Spacetalk Limited (ASX:SPA)

CFO Transition

**Nearmap leadership team reunited to drive growth**

Spacetalk Ltd (ASX:SPA), a leader in innovative communication solutions for families, schools, and senior communities, today announces a significant transition within its executive team. Tonderai Maenzanise will be stepping down from his role as Chief Financial Officer (CFO), effective immediately. Spacetalk extends its sincere gratitude to Mr. Maenzanise for his dedication and contributions to the company during his tenure.

We are delighted to confirm the appointment of Gerhard Beukes as the Interim CFO of Spacetalk. Mr. Beukes brings a wealth of experience and a proven track record of success, having previously served as CFO and COO of Nearmap where he played a pivotal role in the company's growth and success. His expertise in strategic financial management and planning will be invaluable to Spacetalk as we focus on executing our strategic plan and achieving sustainable profitability.

Gerhard Beukes and Simon Crowther, CEO of Spacetalk, were founding management team members of Nearmap, which has since become a high-profile Australian start-up success and unicorn in the technology sector. Their reunion at Spacetalk marks an exciting new chapter for the company, with both expressing enthusiasm about the prospects and growth opportunities for the company.

"Gerhard's appointment as Interim CFO is a significant milestone for Spacetalk. His deep understanding of the technology sector and experience in scaling high-growth companies will be crucial as we navigate our next phase of growth. We are thrilled to welcome Gerhard to the team and look forward to working together to achieve our strategic goals and deliver value to our shareholders," said Simon Crowther, CEO of Spacetalk.

Further details regarding the transition will be shared with shareholders and the market in due course.

**About Spacetalk Limited (ASX:SPA)**

Spacetalk Limited (ASX:SPA) is a hardware enabled MVNO and software subscription services business focused on providing an ecosystem of interconnected family safety products. As a package, the company's technology platform provides a complete digital communication solution that supports safety and security for families across their life cycles and for employees working in remote settings. The company's unique proprietary ecosystem, which has continued to evolve over time, is today recognised as a leader in family safety and the connected wearables industry. The Spacetalk technology platform comprises both market-leading hardware and a trusted, client-controlled software platform that provides safety and security to users via the benefits of mobile technology.

The multi-functional Software-as-a-Service Spacetalk App can be customised, giving clients the ability to enable or disable individual features. Parents are empowered to block their child's access to the open internet, social media and inappropriate adult content while simultaneously blocking calls and messages from unknown senders. The app can also track the location of vulnerable family members, including children and seniors requiring constant monitoring.

Spacetalk's best-in-class software platform additionally supports children's development by facilitating engaging, confidence-building experiences that the whole family can participate in and enjoy. Spacetalk's core hardware, its smartphone-watch, is effectively a child's first mobile phone. It offers all the benefits of a smartphone, operating on a secure, private, and parent-controlled ecosystem that can be customised to reflect each family's needs and values.
