The Dividend Reinvestment Plan ('DRP') is in operation and the recommended fully franked interim dividend of 4.6 cents per share qualifies. Participating shareholders will be entitled to be allotted the number of shares (rounded to the nearest whole number) which the cash dividend would purchase at the relevant issue price. The relevant issue price will be calculated as the volume weighted average market price (VWAP) of shares sold on the ASX over the four trading days commencing on the ex dividend date for the relevant dividend. The DRP will operate without a discount for the fully franked interim dividend.

Directors' Report to shareholders for the half year ended 31 December 2023

The Directors present their report together with the financial report of WAM Leaders Limited for the half year ended 31 December 2023.

Directors

The following persons were Directors of the Company during the financial period and up to the date of this report:

Geoff Wilson AO (Chairman – Non-independent)
Kate Thorley (Director – Non-independent)
Alexa Henderson (Director – Independent)
Lindsay Mann (Director – Independent)
Dr Ian Langford (Director – Independent)

Principal activity

The principal activity of the Company is making investments in listed companies. The Company's investment objectives are to deliver a stream of fully franked dividends, provide capital growth and preserve capital. No change in this activity took place during the period or is likely to in the future.

Operating and financial review

Investment operations during the half year resulted in an operating profit before tax of \$16,862,149 (2022: \$112,476,327) and an operating profit after tax of \$16,757,115 (2022: \$85,146,839). The profit for the period is reflective of the investment portfolio performance over the six months to 31 December 2023. The investment portfolio increased 2.0% in the six months to 31 December 2023, while the S&P/ASX 200 Accumulation Index rose 7.6%. The average cash weighting of the investment portfolio over the six months was 2.9%. The value of the portfolio increased by \$26.3 million in the six months to 31 December 2023 as the investment portfolio increased 2.0%, compared to prior period where the value of the portfolio increased \$121.2 million as the investment portfolio rose 8.8% in the six months to 31 December 2022.

The operating profit for the period includes unrealised gains or losses arising from changes in the fair value of the investments held in the investment portfolio during the period. This movement in the fair value of investments can add to, or reduce, the realised gains and losses on the investment portfolio and other revenue from operating activities (such as dividend and interest income) in each period. This treatment under the Accounting Standards can cause large variations in reported operating profits between periods.

The operating profit or loss for each financial period is reflective of the underlying investment portfolio performance and it is important to understand with context to the overall performance of equity markets in any given period. As a result, we believe the more appropriate measures of the financial results for the period are the investment portfolio performance, the change in net tangible assets (NTA) and fully franked dividends, together with total shareholder return.

WAM Leaders' pre-tax NTA decreased 0.1% in the six months to 31 December 2023, including the 4.5 cents per share fully franked final dividend paid to shareholders during the period. This decrease is after corporate tax paid of 2.1 cents per share or 1.5% of the Company's pre-tax NTA during the period. Corporate tax payments made throughout the period were the major items of difference between the investment portfolio performance of 2.0% and the NTA performance. The franking credits attached to corporate tax payments are available for distribution to shareholders through fully franked dividends.

Other items contributing to the change in the value of the assets during the period were management fees of 0.5% and other company related expenses of 0.2%, being partially offset by capital management accretion of 0.1%.

The NTA before tax as at 31 December 2023 amounted to \$1.38 per share (June 2023: \$1.43). The NTA after tax was \$1.38 per share (June 2023: \$1.41). These figures are after the 4.5 cents per share fully franked final dividend paid to shareholders during the period.

The total shareholder return for WAM Leaders during the period was -2.7% and was impacted by the share price moving from a premium to a discount to NTA, being partially offset by the investment portfolio performance. As at 31 December 2023, the share price discount to NTA was 0.5% (June 2023: premium of 1.9%). This measure does not value the potential benefit of franking credits distributed to shareholders through fully franked dividends.

