Revenue and Operating Cashflow Growth

- Step change in revenues over the last 5 quarters reflecting ongoing product demand;
- Strong hardware sales on the back of major orders from Chubb/Vitalcall and Keyton Retirement;
- Modest slowdown in Q4 23 as projects completed;
- Subscription revenues growing strongly as hardware is progressively rolled out by clients;
- Substantial number (~12,700) pending subscriptions from sold hardware units still to be commissioned will boost subscription revenues further.

- EBITDA losses continue to narrow;
- FY23 higher cost profile arising from:
 - Strategic decision to take lower hardware margins on major contracts to secure ongoing subscriptions;
 - Increased investment in our RAC division to position for future segment growth;
 - Expanded marketing and business development activity;
 - Investments in operational capability across the business with current cost structure capable of servicing a much larger revenue base.

Talius' differentiator

Talius™ Smart Care Platform

Identifying the Problem

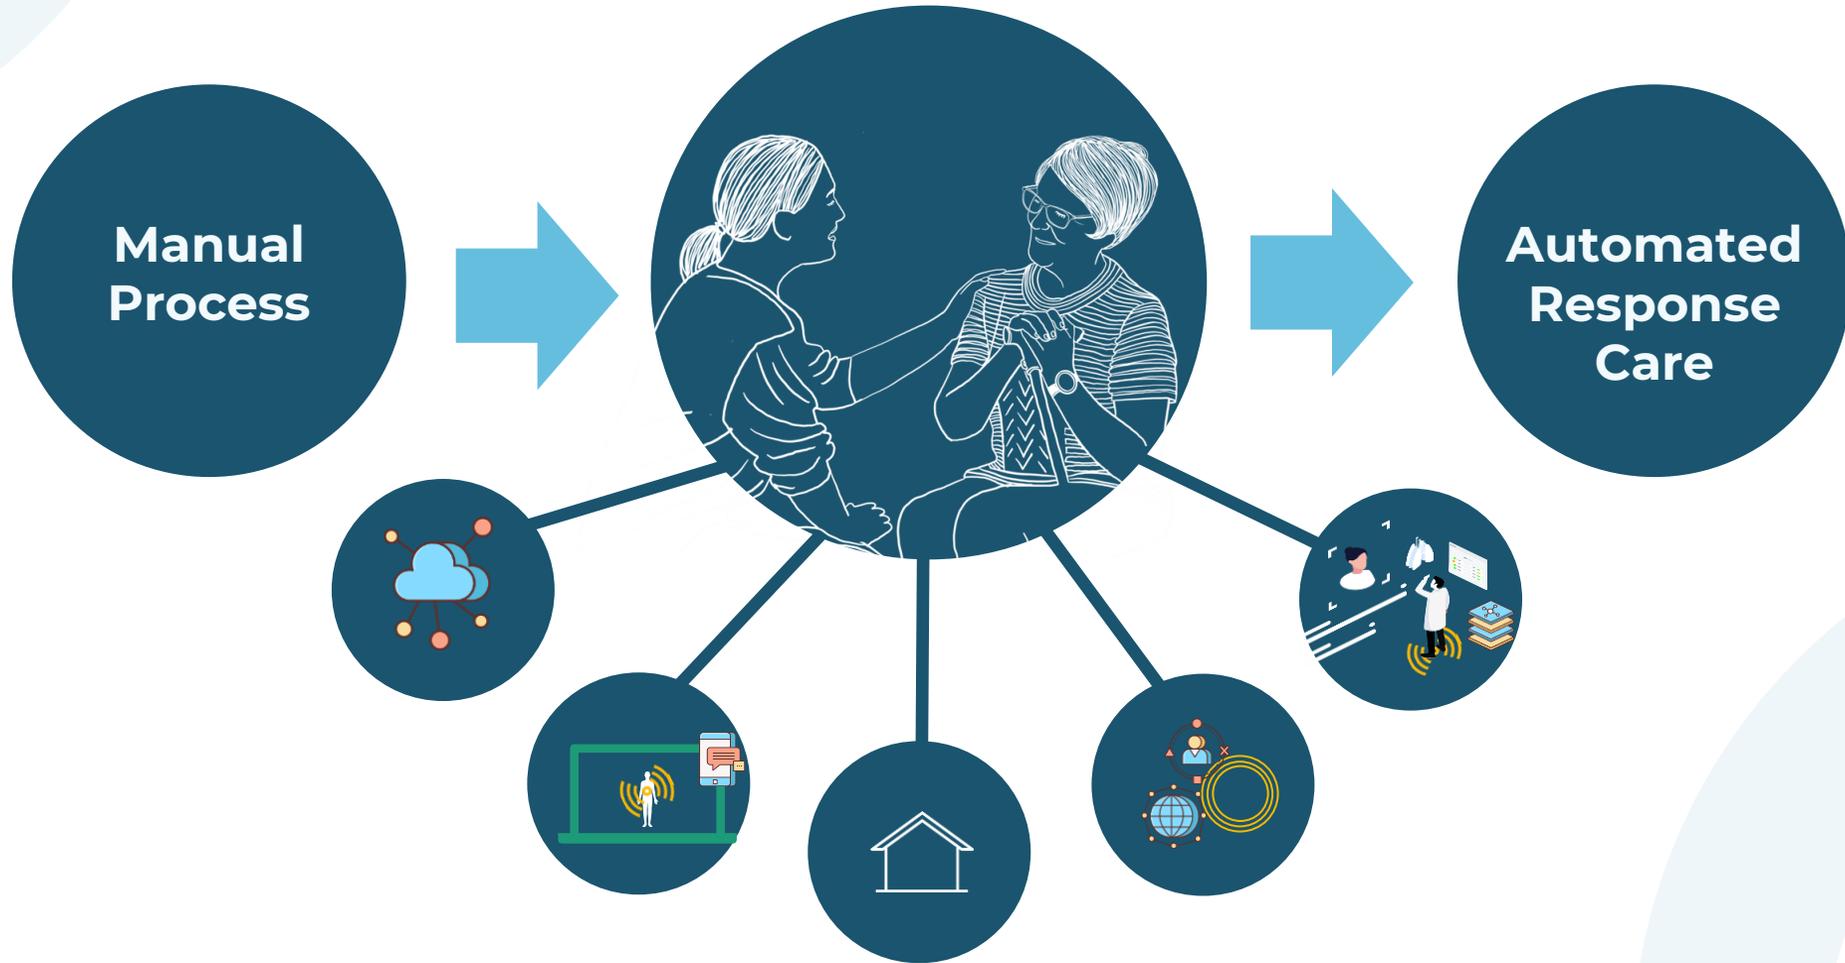

Manual processes are literally killing the aged sector

- Inefficient and repetitive
- Too slow for meaningful intervention
- Poor data capture
- Disruptive, undignified and embarrassing
- Don't include family
- Low-value, high cost

Addressing the Problem

By using technology to shift

AWARENESS

It starts by using technology to shift spot-check care to sense-respond care...

ANALYSIS

The data is captured within Talius – an agnostic AI engine that links in with existing systems and technology. Talius provides oversight in simple dashboards to improve outcomes.

ACTION

Talius uses advanced predictive interpretation to automatically detect anomalies and complete proportional actions.

The Challenges We Solve

Aged Care providers are dealing with these five issues.
The Talius Smart Care Platform solves these.

Better Compliance

- Key personnel risk
- ACQSC Assessment Failures
- Avoid reputation damage
- AN-ACC Reforms around care minutes and star ratings

Staff Engagement

- Maximising utilisation
- Removing unnecessary repetition
- Reducing churn and the hiring costs

Communication with Families

- Receiving information on their own terms – what, when, and how
- Providing peace of mind
- Easily identifying promoters and detractors
- Alleviating their stress

Resident Autonomy

- Resolving spot-check issues
- Moving towards data informed management
- Creating dignified and supported environments
- Changing negative perceptions

Commercial Viability

- Maintaining 92%+ occupancy
- Maintaining a competitive advantage
- Recurring revenue streams not linked to resident fees

The Age Care Evolution will be a Revolution

