The information contained in this presentation has been prepared by Aumake Limited ACN 150 110 017 (Company).

This presentation contains summary information about the current activities of the Company and its subsidiaries as at the date of this presentation. The information in this presentation is of a general nature and does not purport to be complete or to provide all information that an investor should consider when making an investment decision. It should be read in conjunction with the Company's other periodic and continuous disclosure announcements lodged with the Australian Securities Exchange. Certain market and industry data used in connection with this presentation has been obtained from research, surveys or studies conducted by third parties, including industry or general publications. Neither the Company nor its representatives have independently verified any such data provided by third parties.

This presentation is not an offer, invitation, solicitation or other recommendation with respect to the subscription for, purchase or sale of any securities in the Company. This presentation has been made available for information purposes only and does not constitute a prospectus, short form prospectus, profile statement, offer information statement or other offering document under Australian law or any other law. This presentation is not subject to the disclosure requirements affecting disclosure documents under Chapter 6D of the Corporations Act 2001 (Cth) and does contain all the information which would be required in such a disclosure document or prospectus.

This presentation is not a financial product nor investment advice nor a recommendation to acquire shares and has been prepared without taking into account the objectives, financial situation or needs of individuals. Before making an investment decision, prospective investors should consider the appropriateness of the information having regard to their own objectives, financial situation and needs and seek legal and taxation advice appropriate to their jurisdiction. The Company is not licensed to provide, and this presentation does not constitute the provision of, financial product advice in respect of the Company's shares.

The information in this presentation may be changed, modified or amended at any time by the Company, and is not intended to, and does not, constitute representations or warranties of the Company. Neither the Company or any of its directors, officers, agents, employees or advisors give any representation or warranty, express or implied, as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation. Accordingly, to the maximum extent permitted by law, none of the Company, its directors, employees or agents, advisers, nor any other person accepts any liability whether direct or indirect, express or limited, contractual, tortuous, statutory or otherwise, in respect of, the accuracy or completeness of the information or for any of the opinions contained in this presentation or for any errors, omissions or misstatements or for any loss, howsoever arising, from the use of this presentation.

This presentation may contain certain "forward looking statements". Forward risks, uncertainties and other factors, many of which are outside the control of the Company can cause actual results to differ materially from such statements. The Company makes no undertaking to update or revise such statements. Investors are cautioned that any forward-looking statements are not guarantees of future performance and that actual results or developments may differ materially from those projected in any forward-looking statements made.

An investment in the Company's shares is subject to investment and other known and unknown risks, some of which are beyond the control of the Company. Such risks and uncertainties include, but are not limited to: the impact of Covid-19, the timing of return travel from Chinese students and tourism, the acquisition and retention of customers, third party service provider and/or platform provider reliance, competition, reliance on key personnel, additional requirements for capital, the ability to raise sufficient funds to meet the needs of the Company in the future, potential acquisitions, platform integration, platform disruption, commercialisation, changes in technology, new products, development timeframes, product distribution, insurance, security breaches, maintenance of key business partner relationships, management of growth, brand establishment and maintenance, as well as political and operational risks, and governmental regulation and change in laws. Additional risks and uncertainties that the Company is unaware of, or that it currently considers to be immaterial, may also become important factors that adversely affect the Company's operating and financial performance.

Before investing in the Company, you should consider whether this investment is suitable for you. Potential investors should consider publicly available information on the Company, carefully consider their personal circumstances and consult their professional advisers before making an investment decision.

# WHY?

## Digital Marketing Industry Value

## Traditional Giants

- Established before the digital age.
- Struggle to adapt to smartphones and social media.
- Expensive

## What is needed

- **2.5M** SMEs need affordable and effective marketing solutions
- DIY marketing tool

**Streamii leverages a one-stop AI hub and a freemium business model to empower anyone to become a professional digital marketer, driving real media growth and achieving tangible sales results.**

# \$322 BILLION MARKET, FRAGMENTED TOOLS

In today's US\$322 billion digital marketing landscape, challenges persist despite existing solutions:

- **Fragmented Tools:** Marketers juggle multiple AI tools lacking integration, leading to inefficient workflows.
- **Complex Channel Management:** Handling multiple sales channels and social media accounts remains cumbersome.
- **AI Implementation Barriers:** Effective use of AI in sales is daunting for those without technical expertise.
- **Limited Community Interaction:** While a basic forum exists, it lacks comprehensive community functions for deep collaboration and insight sharing.

The industry needs a streamlined solution that unifies tools, enhances community, and simplifies technology to maximise marketing effectiveness and achieve tangible sales.
