Resolution 1: Adoption of Remuneration Report

Background

Section 250R(2) of the Corporations Act requires that a resolution to adopt the Remuneration Report must be put to the vote at the Annual General Meeting. The vote on this Resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report is set out in the Directors’ Report in the Company’s June 2023 Annual Report. The Remuneration Report sets out the Company’s remuneration arrangements for the Directors and senior management of the Company.

In accordance with Section 250SA of the Corporations Act, Shareholders will be provided with a reasonable opportunity to ask questions concerning, or make comments on, the Remuneration Report at the Annual General Meeting.

In accordance with Division 9 of Part 2G.2 of the Corporations Act, if twenty five (25%) per cent or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a “**spill resolution**”) that another meeting be held within 90 days at which all of the Company’s Directors (other than the Managing Director) must go up for re-election.

It is noted that at the Company’s last Annual General Meeting, the votes cast against the Remuneration Report represented less than twenty-five (25%) per cent of the total votes cast on that resolution and accordingly, a spill resolution will not under any circumstances be required for this Meeting.

The Directors will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the Meeting when reviewing the Company’s remuneration policies.

Voting Exclusions

A voting exclusion statement is set out under Note 5 of this Notice.

Board Recommendation

Noting that each Director has a personal interest in their own remuneration from the Company (as such interests are described in the Remuneration Report) and, as described in the voting exclusions on this resolution (set out in the Notice of AGM), that each Director (or any Closely Related Party of a Director) is excluded from voting their shares on this Resolution, the Directors unanimously recommend that Shareholders vote in favour of Resolution 1 to adopt the Remuneration Report.

Resolution 2: Election of Mr Craig Sharpe as a Director of the Company

Background

Mr Craig Sharpe was appointed as a Director by the Board to fill a casual vacancy on 2 January 2024.

The Board (with Mr Sharpe abstaining) unanimously recommends that shareholders vote in favour of the election of Mr Sharpe as it considers that his qualifications, experience, skills and expertise are appropriate for the Board position and will enable him to act in the best interests of the Company and its shareholders. The Chairman of the meeting intends to vote undirected proxies in favour of the Resolution.

Resolution 3: Re-Election of Mr Garry Thomas as a Director of the Company

Background

Resolution 3 is a resolution for the re-election of Mr Garry Thomas as a Director of the Company.

Pursuant to rule 6.1 of the constitution of the Company ("**Constitution**"), at each AGM one-third of Directors or, if their number is not a multiple of three (3), then the number nearest to but not more than one-third of Directors must retire from office. The Company has three (3) Directors and therefore one is required to retire.

Rule 6.2 of the Constitution provides that the Directors to retire by rotation at an AGM are those Directors who have been longest in office since their last election or appointment. Directors elected or appointed on the same day may agree among themselves or determine by lot which of them must retire.

Noting the above, Mr Thomas retires by rotation and being eligible, offers himself for re-election.

Mr Thomas is a civil engineer with over 35 years' experience in civil construction, mine development and operations. He has facilitated the implementation of mining operations in Australia, Indonesia, Laos, Russia, Africa and Mexico.

Mr Thomas has managed the construction and commissioning of over 20 CIL/CIP, flotation and heap leach plants as well as many plant upgrades including construction at Palmarejo, Mexico. Garry founded and owned Internet Engineering which he sold to Sedgman Metals.

The Board considers Mr Thomas to be an independent director.

Voting Exclusions

There are no voting exclusions on this resolution.

Board Recommendation

The Board (with Mr Thomas abstaining) unanimously recommends that shareholders vote in favour of the re-election of Mr Thomas as it considers that his qualifications, experience, skills and expertise are appropriate for the Board position and will enable him to act in the best interests of the Company and its shareholders. The Chairman of the meeting intends to vote undirected proxies in favour of the Resolution.

Resolution 4: Ratification of Convertible Note Issue

Background

As previously announced to the market by the Company, on 2 January 2024 the Company issued 700,000 convertible notes (**Convertible Notes**), each with a face value of \$1.00, to professional and sophisticated clients of PAC Partners Securities Pty Ltd and Arlington Group Asset Management (**the Joint Lead Managers**) raising \$700,000.

The Company is now seeking shareholder approval pursuant to ASX Listing Rule 7.4 to ratify the issue of the Convertible Notes.

Convertible Note Key Terms

As noted above, on 2 January 2024, the Company issued 700,000 Convertible Notes with a face value of \$1.00 each. The Convertible Notes are convertible into ordinary Shares in the Company at a conversion price equal to the price set at the next equity capital raising. Subject to shareholder approval, each Convertible Note holder will be issued an additional 1,000 unlisted Options (**Convertible Note Options**) to acquire a Share in the Company for every \$1.00 raised. The Convertible Note Options will have an exercise price of \$0.001 and an expiry date of 3 years from the date of issue. Shareholder approval for these 700,000,000 Convertible Note Options will be sought in Resolution 5(b) below.

The funds from the Convertible Note Agreements were to support the Company as it continues to fund exploration work at the Copalquin project in Mexico and continued evaluation of other mineral properties and for general working capital prior to undertaking a future equity capital raising (**Capital Raising**).

A summary of the key terms of the Convertible Notes is as follows:

Issue Amount	\$700,000
Issue Price	Face value of \$1.00 per Convertible Note
Interest Rate	18% per annum, payable at the note holder's election in cash or Shares, with the issue of such Shares subject to Shareholder approval
Maturity Date	The earlier of four (4) months from the subscription date or settlement of the next capital raising
Conversion Terms	Upon completion of the Capital Raising, the Convertible Note holder may elect to, subject to shareholder approval, convert the Convertible Notes into Shares at a conversion price equal to the issue price under the Capital Raising per Share by providing notice in writing to the Company within ten (10) business days of completion of the Capital Raising. Shares issued on conversion will be on the same terms as shares issued under the Capital Raising (for example, if free attaching options or other securities are offered under the Capital Raising, corresponding attaching securities on the same terms will be issued to holders of converted Convertible Notes).

Redemption	Noteholders may elect to redeem Convertible Notes within 10 days of completion of the Capital Raising. Noteholders who fail to elect to convert or redeem their Convertible Notes will be deemed to have elected to redeem those Convertible Notes.
Additional options	Each Convertible Note holder shall, subject to shareholder approval (this approval to be sought under resolution 5(b) below), be issued 1,000 options (Convertible Note Options), each to acquire one Share, for every \$1.00 invested in the Convertible Notes. The options will have an exercise price of \$0.001 and an expiry date of 3 years from the date of issue.

ASX Listing Rules

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 prohibits a listed company from issuing equity securities representing more than 15% of its issued capital in any 12-month period without first obtaining Shareholder approval (subject to certain exceptions). The Convertible Notes are classified as equity securities for these purposes, since they are convertible into Shares.

