

# SRJ secures order for Asset Integrity Consulting services with global FPSO operator

## HIGHLIGHTS

- **Asset integrity system development solution valued at A\$410k (£211k)**
- **SRJ consultants will work collaboratively alongside the client team and supervise external contractors.**
- **SRJ Consulting was chosen to provide practical and innovative solutions for developing asset integrity systems.**
- **The award shows the trust placed in SRJ Consulting to deliver safe, efficient and effective business outcomes for operating assets.**

SRJ Technologies (ASX:SRJ; “SRJ” or “the Company”) is pleased to announce that a significant purchase order has been secured from Single Buoy Moorings Inc. SRJ will provide a range of consulting services to support the set up, implementation and delivery of the asset integrity system for their fleet of operational FPSOs.

The consulting order is valued at A\$410k (GBP£211k) for further asset integrity system development support following the successful delivery of several previous work scopes for the same client.

The work scope builds on previous projects in which SRJ consultants are embedded and working alongside client teams to leverage their experience and innovative outlook to provide safe, sustainable, efficient, and effective outcomes for the client’s business, directly impacting operating assets.

This order for consulting services is subject to SRJ’s standard terms and conditions with the exception of the settlement terms which will be billed monthly on an approved time spent basis.

### Comments from Chief Executive Officer Alexander Wood:

*“To secure yet another order with this global FPSO operator shows the quality and depth of knowledge and experience held within our organisation and the trust this client places in us to deliver workable solutions across complex interfaces and operational scenarios.*

*“The relationship we have built with this key customer looks to strengthen and expand further as we begin immediately to deliver this scope.”*

– Ends –

*This announcement has been authorised for release by the CEO.*

## ABOUT SRJ TECHNOLOGIES

SRJ Technologies provides specialised engineering services and containment management solutions, elevating customer's integrity management performance.

We see real value in offering a wider range of asset integrity consulting services helping our customers to better understand the operational risks and where best to focus resource to minimise these risks.

SRJ's range of industry accredited products are designed to maintain and assure the integrity of pressure containment systems and therefore play an important role in the overall integrity of operating facilities.

Using pre-qualified service providers and manufacturers local to customer, SRJ is geolocation flexible and able to deliver a range of high quality, agile and cost-conscious solutions globally.
