**ENGIE awards a contract to Worley for pipeline expansion**

Energía Mayakan S. de R.L. de C.V. (ENGIE) has appointed Worley as owner's engineer for the Energía Mayakan pipeline expansion.

The pipeline expansion will increase transportation capacity of the Energía Mayakan pipeline from 7,079,212m<sup>3</sup> per day (250 MMscfd<sup>1</sup>) to 16,055,652m<sup>3</sup> per day (567 MMscfd) to meet the growing demand for natural gas for power generation and gas in the Yucatán Peninsula region of Mexico.

Worley's appointment as owner's engineer follows the successful execution of the FEED phase. The services provided by Worley under this contract are categorized as transitional work under Worley's definition of sustainability-related work.<sup>2</sup>

"We are pleased to be working with Energía Mayakan on this important project, supporting the growing energy demands of the Yucatán Peninsula region" said Chris Ashton, Chief Executive Officer of Worley.

Authorized for release by Nuala O'Leary, Group Company Secretary.
