MASTERMYNE ANGLO AMERICAN CONTRACTS UPDATE

Metarock Group Limited (ASX:MYE) (“Metarock” or “the Company”) is pleased to provide the following update in relation to its Mastermyne contracts with Anglo American (‘the Principal’):

- Mastermyne has executed a 6-month extension in relation to the Moranbah North and Grosvenor mines through to 5 April 2025, noting that:
 - Whilst manning levels and equipment requirements are not guaranteed by the Principal, Moranbah North numbers are expected to remain broadly in line with current levels (in the order of 225 roles) for the duration of the extension; and
 - Mastermyne’s primary services at Grosvenor remain suspended (as announced 31 July 2024), although approximately 18 roles currently remain ongoing in relation to mine sealing and recovery activities.
- Mastermyne has executed a variation extending its services at Aquila Mine to 30 November 2024, albeit with the current manning levels (approximately 70 roles) scheduled to reduce to 31 roles in that period. Discussions have commenced regarding a further extension of this contract through to 31 December 2025.

Approved for distribution by the Board of Directors of Metarock Group Limited.

Andrew Ritter, Company Secretary
