Dear Investor

Important upcoming changes to the MLC Wholesale Inflation Plus – Conservative Portfolio

Account number(s):

We are making some changes to the **MLC Wholesale Inflation Plus - Conservative Portfolio** ARSN 165 016 035 (Trust).

As an investor in the Trust, we want to let you know what the changes are and why we are making them. The enclosed fund profile information page explains how the changes impact you and your investment.

You should read the information in this notice and consider if your investments are still suitable for you. Subject to final implementation review and approval, the changes will be effective from **30 November 2023**. No further action is required from you.

Why we are making changes

IOOF and MLC are now part of one organisation—Insignia Financial¹. The combination of our IOOF and MLC investment teams created an opportunity to align and improve product features. As we align our investment divisions, philosophy, and processes, we are making some changes so we can bring you a more contemporary investment offering.

Our changes aim to improve the way the Trust delivers to its investment objective and investors' interests.

What are the changes?

- **Suggested minimum timeframe to invest**
The Trust discloses a range of 3 to 5 years as a suggested minimum timeframe for investment, we will remove the range and provide a more specific time period of 3 years that aligns with the Trust's investment objectives.
There is no change to either the risk profile or the nature of your investment because of these updates.
- **Classification of asset classes**
Strategic asset allocations are disclosed using asset classes, which aim to group similar types of investments according to risks and benefits. We will update the asset class classifications of the Trusts by disclosing the 'Private Equity' asset class as part of the broader 'Alternatives' asset class.

This change aims to promote asset class naming standardisation to assist in product comparison across similar products offered by MLC, IOOF and in the marketplace.

¹ In this communication, MLC refers to MLC Investments Limited (the responsible entity of the Trust) together with the MLC Wealth business acquired by Insignia Financial Ltd from National Australia Bank Limited on 31 March 2021 (as relevant) and IOOF refers to Insignia Financial Ltd. References to "us" and "we" used throughout this letter, is a reference to MLC, as relevant.

There is no change to either the risk profile or the nature of your investment because of these updates. Please read the enclosed fund profile information pages to see how these changes apply to the Trust.

Where to find more information

Subject to final implementation review and approval, these changes will be effective from 30 November 2023, and will be included in a new Product Disclosure Statement (PDS) also effective from 30 November 2023. To obtain a copy of the new PDS, please go to mlcam.com.au from this date.

Update to current fees and costs

Separately to the proposed product changes described above, the fees and costs information in the PDS for the Trust has been updated to reflect the fees and costs information for the financial year to 30 June 2023. The updated fees and costs information can be found at www.mlcam.com.au/MLCWholesale/pds or you can request a copy free of charge by calling or emailing us.

The updated information reflects a variation in the estimated indirect costs, performance fees and transaction costs incurred by the Trust, which will impact the overall returns you receive from the Trust.

It is important to note that the update to fees and costs information is not a result of any specific decision we made. Rather, it reflects actual costs incurred by the Trust for the previous financial year (involving estimates where appropriate) and was determined as part of our standard annual review process.

The updated fees and costs are reflected in the enclosed fund profile information pages in the 'Before 30 November 2023' column.