Under Listing Rule 7.4, a company can seek ratification of securities issued that have been made within the previous 12-month period if:

- a) The issue does not breach Listing Rule 7.1; and
- b) Shareholders subsequently approve such issue.

The effect of such ratification is that the issue of the Convertible Notes is then deemed to have been made with Shareholder approval, thus not counting towards the 15% limit. The approved securities are also included in the base number for calculating the Company's 15% limit, thereby increasing the number of equity securities the Company can issue without first having to obtain Shareholder approval under Listing Rule 7.1.

The issue of the Convertible Notes did not breach Listing Rule 7.1 and did not require Shareholder approval. The Company now seeks Shareholder approval to ratify the issue of the Convertible Notes pursuant to Listing Rule 7.4. This will have the same effect as if Shareholder approval had been obtained before the Company issued the Convertible Notes.

The effect of passing Resolution 4 will be to refresh the Company's 15% capacity under Listing Rule 7.1 so that its capacity would be the same as if the Convertible Notes had been issued with Shareholder approval. The resolution, if passed, will increase the Company's financial flexibility in the future.

If Resolution 4 is not passed by Shareholders, the Company would, when calculating the number of securities it can issue without Shareholder approval to go beyond the 15% limit, need to deduct the number of Convertible Notes from the number available for any future issue.

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided:

- (a) the Convertible Notes were issued to sophisticated and investors who are clients of, and were introduced to the Company by, the Joint Lead Managers or via existing relationships with the Company. There were no participants in the issue of the Convertible Notes that were investors required to be disclosed under ASX Guidance Note 21;
- (b) the number and class of securities issued was 700,000 Convertible Notes;
- (c) a summary of the material terms of the Convertible Notes is set out in the "Convertible Note Key Terms" item above;
- (d) the Convertible Notes were issued on 2 January 2024;
- (e) the Convertible Notes were issued for cash at an issue price of \$1.00 per Convertible Note. The Company raised \$700,000 cash (before costs of the issue) from the issue of the Convertible Notes;
- (f) the purpose of the issue was to raise funds to support the Company as it continues to fund exploration work at the Copalquin project in Mexico and continued evaluation of other mineral properties and for general working capital prior to undertaking a future equity capital raising;
- (g) a summary of the material terms of the Convertible Note agreements is set out in the "Convertible Note Key Terms" item above.

Voting Exclusions

A voting exclusion statement is set out under Note 5 of this Notice.

Board Recommendation

The Board recommends that shareholders vote in favour of this Resolution. The Chair of the Meeting intends to vote undirected proxies in favour of this Resolution.

Resolution 5(a): Approval to issue New Convertible Notes

Background

New Convertible Notes

The Company proposes to enter into agreements to issue 300,000 convertible notes (**New Convertible Notes**), each with a face value of \$1.00, to professional and sophisticated clients of the Joint Lead Managers to raise \$300,000 to raise further funds for the Company.

The terms of the New Convertible Notes would be the same as the Convertible Notes which are the subject of Resolution 4.

As is the case with the Convertible Notes, the funds from the Convertible Note Agreements were to support the Company as it continues to fund exploration work at the Copalquin project in Mexico and continued evaluation of other mineral properties and for general working capital prior to undertaking a future equity capital raising (**Capital Raising**).

New Convertible Note Key Terms

The terms of the New Convertible Notes would be identical to those of the Convertible Notes as outlined in the explanatory statement for Resolution 4 – these are summarised below for completeness:

Issue Amount	\$300,000
Issue Price	Face value of \$1.00 per Convertible Note
Interest Rate	18% per annum, payable at the note holder's election in cash or Shares, with the issue of such Shares subject to Shareholder approval
Maturity Date	The earlier of four (4) months from the subscription date or settlement of the next capital raising
Conversion Terms	Upon completion of the Capital Raising, the Convertible Note holder may elect to, subject to shareholder approval, convert the Convertible Notes into Shares at a conversion price equal to the issue price under the Capital Raising per Share by providing notice in writing to the Company within ten (10) business days of completion of the Capital Raising. Shares issued on conversion will be on the same terms as shares issued under the Capital Raising (for example, if free attaching options or other securities are offered under the Capital Raising, corresponding attaching securities on the same terms will be issued to holders of converted Convertible Notes).
Redemption	Noteholders may elect to redeem Convertible Notes within 10 days of completion of the Capital Raising. Noteholders who fail to elect to convert or redeem their Convertible Notes will be deemed to have elected to redeem those Convertible Notes.
Additional options	Each Convertible Note holder shall, subject to shareholder approval, be issued 1,000 options (Convertible Note Options), each to acquire one Share, for every \$1.00 invested in the Convertible Notes. The options will have an exercise price of \$0.001 and an expiry date of 3 years from the date of issue. Approval for the issue of these 300,000,000 Convertible Note Options is to be sought under resolution 5(b) below.

Proposed resolution

Resolution 5(a) seeks shareholder approval pursuant to ASX Listing Rule 7.1 for the proposed issues of 300,000 New Convertible Notes, as outlined above.

ASX Listing Rules

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 prohibits a listed company from issuing equity securities representing more than 15% of its issued capital in any 12-month period without first obtaining Shareholder approval (subject to certain exceptions). The New Convertible Notes are classified as equity securities for these purposes, since they are convertible into Shares.

The proposed issues of New Convertible Notes does not fall within any of the relevant exceptions and exceeds

the 15% limit in Listing Rule 7.1. It therefore requires the approval of the Company's shareholders under Listing Rule 7.1.

If Resolution 5(a) is approved, the 300,000 New Convertible Notes will be issued to professional and sophisticated investors will be treated by the Company as having been made with Shareholder approval under ASX Listing Rule 7.1. The Company will therefore have the flexibility, if required, to issue additional equity securities without the New Convertible Notes counting towards the 15% threshold for the purposes of ASX Listing Rule 7.1 over the 12-month period.

If Resolution 5(a) is not passed, the Company will not be able to issue the New Convertible Notes.

Information provided in accordance with Listing Rule 7.3

For the purposes of Listing Rule 7.3, the following information is provided to Shareholders about the proposed issues:

- (a) the proposed issues of New Convertible Notes will be made to sophisticated and professional investors who are clients of, and were introduced to the Company by, the Joint Lead Managers or via existing relationships with the Company. There are no proposed investors in the issues of the New Convertible Notes or Convertible Note Options that are investors required to be disclosed under ASX Guidance Note 21;
 - a. the numbers and class of securities issued to be issued is: 300,000 New Convertible Notes;
- (b) a summary of the material terms of the New Convertible Notes is set out in the "New Convertible Note Key Terms" item above;
- (c) the date by which the Company will issue the New Convertible Notes will be no later than three (3) months after the date of this Meeting (or such later date as may be approved by ASX);
- (d) the New Convertible Notes will be issued for cash at an issue price of \$1.00 per New Convertible Note, to raise \$300,000 cash (before costs of the issue);
- (e) the purpose of the proposed issue of the New Convertible Notes is to raise funds to support the Company as it continues to fund exploration work at the Copalquin project in Mexico and continued evaluation of other mineral properties and for general working capital prior to undertaking a future equity capital raising and purpose of the proposed issue of Convertible Note Options is to comply with the conditions of the Convertible Notes and the New Convertible Notes which require the Company to issue the Convertible Note Options, subject to shareholder approval.

