Alternatively, access to the recording and accompanying webinar slides can be found here: beonic.com/investor-relations

About Beonic

At Beonic, we create intelligent places with our AI-driven platform. Our technology transforms the places where people work, play, travel, shop and meet—optimising touchpoints, driving loyalty, and delivering differentiated experiences.

Our platform unifies your data points on one proprietary platform to give you the insights needed to solve the complex challenges of your present and future.

We ingest data from a diverse range of technologies including WiFi, Camera, People counting, LiDAR, CCTV and IoT devices. We combine these datasets with contextual data like weather, retail sales and sociodemographics to improve operational performance for retailers, airports, stadiums, smart cities and other public and commercial venues.

Beonic further augments insights generated by the platform with its data & marketing services offering: A team of data science and digital marketing consultants who help our clients harness more value from their data.

This announcement has been approved by Beonic Limited's Board.
