ASX Announcement

TZ Limited awarded material government contract to begin the new financial year

TZ Limited (**TZL** or the **Company**) is pleased to announce that its wholly owned subsidiary, TZI Australia Pty Limited has been awarded the supply and install contract for over 1,300 Employee Lockers for a Queensland Government body.

The open tender was contested by a number of Locker solution providers active in the Australian market.

The contract value is just over \$1 million and comprises the supply and installation of new Employee Smart Lockers, the retrofit of TZ electronic locking to existing Employee Lockers and the provision of TZ's fully managed cloud-based software-as-a-service over the next five (5) years.

Supply will commence late September and should be completed by early November this year.

The securement of the sale provides TZI Australia with a solid start for the new fiscal year and a good platform towards delivering against its annual revenue target for 2025.

This announcement is authorised for release by TZ Limited's Board of Directors.
