securities registry electronically. The Contact page on the Group's website provides the email address for contacting the Group and the securities registry.

Principle 7: Recognise and manage risk

RECOMMENDATION 7.1

ESG and Risk Committee

The Group is exposed to various risks across its business operations and recognises the importance of effectively identifying and managing those risks so that informed decisions on risk issues can be made. The Board's ESG and Risk Committee has four members, all of whom are Non-executive Directors and a majority of whom are independent Directors. The Committee is chaired by an independent Director who is not the Chair of the Board. The ESG and Risk Committee operates under a Board-approved written Charter, which sets out the Committee's various responsibilities, including:

- assessing the effectiveness of the internal risk control system and management's performance against the risk management framework, including whether management is operating within the risk appetite set by the Board;
- receiving reports from management of any actual or suspected fraud, theft or other breach of internal controls and the 'lessons learned';
- receiving compliance assurance and internal risk control testing reports, including reviews of the adequacy of processes for risk management, internal control and governance;
- receiving reports from management on new and emerging sources of risk and the risk controls and mitigation measures that management has put in place to deal with those risks;
- making recommendations to the Board in relation to changes that should be made to the risk management framework or to the risk appetite set by the Board; and
- receiving reports from management outlining the sustainability practices of the Group, including its assessment of the potential impacts of climate change.

The ESG and Risk Committee:

- may seek any information it considers necessary to fulfil its responsibilities;
- has access to management to seek explanations and information;
- has access to auditors to seek explanations and information from them, without management being present;
- may seek professional advice from employees of the Group and independent professional advice from appropriate external advisors, at Cromwell Property Group's cost; and
- may meet with external advisors without management being present.

The Directors' Report discloses:

- the relevant qualifications and experience of the members of the ESG and Risk Committee; and
- the number of times that the ESG and Risk Committee met during the 2023 financial year and the individual attendances of the members at those meetings. For easy reference, the information (including percentages of total) is shown in this Statement under recommendation 1.1.

What you can find in the corporate governance page on our website:

 ESG and Risk Committee Charter

www.cromwellpropertygroup.com/securityholder-centre/corporate-governance

RECOMMENDATION 7.2

The Board is responsible for:

- satisfying itself that an appropriate risk management framework that covers both financial and non-financial risks is in place and setting the risk appetite within which the Board expects management to operate; and
- reviewing and ratifying systems of internal compliance and control and legal compliance to ensure appropriate governance and compliance frameworks and controls are in place.

As outlined in its Board-approved Charter, the ESG and Risk Committee's responsibilities include:

- overseeing the establishment and implementation of risk management and internal compliance and control systems and ensuring there is a mechanism for assessing the efficiency and effectiveness of those systems at least annually;
- approving and recommending to the Board for adoption policies and procedures on risk oversight and management to establish an effective and efficient system for:
 - identifying, assessing, monitoring and managing risk; and
 - disclosing any material change to the risk profile; and
- regularly reviewing and updating the risk profile.

Under the direction of the CEO, management is responsible for ensuring that the Group operates within the risk appetite set by the Board. It does so by identifying relevant business risks, designing controls to manage those risks and ensuring those controls are appropriately implemented. The Group has adopted an Enterprise Risk Management Policy, which is a general statement of the Group's approach to proactive, enterprise wide risk management. There is also a wide range of underlying internal policies and procedures, which are designed to mitigate the Group's material business risks. The Group's approach to enterprise risk management is guided by relevant International Standards and regulatory guidance and the Recommendations.

Reviews of the enterprise risk management framework were completed in the 2023 financial year. The ESG and Risk Committee and the Board were satisfied the framework continues to be sound and that Cromwell Property Group operates within the risk appetite set by the Board.

Compliance Committee

Throughout the 2023 financial year a Compliance Committee – comprised of a majority of external members – monitored the extent to which Cromwell Property Securities Limited (as Responsible Entity for the CDPT) complied with the CDPT's compliance plan and the underlying compliance framework. The Board of Cromwell Property Securities Limited received regular reports from the Compliance Committee during the year. The roles and responsibilities of the Compliance Committee are outlined in a Board-approved Charter, which is reviewed annually by the Compliance Committee. The Board of the Responsible Entity may change the Charter at any time by resolution.

RECOMMENDATION 7.3

Although the Group does not have a designated internal audit function, throughout the year the Compliance team conducts tests of the effectiveness of the controls and the appropriateness of the monitoring strategies in place for those risks with an inherent risk rating of Very High or High. Relevant management confirm (monthly, quarterly or annually as appropriate given the residual risk rating) that the controls remain appropriate and identify any new risks and any new controls that should be put in place. In addition, over the course of the financial year, a number of external audit, assurance, verification and independent review processes are undertaken in auditable focus areas such as work health and safety, sustainability and cyber and information security. The findings are reported to the ESG and Risk Committee or the Board or both.

