- 6.6 When determining the amount (if any) by which to scale back an Application, the Company may take into account a number of factors, including the size of an applicant's shareholding, the extent to which Eligible Shareholders have sold or bought additional Shares after the

Record Date, and the date an Application was made. Eligible Shareholders are, therefore, encouraged to submit their Applications early.

- 6.7 If there is a consolidation or re-organisation of the issued share capital of the Company before the Closing Date, the maximum number of New Shares to be issued pursuant to and under the SPP shall be consolidated or re-organised (as the case may be) in the same ratio as the issued capital of the Company.
- 6.8 Far East Gold reserves the right to reject any Application for New Shares under the SPP if it believes that it does not comply with these Terms and Conditions.

7 ISSUE OF SHARES

- 7.1 The Directors of the Company reserve the right to issue to Eligible Shareholders a number of New Shares under the SPP as permitted under the Listing Rules without Shareholder approval. - 7.6 The Company will apply to ASX for quotation of the New Shares issued under the SPP within the period prescribed in the Listing Rules.
