## **2. BASIS OF PREPARATION AND ACCOUNTING POLICIES**

### **(a) Basis of preparation**

This general purpose interim condensed financial report of the Company for the Period has been prepared in accordance with AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Standard IAS 34 *Interim Financial Reporting*.

The half year financial report does not include all notes of the type normally included within the annual financial report and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Company as the full financial report.

It is recommended that the interim financial report be read in conjunction with the annual financial statements for the year ended 30 June 2023 and considered together with any public announcements made by the Company during the Period and up to the date of this report in accordance with the continuous disclosure obligations of the ASX Listing Rules.

The accounting policies and methods of computation adopted in the preparation of this financial report for the Period under review are consistent with those adopted in the annual financial statements for the year ended 30 June 2023. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

### **(b) Going Concern**

The financial report has been prepared on a going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and liabilities in the normal course of business.

During the period, the consolidated entity incurred a comprehensive loss of \$14,016,142 (2022: \$14,633,145 loss) a net cash outflow of \$392,764 (2022: \$1,758,930 outflow) and net cash out flow from operations of \$3,127,711 (2022: \$6,790,120). As at 31 December 2023, the consolidated entity also had a deficiency in working capital of \$2,905,046 (June 2023 : \$8,906,248 deficiency in working capital) and cash assets of \$536,176 (June 2023 : \$928,940).

The ability of the consolidated group to continue as a going concern is dependent upon the group being able to generate or obtain sufficient funds to satisfy exploration commitments and working capital requirements. The Company has taken steps to ensure that it has adequate working capital to satisfy existing commitments and to meet expected future expenditure requirements. This includes, the placement of 123,195,548 shares to raise \$1.48 million in February 2024.

As a result of the above, the Company is able to pursue its corporate strategy and the directors believe that the going concern basis for the preparation of the financial report of the Group is appropriate and that no material uncertainty exists that would alter this opinion. No adjustment has been made in relation to the recoverability and classification of recorded assets amounts and classification of liabilities that might be necessary should the consolidated entity not continue as a going concern.

**(c) New or amended Accounting Standards and Interpretations adopted**

The company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (“AASB”) that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

**3. OPERATING SEGMENTS**

AASB 8 requires operating segments to be identified on the basis of internal reports about components of the Company that are regularly reviewed by the Managing Director in order to allocate resources to the segment and to assess its performance.

##### Royalties payable to the previous owner of Gunnison Property

During the year ended 30 June 2018 the Company acquired freehold land over the Gold Links property. The agreement entitles the previous owner of this land to Royalty payments as detailed below:

The Company shall pay Royalties to the previous owner based on a percentage of Net Smelter Returns base on the Gold Price per Ounce as follows:

Gold Price per Ounce (USD)	Ownership Percentage of Net Smelter Returns
\$1,000 and below	1.0%
\$1,001 to 1,500	An Additional 0.1% for every \$100 in excess of \$1,000 up to \$1,500
\$1,501 to \$2,000	2.0%
\$2,001 to \$5,500	2.0% plus additional 0.1% for every \$100 in excess of \$2,000 up to \$5,500
\$5,501 and above	7.0%

The percentage will be adjusted bi- annually if the total amount of gold produced over a 6 month period is great than one ounce per ton. The adjustment is calculated by multiplying the average Ownership Percentage of Net Smelter returns during each 6 month period by the Gold Ratio. The Gold Ratio is the ratio of the amount of ounces of gold produced verses the tonnes of ore mined and milled.

The maximum percentage payable is capped at 7%.

##### Minimum payment if no production occurs

If no production is undertaken after 31 October 2018 the previous owner is entitled to US\$15,000 per calendar year if the following condition is met:

At the time of closure, the gold price was at a cyclical low below \$350/oz.

In October 2021 Dateline announced that all outstanding conditions precedent for the completion of the acquisition had been fulfilled. At this time the Company cannot reliably estimate the cost or timing of any remediation expenditure that may be required.

As part of the acquisition a further payment of US\$1,500,000 to Barrick will be payable following successful completion of a bankable feasibility study or commencement of site development for the extraction of ore or sale of the properties. Barrick is also entitled to a 2.5% Net Smelter Return royalty of all future production of any metals from the mine.

There were no changes to contingent liabilities since 30 June 2023.

## Independent Auditor's Review Report to the Members of Dateline Resources Limited

### Report on the Consolidated Half-Year Financial Report

#### Conclusion

We have reviewed the half-year financial report of Dateline Resources Limited ("the company"), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration, for the consolidated entity comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Dateline Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Material Uncertainty Regarding Going Concern

We draw attention to Note 2(b) in the financial report, which indicates that the company incurred a net loss of \$14,633,145 during the period ended 31 December 2023 and, as of that date, the current liabilities exceeded its current assets by \$2,905,046. As stated in Note 2(b), these events or conditions, along with other matters as set forth in Note 2(b), indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

## Responsibility of the Directors for the Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the consolidated entity's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
