8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:

8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: No. The quarter's operating results were severely impacted by severe weather and resulting road closures with gold processing having been suspended from mid-January onwards. The entity anticipates being able to resume mining and processing activities during the current quarter with gold sale revenues to follow thereafter.

8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: The entity has entered an agreement to sell its 60% interest in the Ashford coal project. Upfront cash consideration of over \$3 million is due to be received in May in relation to the sale.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes. The resumption of mining and processing activities with resulting gold sale revenues and the proceeds from the Ashford coal project sale will enable the entity to continue its operations and meet its business objectives.

Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.
