## 1 General information

These interim financial statements cover KKR Credit Income Fund (the "Fund") as an individual entity. The Fund is an Australian registered managed investment scheme, which was constituted on 12 June 2019, registered with the Australian Securities and investment commission on 19 September 2019, and commenced operation on 15 November 2019. The Fund will terminate in accordance with the provisions of the Fund's constitution or by law.

The Fund was listed on the Australian Securities Exchange on 19 November 2019 and is quoted under ticker code: KKC.

The Trust Company (RE Services) Limited (ABN 45 003 278 831) is the responsible entity of the Fund (the "Responsible Entity"). The Responsible Entity has contracted services to KKR Australia Investment Management Pty Ltd (ABN 42 146 164 454) (the "Investment Manager"). The Investment Manager is an affiliate of Kohlberg Kravis Roberts & Co. L.P., a global alternative asset manager (together with its affiliates as applicable, "KKR"). The contracts are on normal commercial terms and conditions.

The investment objective is to provide unitholders with an income stream as well as to achieve attractive long term capital appreciation over a full market cycle by providing investors with exposure to underlying credit investments that are diversified by a number of investments and across geographies and asset classes.

The Fund invests in income generating alternative credit investments managed by KKR's credit investment teams in accordance with the product disclosure statement and the provisions of the Fund's constitution. The Fund has invested in a profit participating note (the "Access Fund PPN") issued by the KKR Global Credit Opportunities Access Fund L.P. (the "Access Fund"). The Access Fund invests in loans and bonds through its ownership in KKR GCOF Access Fund Funding L.P. ("Funding L.P."), and invests in credit assets and certain other assets through its ownership in KKR GCOF Access Fund Holding L.P. ("Holding L.P."). Funding L.P. and Holding L.P. are collectively referred to as the "Access Fund SPVs."

The Fund also has invested €190.1 million of its total commitment to invest €234.0 million in KKR Lending Partners Europe II (Euro) Unlevered SCSp (the "EDL Euro Fund") and has invested €30.0 million of its total commitment to invest €200.0 million in KKR Lending Partners Europe III (Euro) SCSp (the "EDL III Euro Fund"). Together, the Access Fund, the EDL Euro Fund and the EDL III Euro Fund are referred to as the KKR Managed Funds.

The interim financial statements were authorised for issue by the directors of the Responsible Entity (the "Directors of the Responsible Entity") on 28 February 2024. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

## 2 Basis of preparation and accounting policies

### (a) Basis of preparation

These interim financial statements have been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001* in Australia. Compliance with AASB 134 ensures compliance with International Financial Reporting Standards IAS 34 *Interim Financial Reporting*. The half-year report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

The accounting policies and methods of computation adopted in the preparation of the half-year financial statements are consistent with those adopted and disclosed in the Fund's annual financial report for the financial year ended 30 June 2023.

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current period.

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* issued by the Australian Securities and Investments Commission, and in accordance with that Corporations Instrument, amounts in the half-year financial report are rounded off to the nearest thousand dollars, unless otherwise indicated.

### **Investment entity**

The Fund is considered to meet the definition of an 'Investment Entity' as described in AASB 10 *Consolidated Financial Statements*. Under AASB 10, an Investment Entity is required to hold its subsidiaries at fair value through profit or loss ("FVTPL") rather than consolidation. Subsidiaries are entities over which control is exercised. Control exists when the entity is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Fund has determined that it exercises control over the Access Fund, however the Fund applies the investment entity exception available under AASB 10 and measures its subsidiaries at FVTPL.

There are no new standards, interpretations or amendments to existing standards that are effective for the first time for the financial half-year beginning 1 July 2023 that would be expected to have a material impact on the Fund.

### 3 Fair value measurement

The Fund measures and recognises the following assets and liabilities at fair value on a recurring basis:

- Access Fund PPN
- EDL Euro Fund
- EDL III Euro Fund
- Derivative financial instruments

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

AASB 13 *Fair Value Measurement* requires disclosure of fair value measurements by level of the following fair value hierarchy:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- (b) inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
- (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This may be the case for certain unlisted shares, certain corporate debt securities and unlisted unit trusts with suspended applications and withdrawals.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

The determination of what constitutes 'observable' requires significant judgement by the Investment Manager. The Investment Manager considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

The Fund's investments in the Access Fund PPN, the EDL Euro Fund and the EDL III Euro Fund are recorded at fair value as provided by the investment managers of the respective funds.

The Fund has economic exposure to the Access Fund via its investment in the Access Fund PPN. The Access Fund used funds received from the issuance of the Access Fund PPN to make investments in the Access Fund SPVs and distributes income to the Fund as interest on the Access Fund PPN. The value of the Access Fund PPN will equal the fair value of the Access Fund's investment in the Access Fund SPVs, less any liabilities of the Access Fund. The Access Fund carries its investment in the Access Fund SPVs at fair value based on the Access Fund's proportionate interest in the partners' capital of the Access Fund SPVs. The Access Fund SPVs' portfolios are comprised primarily of bank loans and high yield bonds, the majority of which are classified as Level 2 investments and are valued daily using independent pricing services. For the remaining assets which are classified as Level 3, such assets are valued using independent valuation firms, who apply the appropriate valuation model depending on whether the asset is debt (generally, synthetic credit or re-underwriting analysis) or equity (generally, waterfall). As at 31 December 2023, approximately 90% of the Access Fund SPVs' investment portfolio consisted of bank loans and high yield bonds.

The Fund's fair value of the EDL Euro Fund as at 31 December 2023 is based on the Fund's proportionate interest in the net asset value of the EDL Euro Fund. The Fund's fair value of the EDL III Euro Fund as at 31 December 2023 is based on the Fund's proportionate interest in the net asset value of the EDL III Euro Fund. The EDL Euro Fund and the EDL III Euro Fund invest primarily in originated senior loans to European corporate entities. The majority of these investments are classified as Level 3 investments and are valued using independent valuation firms, who apply the appropriate valuation model depending on whether the asset is debt (generally, synthetic credit or re-underwriting analysis) or equity (generally, waterfall).

The carrying value of other receivables and payables are assumed to approximate their fair values due to the short term nature of these financial instruments.

The fair value of the forward contracts is determined using quoted forward exchange rates at the period ended.

# Independent Auditor's Review Report to the Unitholders of KKR Credit Income Fund

## Report on the Half-Year Financial Report

### *Conclusion*

We have reviewed the half-year financial report of KKR Credit Income fund (the "Fund") which comprises the condensed statement of financial position as at 31 December 2023, and the condensed statement of profit or loss and other comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, notes to the financial statements, including material accounting policy information and other explanatory information, and the directors' declaration as set out on pages 6 to 17.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the KKR Credit Income Fund does not comply with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Fund's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations 2001*.

### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (*including Independence Standards*) ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

### *Directors' Responsibilities for the Half-year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## ***Auditor's Responsibilities for the Review of the Half-year Financial Report***

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Fund's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