Voting Exclusions

A voting exclusion statement is set out under Note 5 of this Notice.

Board Recommendation

The Board recommends that shareholders vote in favour of this Resolution. The Chair of the Meeting intends to vote undirected proxies in favour of this Resolution.

Resolution 5(b): Approval to issue New Convertible Note Options

As noted in the explanatory statement information for Resolution 4, the terms of the Convertible Notes provide that each Convertible Note holder shall, subject to shareholder approval, be issued 1,000 options (**Convertible Note Options**), each to acquire one Share, for every \$1,000 invested in the Convertible Notes. The options will have an exercise price of \$0.001 and an expiry date of 3 years from the date of issue. As \$700,000 was invested in the Convertible Notes, this would result in 700,000,000 Convertible Note Options being issued to holders of the Convertible Notes. The New Convertible Notes are proposed to have the same entitlement for the issue of Convertible Note Options

Also, as noted in the explanatory statement information for Resolution 5(b) each Convertible Note holder shall, subject to shareholder approval, be issued 1,000 options (**Convertible Note Options**), each to acquire one (1) Share, for every \$1,000 invested in the Convertible Notes. The options will have an exercise price of \$0.001 and an expiry date of 3 years from the date of issue. As \$300,000 was invested in the Convertible Notes, this would result in 300,000,000 Convertible Note Options being issued to holders of the Convertible Notes.

Therefore, a total of 1,000,000,000 Convertible Note Options are proposed to be issued to holders of Convertible Notes and New Convertible Notes.

Convertible Note Option Key Terms

The material terms of the Convertible Note Options are set out in Schedule 1 of this Notice.

Proposed resolution

Resolution 5(b) seeks shareholder approval pursuant to ASX Listing Rule 7.1 for the proposed issue of 1,000,000,000 Convertible Note Options as outlined above.

ASX Listing Rules

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 prohibits a listed company from issuing equity securities representing more than 15% of its issued capital in any 12-month period without first obtaining Shareholder approval (subject to certain exceptions). The New Convertible Note Options are classified as equity securities for these purposes, since they are convertible into Shares.

The proposed issues of New Convertible Note Options does not fall within any of the relevant exceptions and exceeds the 15% limit in Listing Rule 7.1. It therefore requires the approval of the Company's shareholders under Listing Rule 7.1.

If Resolution 5(b) is approved, the 1,000,000,000 Convertible Note Options will be issued to professional and sophisticated investors will be treated by the Company as having been made with Shareholder approval under ASX Listing Rule 7.1. The Company will therefore have the flexibility, if required, to issue additional equity securities without the Convertible Note Options counting towards the 15% threshold for the purposes of ASX Listing Rule 7.1 over the 12-month period.

If Resolution 5(b) is not passed, the Company will not be able to issue the Convertible Note Options.

Information provided in accordance with Listing Rule 7.3

For the purposes of Listing Rule 7.3, the following information is provided to Shareholders about the proposed issues:

- (a) the numbers and class of securities issued to be issued is 1,000,000,000 Convertible Note Options;
- (b) a summary of the material terms of the Convertible Note Options is set out in Schedule 1;
- (c) the date by which the Company will issue the Convertible Note Options will be no later than three (3) months after the date of this Meeting (or such later date as may be approved by ASX);
- (d) no consideration will be received from the issue of the Convertible Note Options;
- (e) the purpose of the proposed issue of the New Convertible Note Options is to comply with the conditions of the Convertible Notes and the New Convertible Notes which require the Company to issue the Convertible Note Options, subject to shareholder approval.

Voting Exclusions

A voting exclusion statement is set out under Note 5 of this Notice.

Board Recommendation

The Board recommends that shareholders vote in favour of this Resolution. The Chair of the Meeting intends to vote undirected proxies in favour of this Resolution.

Resolution 6: Approval to Issue Shares and Options on Conversion of Convertible Notes and New Convertible Notes

Background

As noted in the background information above for Resolutions 4 and 5, the Company has, or proposes to have, on issue the following convertible notes:

Convertible Notes (proposed to be ratified by Resolution 4):	700,000
New Convertible Notes (proposed to be approved by Resolution 5(a)):	<u>300,000</u>
Total existing and proposed convertible notes (Total Convertible Notes)	<u>1,000,000</u>

The purpose of Resolution 6 is to obtain shareholder approval for the issue of:

- Shares (**Conversion Shares**) arising upon the conversion of the Convertible Notes and the New Convertible Notes; and
- Options (**Conversion Options**) to be issued in accordance with the terms and conditions of the Convertible Notes and the New Convertible Notes.

The terms and conditions of the Convertible Notes provide, and the proposed terms and conditions of the New Convertible Notes are proposed to provide, as follows:

- the holders of Convertible Notes and New Convertible Notes may elect to, subject to Shareholder approval, convert their convertible notes into Shares (**Conversion Shares**) at a conversion price equal to the issue price under the Company's proposed Capital Raising; and
- all Conversion Shares issued shall be issued on the same terms as Shares issued under the Company's Capital Raising (for example if free attaching options or other securities are offered under the Capital Raising, the Convertible Notes will convert, and the New Convertible Notes are proposed to convert, on the same basis and specifically any attaching options issued to investors in the Capital Raising will be issued on the same basis to those investor who convert their Convertible Notes or New Convertible Notes into Conversion Shares).

The issue price under the Company's proposed Capital Raising is to be \$0.001 per Share, therefore the number of Conversion Shares proposed to be issued is:

$$\text{Total Convertible Notes [1,000,000]} \div \$0.001 \text{ per Share} = 1,000,000,000 \text{ Conversion Shares}$$

Under the Company's proposed Capital Raising, being the Placement referred to in the explanatory statement information for Resolution 8 below, investors are to receive a free attaching Option on the basis of one (1) Option per two (2) Placement Shares subscribed for, exercisable at \$0.002 with an expiry date of three (3) years from the date of issue. Accordingly, in accordance with the terms and conditions of the Convertible Notes, and the proposed terms and conditions of the New Convertible Notes, holders of those notes who are issued Conversion Shares will also be entitled to receive a free attaching option (**Conversion Option**) on the basis of one (1) Conversion Option per two (2) Conversion Shares issued.

