

ASX ANNOUNCEMENT

Correction to 2023 AGM Presentation

Melbourne, VIC. (2nd November 2023) - Lumos Diagnostics (ASX:LDX, "Lumos" or the "Company") advises that it has become aware of a typographical error in today's AGM presentation and provides the following correction.

On slide 14 of today's FY2023 AGM presentation, with respect to the US launch of FebriDx it is stated that the Company is "on track to have units available for initial orders expected in late CY2024". This date is incorrect. Consistent with previous announcements, the bullet point should have read:

"On track to have units available for initial orders expected in late CY2023"

Lumos apologises for the error and any confusion or misunderstanding that it may have generated.

END

This announcement is authorised for release by the Company Secretary.

###

About Lumos Diagnostics

Lumos Diagnostics specialises in rapid, cost-effective, and complete point-of-care (POC) diagnostic test technology to help healthcare professionals more accurately diagnose and manage medical conditions. Lumos offers customised assay development and manufacturing services for POC tests and proprietary digital reader platforms. Lumos also directly develops, manufactures, and commercialises novel Lumos-branded POC tests that target infectious and inflammatory diseases.

For more information visit lumosdiagnostics.com or call +1 941-556-1850.

Forward-Looking Statements

This announcement contains forward-looking statements, including references to forecasts. Forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions, and other important factors, many of which are beyond Lumos' control and speak only as of the date of this announcement. Readers are cautioned not to place undue reliance on forward-looking statements.
