### QUARTERLY FLOWS UPDATE<sup>2</sup>

We are pleased to present to you GQG Partners' quarterly results for FUM and net flows. Our FUM as at 31 March 2024 was US\$143.4 billion with net flows during the quarter of US\$4.6 billion.

While we have demonstrated a solid start to 2024, net flows in the first quarter of any given year are influenced by seasonality and we caution against simple extrapolation. However, we believe our strong risk-adjusted returns over the long-term, in combination with our global, diversified distribution capabilities, position us well in the market. We expect continued business momentum in 2024 with a promising pipeline of potential new FUM.

As in prior periods, we note that our management fees (fees that are a percentage of assets managed), as opposed to performance fees (fees linked to investment performance), continue to comprise the vast majority of our net revenue. Our management team remains highly aligned with shareholders and clients, and acutely focused on and committed to GQG's future.

<sup>2</sup>Net flows amount is rounded to the nearest US\$0.1 billion, may include certain estimates, and has not been audited.
