## Media Comment

Embedded electricity provider, Locality Planning Energy Holdings Limited (**ASX: LPE**) (the **Company** or **LPE**), has been approached by its largest shareholder, River Capital Pty Ltd, about an article in Monday's Australian Financial Review (May 20th). The article noted that LPE's financial adviser was talking to a range of parties interested in LPE. River Capital asked whether this meant that LPE was in receipt of any control transaction proposals. While LPE does not normally comment on media speculation, it can confirm that a number of parties have expressed preliminary interest in LPE however, at this time, no parties have submitted a control transaction proposal.

Authorised by the Board.

### About LPE

LPE is a growing electricity provider to strata communities challenging the way customers receive their electricity; leaders in innovation, supporting communities to think of tomorrow. With first to market technology, LPE has delivered renewable solutions for apartment living and carbon neutral centralised hot water systems, creating shareholder value through long term supply agreements that provide strong recurring revenue.

LPE predominantly service the Queensland energy market, selling electricity, hot water, solar and battery systems to strata communities. Supporting those living in strata communities to reduce their carbon footprint and energy bills with no upfront cost.