Appendix A – Details on Non-Operating Items

ADJUSTMENT	DESCRIPTION
<p>Share based payments</p>	<p>Talius has provided performance rights to employees, directors and certain key consultants in order to attract, retain and incentivise these individuals.</p> <p>This investment in the Talius team is designed to strengthen all areas of the business and sets a platform for expected future growth, especially given the tight labour market conditions in the sector.</p> <p>Talius expects to issue further performance rights moving forward, but has classified these amounts as non-operating in order to better demonstrate the cash profit/loss for the respective reporting periods.</p>
<p>Amortisation of acquisition related intangibles assets</p>	<p>As part of the acquisition of HomeStay Care International Pty Ltd, certain intangible assets were recognised. These assets were amortised in full during FY22, and no further amortisation expenses in relation to these assets will be charged in future reporting periods.</p> <p>In December 2023, Talius completed a client acquisition transaction with eHomecare. These assets will be amortised over a 3 year period.</p> <p>Amortisation relating to these assets was \$3,742 in FY23 and \$50,260 for FY22.</p>
<p>Impairment of inventory</p>	<p>As part of the acquisition of HomeStay Care International Pty Ltd, Talius acquired a range of legacy 3G devices in the inventory stores.</p> <p>With the impending 3G shutdown in Australia, Talius impaired a total of \$180,000 in FY22, representing the estimated unrecoverable value of these devices.</p> <p>During FY23, Talius was able to salvage key components from these devices for future use, resulting in a partial impairment reversal of \$90,715.</p> <p>Talius has not purchased any 3G devices subsequent to the acquisition of HomeStay Care International Pty Ltd.</p>

Australian Aged Care Industry – Tomorrow’s revenue drivers

Ageing population

7.2% pa growth rate

Those over 85 years are projected to increase from 500,000 or 2.0% of the population in 2018 to 1.5m or 3.7% of the population by 2058. This implies a growth rate in the medium term of 7.2% pa.

3G network shutdown (June 2024)

~300,000 systems
to be replaced in the next 6 months,
approximately 500+ per day starting now.

Workforce shortage

Workforce shortage is driving the industry to find tech solutions to create a smarter and safer support system for older people with a growing level of complex health needs including a continuing rise in people living with dementia.

Significant legislative reform

A new aged care Act as a result of the Royal Commission into Quality and Safety including new aged care standards, new funding models for home care and residential care, and more compliance requirements.
