Review of Results

The Group present its results for the six months ended 31 December 2023.

With a strong visible base of recurring contracts with key partners, the Group continues to deliver increased revenue, reporting a YoY increase in revenue from games of 49% to \$3.73m for H1 FY24 (H1 FY23: \$2.51m).

Continuing the financial turnaround, the Group is pleased to report the on-going significant improvement in underlying financial performance of the Group. The loss from operations for the 6 months ended 31 December 2023 was down 72% compared to the prior comparative period and the total comprehensive loss for the period down a further 7% compared to the previous 6 months.

Critically, the Group has curtailed the level of operating cash outflows leading to record low levels of (\$1.0m) for the 6 months. This reflects a 70% reduction compared to pcp. Delays in final certification being received for the Digital Games Tax Offset for 30 June 2023 meant \$0.7m of other receivables, were not receipted during this period. Such inflow would have seen the Group report a near breakeven operating cash position for the 6 months.

Through this period Mighty Kingdom extended its collaboration with key partners. Its portfolio with East Side Games ("ESGG") which includes on-going content delivery and management of "Star Trek Lower Decks", and the upcoming release of a globally known, cross generational, evergreen IP in Co-Development with the ESGG team.

With a creatively led and product driven focus, contract renewals with key partners Google LLC and Spinmaster (Gabby's Dollhouse), have delivered important recurring revenues. The group continues to focus on key relationships with publishers and IP holders as well as executing effective cost management initiatives to ensure a sustainable business.

The operational improvements and business protocols enacted by the business, continue to deliver significant improvements in financial performance. The underlying financial result would have been further improved if it wasn't for the tight working capital environment, inhibiting other cost saving initiatives from being executed.

Mighty Kingdom appointed Independent Non-Executive Director David Butorac to the role of Chair and Philip Mayes re-joined as a Non-Executive Director. The Group would like to thank and acknowledge the services of former Chair Michelle Guthrie and Independent Non-Executive Director Melanie Fletcher, both of whom departed as Directors during the year.

During the period, 94,150,000 new shares were issued via a capital raise announced in October 2023. \$0.94m was received for the new shares issued. Further the Group entered into a secured convertible note arrangement with sophisticated and professional investors raising a further \$726,000 in December 2023. As the notes cannot be converted to shares unless shareholder approval is obtained, the notes are treated as a secured loan. If and when shareholder approval is obtained, the notes may convert into issued shares.

Significant changes in the state of affairs

During the reporting period, the following changes occurred within the Group.

(a) Senior Management Changes

On 1 September 2023, Shane Yeend resigned as the Group's Chief Executive Officer. Simon Rabbitt was subsequently appointed to the role of Interim Chief Executive Officer on 6 October 2023.

(b) Director Changes

On 11 September 2023, Melanie Fletcher resigned as a Non-Executive Director of Mighty Kingdom.

On 29 November 2023, Chair Michelle Guthrie was not reappointed as a Director of Mighty Kingdom subsequently stepping down on 6 December 2023.

On 6 December 2023, Independent Non-Executive Director, David Butorac was appointed to the role of Chair and Philip Mayes rejoined as a Non-Executive Director of Mighty Kingdom.

(c) Capital raising

On 17 October 2023, Mighty Kingdom announced a \$1.0 million capital raise placement with Sophisticated Investors to fund working capital requirements.

On 27 October 2023, Mighty Kingdom announced an additional capital raise placement of \$0.18 million, the bulk of the proceeds being taken up by Gamestar Studio's Pty Ltd ("Gamestar") following an application for stock received on the 24 October 2023.

(d) Strategic Review

On 17 October 2023, the Group announced it was undertaking a Strategic Review process. As part of this review process the Group was considering all options in respect of its business. Subsequently on the 29 December 2023 the Group advised it had entered into a LOI with a Consortium of Australia's top gaming executives. This agreement, which included exclusivity arrangements, paves the way for a multiyear strategic plan, capital raising and potential appointments to the Board and Management.

(e) Buy Back Agreement

On 15 December 2023, the Takeovers Panel accepted undertakings from the Group and Gamestar and entities controlled by Shane Yeend, to enter into a buy-back agreement for a selective buy-back of 59,657,143 shares held by Gamestar. The buyback agreement was signed by all parties on the 21 December 2023. The Group and Gamestar agreed to take all steps to complete the share buy-back under that agreement, including the Group seeking shareholder approval of the buy-back under the Corporations Act. On 16 February 2024 the Group held an Extraordinary General Meeting for which shareholders voted in favour of the resolution. On 21 February 2024 the shares were cancelled.