RECOMMENDATION 7.4

The Group's ESG Report discloses the extent to which the Group has material exposure to environmental or social risks and explains how such risks are and will be managed. In previous years this disclosure was made in the Group's Sustainability Report.

Principle 8: Remunerate fairly and responsibly

RECOMMENDATION 8.1

Nomination and Remuneration Committee

The Board has a long-established Nomination and Remuneration Committee, which operates under a Board-approved written Charter. The Charter sets out the Nomination and Remuneration Committee's various responsibilities, including reviewing and making recommendations to the Board in relation to:

- coherent remuneration policies and practices to attract, retain and motivate senior executives and directors who will create value for securityholders;
- the remuneration framework for Non-executive Directors, including the allocation of the pool of Directors' fees;
- Executive Director and senior executive total remuneration;
- the design of any equity based incentive plan; and
- whether there is any gender or other inappropriate bias in remuneration policies and practices.

The Nomination and Remuneration Committee:

- may seek any information it considers necessary to fulfil its responsibilities;
- has access to management to seek explanations and information;
- may seek professional advice from employees of the Group and independent professional advice and services from appropriate external advisors (independent of management), at Cromwell Property Group's cost; and
- may meet with external advisors without management being present.

The Board's Nomination and Remuneration Committee has four members, all of whom are Non-executive Directors and a majority of whom are independent Directors. The Committee is chaired by an independent Director who is not the Chair of the Board.

The Directors' Report discloses the members of the Nomination and Remuneration Committee, the number of times that the Committee met during the 2023 financial year and the individual attendances of the members at those meetings. For easy reference, the information (including percentages of total) is shown in this Statement under recommendation 1.1.

Following the 2023 financial year the Charter for the Committee was reviewed and updated including a change of name to the Nomination and People Committee.

RECOMMENDATION 8.2

The Directors' Report (the section titled Remuneration Report) discloses information, including the policies and practices regarding the remuneration of:

- Non-executive Directors; and
- the Executive Director and other senior executives.

The respective policies and practices reflect the different roles and responsibilities of Non-executive Directors and the Executive Director and other senior executives.

As disclosed in the Remuneration Report, the Group's Non-executive Directors are paid a fixed remuneration, comprising base and committee fees or salary and superannuation (if applicable). Non-executive Directors do not receive bonus payments or participate in security-based compensation plans and are not provided with retirement benefits other than statutory superannuation. The Group's Non-executive Directors are required to have a minimum holding of Cromwell Property Group stapled securities equivalent to the Non-executive Director annual fee within three years of their start date.

The Remuneration Report details the nature and amount of remuneration of the Chief Executive Officer (Executive Director) and other senior executives (Key Management Personnel or KMP).

Remuneration packages are designed to align the KMP's interests with those of securityholders. Objectives and key results (or OKRs) for each KMP consider their role within Cromwell generally as well as their expected contribution to the achievement of Cromwell's objectives. The OKRs are designed to best incentivise each KMP to meet Cromwell's objectives and therefore best serve the interests of securityholders. This is achieved by providing remuneration packages which consist of the following three elements (or a combination thereof) where appropriate:

- Fixed component in the form of a cash salary;
- An at-risk cash and equity award that is linked solely to performance of a tailored set of objectives, where appropriate; and
- At-risk longer-term equity payment. This third element is equity based remuneration aimed at alignment with securityholder outcomes and retention.

The Group has an official clawback policy on unvested rights and deferred securities and malus and clawback clauses allow unvested securities to be clawed back where a recipient has acted fraudulently, dishonestly or where there has been a material misstatement or omission in the Group's financial statements leading to receipt of an unfair benefit. Unvested stapled securities held by a participant under Cromwell Property Group's Stapled Security Incentive Plan lapse in certain circumstances including where, in the Plan Committee's opinion, they are liable to clawback under the clawback policy. Additionally, performance rights under Cromwell Property Group's Performance Rights Plan lapse under certain circumstances including a determination by the Plan Committee that the performance right should lapse because the participant, in the Plan Committee's opinion, has committed any act of fraud, defalcation or gross misconduct in relation to the affairs of a body corporate in the Group.

For all KMP except the CEO and Non-executive Directors, the CEO is responsible for setting OKR targets which are reviewed by the Board and assessing annually whether those targets have been met. The OKR targets for the CEO are set,

RECOMMENDATION 8.3

In accordance with the remuneration policy, the Group operates:

- a Performance Rights Plan and has issued performance rights to a number of senior executives. The terms of the Group's Performance Rights Plan do not allow participants, whether Executive Directors or other employees, to hedge or otherwise limit the economic risk of their participation in the Plan; and
- a Stapled Security Incentive Plan and has offered Cromwell Property Group securities to a number of senior executives. The terms of the Group's Stapled Security Incentive Plan do not allow participants, whether Executive Directors or other employees, to hedge or otherwise limit the economic risk of their participation in the Plan.