Therefore, the number of Conversion Options proposed to be issued is:

$$\text{Number of proposed Conversion Shares [1,000,000,000]} \div 2 = 500,000,000 \text{ Conversion Options.}$$

The Company is therefore seeking Shareholder approval to issue 1,000,000,000 Conversion Shares and 500,000,000 Conversion Options in accordance with the terms and conditions of the Convertible Notes, and the proposed terms and conditions of the New Convertible Notes and will also seek approval pursuant to Listing Rule 7.1.

ASX Listing Rules

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 prohibits a listed company from issuing equity securities representing more than 15% of its issued capital in any 12-month period without first obtaining Shareholder approval (subject to certain exceptions). The Conversion Shares and Conversion Options are classified as equity securities for these purposes.

The proposed issues of Conversion Shares and Conversion Options may not fall within any of the relevant exceptions and may therefore exceed the 15% limit in Listing Rule 7.1. The Company has therefore determined that these proposed issues require the approval of the Company's shareholders under Listing Rule 7.1.

If Resolution 6 is approved by Shareholders, the Company will be able to issue the Conversion Shares and Conversion Options, those securities will be excluded in calculating the Company's fifteen percent (15%) limit in Listing Rule 7.1 and the Company will retain the flexibility to issue shares in the future up to the fifteen percent (15%) placement capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval.

If Resolution 6 is not approved by Shareholders, the Company will not be able to proceed with the issue of the Conversion Shares and Conversion Options pursuant to the Company's existing Placement Capacity under Listing Rule 7.1. This would limit the Company, when calculating the number of securities it can issue without Shareholder approval to go beyond the 15% limit, need to deduct the number of Convertible Notes from the number available for any future issue.

In accordance with ASX Listing Rule 7.3, the following information is provided in relation to the proposed issues of Conversion Shares and Conversion Options:

- (a) the proposed issues of Conversion Shares and Conversion Options will be issued to sophisticated and professional investors who are clients of, and were introduced to the Company by, the Joint Lead Managers or via existing relationships with the Company. There are no proposed investors in the issues of the Conversion Shares and Conversion Options that are investors required to be disclosed under ASX Guidance Note 21;
- (b) the numbers and class of securities issued to be issued are:
 - a. 1,000,000,000 Conversion Shares; and
 - b. 500,000,000 Conversion Options;
- (c) The Conversion Shares will rank equally in all respects with existing Shares on issue; and a summary of the material terms of the Conversion Options is set out in Schedule 2;
- (d) the date by which the Company will issue the Conversion Shares and Conversion Options will be no later than three (3) months after the date of this Meeting (or such later date as may be approved by ASX);
- (e) no consideration will be received from the issue of the Conversion Shares and Conversion Options;
- (f) the purpose of the proposed issues of the Conversion Shares and Conversion Options is to comply with:
 - a. the terms and conditions of the Convertible Notes which require the Company to issue the Conversion Shares and Conversion Options, subject to shareholder approval;
 - b. the proposed terms and conditions of the New Convertible Notes which are proposed to require the Company to issue the Conversion Shares and Conversion Options, subject to shareholder approval.

Voting Exclusions

A voting exclusion statement is set out under Note 5 of this Notice.

Board Recommendation

The Board recommends that shareholders vote in favour of this Resolution. The Chair of the Meeting intends to vote undirected proxies in favour of this Resolution.

Resolution 7(a): Approval of Issue of shares in Settlement of Convertible Note Interest

Background

As noted in the background information above for Resolution 4, the Company issued Convertible Notes in January 2024. Interest totalling \$42,000 is payable on the Convertible Notes. In accordance with their terms and conditions.

The Company proposes to issue 42,000,000 Shares (**Settlement Shares**) to Convertible Note holders in lieu of interest totalling \$42,000 otherwise payable in cash on the Convertible Notes.

The number of Settlement Shares proposed to be issued is calculated as:

Accrued interest payable on Convertible Notes:	\$42,000
÷ Issue price per Settlement Share	\$0.001
= Number of Settlement Shares	42,000,000

In accordance with the terms and conditions of the Convertible Notes, shareholder approval is required for the issue of shares to settle Convertible Note interest payable.

ASX Listing Rules

Subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The proposed issues of Settlement Shares does not fall within any of the relevant exceptions and exceeds the 15% limit in Listing Rule 7.1. They therefore require the approval of the Company's shareholders under Listing Rule 7.1.

If Resolution 7(a) is approved, the Company will be able to proceed with the issue of 42,000,000 Settlement Shares and may be treated by the Company as having been made with Shareholder approval under ASX Listing Rule 7.1. The Company will therefore have the flexibility, if required, to issue additional equity securities without the Shares counting towards the 15% threshold for the purposes of ASX Listing Rule 7.1 over the 12-month period

If Resolution 7(a) is not passed, the Company will not be able to issue the Settlement Shares and will have to pay the Convertible Note interest payable in cash.

Information provided in accordance with Listing Rule 7.3

For the purposes of Listing Rule 7.3, the following information is provided about the issue:

In accordance with ASX Listing Rule 7.3, the following information is provided in relation to the proposed issues of Settlement Shares:

- (a) the Settlement Shares will be issued to holders of Convertible Notes, being sophisticated and investors who are clients of, and were introduced to the Company by, the Joint Lead Managers or via existing relationships with the Company. There are no proposed holders of the Settlement Shares that are investors required to be disclosed under ASX Guidance Note 21;
- (b) the numbers and class of securities issued to be issued are 42,000,000 Settlement Shares
- (c) The Settlement Shares will rank equally in all respects with existing Shares on issue;

The Company is therefore seeking shareholder approval pursuant to ASX Listing Rule 10.11 to allow those Directors, Mr John Skeet, Mr Craig Sharpe, Mr Stephen Layton and Mr Garry Thomas (or their respective nominees) to participate in the Placement and for the Company to allot and issue 415,000,000 Placement Shares at an issue price of \$0.001 per Placement Share and 207,500,000 Placement Options to these directors as shown in the following table. Regulatory Requirements – Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a Financial Benefit to a Related Party of the public company without shareholder approval unless providing the benefit falls within a prescribed exception.

A “Related Party” is defined widely in section 228 of the Corporations Act and includes, relevantly, a director (or proposed director) of a public company, any entity that controls (or is reasonably likely to control) a public company, and any entity that is controlled by a person or entity which is otherwise a Related Party, or there are reasonable grounds to believe that a person/entity is likely to become a Related Party of the public company.

A “Financial Benefit” for the purposes of the Corporations Act has a very wide meaning. It includes the public company paying money or issuing securities to the Related Party. In determining whether or not a financial benefit is being given, it is necessary to look to the economic and commercial substance and effect of what the public company is doing (rather than just the legal form). Any consideration which is given for the financial benefit is to be disregarded, even if it is full or adequate.

