¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

The Company will develop formal Measurable Objectives to meet the objectives of the Diversity Policy as it grows and will report these together to its progress against these measurable objectives annually.

Current proportions of men and women on the board and senior executives are as follows:

Board: 100% male

Senior Executives: 100% male

5. Senior Executives

Senior executives manage the day-to-day tasks of the Company under the guidance and direction of the CEO. Equity Story recognises the importance of its senior executives to the Company's growth and performance. Accordingly, the Company undertakes regular evaluations of its senior executives to review their effectiveness and performance on an ongoing basis.

The CEO reviews the performance of senior executives annually. These evaluations assess the completeness and effectiveness of each senior executive in meeting their KPIs; whether the executive has the appropriate mix of skills and experience to allow the Company to meet its corporate goals; and whether the executive provides a safe, secure, productive, harmonious and inclusive environment for their employees to perform at their best.

An informal review of senior executives was undertaken this year by the CEO.

6. Board Committees

To assist the Board in discharging its duties efficiently and effectively, it has established an Audit and Risk Committee (and will establish a Nomination and Remuneration Committee when appropriate for the Company). The Committee operates within its Board approved Charter which sets out the roles, responsibilities, membership requirements and meeting procedures for each committee. A copy of the Charter is available on the Company's website.

Each established committee will meet as required and no less than twice a year. Details of meetings and attendance at meetings is set out in the Directors' Report found in the Company's Annual Report available on the Company's website.

7. Nomination

Equity Story does not have a formal Nomination Committee at this time. The full Board oversees the Board succession to ensure that the Board has the appropriate balance of skills, knowledge, experience, independence and diversity to enable it to discharge its duties and responsibilities effectively.

Given the size of the Company and its stage of development, the Board believes this is an appropriate way in which to deal with this aspect of the Company's governance at this time.

7.1 Board Skills Matrix

Equity Story is committed to ensuring the composition of the Board includes Directors who bring the appropriate mix of skills, experience, knowledge and expertise that all directors individually, and the Board collectively to:

- Discharge their responsibilities and duties;
- Understand the Company's business and the industry and markets in which the Company operates so as to set the strategic direction of the Company to maximise shareholder value; and
- Assess the performance of management in implementing those strategic objectives.

Director skills/experience matrix during the period:

In addition to the skills and experience set out above, the Board considers that each Director also has the ability to:

- Act with honesty and integrity
- Focus on the material issues
- Think strategically and take an organisation-wide perspective
- Understand the external environment and deal with pressure from external sources

7.2 Independence

The Board considers an independent Director to be a Non-Executive Director who is free of any interest, position, or relationship that might influence, or reasonably be perceived to influence, his or her capacity to bring an independent judgement to bear on issues before the Board and to act in the best interests of Equity Story. The Board will consider the materiality of any given relationship on a case-by-case basis and has adopted guidelines to assist in this regard. The Board reviews the independence of each Director in light of interests disclosed to the Board from time to time.

The Board Charter sets out guidelines of materiality for the purpose of determining independence of Directors in accordance with the ASX Recommendations and has adopted a definition of independence that is based on that set out in the ASX Recommendations.

The Board will consider whether there are any factors or considerations which may mean that a Director's interest, position, association or relationship might influence, or reasonably be perceived to influence, the capacity of the Director to bring an independent judgement to bear on issues before the Board and to act in the best interests of Equity Story and its securityholders generally.

The Board considers that Ricky Fertig is free from any interest, position, association or relationship that might influence, or reasonably be perceived to influence, the independent exercise of the Director's judgement and that he is able to fulfil the role of independent Director for the purpose of the ASX Recommendations.

David Tildesley and Mark Goes are currently considered by the board not to be independent on the basis that they are both executive directors of the Company.

The Board currently consists of one independent Director and two non-independent Directors. This is not consistent with Recommendation 2.4 of the Corporate Governance Recommendations however, the Directors believe that given the nature of the Company's business and stage of development, the Company only needs, and can only commercially sustain, a small Board and some Directors need to be executive Directors for the Company to be effectively managed.

7.3 Induction

The Board will provide an induction program for any new Director.

Equity Story's values include:

The Committee provides recommendations to the Board in relation to the quality and reliability of the financial information prepared by the Company, independently verifying the content and safeguarding the integrity of corporate reporting.

The Audit and Risk Committee works with the external auditor and reviews any non-audit services provided by the external auditor to confirm they are consistent with maintaining external audit independence. The Audit and Risk Committee also reviews the appointment and removal of the external auditor and rotation of the audit engagement partner.

10.1 CEO and CFO Declaration

The Board receives a declaration from both the CEO and CFO, that, in their opinion, the financial records have been properly maintained and that the financial statements comply with the appropriate accounting standards and give a true and fair view of the financial position and performance of the Group, and their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively before the Board approves the Company's financial statements.

10.2 Verification of Periodic reports

Equity Story periodically releases reports to the market that are not audited or reviewed by an external auditor. The Company has embedded processes to ensure the accuracy of these reports and to ensure they are balanced and provide investors with appropriate information to make informed investment decisions. All material reports are reviewed and approved by the Board prior to release.