(f) Secured Loan

On 29 December 2023, Mighty Kingdom entered into a secured convertible note arrangement with sophisticated and professional investors to raise \$726,000. The terms of the notes provide that the notes cannot be converted to fully paid ordinary shares unless shareholder approval is received. Accordingly, the notes are treated as a secured loan until such shareholder approval is received. The notes totalling \$726,000 were secured against the Group's Digital Games Tax Offset ("DGTO").

Events arising since the end of the reporting period

(a) Secured Loan

At 31 December 2023, Mighty Kingdom had received \$413,000 of the \$726,000 secured convertible note. The balance of the secured convertible note funding, being \$313,000 was received in January 2024.

(b) Gamestar Interactive Inc

On 24 February 2024 the Group received a pre-action notice from Gamestar Interactive Inc ("Gamestar Interactive") noting Gamestar Interactive's intention to issue proceedings against the Group in relation to various claims arising out of a contract for the development and delivery of an Interactive TV game. The Group considers that it is well positioned to defend the claims advanced by Gamestar Interactive, and it is too premature to evaluate the prospects of any liability. As noted in the Company's 2023 Annual Report, the Company has claims against Gamestar Interactive for unpaid invoices in relation to this contract with the parties having been in negotiations regarding the dispute over timing of payment and delivery of the game. The Group is working with its legal advisors to resolve the matter.

Looking Forward

In completing the Strategic Review process and the engagement of a Consortium of Australia's top gaming executives, Mighty Kingdom is now able to accelerate critical operational initiatives embarking on a clear strategy of business consolidation to deliver profitability. Executing on a strategic plan, focused on both Mighty Kingdom's core capabilities in Co-Development and Work for Hire, working alongside transformational opportunities in revenue diversification, M&A and AI. This paves the way for a high growth and profitable gaming studio.

Aligning its resources and projects with clear commercial outcomes, Mighty Kingdom is focused on delivering against a clear business plan to profitability and increasing shareholder value.

There were no other matters or circumstances that have arisen since 31 December 2023 that have significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE HALF YEAR ENDED 31 DECEMBER 2023

1.1 General Information

Mighty Kingdom Limited (the Company) is a for profit company incorporated and domiciled in Australia and limited by shares which are publicly traded on the Australian Securities Exchange (ASX: MKL).

The Group's principal activities are developing a broad portfolio of video games for console, PC and mobile platforms. Mobile games and apps developed and/or published by the Group are made available for customers on different App stores, including Apple's App Store, Google's Google Play and Valve's Steam Store. In addition to receiving fees for development work from clients, the Group monetises its games and apps through In-App purchases and advertising offered to the consumers within games and apps for smartphones and tablets.

2.1 Summary of significant accounting policies

(a) Basis of preparation of the financial report

The Interim Financial Statements are for the six months ended 31 December 2023 and have been prepared in accordance with AASB 134 'Interim Financial Reporting'. They do not include all the information required in annual financial statements in accordance with AASB and should be read in conjunction with the consolidated financial statements for the year ended 30 June 2023.

This financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

The Interim Financial Statements have been approved for issue by the Board of Directors on 28 February 2024.

(b) Critical Accounting Estimates and Judgements

The Directors evaluate estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

Critical accounting estimates and judgements have been made consistently with those applied at 30 June 2023.

(c) Segmental Reporting

The Group reports its business activities in one area: video games development, which is reported in a manner consistent with the internal reporting to the Board of Directors. The Board of Directors consists of the Executive Directors and the Non-Executive Directors.

2.2 Going concern

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, for the half year ended 31 December 2023 the Group was in a net asset deficiency of \$0.01m, generated a loss of \$2.0m for the half year and had cash outflows from operating activities of \$1.0m.

The Directors believe that there are reasonable grounds that the consolidated entity will be able to continue as a going concern, after consideration of the following factors:

- The ability to issue share capital under the Corporations Act 2001, by a share purchase plan, share placement or rights issue;
- The business continues to undertake a cost reduction plan with a focus on profitability and cashflow improvement with measures including:
 1. Effective right sizing of business to ensure effective utilisation of resources on current contracted and high-confidence future contract work;
 2. Focus on successful execution of contracts with Google, ESG and Spinmaster which provide a level of revenue certainty; and
 3. On-going operational review to improve efficiency for delivery and reduce unnecessary expenditure.
- Cashflow forecasts have been prepared on a conservative basis with the business expectation that if it can deliver on its core strategic objectives that this will deliver financial upside
- The Group continues to meet its repayment obligations with the Australian Tax Office

Accordingly, the Directors believe that the consolidated entity will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

Should the Group not achieve these outcomes, there may be uncertainty whether the Group would continue as a going concern and therefore whether it would realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report. The financial report does not include adjustments relating to the recoverability or classification of the recorded asset amounts or to the amounts or classification of liabilities that might be necessary should the Group not be able to continue as a going concern.