The proposed Resolutions 9-12, if passed, will confer financial benefits to the Proposed Participants (who, being directors of the Company, are all Related Parties of the Company).

However, section 210 of the Corporations Act provides that shareholder approval is not needed to give a financial benefit on terms that:

- (a) would be reasonable in the circumstances if the public company and the related party were dealing at arm’s length; or
- (b) are less favourable to the related party than the terms referred to in paragraph (a)

(the **Arm’s Length Exception**).

Arm’s Length Exception

The Company proposes to issue the Placement Shares and the Placement Options to the Directors (or their nominees) pursuant to Resolutions 9 – 12 on the same terms as the Placement Shares and the Placement Options proposed to be issued to unrelated parties pursuant to Resolution 8.

On this basis, the Disinterested Directors consider the proposed issue of the Shares and Options to fall within the Arm's Length Exception set out in section 210 of the Corporations Act and therefore shareholder approval is not sought for the purposes of Chapter 2E of the Corporations Act.

ASX Listing Rule 10.11

ASX Listing Rule 10.11 provides that a listed company must not (subject to specified exceptions) issue or agree to issue equity securities to a related party without shareholder approval. Directors of the Company are related parties of the Company and therefore Shareholder approval for the participation of the abovenamed Directors of the Company in the Placement is required under ASX Listing Rule 10.11.

Resolutions 9 - 12 seek the required shareholder approval to the issue under and for the purposes of Listing Rule 10.11.

If Resolutions 9 - 12 are passed, the Company will be able to proceed with the issue of the following Shares and Options:

Name of the Director	Number of Shares	Number of Options
John Skeet	250,000,000	125,000,000
Craig Sharpe	95,000,000	47,500,000
Stephen Layton	50,000,000	25,000,000
Garry Thomas	20,000,000	10,000,000

The willingness of the Directors to subscribe for Shares and Options under the Placement is confirmation of their faith in the Company and its business.

If all or any of Resolutions 9 -12 are not passed, the Company will not proceed with the issue of the Placement Shares or Placement Options to the applicable Director(s), and the applicable Director(s) (or their nominee(s)) will not receive the Placement Shares or Placement Options as described above.

If approvals are given under ASX Listing Rule 10.11, approvals are not required under ASX Listing Rule 7.1.

The Company requires Shareholder approval to undertake the issue of 157,500,000 Shares as consideration for Mr Garry Thomas, a director of the Company, agreeing to cancel a loan of \$157,500 (**Director Loan**) owed by the Company to him.

Regulatory Requirements – Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act prohibits a public company from giving a Financial Benefit to a Related Party of the public company without shareholder approval unless providing the benefit falls within a prescribed exception.

A “Related Party” is defined widely in section 228 of the Corporations Act and includes, relevantly, a director (or proposed director) of a public company, any entity that controls (or is reasonably likely to control) a public company, and any entity that is controlled by a person or entity which is otherwise a Related Party, or there are reasonable grounds to believe that a person/entity is likely to become a Related Party of the public company.

A “Financial Benefit” for the purposes of the Corporations Act has a very wide meaning. It includes the public company paying money or issuing securities to the Related Party. In determining whether or not a financial benefit is being given, it is necessary to look to the economic and commercial substance and effect of what the public company is doing (rather than just the legal form). Any consideration which is given for the financial benefit is to be disregarded, even if it is full or adequate.

The proposed Resolution 16, if passed, will confer financial benefits to the Proposed Participant (who, being a director of the Company, is a Related Party of the Company), as Mr Thomas would be issued Shares.

However, section 210 of the Corporations Act provides that shareholder approval is not needed to give a financial benefit on terms that:

- (a) would be reasonable in the circumstances if the public company and the related party were dealing at arm's length; or
- (b) are less favourable to the related party than the terms referred to in paragraph (a)

(the **Arm's Length Exception**).

Arm's Length Exception

The Company proposes to issue the Shares to Mr Thomas (or his nominee(s)) pursuant to Resolution 15 at the same issue price (\$0.001 per Share) as for Placement Shares currently proposed to be issued to unrelated parties pursuant to Resolution 8. The total value (\$157,500) of the 157,500,000 Shares proposed to be issued therefore equals the value of the Director Loan they are proposed to settle.

On this basis, the Disinterested Directors consider the proposed issue of the Shares to fall within the Arm's Length Exception set out in section 210 of the Corporations Act and therefore shareholder approval is not sought for the purposes of Chapter 2E of the Corporations Act.

ASX Listing Rule 10.11

ASX Listing Rule 10.11 provides that a listed company must not (subject to specified exceptions) issue or agree to issue equity securities to a related party without shareholder approval. Mr Thomas, being a Director of the Company, is a related party of the Company and therefore Shareholder approval for the issue of the relevant Shares to Mr Thomas is required under ASX Listing Rule 10.11.

Resolution 16 seeks the required shareholder approval to the issue under and for the purposes of Listing Rule 10.11.

If Resolution 16 is passed, the Company will be able to proceed with the issue of 157,500,000 Shares.

If Resolution 16 is not passed, the Company will not proceed with the issue of the Shares to Mr Thomas and will need to find an alternative arrangement to settle the loan, and may be required to repay the loan in cash.

If approvals are given under ASX Listing Rule 10.11, approvals are not required under ASX Listing Rule 7.1.

Listing Rule 10.13 requires that the following information be provided to Shareholders for the purposes of obtaining Shareholder approval pursuant to Listing Rule 10.11:

- a) the proposed recipient is Mr Garry Thomas or his nominee(s);
- b) Mr Thomas is a related party of the Company as he is a Director of the Company and thus falls with Listing Rule 10.11.1;
- c) 157,500,000 Shares are to be issued;
- d) the Shares will be issued no later than one month after the date of the Meeting;
- e) the issue price of the Shares will be \$0.001 per Share; and
- f) the purpose of the issue of the Shares is to settle the Director Loan, therefore not funds will be raised by the issue.

Corporations Act

The Board has formed the view that the issues of Options to Mr John Skeet, Mr Craig Sharpe, Mr Stephen Layton and Mr Garry Thomas (or their respective nominee) do not require Shareholder approval under section 208 of the Corporations Act as the issues constitute "reasonable remuneration" in accordance with section 211 of the Corporations Act.

A "financial benefit" is defined in section 229 of the Corporations Act and includes granting an option to a related party.

Section 228 of the Corporations Act defines a "related party" for the purposes of Chapter 2E to include:

- directors of the public company (section 228(2)(a)); and
- an entity controlled by directors of the public company (section 228(4)). Section 228(5) provides that an entity is a related party of a public company at a particular time if the entity was a related party of the public company of a kind referred to in subsection (1), (2), (3) or (4) at any time within the previous 6 months.

