## **About Beamtree**

A leading provider of AI decision support and data insights solutions, Beamtree supports healthcare providers globally. They believe in creating a better future for health by turning data into insights and action through automation. They help solve real-world problems in healthcare by developing smart tools that aim to improve patient outcomes. Their solutions and services offer customers an unrivalled range of analytics across four key product segments:

- Diagnostic Technology: Enabling the effective delivery of diagnostic services as they underpin the future of health and personalised medicine.
- Clinical Decision Support: Combining human and artificial expertise together to enhance decisions that improve care, value and experience.
- Coding Assistance and Data Quality: Digitising and automating workflows with data, classification, coding & technical expertise to improve information standardisation, quality and timeliness.
- Analytics and Knowledge Networks: Combining data analytics solutions with peer-to-peer alliances that accelerate innovation and knowledge diffusion.
