### QUARTERLY FLOWS UPDATE<sup>2</sup>

We are pleased to present to you our quarterly FUM flows. For the quarter, we experienced net inflows of US\$1.8 billion and net inflows for the full year ended December 31, 2023, of US\$9.9 billion. On a full year basis, we expect to be amongst the top firms in net fund inflows for active equity managers, both in Australia and the U.S., as measured by the leading industry benchmarking firms.

We ended the year with FUM of US\$120.6 billion, a record high for us. We are pleased to have again delivered for our clients and shareholders this year. We expect continued business momentum in 2024, and begin the year with a promising pipeline for potential new business. We believe our strong risk-adjusted returns in 2023 - and over the longer term - in combination with our global, diversified distribution capabilities, position us well in the market.

As in prior periods, we note that our management fees (fees that are a percentage of assets managed), as opposed to performance fees (fees linked to investment performance), continue to comprise the vast majority of our net revenue. Our management team remains highly aligned with all shareholders, has significant exposure to our investment performance, and is acutely focused on and committed to the future of GQG Partners.

<sup>2</sup>Net flows amount is rounded to the nearest US \$0.1 billion, may include certain estimates, and has not been audited.