Capital Management

In January, WAM Leaders announced its intention to make an off-market takeover bid for QV Equities Limited (ASX: QVE), subject to certain conditions. The WAM Leaders Board of Directors believe the off-market takeover bid will provide WAM Leaders shareholders with access to greater on-market liquidity through a larger market capitalisation of almost \$2.0 billion (based on the WAM Leaders share price on 30 January 2024) with approximately 30,000 shareholders.

Dividends

The Board declared an increased fully franked interim dividend of 4.6 cents per share to be paid on 31 May 2024. A fully franked final dividend of 4.5 cents per share was paid during the period. Since inception in May 2016, WAM Leaders has paid 44.15 cents per share in fully franked dividends to shareholders.

The Board intends to deliver a FY2024 fully franked full year dividend of 9.2 cents per share, subject to no material or adverse changes in market conditions. The fully franked interim dividend and the fully franked final dividend guidance of 4.6 cents per share have been made possible through the strong performance of the investment portfolio since inception and the profits reserve available. The Board is committed to paying a stream of fully franked dividends to shareholders, provided the Company has sufficient profits reserves and franking credits and it is within prudent business practices.

Rounding of amounts to nearest dollar

In accordance with ASIC Corporations (rounding in Financial/Directors' Reports) Instrument 2016/191, the amounts in the Directors' Report have been rounded to the nearest dollar, unless otherwise indicated.

Auditor's Independence Declaration

A copy of the Auditors' Independence Declaration as required under Section 307C of the *Corporations Act 2001* in relation to the review for the half year is set out on page 6 of this Financial Report.

Signed in accordance with a resolution of the Board of Directors.

6. Financial instruments measured at fair value

AASB 13: Fair Value Measurement requires the disclosure of fair value information using a fair value hierarchy reflecting the significance of the inputs in making the measurements. The fair value hierarchy consists of the following levels:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- **Level 2:** Inputs other than quoted prices included within Level 1 that are observable for the asset or liability either directly (as prices) or indirectly (derived from prices).

Level 3: Inputs for the asset or liability are not based on observable market data (unobservable inputs).

Included within Level 1 of the hierarchy are listed investments. The fair values of these financial assets and liabilities have been based on the closing quoted last prices at the end of the reporting period, excluding transaction costs.

Included within Level 2 of the hierarchy is WAM Leaders' investments in unlisted investment companies, Century Australia Investments and Absolute Equity Performance Fund. The fair value of the unlisted investment companies have been based on its net asset backing, being the underlying residual cash and cash equivalents at the end of the reporting period.

The carrying amounts of trade and other receivables and trade and other payables are assumed to approximate their fair values due to their short-term nature.

6. Financial instruments measured at fair value (cont'd)

There were no transfers between Level 1 and Level 2 during the period (June 2023: nil).

The following table presents the Company's financial assets and liabilities measured and recognised at fair value at 31 December 2023:

Since the end of the period, the Directors declared a fully franked interim dividend of 4.6 cents per share to be paid on 31 May 2024. The Board intends to deliver a FY2024 fully franked full year dividend of 9.2 cents per share, subject to no adverse or material changes in market conditions. The fully franked interim dividend and the fully franked final dividend guidance of 4.6 cents per share have been made possible through the strong performance of the investment portfolio since inception and the profits reserve available.

In January, WAM Leaders announced its intention to make an off-market takeover bid for QV Equities Limited (ASX: QVE), subject to certain conditions. The WAM Leaders Board of Directors believe the off-market takeover bid will provide WAM Leaders shareholders with access to greater on-market liquidity through a larger market capitalisation of almost \$2.0 billion (based on the WAM Leaders share price on 30 January 2024) with approximately 30,000 shareholders.

No other matters or circumstances have arisen since the end of the period, other than already disclosed, which significantly affect or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in subsequent financial periods.

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of WAM Leaders Limited ("the Company") which comprises the statement of financial position as at 31 December 2023, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of WAM Leaders Limited does not comply with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Company's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations* 2001.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