In reaching this view, the Board considers the proposed grant of Options aligns the interests of the Directors with the interests of Shareholders. The grant of Options to the Directors is a cost-effective form of remuneration when compared to the payment of cash consideration.

Consistent with the desire to minimise cash expenditure, the Board believes that having regard to the Company's current cash position, and the Company's objective to use available cash to fund its operations in the near future, and in order to compensate the above Director in line with current market practices, Options provide an appropriate and meaningful remuneration component to the above Director that is aligned with Shareholder interest. In addition, the options act as supplementary remuneration to the directors, reflecting their additional workload, beyond the normal scope of director duties, in connection with the recapitalisation of the Company.

If Resolutions 17 - 20 are passed and the Options are issued, the Directors proposed to receive securities under Resolutions 17 - 20 (including direct and indirect interests) will have a relevant interest in an additional 230,000,000 EIP Options.

ASX Listing Rule 10.14

The Company is proposing to issue the Options under the EIP, which is an employee incentive scheme as defined in the Listing Rules.

Listing Rules 10.14 provides that a listed company must not, without the approval of shareholders, permit any of the following persons to acquire equity securities under an employee incentive scheme:

- 10.14.1: a director of the Company;
- 10.14.2: an associate of a director of the Company; or
- 10.14.3: a person whose relationship with the Company or a person referred to in Listing Rule 10.14.1 or 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by its shareholders.

The proposed issue of the Options falls within Listing Rules 10.14.1 and/or 10.14.2 above, as the proposed recipients of the Options, each of whom is a director of the Company, and therefore requires the approval of the Company's shareholders under Listing Rule 10.14.

Resolutions 17 - 20 seek the required shareholder approval to the issue under and for the purposes of Listing Rule 10.14.

If Resolutions 17 - 20 are passed, the Company will be able to proceed with the issue of the Options and the Directors (or their nominee(s)) will receive the number of Options set out in the table on page 30 of the Explanatory Statement, with the increase in remuneration and potential increase in their shareholdings as described on page 31.

If Resolution 17 - 20 are not passed, the Company will not proceed with the issue of the Options to the relevant Director, and the relevant Director (or their nominee(s)) will not receive the EIP Options as described on page 30.

If approval is given under ASX Listing Rule 10.14, the issue of Options will fall within Listing Rule 7.2 Exception 14 and therefore Listing Rule 7.1 will not apply to the issue of the Options.

The following information is given under ASX Listing Rule 10.15 in respect of the proposed acquisition of Options by the Directors under Resolutions 17 - 20:

- (a) the proposed recipients are Mr John Skeet, Mr Craig Sharpe Mr Stephen Layton and Mr Garry Thomas, each of whom are Directors of the Company, or their respective nominees (each of which would be an associate of the Director) and fall within ASX Listing Rule 10.14.1, as they are each a Director of the Company;

 - (3) 50,000,000 Options to Mr Stephen Layton
 - (4) 50,000,000 Options to Mr Garry Thomas
- (c) The current total remuneration packages of Mr John Skeet, Mr Craig Sharpe Mr Stephen Layton and Mr Garry Thomas is set out on page 30.
- (d) details of the securities previously issued to the Directors under the EIP are nil.
- (e) each Option will have an exercise price calculated in accordance with the table on page 30, will vest upon issue, will expire three (3) years after the date of issue and will, upon exercise, entitle the holder to one fully paid ordinary share in the Company.

The type and value of the securities being issued is set out on page 30 of this Notice.

- (f) the Options are expected to be issued no later than one month after the Meeting, but in any case will be issued no more than 3 years after the date of the Meeting.

- (g) The Options will be issued as a remuneration. As such, there is no issue price for, and the Company will not receive cash from issue of the Options. Funds raised upon exercise of the Options will be applied to the working capital requirements of the Company at the time of exercise.
- (h) A summary of the material terms of the EIP is included in **Schedule 3**.
- (i) No loans will be made to the Directors or their nominees in relation to the acquisition of the Options.
- (j) Details of any securities issued under the EIP will be published in the annual report of the Company relating to the period in which they were issued, along with a statement that approval for the issue was obtained under Listing Rule 10.14; and
- (k) Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of securities under the Plan after Resolutions 17-20 are approved and who are not named in this Notice and Statement will not participate until approval is obtained under that rule.

Voting Exclusions

A voting exclusion statement is set out under Note 5 of this Notice.

Board Recommendation

The Board (with the respective directors abstaining in relation to the relevant Resolution regarding their own proposed Options) recommend that shareholders vote in favour of Resolutions 17 - 20.

Resolution 21: 100:1 Consolidation of Capital of the Company

Background

Resolution 21 seeks Shareholder approval to undertake a consolidation of the number of Shares on issue on the basis that every one hundred (100) Shares held be consolidated into one (1) Share (**Consolidation**). Similarly, the number of Options on issue will be consolidated on the basis that every one hundred (100) Options Performance Rights and Convertible Notes held will be consolidated, respectively into one (1) Option, Performance Right and Convertible Note. The exercise prices and conversion prices, as applicable, of the Options, Performance Rights and Convertible Note will be amended in inverse proportion to the consolidation ratio.

Purpose and Rationale of the Consolidation

The Company currently has a large number of Shares on issue, being 3,368,804,470 Shares at the date of this Notice. The purpose of the Consolidation will result in:

- a more appropriate and effective capital structure for the Company;
- the Consolidation is also expected to assist in positioning the Company for long term growth by making an investment in the Company's securities more attractive to institutional and other investors, and
- the Directors consider that the Consolidation will result in potentially reducing share price volatility and enable a more consistent valuation of the Company.

The Board believes that the consolidation of the Company's capital is in the best interests of its Shareholders. The Consolidation will theoretically increase Mithril's share price at the time that it takes effect by a factor of one hundred (100), subject to prevailing market conditions. It will also reduce the administrative burden, cost and complexity of administering a capital base which currently has over 1 billion ordinary shares on issue.

Section 254H of the Corporations Act provides that a Company may, by resolution passed at a general meeting, convert all or any of its shares into a larger or smaller number of shares by ordinary resolution.

Listing Rule 7.20 provides that where an entity proposes to reorganise its capital, it must inform shareholders of the following:

- (i) the effect of the proposal on the number of securities and the amount paid (if any) on the securities;
- (ii) the proposed treatment of any fractional entitlements; and
- (iii) the proposed treatment of any convertible securities on issue.

Listing Rule 7.21 provides that a listed entity which has convertible securities on issue may only reorganise its capital if, in respect of the convertible securities, the number of its convertible securities or the conversion price, or both, is reorganised so that the holder of the convertible securities will not receive a benefit that holders of ordinary securities do not receive.

Listing Rule 7.22.1 requires that where a listed entity with options undertakes a consolidation of its capital, the number of its options must be consolidated in the same ratio as the ordinary capital and the exercise price must be amended in inverse proportion to that ratio.