11. Market Disclosure and Shareholder Communications

Equity Story believes effective communication with its shareholders, potential shareholders and other market participants is of utmost importance for any listed company and is committed to promoting the highest standards of disclosure to ensure a fully informed market.

Equity Story has established a Shareholder Communication Policy to promote effective communication with shareholders and encourage effective participation at general meetings. Included in this is the requirement for the Company to provide information about itself and its governance to investors via its website. A copy of the Shareholder Communication Policy is available on the Company's website.

Equity Story has also provided shareholders with the opportunity to elect to receive communications from the Company electronically and can send communications to the Company and the share registry electronically.

11.1. Continuous Disclosure

A copy of the Protocol is available on the Company's website.

The Board approves all material announcements prior to lodgment with ASX and receives copies of all material markets promptly after they have been made.

Any new investment and/or analyst presentations are lodged and released on ASX prior to any such presentation being made to any other party.

12. Governance

12.1 Investor relations

Equity Story has an investor relations program that facilitates two-way communication with investors. The program is designed to allow investors and other financial market participants to gain greater understanding of Equity Story's business, governance, financial performance and prospects.

12.2 Annual General Meeting

The Annual General Meeting (**AGM**) is an important occasion for updating shareholders on the Company's performance. The AGM provides the opportunity for shareholders to ask questions of and hear from the Board. Equity Story encourages shareholder participation at its AGM as an opportunity to allow the Board to listen and respond to shareholder feedback.

The Company ensures that its external auditor attends all AGMs and is available to answer queries from shareholders relevant to the audit. Any substantive resolutions are decided by a poll rather than a show of hands.

12.3 Electronic Communication

Equity Story gives its shareholders the option to send and receive all communications to the Company and its share registry electronically. Shareholders are encouraged to update their communication preferences and elect to receive all communication electronically with the share registry at <https://www.investorserve.com.au/>

13. Risk

The Board in fulfills its responsibilities with respect to risk by overseeing the Company's risk management process in relation to the risk management frameworks, policies, procedures, control effectiveness and systems. It ensures that risks are identified, assessed and appropriately managed. The Board reviews the Company's risk management framework at least annually. Should the Company determine it has any material exposure to economic, environmental or social sustainability risks, it will disclose how it will manage those risks.

A full review of all risks was undertaken this year.

13.1 Internal Audit

The Company does not have an internal audit function. Due to its size and current activities, the Board does not believe that an internal audit function is warranted at this time. The Board evaluates and monitors internal control processes in order to continually improve the effectiveness of its risk management practices and will re-evaluate the Company's requirement for an internal audit function as the Company grows.

14. Remuneration

Equity Story does not have a formal Remuneration Committee at this time. The full Board oversees the fixing of remuneration for the Directors and the CEO and his direct reports and ensures such remuneration is appropriate and not excessive. While the CEO is directly responsible for setting the remuneration of other members of the team, the Board provides advice to the CEO on these issues.

Given the size of the Company's management team, the Board believes this is an appropriate way in which to deal with this aspect of the Company's governance at this time.

Information on the remuneration of the Directors and senior executives is provided in the Company's Remuneration Report, found in the Company's Annual report.

Equity Story grants awards to employees as part of their remuneration under the Employee Securities Incentive Plan. In accordance with the Employee Securities Plan Rules, the Offer to employees restricts dealings with employee securities except with prior written consent from the Board. It also restricts speculative trading and entering into transactions (whether through the use of derivatives or otherwise) which limit the economic risk associated with those securities.

Details of any awards issued are advised to ASX and detailed in the Company's Annual Report.

15. Compliance with Recommendations

Equity Story currently complies with 31 of the 35 ASX Recommendations, which are relevant to the Company. Given the nature and scale of the Company, the Board believes its compliance with the ASX Recommendations to be appropriate at this time.

The ASX Recommendations the Company does not comply with are:

- **Recommendation 1.5:** While the Board has adopted a Diversity Policy, it has not set measurable gender diversity objectives at this time and does not intend to until it is of a sufficient size and structure to benefit from these objectives. The Board currently has a policy of appointing the best person for the job. The respective proportions of men and women on the Board, in senior executive positions and across the whole organisation is disclosed in Section 4 above;
- **Recommendation 2.4:** The Company's Board Charter requires that, where practical, the majority of the Board should be independent. The Board is currently comprised of one independent and two non-independent directors. However, despite not complying with recommendation 2.4, the Directors, and Board as a whole, is confident that it can fulfil investor expectations and the relevant laws, and act in the best interest of the Company as a whole rather than in the interests of individual security holders.
- **Recommendations 4.1 and 7.1:** While Equity Story has an Audit and Risk Committee chaired by an independent director, he is also the Chairman of the Board, and the two other committee members are not independent directors. However, despite comprising executive directors and being chaired by the Chairman of the Board, the Committee is confident that it has the skills, capacity and capability to independently verify and safeguard the integrity of the Company's financial statements and reporting, including the process for the appointment and removal of the external auditor and the rotation of the audit engagement partner and oversee the Company's risk management framework. The Company will reassess the structure of this Committee should additional independent, non-executive Directors be appointed in the future.
