

## **RAD to participate in B. Riley Securities Radiopharma Investor Conference**

Sydney, Australia – 23 February 2024 – Radiopharm Theranostics (ASX:RAD, “Radiopharm” or the “Company”), a clinical-stage biopharmaceutical company focused on developing innovative radiopharmaceuticals for areas of high unmet medical need, is pleased to announce that the Company has been invited to present at the B. Riley Securities Radiopharma Investor Conference, to be held on 1 March 2024.

The event will take place in New York and features 15+ small-to-mid cap public and private biotech, medtech, medical services, CDMO (contract development & manufacturing organisation), and industrial companies focused on bringing life-saving radiotherapeutics and imaging agents to the market.

A range of US institutional and professional investors will see Radiopharm management deliver a dedicated presentation on the Company, as well as being part of a panel discussion regarding imaging in radiopharmaceuticals.

A copy of the RAD presentation will be released in conjunction with the conference.

### **About Radiopharm Theranostics**

Radiopharm Theranostics is a clinical stage radiotherapeutics company developing a world-class platform of innovative radiopharmaceutical products for diagnostic and therapeutic applications in areas of high unmet medical need. Radiopharm has been listed on ASX (RAD) since November 2021. The company has a pipeline of six distinct and highly differentiated platform technologies spanning peptides, small molecules and monoclonal antibodies for use in cancer, in pre-clinical and clinical stages of development from some of the world’s leading universities and institutes. The pipeline has been built based on the potential to be first-to-market or best-in-class. The clinical program includes one Phase II and three Phase I trials in a variety of solid tumour cancers including breast, kidney and brain.