Effect of the Consolidation

The result of the Consolidation is that each security holding will be reduced by one hundred (100) times its current level. As the Consolidation applies equally to all Shareholders, individual shareholdings will be reduced in the same ratio as the total number of Shares (subject to rounding). Assuming no other market movements or impacts occur, the Consolidation will have no effect on the percentage interest in the Company of each Shareholder. The Consolidation will not result in any change to the substantive rights and obligations of existing Shareholders.

Effect of the Consolidation

As at the date of this Notice of Meeting, the proposed effect which the consolidation would have on the Company's capital structure is set out in the below table:

Security	Pre-Consolidation*	Post-Consolidation (if Resolution 22 is approved)
Shares	8,488,804,470**	84,888,045
Unquoted Options	4,425,535,714**	44,255,357
Unquoted Performance Rights	33,333,333*	333,333
Convertible Notes	1,000,000**	1,000

**Assumes no Options or Performance Rights exercised prior to Consolidation*

***On the basis that resolutions 5(a) – 20 are approved and securities allotted prior to the proposed completion of the share consolidation.*

Key details for the share consolidation process, if approved by shareholders, are as follows:

- The Share consolidation will take effect from 22 April 2024.
- The share consolidation requires shareholder approval by ordinary resolution.
- Where the consolidation results in a shareholder's account having an entitlement to a fraction of a share, that fraction will be rounded up to the nearest whole number of shares.

The consolidation will not materially change the proportionate interest that each shareholder holds in the Company, because the consolidation ratio applies (subject to rounding) to all present shares.

Taxation

The Explanatory Statement does not consider the tax implications in respect of other securities held on revenue account, as trading stock or by non-Australian residents Shareholders. Shareholders should consider their own circumstances and seek professional advice in relation to their tax position. Neither the Company nor any of its officers or employees assumes any liability or responsibility for advising Shareholders or other security holders about their tax consequences of the proposed Consolidation.

Indicative Timetable*

If approved by Shareholders, the proposed Consolidation will take effect in accordance with the following indicative timetable (which has been prepared in accordance with Appendix 7A (paragraph 7) of the ASX Listing Rules).

SPECIAL BUSINESS

Resolution 22: Approval of 10% Placement Facility

Background

Listing Rule 7.1A enables eligible entities to issue Equity Securities up to 10% of its issued share capital through placements over a 12-month period after the Annual General Meeting ("10% Placement Facility"). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is seeking shareholder approval by way of a special resolution to have the ability, if required, to issue Equity Securities under the 10% Placement Facility. The effect of this resolution will be to allow the Directors to issue Equity Securities under Listing Rule 7.1A during the 10% Placement Period (as described below) without using the Company's 15% placement capacity under Listing Rule 7.1.

If Shareholders approve this resolution, the number of Equity Securities permitted to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (see below).

If Shareholders do not approve this resolution, the Company will not have the capacity to issue Equity Securities under the 10% Placement Facility, nor will it issue any Equity Securities under the 10% Placement Facility.

The resolution is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote at this Meeting (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Description of Listing Rule 7.1A

a) *Shareholder approval*

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an Annual General Meeting. This means it requires approval of 75% of the votes cast by shareholders, present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

b) *Equity Securities*

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company. The Company, as at the date of the Notice, has on issue four classes of Equity Securities, quoted Fully Paid Ordinary Shares, Unquoted Options, Unquoted Performance Rights and Convertible Notes. The Company has on issue 3,368,804,470 Fully Paid Ordinary Shares.

c) *Formula for calculating 10% Placement Facility*

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an Annual General Meeting may issue or agree to issue, during the 12-month period after the date of the Annual General Meeting, a number of quoted Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of fully paid ordinary securities on issue 12 months before the date of the issue or agreement to issue:

- i. plus the number of fully paid shares issued in the relevant 12 months under an exception in ASX Listing Rule 7.2 other than exception 9, 16 or 17;
- ii. plus the number of fully paid ordinary shares issued in the relevant period on the conversion of convertible securities within ASX Listing Rule 7.2 where:
 - a. the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - b. the issue of, or agreement to issue, the convertible securities was approved, or take under those rules to have been approved, under ASX Listing Rule 7.1 or 7.4;
- iii. plus the number of fully paid ordinary shares issued in the relevant period under an agreement to issue securities within ASX Listing Rule 7.2 Exception 16 where:
 - a. the agreement was entered into before the commencement of the relevant period; or
 - b. the agreement or issue was approved or taken under those rules to have been approved, under ASX Listing Rule 7.1 or 7.4;
- iv. plus the number of fully paid ordinary shares issued in the relevant 12 months with approval of holders of shares under ASX Listing Rule 7.1 and 7.4;
- v. plus the number of partly paid shares that become fully paid in the relevant 12 months;
- vi. less the number of fully paid shares cancelled in the relevant 12 months.

Note: "A" has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.4.

d) *Listing Rule 7.1 and Listing Rule 7.1A*

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2.

e) *Nature of consideration for issue and Minimum Issue Price*

The Equity Securities issued under Listing Rule 7.1A must be issued for a cash consideration per security which must be not less than 75% of the VWAP of Equity Securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- i. the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the securities; or
- ii. if the Equity Securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

f) 10% Placement Facility

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the Annual General Meeting at which the approval is obtained and expires on the first to occur of the following:

- i. the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained;
- ii. the time and date of the Company's next Annual General Meeting;
- iii. the time and date of the approval by shareholders of a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

(10% Placement Period).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- a) The period for which the Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A commences on the date of the Annual General Meeting at which the approval is obtained, being 22 April 2024, and expires on the first to occur of the following:
 - i. the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained, being 22 April 2025;
 - ii. the time and date of the Company's next Annual General Meeting;
 - iii. the time and date of the approval by shareholders of a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).
- b) The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's quoted Equity Securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:
 - i. the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the securities; or
 - ii. if the Equity Securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- c) The purposes for which the funds raised by an issue of Equity Securities (for cash consideration only) under rule 7.1A.2 may be used by the Company include:
 - i. consideration for the acquisition(s) of the new assets and investments, including the expenses associated with such acquisition(s); and
 - ii. continued expenditure on the Company's current business and/or general working capital.
- d) If this resolution is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the below table. Shareholders may also be exposed to economic risk and voting dilution, including the following:
 - i. the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and
 - ii. the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date.