2.3 New accounting standards and interpretations adopted during the half year

The Group has adopted all the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. There has been no impact to the Group during the period. There are no new Accounting Standards and Interpretations issued by the AASB that have become effective in the current accounting period and that are applicable to the Group.

2.4 Standards issued but not yet effective

The Group has not applied any Australian Accounting Standards or interpretations that have been issued as at balance date but are not yet operative ("the inoperative standards"). The Group only intends to adopt the inoperative standards at the date at which their adoption becomes mandatory.

In assessing the fair value of trade receivables, the Group has made a provision for expected credit loss for trade receivables relating to Gamestar Interactive. This amount relates to contract work for which payment is unlikely to be received.

(i) At 30 June 2023, the Related party receivable represented the \$2,288,000 amount receivable from Gamestar for 65,371,429 shares in the Group that were issued pursuant to the Share Subscription Agreement dated on or about 4 August 2022 and varied by the parties on or about 18 January 2023. As the Group announced to the market on 14 June 2023, all conditions to that payment had been met which created an unconditional right to receive payment. On 20 July 2023, the Group received \$200,000 as partial settlement of this receivable. In November 2023, Mighty Kingdom applied to the Takeovers Panel relating to the application of unacceptable circumstances with the parties Gamestar, Imagination Entertainment Pty Ltd ("Imagination"), Yeend Superannuation Fund ATF Yeend Superannuation Fund, and Shane Yeend. On 15 December 2023, the Takeovers Panel accepted undertakings from the Group and Gamestar and the above entities controlled by Shane Yeend, to enter into a buy-back agreement for a selective buy-back of 59,657,143 shares held by Gamestar with the total consideration of the buyback to be \$1. The buyback agreement was signed by all parties on the 21 December 2023.

As a consequence of the above, there is no related party receivable due at the reporting date, and this amount was reversed against share capital in equity.

All amounts are short-term. The net carrying value of trade receivables is considered a reasonable approximation of fair value.

On 24 February 2024 the Group received a pre-action notice from Gamestar Interactive Inc ("Gamestar Interactive") noting Gamestar Interactive's intention to issue proceedings against the Group in relation to various claims arising out of a contract for the development and delivery of an Interactive TV game. The Group considers that it is well positioned to defend the claims advanced by Gamestar Interactive, and it is too premature to evaluate the prospects of any liability. As noted in the Company's 2023 Annual Report, the Company has claims against Gamestar Interactive for unpaid invoices in relation to this contract with the parties having been in negotiations regarding the dispute over timing of payment and delivery of the game. The Group is working with its legal advisors to resolve the matter.

There were no other matters or circumstances that have arisen since 31 December 2023 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

Basis for Qualified Conclusion

Included within the comparative statement of financial position at 30 June 2023 were amounts totalling \$2,628,290 within trade and other receivables owing from related parties of one of the key management personnel. The total amount owing included \$2,288,000 for 65,371,429 Tranche 2 shares issued by the Group to Gamestar Studios Pty Ltd and \$340,290 for services performed in relation to an external IP contract revenue agreement with Gamestar Interactive Inc. These amounts, at the time, were the subject of a dispute between the Company and the related party.

As at 30 June 2023, in the absence of a resolution of the dispute and other audit evidence to substantiate the recoverability of this outstanding amount at the time, we were unable to ascertain the extent of recoverability of these amounts owing to the Group. Therefore, we were unable to determine whether any adjustments were necessary to trade and other receivables as stated in the consolidated statement of financial position as at 30 June 2023. This matter has since been resolved and adjusted for at 31 December 2023.

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material uncertainty related to going concern

We draw attention to Note 2.2 in the financial report, which indicates that the Group incurred a net loss of \$2,031,870 and had operating cash outflows of \$1,048,071 during the half year ended 31 December 2023. As stated in Note 2.2, these events or conditions, along with other matters as set forth in Note 2.2, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Directors' responsibility for the half-year financial report

The Directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

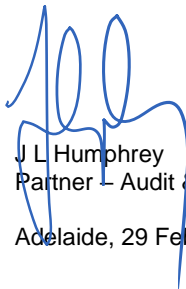

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
