ABOUT EARLYPAY

Earlypay provides secured finance to SMEs in the form of invoice, equipment, and trade financing.

Earlypay’s core product is invoice financing which can help SMEs overcome the cash flow pressure of waiting up to 60 days to receive payment of their customer invoices. Typically, Earlypay will provide SMEs with up to 80% of the invoice amount and funds can be used for any business purpose. Because invoice finance is supported by outstanding invoices, available funding increases in line with sales volume and is well suited to growing businesses.

Earlypay also provides SMEs with finance to invest in equipment and vehicles, and can also offer trade finance to clients to pay their suppliers.