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The below table shows the dilution of existing Shareholders on the basis of the market price of Shares as at 7 December 2023 is the share price of the last trading day prior to the suspension of the Company on the ASX (**Current Share Price**). The Current Share price and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The table also shows:

- two examples where variable “A” has increased, by 50% and 100%. Variable “A” is based on the number of ordinary securities of the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders’ meeting; and
- two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Issue Price		
		\$0.001 50% decrease in Current Share Price	\$0.002 Current Share Price	\$0.004 100% increase in Current Share Price
Current Variable A 3,368,804,470 Shares	10% Voting Dilution	336,880,447 Shares		
	Funds raised	\$336,880	\$673,761	\$1,347,522
50% increase in current Variable A 5,053,206,705 Shares	10% Voting Dilution	505,320,671 Shares		
	Funds raised	\$505,321	\$1,010,641	\$2,021,283
100% increase in current Variable A 6,737,608,940 Shares	10% Voting Dilution	673,760,894 Shares		
	Funds raised	\$673,761	\$1,347,522	\$2,695,044

The table has been prepared on the following assumptions:

- The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- No Options are exercised into Shares before the date of the issue of the Equity Securities.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued fully paid ordinary share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on the Shareholder’s holding at the date of the Annual General Meeting.
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The issue of Equity Securities under the 10% Placement Facility consists only of Shares.
- The Share Price is \$0.002 (0.2 cents), being the price of the Shares last traded on the ASX on 7 December 2023.

- e) The Company’s allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to relevant factors including, but not limited to, the following:
- the methods of raising funds that are available to the Company, including, but not limited to, rights issues or other issues in which existing security holders can participate;
 - the effect of the issue of the Equity Securities on the control of the Company;
 - the financial situation and solvency of the Company; and
 - advice from corporate financial and broking advisers (if applicable).

Due to the forward-looking nature of the approval, the allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders, subject to compliance with Listing Rule 10.11, and/or new Shareholders who are not related parties or associates of a related party of the Company.

- f) The Company:
- has not issued, nor agree to issue, any Equity Securities under Rule 7.1A.2 in the 12-month period preceding the date of the Meeting; and;

- ii. had not agreed, before the 12-month period referred to in the preceding paragraph, to issue any Equity Securities under Rule 7.1A.2 where such securities remain unissued as at the date of the Meeting.

Voting Exclusions

A voting exclusion statement is set out under Note 5 of this Notice.

Schedule 3
Summary of Employee Incentive Plan (EIP) proposed under Resolutions 18 to 21

TERM	DETAIL
Purpose	The Plan will operate to allow the Board to grant equity awards in the form of Awards to participating individuals, delivering an equity incentive component of remuneration on the terms determined by the Board from time to time.
Awards	<p>Each Award is a right to acquire one ordinary share in the Company (or receive an equivalent cash amount) upon satisfaction of the vesting conditions, as determined by the Board, and valid exercise of the Award.</p> <p>No exercise price will apply in respect of a grant of performance rights and the Board may specify circumstances or an event upon which a performance right may be automatically exercised.</p> <p>For a grant of options, an exercise price will apply, as determined by the Board and, ordinarily, automatic exercise will not apply.</p> <p>Each grant will specify the minimum and maximum number of value of shares in the Company that the participant may receive upon vesting and exercise of Awards.</p> <p>Unless the Board determines otherwise, no consideration is payable by the participant for a grant of Awards under the Plan.</p>
Eligible participants	<p>The Board may grant Awards to selected eligible participants.</p> <p>Eligible participants may include Directors, full-time and part-time employees, and any other person the Board considers appropriate.</p>
Allocation of shares upon vesting and exercise	<p>The Company may issue new shares or procure the acquisition of shares on-market to satisfy vested Awards upon exercise.</p> <p>The Company may also operate an employee share trust to acquire, hold or provide shares for the purposes of the Plan.</p> <p>Unless the Board determines, no trading restriction will be placed on shares allocated following vesting and exercise of Awards, subject to the Company's Securities Trading Policy.</p>
Vesting conditions and performance rights	<p>The Board may determine vesting conditions, which may include performance and/or service conditions that must be satisfied before Awards vest. The vesting conditions will be measured and tested over a performance period determined by the Board.</p> <p>Note that the Plan provides the Board with the ability to review and adjust the vesting conditions, targets and vesting schedules (as applicable) on a grant-by-grant basis, ensuring the conditions remain appropriate for the particular grant.</p>
Other terms	The Board may determine the terms of the Awards, including the exercise price in respect of options, any exercise restrictions as well as any other vesting or lapsing conditions.
Entitlements	<p>Unless the Board determines otherwise, Awards do not carry any dividend or voting rights prior to vesting and exercise.</p> <p>The Awards are transferable, subject to any restrictions imposed by legislation.</p>

TERM	DETAIL
Cessation of employment / engagement	<p>Where a participant ceases to be an employee (or otherwise engaged) by the Company (or any subsidiary of the Company) prior to the end of the applicable performance period, the treatment of Awards will depend on the circumstances of cessation.</p> <p>Generally, where a participant ceases due to resignation or termination for cause (including gross misconduct), all unvested Awards will lapse at cessation.</p> <p>Where the individual ceases for any other reason prior to the end of the relevant performance period, the participants' unvested Awards will continue "on-foot" and will be tested at the end of the applicable performance period, vesting only to the extent that any performance conditions have been satisfied (ignoring any service related conditions).</p> <p>However, the Board has a broad discretion to apply any other treatment it deems appropriate in the circumstances (including that another number of Awards may vest and be exercised either at cessation or at the end of the original performance period, or that some or all of the Awards will lapse).</p> <p>In making this determination, the Board may have regard to any factors the Board considers relevant, including the performance period elapsed and the extent to which the vesting conditions have been satisfied.</p>
Change of control	<p>Where a change of control event occurs prior to vesting of Awards, a pro-rata number of the Awards will generally vest based on the performance period elapsed and the extent to which the vesting conditions have been met at the time of the event.</p> <p>However, the Board has discretion to determine a different treatment, either at the time of grant or prior to the change of control event, including that another number of unvested Awards should vest or be subject to substitute or varied vesting conditions and/or periods.</p> <p>The Company also has specific rules in relation to divestments of a "material" part of the business or asset, with the Board having the discretion to determine an appropriate treatment for participants in the event of such divestment.</p>
Claw-back	<p>In the event of fraud, dishonesty or material misstatement of financial statements (or other specific circumstances described in the Plan), the Board may make a determination in respect of the Awards, or Shares allocated following exercise, to ensure that no unfair benefit is obtained by a participant (including lapse of unvested Awards).</p>
Adjustment of number of Awards granted	<p>The Board has discretion to adjust the number of Awards granted in the event of a variation of capital or other corporate transaction, to ensure that participants do not enjoy a windfall gain or suffer a material detriment as a result of the variation. Any adjustment will be made in accordance with the ASX Listing Rules.</p>
Administration of Plan	<p>The Plan may be administered either by the Board or an external party, including using a trust to acquire, hold, or provide shares to satisfy the Awards.</p> <p>The Board is given the power to make all required determinations under the Plan and to waive or modify the application of the terms of the Plan and the Awards granted under it, as the Board considers appropriate.</p>
